29C.21 Emergency management assistance compact.
29C.22 Statewide mutual aid compact.

29C.1 Statement of policy.
Because of existing and increasing possibility of the occurrence of disasters, and in order to ensure that preparations of this state will be adequate to deal with such disasters, and to provide for the common defense and to protect the public peace, health and safety, and to preserve the lives and property of the people of the state, it is the policy of this state:

1. To establish a department of homeland security and emergency management and to authorize the establishment of local organizations for emergency management in the political subdivisions of the state.
2. To confer upon the governor and upon the executive heads or governing bodies of
the political subdivisions of the state the emergency powers provided in this chapter.
3. To provide for the rendering of mutual aid among the political subdivisions of the state and with other states and to cooperate with the federal government with respect to the carrying out of emergency management functions.

29C.2 Definitions.
1. “Commission” means a local emergency management commission or joint emergency management commission.
2. “Department” means the department of homeland security and emergency management.
3. “Director” means the director of the department of homeland security and emergency management.
4. “Disaster” means man-made and natural occurrences, such as fire, flood, drought, earthquake, tornado, windstorm, hazardous substance or nuclear power plant accident or incident, which threaten the public peace, health, and safety of the people or which damage and destroy public or private property. The term includes attack, sabotage, or other hostile action from within or without the state.
5. “Homeland security” means the detection, prevention, preemption, deterrence of, and protection from attacks targeted at state territory, population, and infrastructure.
6. “Local emergency management agency” means a countywide joint county-municipal public agency organized to administer this chapter under the authority of a commission.
7. “Public disorder” means such substantial interference with the public peace as to constitute a significant threat to the health and safety of the people or a significant threat to public or private property. The term includes insurrection, rioting, looting, and persistent violent civil disobedience.

29C.3 Proclamation of state of public disorder by governor.
1. The governor may, after finding a state of public disorder exists, proclaim a state of public disorder emergency. This proclamation shall be in writing, indicate the area affected and the facts upon which it is based, be signed by the governor, and be filed with the secretary of state.
2. Notice of a proclamation of a state of public disorder emergency shall be given by the secretary of state by publication in a newspaper of general circulation in the area affected, by broadcast through radio and television serving the area affected, and by posting signs at conspicuous places within this area. The exercise of the special powers by the governor under this section shall not be precluded by the lack of giving notice if the giving of notice has been diligently attempted. All orders and rules promulgated under the proclamation shall be given public notice by the governor in the area affected.
3. A state of public disorder emergency shall continue for ten days, unless sooner terminated by the governor. The general assembly may, by concurrent resolution, rescind a proclamation of a state of public disorder emergency. If the general assembly is not in session, the legislative council may, by a majority vote, rescind this proclamation. Rescission shall be effective upon filing of the concurrent resolution or resolution of the legislative council with the secretary of state.
4. The governor may, during the existence of a state of public disorder emergency, prohibit:
a. Any person being in a public place during the hours declared by the governor to be a period of curfew if this period does not exceed twelve hours in any one day and if its area of its application is specifically designated.

b. Public gatherings of a designated number of persons within a designated area.

c. The manufacture, use, possession, or transportation of any device or object designed to explode or produce uncontained combustion.

d. The possession of any flammable or explosive liquids or materials in a glass or uncapped container, except in connection with normal operation of motor vehicles or normal home and commercial use.

e. The possession of firearms or any other deadly weapon by a person other than at that person's place of residence or business, except by law enforcement officers.

f. The sale, purchase, or dispensing of alcoholic beverages.

g. The sale, purchase, or dispensing of such other commodities as are designated by the governor.

h. The use of certain streets or highways by the public.

i. Such other activities as the governor reasonably believes should be prohibited to help maintain life, health, property, or the public peace.

29C.4 Judicial protections.

The supreme court shall promulgate rules for emergency proceedings to be effective upon the declaration of a state of public disorder emergency in order that the constitutional rights of all persons taken into custody shall be adequately protected.

29C.5 Department of homeland security and emergency management.

The department of homeland security and emergency management is created. The department of homeland security and emergency management shall be responsible for the administration of emergency planning matters, including emergency resource planning in this state, cooperation with, support of, funding for, and tasking of the civil air patrol for missions not qualifying for federal mission status as described in section 29A.3A in accordance with operational and funding criteria developed with the adjutant general and coordinated with the civil air patrol, homeland security activities, and coordination of available services and resources in the event of a disaster to include those services and resources of the federal government and private entities. The Iowa emergency response commission established by section 30.2 is attached to the department of homeland security and emergency management for organizational purposes.

29C.6 Proclamation of disaster emergency by governor.

In exercising the governor's powers and duties under this chapter and to effect the policy and purpose, the governor may:

1. After finding a disaster exists or is threatened, proclaim a state of disaster emergency. This proclamation shall be in writing, indicate the area affected and the facts upon which it is based, be signed by the governor, and be filed with the secretary of state. If the state of disaster emergency specifically constitutes a public health disaster as defined in section 135.140, the written proclamation shall include a statement to that effect. A state of disaster emergency shall continue for thirty days, unless sooner terminated or extended in writing by the governor. The general assembly may, by concurrent resolution, rescind this proclamation. If the general assembly is not in session, the legislative council may, by majority vote, rescind this proclamation. Recision shall
be effective upon filing of the concurrent resolution or resolution of the legislative council with the secretary of state. A proclamation of disaster emergency shall activate the disaster response and recovery aspect of the state, local, and interjurisdictional disaster emergency plans applicable to the political subdivision or area in question and be authority for the deployment and use of any forces to which the plan applies, and for use or distribution of any supplies, equipment, and materials and facilities assembled, stock-piled, or arranged to be made available.

2. When, at the request of the governor, the president of the United States has declared a major disaster to exist in this state, enter into purchase, lease, or other arrangements with any agency of the United States for temporary housing units to be occupied by disaster victims and to make such units available to any political subdivision of the state, to assist any political subdivision of this state which is the locus of temporary housing for disaster victims, to acquire sites necessary for such temporary housing and to do all things required to prepare such sites to receive and utilize temporary housing units, by advancing or lending funds available to the governor from any appropriation made by the legislature or from any other source, allocating funds made available by any agency, public or private, or becoming a copartner with the political subdivision for the execution and performance of any temporary housing for disaster victims project. Any political subdivision of this state is expressly authorized to acquire, temporarily or permanently, by purchase, lease, or otherwise, sites required for installation of temporary housing units for disaster victims, and to enter into whatever arrangements are necessary to prepare or equip such sites to utilize the housing units. The governor may temporarily suspend or modify, for not to exceed sixty days, any public health, safety, zoning, transportation, or other requirement of law or regulation within this state when by proclamation, the governor deems such suspension or modification essential to provide temporary housing for disaster victims.

3. When the president of the United States has declared a major disaster to exist in the state and upon the governor's determination that a local government of the state will suffer a substantial loss of tax and other revenues from a major disaster and has demonstrated a need for financial assistance to perform its governmental functions, apply to the federal government, on behalf of the local government for a loan, receive and disburse the proceeds of any approved loan to any applicant local government, determine the amount needed by any applicant local government to restore or resume its governmental functions, and certify the same to the federal government; however, no application amount shall exceed twenty-five percent of the annual operating budget of the applicant for the fiscal year in which the major disaster occurs. The governor may recommend to the federal government, based upon the governor's review, the cancellation of all or any part or repayment when, in the first three full fiscal year period following the major disaster, the revenues of the local government are insufficient to meet its operating expenses, including additional disaster-related expenses of a municipal operation character.

4. When a disaster emergency is proclaimed, notwithstanding any other provision of law, through the use of state agencies or the use of any of the political subdivisions of the state, clear or remove from publicly or privately owned land or water, debris and wreckage which may threaten public health or safety or public or private property. The
governor may accept funds from the federal government and utilize such funds to make
grants to any local government for the purpose of removing debris or wreckage from
publicly or privately owned land or water. Authority shall not be exercised by the gov-
ernor unless the affected local government, corporation, organization or individual shall
first present an additional authorization for removal of such debris or wreckage from
public and private property and, in the case of removal of debris or wreckage from pri-
vate property, such corporation, organization or individual shall first agree to hold harm-
less the state or local government against any claim arising from such removal. When
the governor provides for clearance of debris or wreckage, employees of the designated
state agencies or individuals appointed by the state may enter upon private land or wa-
ters and perform any tasks necessary to the removal or clearance operation. Any state
employee or agent complying with orders of the governor and performing duties pursu-
ant to such orders under this chapter shall be considered to be acting within the scope
of employment within the meaning specified in chapter 669.

5. When the president of the United States has declared a major disaster to exist in
the state and upon the governor’s determination that financial assistance is essential to
meet disaster-related necessary expenses or serious needs of individuals or families ad-
versely affected by a major disaster that cannot be otherwise adequately met from oth-
er means of assistance, accept a grant by the federal government to fund such financial
assistance, subject to such terms and conditions as may be imposed upon the grant and
enter into an agreement with the federal government pledging the state to participate
in the funding of the financial assistance authorized in an amount not to exceed twen-
ty-five percent thereof, and, if state funds are not otherwise available to the governor,
accept an advance of the state share from the federal government to be repaid when
the state is able to do so.

6. Suspend the provisions of any regulatory statute prescribing the procedures for
conduct of state business, or the orders or rules, of any state agency, if strict compli-
ance with the provisions of any statute, order or rule would in any way prevent, hinder,
or delay necessary action in coping with the emergency by stating in a proclamation
such reasons. Upon the request of a local governing body, the governor may also sus-
pend statutes limiting local governments in their ability to provide services to aid disas-
ter victims.

7. On behalf of this state, enter into mutual aid arrangements with other states and to
coordinate mutual aid plans between political subdivisions of this state.

8. Delegate any administrative authority vested in the governor under this chapter
and provide for the subdelegation of any such authority.

9. Cooperate with the president of the United States and the heads of the armed forc-
es, the emergency management agencies of the United States and other appropriate
federal officers and agencies and with the officers and agencies of other states in mat-
ters pertaining to emergency management of the state and nation.

10. Utilize all available resources of the state government as reasonably necessary to
cope with the disaster emergency and of each political subdivision of the state.

11. Transfer the direction, personnel, or functions of state departments and agencies
or units thereof for the purpose of performing or facilitating emergency management.

12. Subject to any applicable requirements for compensation, commandeer or utilize
any private property if the governor finds this necessary to cope with the disaster emergency.

13. Direct the evacuation of all or part of the population from any stricken or threatened area within the state if the governor deems this action necessary for the preservation of life or other disaster mitigation, response, or recovery.

15. Control ingress and egress to and from a disaster area, the movement of persons within the area, and the occupancy of premises in such area.

16. Suspend or limit the sale, dispensing, or transportation of alcoholic beverages, firearms, explosives, and combustibles.

17. a. When the president of the United States has declared a major disaster to exist in the state and upon the governor’s determination that financial assistance is essential to meet disaster-related necessary expenses or serious needs of local and state government adversely affected by a major disaster that cannot be otherwise adequately met from other means of assistance, accept a grant by the federal government to fund the financial assistance, subject to terms and conditions imposed upon the grant, and enter into an agreement with the federal government pledging the state to participate in the funding of the financial assistance authorized to local government and eligible private nonprofit agencies in an amount not to exceed ten percent of the total eligible expenses, with the applicant providing the balance of any participation amount. If financial assistance is granted by the federal government for state disaster-related expenses or serious needs, the state shall participate in the funding of the financial assistance authorized in an amount not to exceed twenty-five percent of the total eligible expenses. If financial assistance is granted by the federal government for hazard mitigation, the state may participate in the funding of the financial assistance authorized to a local government in an amount not to exceed ten percent of the eligible expenses, with the applicant providing the balance of any participation amount. If financial assistance is granted by the federal government for state-related hazard mitigation, the state may participate in the funding of the financial assistance authorized, not to exceed fifty percent of the total eligible expenses. If state funds are not otherwise available to the governor, an advance of the state share may be accepted from the federal government to be repaid when the state is able to do so.

b. State participation in funding financial assistance under paragraph “a” is contingent upon the local government having on file a state-approved, comprehensive emergency plan which meets the standards adopted pursuant to section 29C.9, subsection 8.

29C.8 Powers and duties of director.

1. The department of homeland security and emergency management shall be under the management of a director appointed by the governor.

2. The director shall be vested with the authority to administer emergency management and homeland security affairs in this state and shall be responsible for preparing and executing the emergency management and homeland security programs of this state subject to the direction of the governor.

3. The director, upon the direction of the governor, shall:
   a. Prepare a comprehensive emergency plan and emergency management program
for homeland security, disaster preparedness, response, recovery, mitigation, emergen-
cy operation, and emergency resource management of this state. The plan and program
shall be integrated into and coordinated with the homeland security and emergency
plans of the federal government and of other states to the fullest possible extent. The
director shall also coordinate the preparation of plans and programs for emergency
management of the political subdivisions and various state departments of this state.
The plans shall be integrated into and coordinated with a comprehensive state home-
land security and emergency program for this state as coordinated by the director to
the fullest possible extent.

b. Make such studies and surveys of the industries, resources, and facilities in this
state as may be necessary to ascertain the vulnerabilities of critical state infrastructure
and assets to attack and the capabilities of the state for disaster recovery, disaster plan-
ing and operations, and emergency resource management, and to plan for the most
efficient emergency use thereof.

c. Provide technical assistance to any commission requiring the assistance in the de-
velopment of an emergency management or homeland security program.

d. Implement planning and training for emergency response teams as mandated by
the federal government under the Comprehensive Environmental Response, Compensa-
tion, and Liability Act of 1980 as amended by the Superfund Amendments and Reautho-

e. Prepare a critical asset protection plan that contains an inventory of infrastructure,
facilities, systems, other critical assets, and symbolic landmarks; an assessment of the
criticality, vulnerability, and level of threat to the assets; and information pertaining to
the mobilization, deployment, and tactical operations involved in responding to or pro-
tecting the assets.

f. Approve and support the development and ongoing operations of homeland security
and emergency response teams to be deployed as a resource to supplement and en-
hance disrupted or overburdened local emergency and disaster operations and deployed
as available to provide assistance to other states pursuant to the interstate emergency
management assistance compact described in section 29C.21. The following shall apply
to homeland security and emergency response teams:

1. A member of a homeland security and emergency response team acting under
this section upon the directive of the director or pursuant to a governor’s disaster proc-
lamation as provided in section 29C.6 shall be considered an employee of the state for
purposes of section 29C.21 and chapter 669 and shall be afforded protection as an em-
ployee of the state under section 669.21. Disability, workers’ compensation, and death
benefits for team members working under the authority of the director or pursuant to
the provisions of section 29C.6 shall be paid by the state in a manner consistent with
the provisions of chapter 85, 410, or 411 as appropriate, depending on the status of
the member, provided that the member is registered with the department as a member
of an approved team and is participating as a team member in a response or recovery
operation initiated by the director or governor pursuant to this section or in a training or
exercise activity approved by the director.

