**Subject:** Support of the Flood Mitigation Program

John-

I want to express our support of the Iowa Flood Mitigation Program. Programs like this are vital to allow small communities to do flood mitigation projects. Without programs like this, flooding will keep occurring and causing damage to property. With proper funding, mitigation projects can be completed to help mitigate future flooding and damage to property and human life. Please pass my email on to your board and any legislatures that may be interested in my email.

Thank you!
