

Notice of Funds Availability
Flood Mitigation Assistance Grant Program
Feb. 15, 2016

FEMA has announced the Hazard Mitigation Assistance (HMA) grant program for FY2016, which includes Flood Mitigation Assistance (FMA). The HMA grant program will provide funds to states, territories, Indian tribal governments, and communities for hazard mitigation planning and mitigation projects prior to a disaster event. Funding amounts are based on congressional appropriation.

Projects submitted for consideration must be consistent with the goals and objectives identified in Iowa's state hazard mitigation plan and local mitigation plan for the jurisdiction where the activity is located. The FMA grant provides an excellent opportunity for communities to initiate mitigation projects that provide protection against natural hazards. Eligible mitigation project activities include (but not limited to):

- Mitigation planning consistent with 44 CFR Part 201 (only for flood hazard)
- Property acquisition and structural demolition and relocation (for NFIP-insured properties)
- Structural elevation (for NFIP-insured properties)
- Dry flood proofing (for NFIP-insured properties)
- Minor localized flood reduction projects (should benefit NFIP-insured properties)
- Non-structural retrofitting of existing buildings and facilities (for NFIP-insured properties)
- Mitigation reconstruction (for NFIP-insured properties)

The FY2015 Hazard Mitigation Assistance program guidance provides critical information about eligibility, the national evaluation process, and other key aspects of each program. The guidance can be found online at <http://www.fema.gov/hazard-mitigation-assistance>.

Applicants with proposed projects located in a FEMA-identified Special Flood Hazard Area (SFHA) are eligible for funding only if the jurisdiction in which the project is located is participating in the National Flood Insurance Program (NFIP) and not withdrawn or suspended.

Funding and cost share

This is a cost share grant program which means that awarded grants will be funded as follows:

- Federal (FEMA) share of total eligible costs – 75 percent maximum
- Local share of total eligible costs – 25 percent

FEMA has established the application deadline for states to submit their applications by **June 15, 2016**. In order to meet FEMA's deadline, Iowa Homeland Security and Emergency Management (HSEMD) must receive local sub-applications by **May 13, 2016**.

For additional information or questions, feel free to contact a lead state mitigation project officer:

Dan Schmitz, Deputy State Hazard Mitigation Officer: 515-725-9369 or dan.schmitz@iowa.gov
Linda Roose, Planning and Safe Room Lead: 515-725-9403 or linda.roose@iowa.gov
Jonathan Pogones, Acquisition/Relocation Lead: 515-725-9384 or jonathan.pogones@iowa.gov
James Berg, Electric Utilities/Infrastructure Lead: 515-725-9352 or james.berg@iowa.gov

We ask that the county emergency management coordinators, councils of government, and planning commissions forward this information to the communities in their service area to achieve the widest distribution possible.

Dennis T. Harper
State Hazard Mitigation Officer
Iowa Department of Homeland Security and Emergency Management