2. Each approved homeland security and emergency management response team
shall establish standards for team membership, shall provide the department with a list-
ing of all team members, and shall update the list each time a member is removed from or added to the team. Individuals so identified as team members shall be considered to be registered as team members for purposes of subparagraph (1).

(3) Upon notification of a compensable loss to a member of a homeland security and emergency management response team, the department of administrative services shall process the claim and seek authorization from the executive council to pay as an expense paid from the appropriations addressed in section 7D.29 those costs associated with covered benefits.

  g. Implement and support the national incident management system as established by the United States department of homeland security to be used by state agencies and local and tribal governments to facilitate efficient and effective assistance to those affected by emergencies and disasters.

  h. Carry out duties related to the flood mitigation program and the flood mitigation board under chapter 418.

4. The director, with the approval of the governor, may employ a deputy director and such technical, clerical, stenographic, and other personnel and make such expenditures within the appropriation or from other funds made available to the department, as may be necessary to administer this chapter.

5. The department may charge fees for the repair, calibration, or maintenance of radiological detection equipment and may expend funds in addition to funds budgeted for the servicing of the radiological detection equipment. The department shall adopt rules pursuant to chapter 17A providing for the establishment and collection of fees for radiological detection equipment repair, calibration, or maintenance services and for entering into agreements with other public and private entities to provide the services. Fees collected for repair, calibration, or maintenance services shall be treated as repayment receipts as defined in section 8.2 and shall be used for the operation of the department’s radiological maintenance facility or radiation incident response training.

29C.8A Emergency response fund created.

1. An emergency response fund is created in the state treasury. The first one hundred thousand dollars received annually by the treasurer of state for the civil penalties and fines imposed by the court pursuant to sections 455B.146, 455B.191, 455B.386, and 455B.477 shall be deposited in the waste volume reduction and recycling fund created in section 455D.15. The next hundred thousand dollars shall be deposited in the emergency response fund and any additional moneys shall be deposited in the household hazardous waste account. All moneys received annually by the treasurer of the state for the fines imposed by sections 716B.2, 716B.3, and 716B.4 shall also be deposited in the emergency response fund.

2. The emergency response fund shall be administered by the department to carry out planning and training for the emergency response teams.

29C.9 Local emergency management commissions.

1. The county boards of supervisors, city councils, and the sheriff in each county shall cooperate with the department to establish a commission to carry out the provisions of this chapter.

2. The commission shall be composed of a member of the board of supervisors, the sheriff, and the mayor from each city within the county. A commission member may
designate an alternate to represent the designated entity. For any activity relating to section 29C.17, subsection 2, or chapter 24, participation shall only be by a commission member or a designated alternate that is an elected official from the same designated entity.

3. The name used by the commission shall be (county name) county emergency management commission. The name used by the office of the commission shall be (county name) county emergency management agency.

4. For the purposes of this chapter, a commission is a municipality as defined in section 670.1.

5. The commission shall model its bylaws and conduct its business according to the guidelines provided in the department’s administrative rules.

6. The commission shall determine the mission of its agency and program and provide direction for the delivery of the emergency management services of planning, administration, coordination, training, and support for local governments and their departments. The commission shall coordinate its services in the event of a disaster. The commission may also provide joint emergency response communications services through an agreement entered into under chapter 28E.

7. The commission shall delegate to the emergency management coordinator the authority to fulfill the commission duties as described in the department’s administrative rules. Each commission shall appoint a local emergency management coordinator who shall meet the qualifications specified in the administrative rules by the director. Additional emergency management personnel may be appointed at the discretion of the commission.

8. The commission shall develop, adopt, and submit for approval by local governments within the commission’s jurisdiction, a comprehensive emergency plan which meets standards adopted by the department in accordance with chapter 17A. If an approved comprehensive emergency plan has not been prepared according to established standards and the director finds that satisfactory progress is not being made toward the completion of the plan, or if the director finds that a commission has failed to appoint a qualified emergency management coordinator as provided in this chapter, the director shall notify the governing bodies of the counties and cities affected by the failure and the governing bodies shall not appropriate any moneys to the local emergency management fund until the comprehensive emergency plan is prepared and approved or a qualified emergency management coordinator is appointed. If the director finds that a commission has appointed an unqualified emergency management coordinator, the director shall notify the commission citing the qualifications which are not met and the commission shall not approve the payment of the salary or expenses of the unqualified emergency management coordinator.

9. The commission shall encourage local officials to support and participate in exercise programs which test proposed or established jurisdictional emergency plans and capabilities. During emergencies when lives are threatened and extensive damage has occurred to property, the county and all cities involved shall fully cooperate with the emergency management agency to provide assistance in order to coordinate emergency management activities including gathering of damage assessment data required by state and federal authorities for the purposes of emergency declarations and disaster assistance.
10. Two or more commissions may, upon review by the director and with the approval of their respective boards of supervisors and cities, enter into agreements pursuant to chapter 28E for the joint coordination and administration of emergency management services throughout the multicounty area.

29C.10 Emergency management coordinator.
1. The commission shall appoint an emergency management coordinator who shall serve at the pleasure of the commission, shall be responsible for the development of the comprehensive emergency plan, shall coordinate emergency planning activities, and shall provide technical assistance to political subdivisions comprising the commission.
2. When an emergency or disaster occurs, the emergency management coordinator shall provide coordination and assistance to the governing officials of the political subdivisions comprising the commission.
3. The commission and its members shall cooperate with the president of the United States and the heads of the armed forces and other appropriate federal, state, and local officers and agencies and with the officers and agencies of adjoining states in matters pertaining to comprehensive emergency management for political subdivisions comprising the commission.

29C.11 Local mutual aid arrangements.
1. The local emergency management commission shall, in collaboration with other public and private agencies within this state, develop mutual aid arrangements for reciprocal disaster services and recovery aid and assistance in case of disaster too great to be dealt with unassisted. The arrangements shall be consistent with the department plan and program, and in time of emergency each local emergency management agency shall render assistance in accordance with the provisions of the mutual aid arrangements.
2. The chairperson of a commission may, subject to the approval of the governor, enter into mutual aid arrangements with emergency management agencies or organizations in other states for reciprocal emergency services and recovery aid and assistance in case of disaster too great to be dealt with unassisted.

29C.12 Use of existing facilities.
In carrying out the provisions of this chapter, the governor, the director, and the executive officers or governing boards of political subdivisions of the state shall utilize, to the maximum extent practicable, the services, equipment, supplies, and facilities of existing departments, officers, and agencies of the state and of political subdivisions at their respective levels of responsibility.

29C.12A Participation in funding disaster recovery facility.
All state government departments and agencies may participate in sharing the cost of the design, construction, and operation of a disaster recovery facility located in the joint forces headquarters armory at Camp Dodge. State departments and agencies may use funds from any source, including but not limited to user fees and appropriations for operational or capital purposes, to participate in the facility.

29C.13 Funds by grants or gifts.
1. If the federal government or any agency or officer of the federal government offers to the state or through the state to any political subdivision of the state, services, equipment, supplies, materials, or funds by way of gift, grant, or loan, for purposes of
emergency management, the governor or the political subdivision, acting with the consent of the governor and through its executive officer or governing body, may authorize any officer of the state or of the political subdivision to receive the services, equipment, supplies, materials, or funds on behalf of the state or the political subdivision, and subject to the terms of the offer and rules of the agency making the offer.

2. If any person offers to the state or to any political subdivision of the state, services, equipment, supplies, materials, or funds by way of gift, grant, or loan, for purposes of emergency management, the governor or executive officer of the political subdivision may accept the offer and, upon acceptance, the governor of the state or executive officer or governing body of the political subdivision may authorize any officer of the state or of the political subdivision to receive such services, equipment, supplies, materials, or funds on behalf of the state or the political subdivision, and subject to the terms of the offer.

29C.14 Director of the department of administrative services to issue warrants.

The director of the department of administrative services shall draw warrants on the treasurer of state for the purposes specified in this chapter, upon duly itemized and verified vouchers that have been approved by the director of the department of homeland security and emergency management.

29C.15 Tax-exempt purchases.

All purchases under the provisions of this chapter shall be exempt from the taxes imposed by sections 423.2 and 423.5.

29C.16 Political activity prohibited.

1. A person employed by any organization for emergency management established under this chapter shall not:
   a. During working hours or when performing official duties or when using public equipment or at any time on public property, take part in any way in soliciting any contribution for any political party or any person seeking political office. The provisions of this section do not preclude any employee from holding any nonpartisan elective office for which no pay is received or any office for which only token pay is received.
   b. Seek or attempt to use any political endorsement in connection with any appointment to a position created under this chapter.
   c. Use any official authority or influence for the purpose of interfering with an election or affecting the results thereof.

2. Any employee of an organization for emergency management shall not become a candidate for any partisan elective office.

29C.17 Local emergency management fund.

1. A local emergency management fund is created in the office of the county treasurer. Revenues provided and collected shall be deposited in the fund. An unencumbered balance in the fund shall not revert to county general revenues. Any reimbursement, matching funds, moneys received from sale of property, or moneys obtained from any source in connection with the local emergency management program shall be deposited in the local emergency management fund. The commission shall be the fiscal authority and the chairperson or vice chairperson of the commission is the certifying official.

2. For purposes consistent with this chapter, the local emergency management agen-
cy’s approved budget shall be funded by one or any combination of the following options, as determined by the commission:
   a. A countywide special levy pursuant to section 331.424, subsection 1.
   b. Per capita allocation funded from city and county general funds or by a combination of city and county special levies which may be apportioned among the member jurisdictions.
   c. An allocation computed as each jurisdiction’s relative share of the total assessed valuation within the county.
   d. A voluntary share allocation.
   e. Other funding sources allowed by law.
3. A political subdivision may appropriate additional funds for the purpose of supporting commission expenses relating to special or unique matters extending beyond the resources of the agency.
4. Joint emergency response communications services under section 29C.9, subsection 6, shall be funded as provided for in the agreement entered into pursuant to chapter 28E.
5. Expenditures from the local emergency management fund shall be made on warrants drawn by the county auditor, supported by claims and vouchers signed by the emergency management coordinator or chairperson of the commission.
6. Subject to chapter 24, the commission shall adopt, certify, and provide a budget, on or before February 28 of each year, to the funding entities determined pursuant to subsection 2. The form of the budget shall be as prescribed by the department of management. Any portion of a tax levied by a county or city to support the local emergency management agency shall be identified separately on tax statements issued by the county treasurer.

29C.17A Mass notification and emergency messaging system fund.
1. A mass notification and emergency messaging system fund is created in the state treasury under the control of the department. The fund shall consist of moneys appropriated by the general assembly and any other moneys available to and obtained or accepted by the department for placement in the fund. Notwithstanding section 12C.7, interest or earnings on moneys in the fund shall be credited to the fund. Notwithstanding section 8.33, moneys credited to the fund that remain unexpended or unobligated at the end of a fiscal year shall not revert to any other fund.
2. Amounts contained in the fund shall be used exclusively to provide for the purchase and ongoing operation of a system capable of providing mass notification and emergency messaging to the public. The system shall be purchased from a vendor selected by the department pursuant to a competitive bidding process, and shall, once purchased, be under the control of the department.
3. Information disseminated to the public through the mass notification and emergency messaging system shall be limited to imminent emergency and public safety-related issues. The department may provide access to the system for use at the county and local level. Access by a county or local government shall be at the department’s sole discretion, and if approved by the department, shall be under the control of the local commission. The commission shall establish an operational plan and procedure which meets standards adopted by the department by rule, and shall submit the operational plan and
procedure for approval by the department prior to access being granted. Additional access criteria and procedures for administering the fund shall be established by the department by rule.

4. All personal information collected for use in the mass notification and emergency messaging system, including but not limited to the names and contact information of emergency messaging recipients, shall be considered confidential records under section 22.7. The director may, however, provide all or part of such confidential information to state or local governmental agencies possessing emergency planning or response functions if the director is satisfied that the need to know the information and its intended use are reasonable. An agency receiving confidential information pursuant to this subsection shall not redisseminate the information in any form without prior approval by the director. The release of confidential information by the department, a county or local government, or a state or local governmental agency other than as authorized pursuant to this section, and the sale of such confidential information, is strictly prohibited.

29C.18 Enforcement duties.

1. Every organization for homeland security and emergency management established pursuant to this chapter and its officers shall execute and enforce the orders or rules made by the governor, or under the governor’s authority and the orders or rules made by subordinate organizations and not contrary or inconsistent with the orders or rules of the governor.

2. A peace officer, when in full and distinctive uniform or displaying a badge or other insignia of authority, may arrest without a warrant any person violating or attempting to violate in such officer’s presence any order or rule, made pursuant to this chapter. This authority shall be limited to those rules which affect the public generally.

29C.19 Rules and order exempted.

Any order issued or rule promulgated by a state agency during a declared disaster emergency and pursuant to the provisions of this chapter shall be exempt from being issued or promulgated as provided in chapter 17A.

29C.20 Contingent fund — disaster aid.

1. a. A contingent fund is created in the state treasury for the use of the executive council. Funding for the contingent fund, if authorized by the executive council, shall be paid from the appropriations addressed in section 7D.29. Moneys in the contingent fund may be expended for the following purposes:

1. Paying the expenses of suppressing an insurrection or riot, actual or threatened, when state aid has been rendered by order of the governor.

2. Repairing, rebuilding, or restoring state property injured, destroyed, or lost by fire, storm, theft, or unavoidable cause.

3. Repairing, rebuilding, or restoring state property that is fiberoptic cable and that is injured or destroyed by a wild animal.

4. Purchasing a police service dog for the department of corrections when such a dog is injured or destroyed.

5. Paying the expenses incurred by and claims of a homeland security and emergency response team when acting under the authority of section 29C.8 and public health response teams when acting under the provisions of section 135.143.
(6) (a) Aiding any governmental subdivision in an area declared by the governor to be a disaster area due to natural disasters or to expenditures necessitated by the governmental subdivision toward averting or lessening the impact of the potential disaster, where the effect of the disaster or action on the governmental subdivision is the immediate financial inability to meet the continuing requirements of local government.

(b) Upon application by a governmental subdivision in such an area, accompanied by a showing of obligations and expenditures necessitated by an actual or potential disaster in a form and with further information the executive council requires, the aid may be made in the discretion of the executive council and, if made, shall be in the nature of a loan up to a limit of seventy-five percent of the showing of obligations and expenditures. The loan, without interest, shall be repaid by the maximum annual emergency levy authorized by section 24.6, or by the appropriate levy authorized for a governmental subdivision not covered by section 24.6. The aggregate total of loans shall not exceed one million dollars during a fiscal year. A loan shall not be for an obligation or expenditure occurring more than two years previous to the application.

b. When a state department or agency requests that moneys from the contingent fund be expended to repair, rebuild, or restore state property injured, destroyed, or lost by fire, storm, theft, or unavoidable cause, or to repair, rebuild, or restore state property that is fiber optic cable and that is injured or destroyed by a wild animal, or to purchase a police service dog for the department of corrections when such a dog is injured or destroyed, or for payment of the expenses incurred by and claims of a homeland security and emergency response team when acting under the authority of section 29C.8, the executive council shall consider the original source of the funds for acquisition of the property before authorizing the expenditure. If the original source was other than the general fund of the state, the department or agency shall be directed to utilize moneys from the original source if possible. The executive council shall not authorize the repairing, rebuilding, or restoring of the property from the disaster aid contingent fund if it determines that moneys from the original source are available to finance the project.

2. The proceeds of such loan shall be applied toward the payment of costs and obligations necessitated by such actual or potential disaster and the reimbursement of local funds from which such expenditures have been made. Any such project for repair, rebuilding or restoration of state property for which no specific appropriation has been made, shall, before work is begun, be subject to approval or rejection by the executive council.

3. If the president of the United States, at the request of the governor, has declared a major disaster to exist in this state, the executive council may make financial grants to meet disaster-related necessary expenses, serious needs, or hazard mitigation projects of local governments and eligible private nonprofit agencies adversely affected by the major disaster if those expenses or needs cannot otherwise be met from other means of assistance. The amount of the grant shall not exceed ten percent of the total eligible expenses and is conditional upon the federal government providing at least seventy-five percent for public assistance grants and at least fifty percent for hazard mitigation grants of the eligible expenses.

4. If the president, at the request of the governor, has declared a major disaster to exist in this state, the executive council may make financial grants to meet disaster-re-
lated necessary expenses or serious needs of individuals or families adversely affected by a major disaster which cannot otherwise adequately be met from other means of assistance. The amount of a financial grant shall not exceed the maximum federal authorization in the aggregate to an individual or family in any single major disaster declared by the president. All grants authorized to individuals and families will be subject to the federal government providing no less than seventy-five percent of each grant and the declaration of a major disaster in the state by the president of the United States.

5. If the president, at the request of the governor, has declared a major disaster to exist in this state, the executive council may lease or purchase sites and develop such sites to accommodate temporary housing units for disaster victims.

6. For the purposes of this section, “governmental subdivision” means any political subdivision of this state.

29C.20A Disaster aid individual assistance grant fund.

1. A disaster aid individual assistance grant fund is created in the state treasury for the use of the executive council. Moneys in the fund may be expended following the governor’s proclamation of a state of disaster emergency. The executive council may make financial grants to meet disaster-related expenses or serious needs of individuals or families adversely affected by a disaster which cannot otherwise be met by other means of financial assistance. The aggregate total of grants awarded shall not be more than one million dollars during a fiscal year. However, within the same fiscal year, additional funds may be specifically authorized by the executive council to meet additional needs.

2. The grant funds shall be administered by the department of human services. The department shall adopt rules to create the Iowa disaster aid individual assistance grant program. The rules shall specify the eligibility of applicants and eligible items for grant funding. The executive council shall use grant funds to reimburse the department of human services for its actual expenses associated with the administration of the grants. The department of human services may implement an ongoing contract with a provider or providers of a statewide program with local offices throughout the state to serve as the local administrative entity for the grant program so that the program can be implemented with minimal delay when a disaster occurs in a local area. The rules adopted by the department of human services for the program shall include but are not limited to all of the following:

a. If a local administrative entity is under contract with the state to provide other services or is implementing a state or federal program and the contract contains a sufficient surety bond or other adequate financial responsibility provision, the department shall accept the existing surety bond or financial responsibility provision in lieu of applying a new or additional surety bond or financial responsibility requirement.

b. If the president of the United States has declared a major disaster to exist in this state and federal aid is made available to provide assistance grants to individuals similar to that provided by the Iowa disaster aid individual assistance grant program, the Iowa program shall be discontinued.

c. Authorization for the local administrative entity to draw grant funding to pay valid claims on at least a weekly basis.

3. To be eligible for a grant, an applicant shall have an annual household income
that is less than two hundred percent of the federal poverty level based on the number of people in the applicant’s household as defined by the most recently revised poverty income guidelines published by the United States department of health and human services. The amount of a grant for a household shall not exceed five thousand dollars. Expenses eligible for grant funding shall be limited to personal property, home repair, food assistance, and temporary housing assistance. An applicant for a grant shall sign an affidavit committing to refund any part of the grant that is duplicated by any other assistance, such as but not limited to insurance or assistance from community development groups, charities, the small business administration, and the federal emergency management agency.

4. A recipient of grant funding shall receive reimbursement for expenses upon presenting a receipt for an eligible expense or shall receive a voucher through a voucher system developed by the department of human services and administered locally within the designated disaster area. A voucher system shall ensure sufficient data collection to discourage and prevent fraud. The department shall consult with long-term disaster recovery committees and disaster recovery case management committees in developing a voucher system.

5. The department of human services shall submit an annual report, by January 1 of each year, to the legislative fiscal committee and the general assembly's standing committees on government oversight concerning the activities of the grant program in the previous fiscal year.

29C.20B Disaster case management.

1. The department of homeland security and emergency management shall work with the department of human services and nonprofit, voluntary, and faith-based organizations active in disaster recovery and response to establish a statewide system of disaster case management to be activated following the governor’s proclamation of a disaster emergency or the declaration of a major disaster by the president of the United States for individual assistance purposes. Under the system, the department of homeland security and emergency management shall coordinate case management services locally through local committees as established in each commission’s emergency plan.

2. The department of homeland security and emergency management, in conjunction with the department of human services and an Iowa representative to the national voluntary organizations active in disaster, shall adopt rules pursuant to chapter 17A to create coordination mechanisms and standards for the establishment and implementation of a statewide system of disaster case management which shall include at least all of the following:
   a. Disaster case management standards.
   b. Disaster case management policies.
   c. Reporting requirements.
   d. Eligibility criteria.
   e. Coordination mechanisms necessary to carry out the services provided.
   f. Development of formal working relationships with agencies and creation of inter-agency agreements for those considered to provide disaster case management services.
   g. Coordination of all available services for individuals from multiple agencies.
29C.21 Emergency management assistance compact.
The interstate emergency management assistance compact is entered into with all other states which enter into the compact in substantially the following form:
1. Article I — Purpose and authorities.
   a. This compact is made and entered into by and between the participating member states which enact this compact, hereinafter called party states. For the purposes of this agreement, the term “states” is taken to mean the several states, the Commonwealth of Puerto Rico, the District of Columbia, and all United States territorial possessions.
   b. The purpose of this compact is to provide for mutual assistance between the states entering into this compact in managing any emergency or disaster that is duly declared by the governor of the affected state, whether arising from natural disaster, technological hazard, man-made disaster, civil emergency aspects of resource shortages, community disorders, insurgency, or enemy attack.
   c. This compact shall also provide for mutual cooperation in emergency-related exercises, testing, or other training activities using equipment and personnel simulating performance of any aspect of the giving and receiving of aid by party states or subdivisions of party states during emergencies, such actions occurring outside actual declared emergency periods. Mutual assistance in this compact may include the use of the states’ national guard forces, either in accordance with the national guard mutual assistance compact or by mutual agreement between states.
2. Article II — General implementation.
   a. Each party state entering into this compact recognizes many emergencies transcend political jurisdictional boundaries and that intergovernmental coordination is essential in managing these and other emergencies under this compact. Each state further recognizes that there will be emergencies which require immediate access and present procedures to apply outside resources to make a prompt and effective response to such an emergency. This is because few, if any, individual states have all the resources they may need in all types of emergencies or the capability of delivering resources to areas where emergencies exist.
   b. The prompt, full, and effective utilization of resources of the participating states, including any resources on hand or available from the federal government or any other source, that are essential to the safety, care, and welfare of the people in the event of any emergency or disaster declared by a party state, shall be the underlying principle on which all articles of this compact shall be understood.
   c. On behalf of the governor of each state participating in the compact, the legally designated state official who is assigned responsibility for emergency management will be responsible for formulation of the appropriate interstate mutual aid plans and procedures necessary to implement this compact.
3. Article III — Party state responsibilities.
   a. It shall be the responsibility of each party state to formulate procedural plans and programs for interstate cooperation in the performance of the responsibilities listed in this article. In formulating such plans, and in carrying them out, the party states, insofar as practical, shall:
      (1) Review individual state hazards analyses and, to the extent reasonably possible,
determine all those potential emergencies the party states might jointly suffer, whether
due to natural disaster, technological hazard, man-made disaster, emergency aspects of
resource shortages, civil disorders, insurgency, or enemy attack.

(2) Review party states' individual emergency plans and develop a plan which will
determine the mechanism for the interstate management and provision of assistance
concerning any potential emergency.

(3) Develop interstate procedures to fill any identified gaps and to resolve any identi-
fied inconsistencies or overlaps in existing or developed plans.

(4) Assist in warning communities adjacent to or crossing the state boundaries.

(5) Protect and assure uninterrupted delivery of services, medicines, water, food, en-
ergy and fuel, search and rescue, and critical lifeline equipment, services, and resour-
ces, both human and material.

(6) Inventory and set procedures for the interstate loan and delivery of human and
material resources, together with procedures for reimbursement or forgiveness.

(7) Provide, to the extent authorized by law, for temporary suspension of any statutes
or ordinances that restrict the implementation of the above responsibilities.

b. The authorized representative of a party state may request assistance of another
party state by contacting the authorized representative of that state. The provisions of
this agreement shall only apply to requests for assistance made by and to authorized
representatives. Requests may be verbal or in writing. If verbal, the request shall be
confirmed in writing within thirty days of the verbal request. Requests shall provide all
of the following:

(1) A description of the emergency service function for which assistance is needed,
such as but not limited to fire services, law enforcement, emergency medical, transpor-
tation, communications, public works and engineering, building inspection, planning and
information assistance, mass care, resource support, health and medical services, and
search and rescue.

(2) The amount and type of personnel, equipment, materials and supplies needed,
and a reasonable estimate of the length of time they will be needed.

(3) The specific place and time for staging of the assisting party’s response and a
point of contact at that location.

c. There shall be frequent consultation between state officials who have assigned
emergency management responsibilities and other appropriate representatives of the
party states with affected jurisdictions and the United States government, with free ex-
change of information, plans, and resource records relating to emergency capabilities.

4. Article IV — Limitations. Any party state requested to render mutual aid or con-
duct exercises and training for mutual aid shall take such action as is necessary to
provide and make available the resources covered by this compact in accordance with
the terms hereof, provided that it is understood that the state rendering aid may with-
hold resources to the extent necessary to provide reasonable protection for such state.
Each party state shall afford to the emergency forces of any party state, while operating
within its state limits under the terms and conditions of this compact, the same pow-
ers, except that of arrest unless specifically authorized by the receiving state, duties,
rights, and privileges as are afforded forces of the state in which they are performing
emergency services. Emergency forces will continue under the command and control
of their regular leaders, but the organizational units will come under the operational control of the emergency services authorities of the state receiving assistance. These conditions may be activated, as needed, only subsequent to a declaration of a state of emergency or disaster by the governor of the party state that is to receive assistance or commencement of exercises or training for mutual aid and shall continue so long as the exercises or training for mutual aid are in progress, the state of emergency or disaster remains in effect, or loaned resources remain in the receiving state, whichever is longer.

5. Article V — Licenses and permits. Whenever any person holds a license, certificate, or other permit issued by any state party to the compact evidencing the meeting of qualifications for professional, mechanical, or other skills, and when such assistance is requested by the receiving party state, such person shall be deemed licensed, certified, or permitted by the state requesting assistance to render aid involving such skill to meet a declared emergency or disaster, subject to such limitations and conditions as the governor of the requesting state may prescribe by executive order or otherwise.

6. Article VI — Liability. Officers or employees of a party state rendering aid in another state pursuant to this compact shall be considered agents of the requesting state for tort liability and immunity purposes; and no party state or its officers or employees rendering aid in another state pursuant to this compact shall be liable on account of any act or omission in good faith on the part of such forces while so engaged or on account of the maintenance or use of any equipment or supplies in connection therewith. Good faith in this article shall not include willful misconduct, gross negligence, or recklessness.

7. Article VII — Supplementary agreements. Inasmuch as it is probable that the pattern and detail of the machinery for mutual aid among two or more states may differ from that among the states that are party hereto, this instrument contains elements of a broad base common to all states, and nothing herein contained shall preclude any state from entering into supplementary agreements with another state or affect any other agreements already in force between states. Supplementary agreements may comprehend, but shall not be limited to, provisions for evacuation and reception of injured and other persons and the exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation and communications personnel, and equipment and supplies.

8. Article VIII — Compensation. Each party state shall provide for the payment of compensation and death benefits to injured members of the emergency forces of that state and representatives of deceased members of such forces in case such members sustain injuries or are killed while rendering aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within their own state.

9. Article IX — Reimbursement. Any party state rendering aid in another state pursuant to this compact shall be reimbursed by the party state receiving such aid for any loss or damage to or expense incurred in the operation of any equipment and the provision of any service in answering a request for aid and for the costs incurred in connection with such requests; provided that any aiding party state may assume in whole or in part such loss, damage, expense, or other cost, or may loan such equipment or donate such services to the receiving party state without charge or cost; and provided further,
that any two or more party states may enter into supplementary agreements establishing a different allocation of costs among those states. Article VIII expenses shall not be reimbursable under this provision.

10. Article X — Evacuation. Plans for the orderly evacuation and interstate reception of portions of the civilian population as the result of any emergency or disaster of sufficient proportions to so warrant, shall be worked out and maintained between the party states and the emergency management or services directors of the various jurisdictions where any type of incident requiring evacuations might occur. Such plans shall be put into effect by request of the state from which evacuees come and shall include the manner of transporting such evacuees, the number of evacuees to be received in different areas, the manner in which food, clothing, housing, and medical care will be provided, the registration of the evacuees, the providing of facilities for the notification of relatives or friends, and the forwarding of such evacuees to other areas or the bringing in of additional materials, supplies, and all other relevant factors. Such plans shall provide that the party state receiving evacuees and the party state from which the evacuees come shall mutually agree as to reimbursement of out-of-pocket expenses incurred in receiving and caring for such evacuees, for expenditures for transportation, food, clothing, medicines and medical care, and like items. Such expenditures shall be reimbursed as agreed by the party state from which the evacuees come. After the termination of the emergency or disaster, the party state from which the evacuees come shall assume the responsibility for the ultimate support of repatriation of such evacuees.

11. Article XI — Implementation.
   a. This compact shall become operative immediately upon its enactment into law by any two states; thereafter, this compact shall become effective as to any other state upon its enactment by such state.
   b. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until thirty days after the governor of the withdrawing state has given notice in writing of such withdrawal to the governors of all other party states. Such action shall not relieve the withdrawing state from obligations assumed hereunder prior to the effective date of withdrawal.
   c. Duly authenticated copies of this compact and of such supplementary agreements as may be entered into shall, at the time of their approval, be deposited with each of the party states and with the federal emergency management agency and other appropriate agencies of the United States government.

12. Article XII — Validity. This compact shall be construed to effectuate the purposes stated in article I hereof. If any provision of this compact is declared unconstitutional, or the applicability thereof to any person or circumstances is held invalid, the constitutionality of the remainder of this compact and the applicability thereof to other persons and circumstances shall not be affected thereby.

13. Article XIII — Additional provisions. Nothing in this compact shall authorize or permit the use of military force by the national guard of a state at any place outside that state in any emergency for which the president is authorized by law to call into federal active duty the militia, or for any purpose for which the use of the army or the air force would in the absence of express statutory authorization be prohibited under 18 U.S.C. § 1385.
29C.22 Statewide mutual aid compact.

This statewide mutual aid compact is entered into with all other emergency management commissions established pursuant to section 29C.9, counties, cities, and other political subdivisions that enter into this compact in substantially the following form:

1. Article I — Purpose and authorities.
   a. This compact is made and entered into by and between the participating emergency management commissions established pursuant to section 29C.9, counties, cities, and political subdivisions which enact this compact. For the purposes of this agreement, the term “participating governments” means emergency management commissions, counties, cities, townships, and other political subdivisions of the state which have not, through ordinance or resolution of the governing body, acted to withdraw from this compact. The inclusion of emergency management commissions in the term “participating governments” shall not convey taxing authority or other legal authority to emergency management commissions that is not otherwise granted in this chapter.
   b. The purpose of this compact is to provide for mutual assistance between the participating governments entering into this compact in managing any emergency or disaster that is declared in accordance with a comprehensive emergency plan or by the governor, whether arising from natural disaster, technological hazard, man-made disaster, community disorder, insurgency, terrorism, or enemy attack.
   c. This compact shall also provide for mutual cooperation in emergency-related exercises, testing, or other training activities using equipment and personnel simulating performance of any aspect of the giving and receiving of aid by participating governments during emergencies, such actions occurring outside actual declared emergency periods.

2. Article II — General implementation.
   a. Each participating government entering into this compact recognizes many emergencies transcend political jurisdictional boundaries and that intergovernmental coordination is essential in managing these and other emergencies under this compact. Each participating government further recognizes that there will be emergencies which require immediate access and present procedures to apply outside resources to make a prompt and effective response to the emergency. This is because few, if any, individual governments have all the resources they may need in all types of emergencies or the capability of delivering resources to areas where emergencies exist.
   b. The prompt, full, and effective use of resources of the participating governments, including any resources on hand or available from any source, that are essential to the safety, care, and welfare of the people in the event of any emergency or disaster declared by the governor or any participating government, shall be the underlying principle on which all articles of this compact shall be understood.
   c. On behalf of the participating government in the compact, the legally designated official who is assigned responsibility for emergency management will be responsible for formulation of the appropriate intrastate mutual aid plans and procedures necessary to implement this compact.

3. Article III — Participating government responsibilities.
   a. It shall be the responsibility of each participating government to formulate procedural plans and programs for intrastate cooperation in the performance of the responsibilities listed in this article. In formulating the plans, and in carrying them out, the
participating governments, insofar as practical, shall:

1. Review individual hazards analyses and, to the extent reasonably possible, determine all those potential emergencies the participating governments might jointly suffer, whether due to natural disaster, technological hazard, man-made disaster, civil disorders, insurgency, terrorism, or enemy attack.

2. Review the participating governments’ individual emergency plans and develop a plan that will determine the mechanism for the intrastate management and provision of assistance concerning any potential emergency.

3. Develop intrastate procedures to fill any identified gaps and to resolve any identified inconsistencies or overlaps in existing or developed plans.

4. Assist in warning communities adjacent to or crossing the participating governments’ boundaries.

5. Protect and ensure uninterrupted delivery of services, medicines, water, food, energy and fuel, search and rescue, and critical lifeline equipment, services, and resources, both human and material.

6. Inventory and set procedures for the intrastate loan and delivery of human and material resources, together with procedures for reimbursement or forgiveness.

7. Provide, to the extent authorized by law, for temporary suspension of any ordinances that restrict the implementation of the above responsibilities.

b. The authorized representative of a participating government may request assistance of another participating government by contacting the authorized representative of that participating government. The provisions of this compact shall only apply to requests for assistance made by and to authorized representatives. Requests may be verbal or in writing. If verbal, the request shall be confirmed in writing within thirty days of the verbal request. Requests shall provide all of the following:

1. A description of the emergency service function for which assistance is needed, such as but not limited to fire services, law enforcement, emergency medical, transportation, communications, public works and engineering, building inspection, planning and information assistance, mass care, resource support, health and medical services, and search and rescue.

2. The amount and type of personnel, equipment, materials, and supplies needed, and a reasonable estimate of the length of time that the personnel, equipment, materials, and supplies will be needed.

3. The specific place and time for staging of the assisting participating government’s response and a point of contact at that location.

c. The authorized representative of a participating government may initiate a request by contacting the department of homeland security and emergency management. When a request is received by the department, the department shall directly contact other participating governments to coordinate the provision of mutual aid.

d. Frequent consultation shall occur between officials who have been assigned emergency management responsibilities and other appropriate representatives of the participating governments with affected jurisdictions and state government, with free exchange of information, plans, and resource records relating to emergency capabilities.

e. For purposes of this subsection, “authorized representative of a participating government” means a mayor or the mayor’s designee, a member of the county board of
supervisors or a representative of the board, or an emergency management coordinator or the coordinator’s designee.

4. Article IV — Limitations. Any participating government requested to render mutual aid or conduct exercises and training for mutual aid shall take the necessary action to provide and make available the resources covered by this compact in accordance with the terms of the compact. However, it is understood that the participating government rendering aid may withhold resources to the extent necessary to provide reasonable protection for the participating government. Each participating government shall afford to the emergency forces of any other participating government, while operating within its jurisdictional limits under the terms and conditions of this compact, the same powers, except that of arrest unless specifically authorized by the receiving participating government, duties, rights, and privileges as are afforded forces of the participating government in which the emergency forces are performing emergency services. Emergency forces shall continue under the command and control of their regular leaders, but the organizational units shall come under the operational control of the emergency services authorities of the participating government receiving assistance. These conditions may be activated, as needed, only subsequent to a declaration of a state of emergency or disaster by the governor or by competent authority of the participating government that is to receive assistance, or commencement of exercises or training for mutual aid, and shall continue so long as the exercises or training for mutual aid are in progress, the state of emergency or disaster remains in effect, or loaned resources remain in the receiving jurisdiction, whichever is longer.

5. Article V — Licenses and permits. If a person holds a license, certificate, or other permit issued by any participating government to this compact evidencing the meeting of qualifications for professional, mechanical, or other skills, and when the assistance is requested by another participating government, the person shall be deemed licensed, certified, or permitted by the participating government requesting assistance to render aid involving the skill to meet a declared emergency or disaster, subject to the limitations and conditions as the governor may prescribe by executive order or otherwise.

6. Article VI — Liability. Officers or employees of a participating government rendering aid in another participating government jurisdiction pursuant to this compact shall be considered agents of the requesting participating government for tort liability and immunity purposes and a participating government or its officers or employees rendering aid in another jurisdiction pursuant to this compact shall not be liable on account of any act or omission in good faith on the part of the forces while so engaged or on account of the maintenance or use of any equipment or supplies in connection with the aid. Good faith in this article shall not include willful misconduct, gross negligence, or recklessness.

7. Article VII — Supplementary agreements. Because it is probable that the pattern and detail of the machinery for mutual aid among two or more participating governments may differ from that among other participating governments, this compact contains elements of a broad base common to all political subdivisions, and this compact shall not preclude any political subdivision from entering into supplementary agreements with another political subdivision or affect any other agreements already in force between political subdivisions. Supplementary agreements may include, but shall not be
limited to, provisions for evacuation and reception of injured and other persons and the
exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation
and communications personnel, and equipment and supplies.

8. Article VIII — Workers’ compensation. Each participating government shall provide
for the payment of workers’ compensation and death benefits to injured members of
the emergency forces of that participating government and representatives of deceased
members of the emergency forces in case the members sustain injuries or are killed
while rendering aid pursuant to this compact, in the same manner and on the same
terms as if the injury or death were sustained within their own jurisdiction.

9. Article IX — Reimbursement. Any participating government rendering aid in another
jurisdiction pursuant to this compact shall be reimbursed by the participating gov-
ernment receiving the emergency aid for any loss or damage to or expense incurred in
the operation of any equipment and the provision of any service in answering a request
for aid and for the costs incurred in connection with the requests. However, an aiding
political subdivision may assume in whole or in part the loss, damage, expense, or other
cost, or may loan the equipment or donate the services to the receiving participating
government without charge or cost, and any two or more participating governments
may enter into supplementary agreements establishing a different allocation of costs
among the participating governments. Article VIII expenses shall not be reimbursable
under this provision.

10. Article X — Evacuation and sheltering. Plans for the orderly evacuation and re-
ception of portions of the civilian population as the result of any emergency or disaster
shall be worked out and maintained between the participating governments and the
emergency management or services directors of the various jurisdictions where any
type of incident requiring evacuations might occur. The plans shall be put into effect by
request of the participating government from which evacuees come and shall include
the manner of transporting the evacuees, the number of evacuees to be received in
different areas, the manner in which food, clothing, housing, and medical care will be
provided, the registration of the evacuees, the providing of facilities for the notification
of relatives or friends, and the forwarding of the evacuees to other areas or the bringing
in of additional materials, supplies, and all other relevant factors. The plans shall pro-
vide that the participating government receiving evacuees and the participating gov-
ernment from which the evacuees come shall mutually agree as to reimbursement of
out-of-pocket expenses incurred in receiving and caring for the evacuees, for expendi-
tures for transportation, food, clothing, medicines and medical care, and like items. The
expenditures shall be reimbursed as agreed by the participating government from which
the evacuees come. After the termination of the emergency or disaster, the participat-
ing government from which the evacuees come shall assume the responsibility for the
ultimate support of repatriation of such evacuees.

11. Article XI — Implementation.
   a. This compact shall become operative July 1, 2009.
   b. Any participating government may withdraw from this compact by adopting an
ordinance or resolution repealing the same, but a withdrawal shall not take effect until
thirty days after the governing body of the withdrawing participating government has
given notice in writing of the withdrawal to the director of the department of homeland
security and emergency management who shall notify all other participating govern-
m ents. The action shall not relieve the withdrawing political subdivision from obligations
assumed under this compact prior to the effective date of withdrawal.

c. Duly authenticated copies of this compact and any supplementary agreements as
may be entered into shall be deposited, at the time of their approval, with the director
of the department of homeland security and emergency management who shall notify
all participating governments and other appropriate agencies of state government.

12. Article XII — Validity. This compact shall be construed to effectuate the purposes
stated in article I. If any provision of this compact is declared unconstitutional, or the
applicability of the compact to any person or circumstances is held invalid, the constitu-
tionality of the remainder of this compact and the applicability of this compact to other
persons and circumstances shall not be affected.

IOWA CODE CHAPTER 30
CHEMICAL EMERGENCIES — EMERGENCY
RESPONSE COMMISSION

30.1 Definitions.
30.2 Iowa emergency response commission established.
30.3 Officers and meetings.
30.4 Expenses.
30.5 Commission powers and duties.
30.6 Commission duties.
30.7 Duties to be allocated to department of natural resources — emergency and haz-
ardous chemicals.
30.8 Duties to be allocated to department of natural resources.
30.9 Duties to be allocated to department of homeland security and emergency man-
agement.
30.10 Powers of local emergency planning committees.
30.11 Liability of committee

30.1 Definitions.
For the purposes of this chapter, unless the context otherwise requires:
1. “Commission” means the Iowa emergency response commission.
2. “Committee” means a local emergency planning committee appointed by the com-
mission.
3. “Emergency Planning and Community Right-to-know Act” means Pub. L. No. 99-
499, Tit. III, 42

30.2 Iowa emergency response commission established.
1. The Iowa emergency response commission is established. The commission is
responsible directly to the governor. The commission is attached to the department of
homeland security and emergency management for routine administrative and support
services only.
2. a. The commission is composed of sixteen members appointed by the governor. One member shall be appointed to represent the department of homeland security and emergency management, one to represent the department of agriculture and land stewardship, one to represent the department of workforce development, one to represent the department of justice, one to represent the department of natural resources, one to represent the department of public defense, one to represent the Iowa department of public health, one to represent the department of public safety, one to represent the state department of transportation, one to represent the state fire service and emergency response council, one to represent a local emergency planning committee, one to represent the Iowa hazardous materials task force, and one to represent the office of the governor. Three representatives from private industry shall also be appointed by the governor, subject to confirmation by the senate.

b. The commission members representing the departments of homeland security and emergency management, workforce development, natural resources, public defense, public safety, and transportation, a local emergency planning committee, and one private industry representative designated by the commission shall be voting members of the commission. The remaining members of the commission shall serve as nonvoting, advisory members.

3. The commission members shall be appointed for staggered terms of three years each, beginning and ending as provided in section 69.19. Vacancies shall be filled in the same manner as the original appointments were made.

30.3 Officers and meetings.
The members of the commission shall select a chairperson and a vice chairperson from their membership. The commission shall meet at least twice per year but may meet as often as necessary. Meetings shall be set by a majority of the commission or upon the call of the chairperson, or in the chairperson’s absence, upon the call of the vice chairperson.

30.4 Expenses.
The members of the commission are entitled to reimbursement for travel and other necessary expenses incurred in the performance of official duties.

30.5 Commission powers and duties.
1. The commission has the powers necessary to carry out the functions and duties specified in state law and the Emergency Planning and Community Right-to-know Act, including the powers to solicit and accept gifts and grants, and to adopt rules pursuant to chapter 17A. All federal funds, grants, and gifts shall be deposited with the treasurer of state and used only for the purposes agreed upon as conditions for receipt of the funds, grants, or gifts.

2. The commission may enter into agreements pursuant to chapter 28E to accomplish any duty imposed upon the commission by the Emergency Planning and Community Right-to-know Act, but the commission shall not compensate any governmental unit for the performance of duties pursuant to such an agreement. Funding for administering the duties of the commission under sections 30.7, 30.8, and 30.9 shall be included in the budgets of the department of natural resources and the department of homeland security and emergency management.

3. The commission may request from any state agency or official the information and
assistance necessary to perform the duties of the commission. All state departments, divisions, agencies, and offices shall make available upon request information which is requested and which is not by law confidential.

30.6 Commission duties.
1. The commission shall designate local emergency planning districts and appoint persons to serve on local emergency planning committees. The commission may, upon request, revise its designations of districts and appointments of committee members.
2. The commission shall supervise and coordinate the activities of the committees.
3. Upon request by a state or local official or any person, the commission shall obtain from a facility owner or operator the emergency and hazardous chemical inventory information which the owner or operator is required to prepare and submit pursuant to section 312 of the Emergency Planning and Community Right-to-know Act, 42 U.S.C. § 11022, and provide the information to the requesting party.
4. The commission shall make available to the public upon request during normal working hours material safety data sheets, lists of hazardous chemicals, inventory forms, toxic chemical release forms, and follow-up emergency notices in its possession pursuant to section 324 of the Emergency Planning and Community Right-to-know Act, 42 U.S.C. § 11044.
5. The commission shall perform all other functions and duties as specified in the Emergency Planning and Community Right-to-know Act.

30.7 Duties to be allocated to department of natural resources — emergency and hazardous chemicals.
Agreements negotiated by the commission and the department of natural resources shall provide for the allocation of duties to the department of natural resources as follows:
1. Material safety data sheets or a list for chemicals required to be submitted to the commission under section 311 of the Emergency Planning and Community Right-to-know Act, 42 U.S.C. § 11021, shall be submitted to the department of natural resources. Submission to that department constitutes compliance with the requirement for notification to the commission.
2. Emergency and hazardous chemical inventory forms required to be submitted to the commission under section 312 of the Emergency Planning and Community Right-to-know Act, 42 U.S.C. § 11022, shall be submitted to the department of natural resources. Submission to that department constitutes compliance with the requirement for notification to the commission.
3. The department of natural resources shall advise the commission of the failure of any facility owner or operator to submit information as required under sections 311 and 312 of the Emergency Planning and Community Right-to-know Act, 42 U.S.C. § 11021 and 11022.
4. The department of natural resources shall make available to the public upon request during normal working hours the information forms in its possession pursuant to sections 312 and 324 of the Emergency Planning and Community Right-to-know Act, 42 U.S.C. § 11022 and 11044.
5. The department of natural resources shall compile data or information from the emergency and hazardous chemical inventory forms required to be submitted to the
commission under section 312 of the Emergency Planning and Community Right-to-know Act, 42 U.S.C. § 11022.

30.8 Duties to be allocated to department of natural resources. Agreements negotiated by the commission and the department of natural resources shall provide for the allocation of duties to the department of natural resources as follows:

1. Emergency notifications of releases required to be submitted to the commission under section 304 of the Emergency Planning and Community Right-to-know Act, 42 U.S.C. § 11004, shall be submitted to the department of natural resources. Submission to that department constitutes compliance with the requirement for notification to the commission.

2. The department of natural resources shall advise the commission of the failure of any facility owner or operator to submit a notification as required under section 304 of the Emergency Planning and Community Right-to-know Act, 42 U.S.C. § 11004.

3. The department of natural resources shall make available to the public upon request during normal working hours the information in its possession pursuant to section 324 of the Emergency Planning and Community Right-to-know Act, 42 U.S.C. § 11044.

4. The department of natural resources shall compile the data collected pursuant to section 313 of the Emergency Planning and Community Right-to-know Act, 42 U.S.C. § 11023, and shall make the compiled data available to the public upon request.

30.9 Duties to be allocated to department of homeland security and emergency management. Agreements negotiated by the commission and the department of homeland security and emergency management shall provide for the allocation of duties to the department of homeland security and emergency management as follows:

1. Comprehensive emergency plans required to be developed under section 303 of the Emergency Planning and Community Right-to-know Act, 42 U.S.C. § 11003, shall be submitted to the department of homeland security and emergency management. Committee submission to that department constitutes compliance with the requirement for reporting to the commission. After initial submission, a plan need not be resubmitted unless revisions are requested by the commission. The department of homeland security and emergency management shall review the plan on behalf of the commission and shall incorporate the provisions of the plan into its responsibilities under chapter 29C.

2. The department of homeland security and emergency management shall advise the commission of the failure of any committee to submit an initial comprehensive response and recovery plan or a revised plan requested by the commission.

3. The department of homeland security and emergency management shall make available to the public upon request during normal working hours the information in its possession pursuant to section 324 of the Emergency Planning and Community Right-to-know Act, 42 U.S.C. § 11044.

30.10 Powers of local emergency planning committees. The local emergency planning committee appointed by the commission for each local emergency planning district has the powers necessary to carry out the functions and duties specified in state law and the Emergency Planning and Community Right-to-know Act.
**30.11 Liability of committee members.**
A person appointed as a member of a local emergency planning committee is not personally liable for a claim based upon an act or omission of the person performed in the discharge of the functions and duties specified in the state law and the Emergency Planning and Community Right-to-know Act, except for acts and omissions which involve intentional misconduct or knowing violation of the law, or for a transaction from which the person derives an improper personal benefit.

**30.12 Civil action.**
1. The commission may commence a civil action against an owner or operator of a facility who has violated federal requirements to do any of the following:
   a. Provide notification under section 302(c) of the Emergency Planning and Community Right-to-know Act, 42 U.S.C. § 11002(c).
   b. Submit a material safety data sheet or a list under section 311(a) of the Emergency Planning and Community Right-to-know Act, 42 U.S.C. § 11021(a).
   c. Make available information requested under section 311(c) of the Emergency Planning and Community Right-to-know Act, 42 U.S.C. § 11021(c).
   d. Complete and submit an inventory form under section 312(a) of the Emergency Planning and Community Right-to-know Act, 42 U.S.C. § 11022(a), containing tier I information unless tier II information is submitted for the same period of time.
   e. Provide information under section 303(d) of the Emergency Planning and Community Right-to-know Act, 42 U.S.C. § 11003(d).
   f. Submit tier II information under section 312(e)(1) of the Emergency Planning and Community Right-to-know Act, 42 U.S.C. § 11022(e)(1).
2. The Iowa district court shall have jurisdiction over actions brought under this section and may grant any appropriate relief.

**IOWA CODE CHAPTER 34A**
**ENHANCED 911 EMERGENCY TELEPHONE SYSTEMS**

SUBCHAPTER I
LOCAL OPTION E911 SERVICE SURCHARGE AND E911 SERVICE
34A.1 Purpose.
34A.2 Definitions.
34A.2A Program manager — appointment — duties.
34A.3 Joint E911 service board — 911 service plan — implementation — waivers.
34A.4 Requirements of pay telephones and other telecommunications devices to allow 911 calls without depositing coins or other charge.
34A.5 Private listing subscribers and 911 service.
34A.7 Funding — wire-line E911 service surcharge.
34A.7A Emergency communications service surcharge — fund established — distribution and permissible expenditures.
34A.7B Prepaid wireless E911 surcharge.
34A.8 Local exchange service information — penalty.
34A.9 Telecommunications devices for the speech and hearing-impaired.
34A.10 E911 selective router.
34A.11 Communications — single point-of-contact.
34A.12 through 34A.14 Reserved.
34A.15 E911 communications council established — duties.
34A.16 through 34A.19 Reserved.

SUBCHAPTER II
E911 PROGRAM FINANCING
34A.20 E911 financing program — definitions — funding — bonds and notes.
34A.21 Security — reserve funds — pledges — nonliability — irrevocable

SUBCHAPTER I
LOCAL OPTION E911 SERVICE SURCHARGE
AND E911 SERVICE

34A.1 Purpose.
The general assembly finds that enhanced 911 emergency telephone communication
systems and other emergency 911 notification devices further the public interest and
protect the health, safety, and welfare of the people of Iowa. The purpose of this chap-
ter is to enable the orderly development, installation, and operation of enhanced 911
emergency telephone communication systems and other emergency 911 notification
devices statewide. These systems are to be operated under governmental management
and control for the public benefit.

34A.2 Definitions.
As used in this chapter, unless the context otherwise requires:
1. “Access line” means an exchange access line that has the ability to access dial tone
and reach a public safety answering point.
2. “Communications service” means a service capable of accessing, connecting with,
or interfacing with a 911 system by dialing, initializing, or otherwise activating the sys-
tem exclusively through the digits 911 by means of a local telephone device or wireless
communications device.
3. “Communications service provider” means a service provider, public or private, that
transports information electronically via landline, wireless, internet, cable, or satellite.
4. “Competitive local exchange service provider” means the same as defined in sec-
tion 476.96.
5. “Director” means the director of the department of homeland security and emer-
gency management.
6. “Emergency communications service surcharge” means a charge established by the
program manager in accordance with section 34A.7A.
7. “Enhanced 911” or “E911” means a service that provides the user of a communica-
tions service with the ability to reach a public safety answering point by using the digits
911, and that has the following additional features:
a. Routes an incoming 911 call to the appropriate public safety answering point.
b. Automatically provides voice, displays the name, address or location, and telephone number of an incoming 911 call and public safety agency servicing the location.
8. "Enhanced 911 service area" means the geographic area to be serviced, or currently serviced under an enhanced 911 service plan, provided that an enhanced 911 service area must at minimum encompass one entire county. The enhanced 911 service area may encompass more than one county, and need not be restricted to county boundaries.
9. "Enhanced 911 service plan" means a plan that includes the following information:
a. A description of the enhanced 911 service area.
b. A list of all public and private safety agencies within the enhanced 911 service area.
c. The number of public safety answering points within the enhanced 911 service area.
d. Identification of the agency responsible for management and supervision of the enhanced 911 emergency communication system.
e. (1) A statement of estimated costs to be incurred by the joint E911 service board or the department of public safety, including separate estimates of the following:
   (a) Nonrecurring costs, including but not limited to public safety answering points, network equipment, software, database, addressing, training, and other capital expenditures, including the purchase or lease of subscriber names, addresses, and telephone information from the local exchange service provider.
   (b) Recurring costs, including but not limited to network access fees and other telephone charges, software, equipment, and database management, and maintenance, including the purchase or lease of subscriber names, addresses, and telephone information from the local exchange service provider. Recurring costs shall not include personnel costs for a public safety answering point.
   (2) Funds deposited in an E911 service fund are appropriated and shall be used for the payment of costs that are limited to nonrecurring and recurring costs directly attributable to the receipt and disposition of the 911 call. Costs do not include expenditures for any other purpose, and specifically exclude costs attributable to other emergency services or expenditures for buildings or personnel, except for the costs of personnel for database management and personnel directly associated with addressing.
f. Current equipment operated by affected local exchange service providers, and central office equipment and technology upgrades necessary for the provider to implement enhanced 911 service within the enhanced 911 service area.
g. A schedule for implementation of the plan throughout the E911 service area. The schedule may provide for phased implementation.
h. The number of telephone access lines capable of access to 911 in the enhanced 911 service area.
i. The total property valuation in the enhanced 911 service area.
j. A plan to migrate to an internet protocol-enabled next generation network.
10. "Local exchange carrier" means the same as defined in section 476.96.
11. "Local exchange service provider" means a vendor engaged in providing telecommunications service between points within an exchange and includes but is not limited to a competitive local exchange service provider and a local exchange carrier.
12. “Prepaid wireless telecommunications service” means a wireless communications service that provides the right to utilize mobile wireless service as well as other non-telecommunications services, including the download of digital products delivered electronically, content and ancillary services, which must be paid for in advance and that is sold in predetermined units or dollars of which the amount declines with use in a known amount.

13. “Program manager” means the E911 program manager appointed pursuant to section 34A.2A.

14. “Provider” means a vendor who provides, or offers to provide, E911 equipment, installation, maintenance, or exchange access services within the enhanced 911 service area.

15. “Public or private safety agency” means a unit of state or local government, a special purpose district, or a private firm which provides or has the authority to provide fire fighting, police, ambulance, emergency medical services, or hazardous materials response.

16. “Public safety answering point” means a twenty-four-hour public safety communications facility that receives enhanced 911 service calls and directlydispatches emergency response services or relays calls to the appropriate public or private safety agency.

17. “Wireless communications service” means commercial mobile radio service. “Wireless communications service” includes any wireless two-way communications used in cellular telephone service, personal communications service, or the functional or competitive equivalent of a radio-telephone communications line used in cellular telephone service, a personal communications service, or a network access line. “Wireless communications service” does not include a service whose customers do not have access to 911 or 911-like service, a communications channel utilized only for data transmission, or a private telecommunications system.

18. “Wireless communications service provider” means a company that offers wireless communications service to users of wireless devices including but not limited to cellular, personal communications services, mobile satellite services, and enhanced specialized mobile radio.

19. “Wireless E911 phase 1” means a 911 call made from a wireless device in which the wireless service provider delivers the call-back number and address of the tower that received the call to the appropriate public safety answering point.

20. “Wireless E911 phase 2” means a 911 call made from a wireless device in which the wireless service provider delivers the call-back number and the latitude and longitude coordinates of the wireless device to the appropriate public safety answering point.

21. “Wire-line E911 service surcharge” means a charge set by the E911 service area operating authority and assessed on each wire-line access line which physically terminates within the E911 service area in accordance with section 34A.7.

34A.2A Program manager — appointment — duties.

1. The director of the department of homeland security and emergency management shall appoint an E911 program manager to administer this chapter.

2. The E911 program manager shall act under the supervisory control of the director of the department of homeland security and emergency management, and in consulta-
tion with the E911 communications council, and shall perform the duties specifically set forth in this chapter and as assigned by the director.

34A.3 Joint E911 service board — 911 service plan — implementation — waivers.

1. Joint E911 service boards — plans.
   a. The board of supervisors of each county shall maintain a joint E911 service board.
      (1) Each political subdivision of the state having a public safety agency serving territory within the county is entitled to voting membership on the joint E911 service board. For the purposes of this section, a township that operates a volunteer fire department providing fire protection services to the township, or a city which provides fire protection services through the operation of a volunteer fire department not financed through city government, shall be considered a political subdivision of the state having a public safety agency serving territory within the county. Each private safety agency operating within the area is entitled to nonvoting membership on the board.
      (2) A township that does not operate its own public safety agency, but contracts for the provision of public safety services, is not entitled to membership on the joint E911 service board, but its contractor is entitled to membership according to the contractor’s status as a public or private safety agency.
   b. The joint E911 service board shall maintain an enhanced 911 service plan encompassing at minimum the entire county, unless an exemption is granted by the program manager permitting a smaller E911 service area.
      (1) The program manager may grant a discretionary exemption from the single county minimum service area requirement based upon a joint E911 service board’s or other E911 service plan operating authority’s presentation of evidence which supports the requested exemption if the program manager finds that local conditions make adherence to the minimum standard unreasonable or technically infeasible and that the purposes of this chapter would be furthered by granting an exemption. The minimum size requirement is intended to prevent unnecessary duplication of public safety answering points and minimize other administrative, personnel, and equipment expenses.
      (2) The program manager may order the inclusion of a specific territory in an adjoining E911 service plan area to avoid the creation by exclusion of a territory smaller than a single county not serviced by surrounding E911 service plan areas upon request of the joint E911 service board representing the territory.
   c. The E911 service plan operating authority shall submit proposed changes to the plan to all of the following:
      (1) The program manager.
      (2) Public and private safety agencies in the enhanced 911 service area.
      (3) Local exchange service providers affected by the enhanced 911 service plan.

2. Compliance waivers available in limited circumstances.
   a. The program manager may extend the time period for plan implementation by issuing a compliance waiver.
   b. The compliance waiver shall be based upon a joint E911 service board’s presentation of evidence which supports an extension if the program manager finds that local conditions make implementation financially unreasonable or technically infeasible by the originally scheduled plan of implementation.
c. The compliance waiver shall be for a set period of time, and subject to review and renewal or denial of renewal upon its expiration.

d. The waiver may cover all or a portion of a 911 service plan’s enhanced 911 service area to facilitate phased implementation when possible.

e. The granting of a compliance waiver does not create a presumption that the identical or similar waiver will be extended in the future.

f. Consideration of compliance waivers shall be on a case-by-case basis.

3. Chapter 28E agreement — alternative to joint E911 service board.

a. A legal entity created pursuant to chapter 28E by a county or counties, other political divisions, and public or private agencies to jointly plan, implement, and operate a countywide, or larger, enhanced 911 service system may be substituted for the joint E911 service board required under subsection 1. An alternative legal entity created pursuant to chapter 28E as a substitute for a joint E911 service board, as permitted by this subsection, may be created by either:

(1) Agreement of the parties entitled to voting membership on a joint E911 service board.

(2) Agreement of the members of a joint E911 service board.

b. An alternative chapter 28E entity has all of the powers of a joint E911 service board and any additional powers granted by the agreement. As used in this chapter, “joint E911 service board” includes an alternative chapter 28E entity created for that purpose, except as specifically limited by the chapter 28E agreement or unless clearly provided otherwise in this chapter. A chapter 28E agreement related to E911 service shall permit the participation of a private safety agency or other persons allowed to participate in a joint E911 service board, but the terms, scope, and conditions of participation are subject to the chapter 28E agreement.

4. Participation in joint E911 service board required. A political subdivision having a public safety agency within its territory or jurisdiction shall participate in a joint E911 service board and cooperate in maintaining the E911 service plan.

34A.4 Requirements of pay telephones and other telecommunications devices to allow 911 calls without depositing coins or other charge.

In an enhanced 911 service area, a person shall not install or offer for use within the enhanced 911 service area a pay station telephone or other fixed device unless the telephone or device is capable of making a 911 call without prior insertion of a coin or payment of any other charge, and unless the telephone or device displays notice of free 911 service.

34A.5 Private listing subscribers and 911 service.

Private listing subscribers in an enhanced 911 service area waive the privacy afforded by nonlisted or nonpublished numbers to the extent that the name and address associated with the telephone number may be furnished to the enhanced 911 service system, for all routing, for automatic retrieval of location information, and for associated emergency services.

With respect to proposed amendments to former §34A.6 by 2013 Acts, ch 29, §34, and 2013 Acts, ch 30, §12, see Code editor’s note on simple harmonization

34A.7 **Funding — wire-line E911 service surcharge.**

When an E911 service plan is implemented, the costs of providing E911 service within an E911 service area are the responsibility of the joint E911 service board and the member political subdivisions. Costs in excess of the amount raised by imposition of the E911 service surcharge provided for under subsection 1 shall be paid by the joint E911 service board from such revenue sources allocated among the member political subdivisions as determined by the joint E911 service board. Funding is not limited to the surcharge, and surcharge revenues may be supplemented by other permissible local and state revenue sources. A joint E911 service board shall not commit a political subdivision to appropriate property tax revenues to fund an E911 service plan without the consent of the political subdivision. A joint E911 service board may approve an E911 service plan, including a funding formula requiring appropriations by participating political subdivisions, subject to the approval of the funding formula by each political subdivision. However, a political subdivision may agree in advance to appropriate property tax revenues or other moneys according to a formula or plan developed by an alternative chapter 28E entity.

1. **Local wire-line E911 service surcharge imposition.**
   a. To encourage local implementation of E911 service, one source of funding for E911 emergency communication systems shall come from a surcharge per month, per access line on each access line subscriber, of one dollar.
   b. The surcharge shall be imposed by order of the program manager as follows:
      (1) The program manager shall notify a local exchange service provider scheduled to provide exchange access line service to an E911 service area that implementation of an E911 service plan has been approved by the joint E911 service board and that collection of the surcharge is to begin within sixty days.
      (2) The program manager shall also provide notice to all affected public safety answering points.

2. **Surcharge collected by local exchange service providers.**
   a. The surcharge shall be collected as part of the access line service provider’s periodic billing to a subscriber. In compensation for the costs of billing and collection, the local exchange service provider may retain one percent of the gross surcharges collected. If the compensation is insufficient to fully recover a local exchange service provider’s costs for billing and collection of the surcharge, the deficiency shall be included in the local exchange service provider’s costs for ratemaking purposes to the extent it is reasonable and just under section 476.6. The surcharge shall be remitted to the E911 service operating authority for deposit into the E911 service fund quarterly by the local exchange service provider. The total amount for multiple exchanges may be combined.
   b. A local exchange service provider is not liable for an uncollected surcharge for which the local exchange service provider has billed a subscriber but not been paid. The surcharge shall appear as a single line item on a subscriber’s periodic billing entitled, “E911 emergency communications service surcharge”.
   c. The joint E911 service board may request, not more than once each quarter, the following information from the local exchange service provider:
(1) The identity of the exchange from which the surcharge is collected.
(2) The number of lines to which the surcharge was applied for the quarter.
(3) The number of refusals to pay per exchange if applicable.
(4) Write-offs applied per exchange if applicable.
(5) The number of lines exempt per exchange.
(6) The amount retained by the local exchange service provider generated from the one percent administration fee.

d. Access line counts and surcharge remittances are confidential public records as provided in section 34A.8.

3. Maximum limit per subscriber billing for surcharge. An individual subscriber shall not be required to pay on a single periodic billing the surcharge on more than one hundred access lines, or their equivalent, in an E911 service area. A subscriber shall pay the surcharge in each E911 service area in which the subscriber receives access line service.

4. E911 service fund. Each joint E911 service board shall establish and maintain as a separate account an E911 service fund. Any funds remaining in the account at the end of each fiscal year shall not revert to the general funds of the member political subdivisions, except as provided in subsection 5, but shall remain in the E911 service fund. Moneys in an E911 service fund may only be used for nonrecurring and recurring costs of the E911 service plan as approved by the program manager, as those terms are defined by section 34A.2.

5. Use of moneys in fund — priority and limitations on expenditure.
   a. Moneys deposited in the E911 service fund shall be used for the repayment of any bonds issued for the benefit of or loan made to the joint E911 service board pursuant to sections 34A.20 through 34A.22, and as long as any such bond or loan remains unpaid the surcharge shall not be reduced or eliminated. Moneys deposited in the fund shall be subject to such terms and conditions as may be contained in the relevant bond documents, trust indenture, resolution, loan agreement, or other instrument pursuant to which bonds are issued or a loan is made, without regard to any limitation otherwise provided by law.
   b. Moneys deposited in the E911 service fund shall be used for the following, in order of priority if paragraph “a” does not apply:
      (1) Money shall first be spent for actual recurring costs of operating the E911 service plan.
      (2) If money remains in the fund after fully paying for recurring costs incurred in the preceding year, the remainder may be spent to pay for nonrecurring costs, not to exceed actual nonrecurring costs as approved by the program manager.
      (3) If money remains in the fund after fully paying obligations under subparagraphs (1) and (2), the remainder may be accumulated in the fund as a carryover operating surplus.

6. Limitation of actions — provider not liable on cause of action related to provision of 911 services. A claim or cause of action does not exist based upon or arising out of an act or omission in connection with a land-line or wireless provider’s participation in an E911 service plan or provision of 911 or local exchange access service, unless the act or omission is determined to be willful and wanton negligence.
34A.7A Emergency communications service surcharge — fund established — distribution and permissible expenditures.

1. a. The director shall adopt by rule a monthly surcharge of one dollar to be imposed on each communications service number provided in this state. The surcharge shall be imposed uniformly on a statewide basis and simultaneously on all communications service numbers as provided by rule of the director. The surcharge shall not be imposed on wire-line-based communications or prepaid wireless telecommunications service.

b. The program manager shall provide no less than sixty days’ notice of the surcharge to be imposed to each communications service provider.

c. (1) The surcharge shall be collected as part of the communications service provider’s periodic billing to a subscriber. The surcharge shall appear as a single line item on a subscriber’s periodic billing indicating that the surcharge is for E911 emergency communications service.

(2) In compensation for the costs of billing and collection, the communications service provider may retain one percent of the gross surcharges collected.

(3) The surcharges shall be remitted quarterly by the communications service provider to the program manager for deposit into the fund established in subsection 2.

(4) A communications service provider is not liable for an uncollected surcharge for which the communications service provider has billed a subscriber but which has not been paid.

2. Moneys collected pursuant to subsection 1 and section 34A.7B, subsection 2, shall be deposited in a separate E911 emergency communications fund within the state treasury under the control of the program manager. Section 8.33 shall not apply to moneys in the fund. Moneys earned as income, including as interest, from the fund shall remain in the fund until expended as provided in this section. Moneys in the fund shall be expended and distributed in the following priority order:

a. An amount as appropriated by the general assembly to the director shall be allocated to the director and program manager for implementation, support, and maintenance of the functions of the director and program manager and to employ the auditor of state to perform an annual audit of the E911 emergency communications fund.

b. For the three-year period beginning July 1, 2013, and ending June 30, 2016, the program manager shall allocate thirteen percent of the total amount of surcharge generated to wireless carriers to recover their costs to deliver E911 phase 1 services. If the allocation in this paragraph is insufficient to reimburse all wireless carriers for such carrier’s eligible expenses, the program manager shall allocate a prorated amount to each wireless carrier equal to the percentage of such carrier’s eligible expenses as compared to the total of all eligible expenses for all wireless carriers for the calendar quarter during which such expenses were submitted. When prorated expenses are paid, the remaining unpaid expenses shall no longer be eligible for payment under this paragraph.

c. The program manager shall reimburse communications service providers on a calendar quarter basis for carriers’ eligible expenses for transport costs between the selective router and the public safety answering points related to the delivery of wireless E911 phase 1 services.

d. The program manager shall reimburse wire-line carriers and third-party E911
automatic location information database providers on a calendar quarterly basis for the costs of maintaining and upgrading the E911 components and functionalities beyond the input to the E911 selective router, including the E911 selective router and the automatic location information database.

e. (1) The program manager shall allocate to each joint E911 service board and to the department of public safety a minimum of one thousand dollars per calendar quarter for each public safety answering point within the service area of the department of public safety or joint E911 service board that has submitted an annual written request to the program manager in a form approved by the program manager by May 15 of each year.

(2) The amount allocated under this paragraph “e” shall be forty-six percent of the total amount of surcharge generated per calendar quarter allocated as follows:

(a) Sixty-five percent of the total dollars available for allocation shall be allocated in proportion to the square miles of the service area to the total square miles in this state.

(b) Thirty-five percent of the total dollars available for allocation shall be allocated in proportion to the wireless E911 calls taken at the public safety answering point in the service area to the total number of wireless E911 calls originating in this state.

(c) Notwithstanding subparagraph divisions (a) and (b), the minimum amount allocated to each joint E911 service board and to the department of public safety shall be no less than one thousand dollars for each public safety answering point within the service area of the department of public safety or joint E911 service board.

(3) The funds allocated in this paragraph “e” shall be used for communication equipment utilized by the public safety answering points for the implementation and maintenance of E911 services.

f. If moneys remain in the fund after fully paying all obligations under paragraphs “a”, “b”, “c”, “d”, and “e”, the remainder may be accumulated in the fund as a carryover operating surplus. This surplus shall be used to fund future network and public safety answering point improvements, including hardware and software for an internet protocol-enabled next generation network, and wireless carriers’ transport costs related to wireless E911 services, if those costs are not otherwise recovered by wireless carriers through customer billing or other sources and approved by the program manager in consultation with the E911 communications council. Notwithstanding section 8.33, any moneys remaining in the fund at the end of each fiscal year shall not revert to the general fund of the state but shall remain available for the purposes of the fund.

g. The director, in consultation with the program manager and the E911 communications council, shall adopt rules pursuant to chapter 17A governing the distribution of the surcharge collected and distributed pursuant to this subsection. The rules shall include provisions that all joint E911 service boards and the department of public safety which answer or service wireless E911 calls are eligible to receive an equitable portion of the receipts.

3. a. The program manager shall submit an annual report by January 15 of each year to the general assembly’s standing committees on government oversight advising the general assembly of the status of E911 implementation and operations, including both wire-line and wireless services, the distribution of surcharge receipts, and an accounting of the revenues and expenses of the E911 program.
b. The program manager shall submit a calendar quarter report of the revenues and expenses of the E911 program to the fiscal services division of the legislative services agency.

c. The general assembly’s standing committees on government oversight shall review the priorities of distribution of funds under this chapter at least every two years.

4. The amount collected from a communications service provider and deposited in the fund, pursuant to section 22.7, subsection 6, information provided by a communications service provider to the program manager consisting of trade secrets, pursuant to section 22.7, subsection 3, and other financial or commercial operations information provided by a communications service provider to the program manager, shall be kept confidential as provided under section 22.7. This subsection does not prohibit the inclusion of information in any report providing aggregate amounts and information which does not identify numbers of accounts or customers, revenues, or expenses attributable to an individual communications service provider.

5. a. The program manager, in consultation with the E911 communications council and the auditor of state, shall establish a methodology for determining and collecting comprehensive public safety answering point cost and expense data through the county joint E911 service boards. The methodology shall include the collection of data for all costs and expenses related to the operation of a public safety answering point and account for the extent to which identified costs and expenses are compensated for or addressed through E911 surcharges versus other sources of funding.

b. Data collection pursuant to paragraph “a” shall commence no later than January 1, 2014, and shall be subject to an audit by the auditor of state beginning July 1, 2014. The program manager shall prepare a report detailing the methodology developed and the data collected after such data has been collected for a two-year period. The report and the results of the initial audit shall be submitted to the general assembly by March 1, 2016. A new report regarding data collection and the results of an ongoing audit for each successive two-year period shall be submitted by March 1 every two years thereafter. Expenses associated with the audit shall be paid to the auditor of state by the program manager from the E911 emergency communications fund established in subsection 2.

c. A county joint E911 service board which fails to submit expenses and costs pursuant to the methodology developed pursuant to paragraph “a” by March 31 of each year shall be allocated sixty-five cents out of the one dollar emergency communications service surcharge until March 31 of the following year. Remaining funds shall be held in the carryover operating surplus fund until the expenses and cost report is submitted by the county joint E911 service board. If the county joint E911 service board submits the expense and cost report before March 30 of the following year, the set aside funds shall be provided to the county joint E911 service board. If the county joint E911 service board fails to submit the expense and cost report within one year, funds shall revert to the carryover operating surplus fund and be used in accordance with subsection 2, paragraph “f”.

34A.7B Prepaid wireless E911 surcharge.

1. As used in this section, unless the context otherwise requires:

a. “Consumer” means a person who purchases prepaid wireless telecommunications
service in a retail transaction.

b. “Department” means the department of revenue.

c. “Prepaid wireless E911 surcharge” means the surcharge that is required to be collected by a seller from a consumer in the amount established under this section.

d. “Provider” means a person who provides prepaid wireless telecommunications service pursuant to a license issued by the federal communications commission.

e. “Retail transaction” means the purchase of prepaid wireless telecommunications service from a seller for any purpose other than resale.

f. “Seller” means a person who sells prepaid wireless telecommunications service to another person.

2. There is imposed a prepaid wireless E911 surcharge of thirty-three cents on each retail transaction or, on or after the determination of an adjusted rate as determined pursuant to subsection 7, the adjusted rate.

3. The prepaid wireless E911 surcharge shall be collected by the seller from the consumer with respect to each retail transaction occurring in this state. The amount of the prepaid wireless E911 surcharge shall be either separately stated on an invoice, receipt, or other similar document that is provided to the consumer by the seller, or otherwise disclosed to the consumer.

4. For purposes of subsection 3, a retail transaction that is effected in person by a consumer at a business location of the seller shall be treated as occurring in this state if that business location is in this state, and any other retail transaction shall be treated as occurring in this state if the retail transaction is treated as occurring in this state for purposes of section 423.20 as that section applies to sourcing of a prepaid wireless calling service.

5. The prepaid wireless E911 surcharge is the liability of the consumer and not of the seller or of any provider, except that the seller shall be liable to remit all prepaid wireless E911 surcharges that the seller collects from consumers as provided in subsection 3, including all such surcharges that the seller is deemed to collect where the amount of the surcharge has not been separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller.

6. The amount of the prepaid wireless E911 surcharge that is collected by a seller from a consumer, if such amount is separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller, shall not be included in the base for measuring any tax, fee, other surcharge, or other charge that is imposed by this state, any political subdivision of this state, or any intergovernmental agency.

7. The prepaid wireless E911 surcharge shall be increased or reduced, as applicable, in an amount proportionate to any change to the surcharge imposed under section 34A.7A, subsection 1. The proportional increase or reduction shall be effective on the first day of the calendar month after the effective date of the change to the surcharge imposed under section 34A.7A, subsection 1. The department shall provide not less than thirty days’ advance notice of such increase or reduction on the department’s internet site.

8. If a minimal amount of prepaid wireless telecommunications service is sold with a prepaid wireless device for a single, nonitemized price, the seller may elect not to apply the prepaid wireless E911 surcharge to the retail transaction. For purposes of this
subsection, an amount of service denominated as ten minutes or less, or five dollars or less, shall be regarded as a minimal amount of service.

9. Prepaid wireless E911 surcharges collected by sellers shall be remitted to the department at the times and in the manner provided by chapter 423 with respect to the sales and use tax. The department shall establish registration and payment procedures that substantially coincide with the registration and payment procedures that apply to sellers under chapter 423.

10. A seller may deduct and retain three percent of prepaid wireless E911 surcharges that are collected by the seller from consumers.

11. The audit, appeal, collection, and enforcement procedures and other pertinent provisions applicable to the sales and use tax imposed under chapter 423 shall apply to prepaid wireless E911 surcharges.

12. The department shall establish procedures by which a seller of prepaid wireless telecommunications service may document that a sale is not a retail transaction, which procedures shall substantially coincide with the procedures for documenting sale for resale transactions under chapter 423.

13. The department shall transfer all remitted prepaid wireless E911 surcharges to the treasurer of state for deposit in the E911 emergency communications fund created under section 34A.7A, subsection 2, within thirty days of receipt after deducting an amount, not to exceed two percent of collected surcharges, that shall be retained by the department to reimburse its direct costs of administering the collection and remittance of prepaid wireless E911 surcharges.

14. The limitation of actions provisions under section 34A.7, subsection 6, shall apply to providers and sellers of prepaid wireless telecommunications service. In addition, a provider or seller of prepaid wireless telecommunications service shall not be liable for damages to any person resulting from or incurred in connection with the provision of any lawful assistance to any investigative or law enforcement officer of the United States, this or any other state, or any political subdivision of this or any other state, in connection with any lawful investigation or other law enforcement activity by such investigative or law enforcement officer.

15. The prepaid wireless E911 surcharge imposed pursuant to this section shall be the only E911 funding obligation imposed with respect to prepaid wireless telecommunications service in this state, and no tax, fee, surcharge, or other charge shall be imposed by this state, any political subdivision of this state, or any intergovernmental agency, for E911 funding purposes, upon any provider, seller, or consumer with respect to the sale, purchase, use, or provision of prepaid wireless telecommunications service.

**34A.8 Local exchange service information — penalty.**

1. A local exchange service provider shall furnish to the E911 service provider, designated by the joint E911 service board, all names, addresses, and telephone number information concerning its subscribers which will be served by the E911 system and shall periodically update the local exchange service information. The local exchange service provider shall receive as compensation for the provision of local exchange service information charges according to its tariffs on file with and approved by the Iowa utilities board. The tariff charges shall be the same whether or not the local exchange service provider is designated as the E911 service provider by the joint E911 service board.
2. a. Subscriber information remains the property of the local exchange service provider.
   b. The program manager, joint E911 service board, the designated E911 service provider, and the public safety answering point, their agents, employees, and assigns shall use local exchange service information provided by the local exchange service provider solely for the purposes of providing E911 emergency telephone service or providing related 911 call alert services utilizing only the subscriber’s information to a subscriber who consents to the provision of such services, and it shall otherwise be kept confidential. A person who violates this section is guilty of a simple misdemeanor.
   c. This chapter does not require a local exchange service provider to sell or provide its subscriber names, addresses, or telephone number information to any person other than the E911 service provider designated by the joint E911 service board.

34A.9 Telecommunications devices for the speech and hearing-impaired.
Each public safety answering point shall provide for the installation and use of telecommunications devices for the speech and hearing-impaired.

34A.10 E911 selective router.
On and after July 1, 2004, only the program manager shall approve access to the E911 selective router.

34A.11 Communications — single point-of-contact.
1. The joint E911 service board in each enhanced 911 service area shall designate a person to serve as a single point-of-contact to facilitate the communication of needs, issues, or concerns regarding emergency communications, interoperability, and other matters applicable to emergency E911 communications and migration to an internet protocol-enabled next generation network. The person designated as the single point-of-contact shall be responsible for facilitating the communication of such needs, issues, or concerns between public or private safety agencies within the service area, the E911 program manager, the E911 communications council, the statewide interoperable communications system board established in section 80.28, and any other person, entity, or agency the person deems necessary or appropriate. The person designated shall also be responsible for responding to surveys or requests for information applicable to the service area received from a federal, state, or local agency, entity, or board.
2. In the event a joint E911 service board fails to designate a single point-of-contact by November 1, 2013, the chairperson of the joint E911 service board shall serve in that capacity. The E911 service board shall submit the name and contact information for the person designated as the single point-of-contact to the E911 program manager by January 1 annually.
3. The provisions of this section shall be equally applicable to an alternative legal entity created pursuant to chapter 28E if such an entity is established as an alternative to a joint E911 service board as provided in section 34A.3. If such an entity is established, the governing body of that entity shall designate the single point-of-contact for the entity, and the chairperson or representative official of the governing body shall serve in the event a single point-of-contact is not designated.

34A.15 E911 communications council established — duties.
1. An E911 communications council is established. The council consists of the following thirteen members:
a. One person appointed by the commissioner of public safety.
b. One person appointed by the Iowa state sheriffs’ and deputies’ association.
c. One person appointed by the Iowa peace officers association.
d. One person appointed by the Iowa emergency medical services association.
e. One person appointed by the Iowa professional fire fighters.
f. One person appointed by the Iowa firefighters association.
g. One person appointed by the Iowa chapter of the national emergency number association.
h. One person appointed by the Iowa chapter of the association of public-safety communications officials—international, inc.
i. One person appointed by the Iowa emergency management directors association.
j. Two persons appointed by the Iowa telephone association, with one person appointed to represent telephone companies having fifteen thousand or more customers and one person appointed to represent telephone companies having less than fifteen thousand customers.
k. Two persons appointed by the Iowa wireless industry. One appointee shall represent cellular companies and the other appointee shall represent personal communications services companies.

2. The auditor of state or the auditor of state’s designee shall serve as an ex officio nonvoting member.

3. The council shall advise and make recommendations to the director and program manager regarding the implementation of this chapter. Such advice and recommendations shall be provided on issues at the request of the director or program manager or as deemed necessary by the council.

4. A member of the council shall be reimbursed for actual and necessary expenses incurred in the performance of the member’s duties, if such member is not otherwise reimbursed for such expenses.

5. The authority of the council is limited to the issues specifically identified in this section and does not preempt the authority of the utilities board, created in section 474.1, to act on issues within the jurisdiction of the utilities board.

**SUBCHAPTER II**

**E911 PROGRAM FINANCING**

**34A.20 E911 financing program — definitions — funding — bonds and notes.**

1. As used in this subchapter, unless the context otherwise requires, “authority” means the Iowa finance authority.

2. The authority shall cooperate with the director in the creation, administration, and funding of the E911 program established in subchapter I.

3. The authority may issue its bonds and notes for the purpose of funding E911 non-recurring and recurring costs of one or more E911 service areas.

4. The authority may issue its bonds and notes for the purposes of this chapter and may enter into one or more lending agreements or purchase agreements with one or more bondholders or noteholders containing the terms and conditions of the repayment of and the security for the bonds or notes. The authority and the bondholders or noteholders or a trustee agent designated by the authority may enter into agreements to
provide for any of the following:
   a. That the proceeds of the bonds and notes and the investments of the proceeds may be received, held, and disbursed by the authority or by a trustee or agent designated by the authority.
   b. That the bondholders or noteholders or a trustee or agent designated by the authority may collect, invest, and apply the amount payable under the loan agreements or any other instruments securing the debt obligations under the loan agreements.
   c. That the bondholders or noteholders may enforce the remedies provided in the loan agreements or other instruments on their own behalf without the appointment or designation of a trustee. If there is a default in the principal of or interest on the bonds or notes or in the performance of any agreement contained in the loan agreements or other instruments, the payment or performance may be enforced in accordance with the loan agreement or other instrument.
   d. Other terms and conditions as deemed necessary or appropriate by the authority.

5. The powers granted the authority under this section are in addition to other powers contained in chapter 16. All other provisions of chapter 16, except section 16.28, subsection 4, apply to bonds or notes issued and powers granted to the authority under this section, except to the extent they are inconsistent with this section.

6. All bonds or notes issued by the authority in connection with the program are exempt from taxation by this state and the interest on the bonds or notes is exempt from state income tax, both personal and corporate.

34A.21 Security — reserve funds — pledges — nonliability — irrevocable contracts.

1. The authority may provide in the resolution, trust agreement, or other instrument authorizing the issuance of its bonds or notes pursuant to section 34A.20 that the principal of, premium, and interest on the bonds or notes are payable from any of the following and may pledge the same to its bonds and notes:
   a. The income and receipts or other moneys derived from the projects financed with the proceeds of the bonds or notes.
   b. The income and receipts or other money derived from designated projects whether or not the projects are financed in whole or in part with the proceeds of the bonds or notes.
   c. The amounts on deposit in the E911 service fund of a joint E911 service board, including, but not limited to revenues from a local option E911 service surcharge.
   d. The amounts payable to the authority by jurisdictions within service areas pursuant to loan agreements with service areas.
   e. Any other funds or accounts established by the authority in connection with the program or the sale and issuance of its bonds or notes.

2. The authority may establish reserve funds to secure one or more issues of its bonds or notes. The authority may deposit in a reserve fund established under this subsection, the proceeds of the sale of its bonds or notes and other money which is made available from any other source.

3. A pledge made in respect of bonds or notes is valid and binding from the time the pledge is made. The money or property so pledged and received after the pledge by the authority is immediately subject to the lien of the pledge without physical delivery or further act. The lien of the pledge is valid and binding as against all persons having
claims of any kind in tort, contract, or otherwise against the authority whether or not
the parties have notice of the lien. Neither the resolution, trust agreement, or any other
instrument by which a pledge is created needs to be recorded, filed, or perfected under
chapter 554, to be valid, binding, or effective against all persons.

4. The members of the authority or persons executing the bonds or notes are not
personally liable on the bonds or notes and are not subject to personal liability or ac-
countability by reason of the issuance of the bonds or notes.

5. The state pledges to and agrees with the holders of bonds or notes issued under
this subchapter that the state will not limit or alter the rights and powers vested in the
authority to fulfill the terms of a contract made by the authority with respect to the
bonds or notes, or in any way impair the rights and remedies of the holders until the
bonds or notes, together with the interest on them including interest on unpaid install-
ments of interest, and all costs and expenses in connection with an action or proceed-
ing by or on behalf of the holders, are fully met and discharged. The authority is author-
rized to include this pledge and agreement of the state, as it refers to holders of bonds
or notes of the authority, in a contract with the holders.

34A.22 Rules.
The authority shall adopt rules pursuant to chapter 17A to implement this subchapter.

IOWA CODE CHAPTER 418
FLOOD MITIGATION PROGRAM

418.1 Definitions.
418.2 and 418.3 Reserved.
418.4 Projects.
418.5 Flood mitigation board.
418.6 Expenses of board members.
418.7 Department duties.
418.8 Flood mitigation program.
418.9 Project application review.
418.10 Flood mitigation fund.
418.11 Sales tax increment calculation.
418.12 Sales tax increment fund.
418.13 Flood project fund.
418.14 Bond issuance.
418.15 Durational limitation on use of revenues — property disposition.

418.1 Definitions.
For purposes of this chapter, unless the context otherwise requires:
1. “Base year” means the fiscal year ending during the calendar year in which the
governmental entity’s project is approved by the board under section 418.9.
2. “Board” means the flood mitigation board as created in section 418.5.
3. “Department” means the department of homeland security and emergency manage-
ment.
4. “Governmental entity” means any of the following:
   a. A county.
   b. A city.
   c. A joint board or other legal or administrative entity established or designated in an agreement pursuant to chapter 28E between any of the following:
      (1) Two or more cities located in whole or in part within the same county.
      (2) A county and one or more cities that are located in whole or in part within the county.
      (3) A county, one or more cities that are located in whole or in part within the county, and a drainage district formed by mutual agreement under section 468.142 located in whole or in part within the county.

5. “Project” means the construction and reconstruction of levees, embankments, impounding reservoirs, or conduits that are necessary for the protection of property from the effects of floodwaters and may include the deepening, widening, alteration, change, diversion, or other improvement of watercourses if necessary for the protection of such property from the effects of floodwaters. A project may consist of one or more phases of construction or reconstruction that are contracted for separately if the larger project, of which the project is a part, otherwise meets the requirements of this subsection.

6. “Retail establishment” means a business operated by a retailer as defined in section 423.1.

7. “Sales tax” means the sales and services tax imposed pursuant to section 423.2.

418.4 Projects.
1. a. A governmental entity may use the moneys in its flood project fund established pursuant to section 418.13 to fund projects that meet the requirements of this section.
   b. A governmental entity as defined in section 418.1, subsection 4, paragraph “c”, shall have the power to construct, acquire, own, repair, improve, operate, and maintain a project, may sue and be sued, contract, and acquire and hold real and personal property, subject to the limitation in paragraph “c”, and shall have such other powers as may be included in the chapter 28E agreement. Such a governmental entity may contract with a city or the county participating in the chapter 28E agreement to perform any governmental service, activity, or undertaking that the city or county is authorized by law to perform, including but not limited to contracts for administrative services.
   c. A governmental entity’s authority, established under paragraph “b” or other provision of law, to acquire or hold real and personal property shall for the purposes of undertaking a project under this chapter be limited to acquiring and holding that portion of such property which is necessary for infrastructure related to flood mitigation.

2. Prior to undertaking a project, the governmental entity shall adopt a project plan. The project plan shall include a detailed description of the project, including all phases of construction or reconstruction included in the project, state the estimated cost of the project and the maximum amount of debt to be incurred for purposes of funding the project, and include a detailed description of all anticipated funding sources for the project, including information relating to either the proposed use of financial assistance from the flood mitigation fund under section 418.10 or the proposed use of sales tax increment revenues received under section 418.12. The project plan shall also include information related to the approval criteria in section 418.9, subsection 2.
3. A governmental entity shall not award a contract for the construction or reconstruction of or otherwise undertake construction or reconstruction of a project under this chapter unless all of the following conditions are met:
   a. Bidding for the project has been completed. A governmental entity shall comply with the competitive bid procedures in chapter 26 for the bidding and construction of the project and shall comply with the provisions of chapter 573.
   b. For projects proposing to use sales tax increment revenues or approved by the board to use sales tax increment revenues, the project, or an earlier phase of the project, has been approved to receive financial assistance in an amount equal to at least twenty percent of the total project cost or thirty million dollars, whichever is less, under a financial assistance program administered by the United States environmental protection agency, the federal Water Resources Development Act, the federal Clean Water Act as defined in section 455B.291, or other federal program providing assistance specifically for hazard mitigation.
   c. The project plan has been approved by the board under section 418.9.
   d. Following approval of the project plan by the board, the governmental entity has adopted a resolution authorizing the use of sales tax increment revenue from the governmental entity’s flood project fund, if sales tax increment revenue was approved by the board as a funding source for the project. Within ten days of adoption, the governmental entity shall provide a copy of the resolution to the department of revenue.

4. A governmental entity shall not seek approval from the board for a project if the governmental entity previously had a project approved pursuant to section 418.9 or if the governmental entity previously was part of a governmental entity as defined in section 418.1, subsection 4, paragraph “c”, that had a project approved pursuant to section 418.9.

5. If a project is eligible for state financial assistance under section 29C.6, subsection 17, such project is ineligible for approval by the board under this chapter.

6. Following approval of a project under section 418.9, the governmental entity shall on or before December 15 of each year submit a report to the board detailing all of the following:
   a. The current status of the project.
   b. Total expenditures and the types of expenditures that have been made related to the project.
   c. The amount of the total project cost remaining as of the date the report is submitted.
   d. The amounts, types, and sources of funding being used.
   e. The amount of bonds issued or other indebtedness incurred for the project, including information related to the rate of interest, length of term, costs of issuance, and net proceeds. The report shall also include the amounts and types of moneys used for payment of such bonds or indebtedness.

7. A governmental entity may contract with a council of governments to perform any duty or power authorized under this chapter or for the completion of a project.

418.5 Flood mitigation board.

1. The flood mitigation board is established consisting of nine voting members and four ex officio, nonvoting members, and is located for administrative purposes within
the department. The director of the department shall provide office space, staff assistance, and necessary supplies and equipment for the board. The director shall budget funds to pay the necessary expenses of the board. In performing its functions, the board is performing a public function on behalf of the state and is a public instrumentality of the state.

2. The voting membership of the board shall include all of the following:
   a. Four members of the general public. Two general public members shall have demonstrable experience or expertise in the field of natural disaster recovery and two general public members shall have demonstrable experience or expertise in the field of flood mitigation.
   b. The director of the department of natural resources or the director’s designee.
   c. The secretary of agriculture or the secretary’s designee.
   d. The treasurer of state or the treasurer’s designee.
   e. The director of the department or the director’s designee.
   f. The executive director of the Iowa finance authority or the executive director’s designee.
   3. The general public members shall be appointed by the governor, subject to confirmation by the senate. The appointments shall comply with sections 69.16 and 69.16A.
   4. The chairperson and vice chairperson of the board shall be designated by the governor from the board members listed in subsection 2. In case of the absence or disability of the chairperson and vice chairperson, the members of the board shall elect a temporary chairperson by a majority vote of those members who are present and voting.
   5. The members appointed under subsection 2, paragraph “a”, shall be appointed to three-year staggered terms and the terms shall commence and end as provided by section 69.19. If a vacancy occurs, a successor shall be appointed to serve the unexpired term. A successor shall be appointed in the same manner and subject to the same qualifications as the original appointment.
   6. The board’s ex officio membership shall include four members of the general assembly with one each appointed by the majority leader of the senate, the minority leader of the senate, the speaker of the house of representatives, and the minority leader of the house of representatives. A legislative member serves for a term as provided in section 69.16B in an ex officio, nonvoting capacity and is eligible for per diem and expenses as provided in section 2.10.
   7. A majority of the voting members constitutes a quorum.

418.6 Expenses of board members.

The voting members of the board are entitled to receive reimbursement for actual expenses incurred while engaged in the performance of official duties. A member of the board is not eligible to receive the additional expense allowance provided in section 7E.6, subsection 2.

418.7 Department duties.

The department, subject to approval by the board, shall adopt administrative rules pursuant to chapter 17A necessary to administer the flood mitigation program. The department shall provide the board with assistance in implementing administrative functions and providing technical assistance and application assistance to applicants under the program.
418.8 Flood mitigation program.
   1. The board shall establish and the department, subject to direction and approval by the board, shall administer a flood mitigation program to assist governmental entities in undertaking projects approved under this chapter. The flood mitigation program shall include projects approved by the board to utilize either financial assistance from the flood mitigation fund created under section 418.10 or sales tax revenues remitted to the governmental entity under section 418.12. A governmental entity shall not be approved by the board to utilize both financial assistance from the flood mitigation fund and sales tax revenues remitted to the governmental entity.
   2. The board shall, by rules adopted under section 418.7, prescribe application instructions, forms, and other requirements deemed necessary to operate the flood mitigation program.
   3. The board may contract with or otherwise consult with the Iowa flood center, established under section 466C.1, to assist the board in administering the flood mitigation program.
   4. The board shall submit a written report to the governor and the general assembly on or before January 15 of each year. The report shall include information relating to all projects approved by the board for inclusion in the flood mitigation program, the status of such projects, summaries of each report submitted to the board under section 418.4, subsection 6, information relating to the types of funding being used for each approved project, including all indebtedness incurred by the applicable governmental entities, and any recommendations for legislative action to modify the provisions of this chapter.

418.9 Project application review.
   1. a. A governmental entity shall submit an application to the board for approval of a project plan. The board shall not approve a project for inclusion in the program if the application is submitted after January 1, 2016.
   b. The application shall specify whether the governmental entity is requesting financial assistance from the flood mitigation fund or approval for the use of sales tax revenues. Applications for financial assistance from the flood mitigation fund shall describe the type and amount of assistance requested. Applications for the use of sales tax revenues shall state the amount of sales tax revenues necessary for completion of the project.
   2. Each application shall include or have attached to the application, the governmental entity’s project plan adopted under section 418.4, subsection 2. When reviewing applications, in addition to the project plan, the board shall consider, at a minimum, all of the following:
      a. Whether the project is designed to mitigate future flooding of property that has sustained significant flood damage and is likely to sustain significant flood damage in the future.
      b. Whether the project plan addresses the impact of flooding both upstream and downstream from the area where the project is to be undertaken and whether the project conforms to any applicable floodplain ordinance.
      c. Whether the area that would benefit from the project’s flood mitigation efforts is sufficiently valuable to the economic viability of the state or is of sufficient historic value to the state to justify the cost of the project.
      d. The extent to which the project would utilize local matching funds. The board shall not approve a project unless at least fifty percent of the total cost of the project, less
any federal financial assistance for the project, is funded using local matching funds, and unless the project will result in nonpublic investment in the governmental entity’s area as defined in section 418.11, subsection 3, of an amount equal to fifty percent of the total cost of the project. For purposes of this paragraph, “nonpublic investment” means investment by nonpublic entities consisting of capital investment or infrastructure improvements occurring in anticipation of or as a result of the project during the period of time between July 1, 2008, and ten years after the board approved the project.

e. The extent of nonfinancial support committed to the project from public and nonpublic sources.

f. Whether the project is designed in coordination with other watershed management measures adopted by the governmental entity or adopted by the participating jurisdictions of the governmental entity, as applicable.

g. Whether the project plan is consistent with the applicable comprehensive emergency plan in effect and other applicable local hazard mitigation plans.

h. Whether financial assistance through the flood mitigation program is essential to meet the necessary expenses or serious needs of the governmental entity related to flood mitigation.

3. If requested by the board during consideration of an application, the governmental entity shall pay for an independent engineering review of the project to determine the technical feasibility, engineering standards, and total estimated cost of the project. An engineering review required by the board under this subsection may be completed by the United States army corps of engineers.

4. Upon review of the applications, the board, following consultation with the economic development authority, shall approve, defer, or deny the applications. If a project plan is denied, the board shall state the reasons for the denial and the governmental entity may resubmit the application so long as the application is filed on or before January 1, 2016. If a project plan application is approved, the board shall specify whether the governmental entity is approved for the use of sales tax revenues under section 418.12 or whether the governmental entity is approved to receive financial assistance from the flood mitigation fund under section 418.10. If the board approves a project plan application that includes financial assistance from the flood mitigation fund, the board shall negotiate and execute on behalf of the department all necessary agreements to provide such financial assistance. If the board approves a project plan application that includes the use of sales tax increment revenues, the board shall establish the annual maximum amount of such revenues that may be remitted to the governmental entity not to exceed the limitations in section 418.12, subsection 4. The board may, however, establish remittance limitations for the project lower than the individual project remittance limitations specified for projects under section 418.12, subsection 4.

5. The board shall not approve a project plan application that includes financial assistance from the flood mitigation fund or the use of sales tax revenue to pay principal and interest on or to refinance any debt or other obligation existing prior to the approval of the project.

6. The board shall not approve a project plan application for which the amount of sales tax increment revenue remitted to the governmental entity would exceed fifteen million dollars in any one fiscal year or if approval of the project would result in total
remittances in any one fiscal year for all approved projects to exceed, in the aggregate, thirty million dollars.

7. Upon approval of an application for financial assistance under the program, the board shall notify the treasurer of state regarding the amount of moneys needed to satisfy the award of financial assistance and the terms of the award. The treasurer of state shall notify the department any time moneys are disbursed to a recipient of financial assistance under the program.

8. If, following approval of a project application under the program, it is determined that the amount of federal financial assistance exceeds the amount of federal financial assistance specified in the application, the board shall reduce the award of financial assistance from the flood mitigation fund or reduce the amount of sales tax revenue to be received for the project by a corresponding amount.

418.10 Flood mitigation fund.

1. A flood mitigation fund is created as a separate and distinct fund in the state treasury under the control of the board and consists of moneys appropriated by the general assembly and any other moneys available to and obtained or accepted by the board for placement in the fund. Moneys in the fund shall only be used for the purposes of this section.

2. Payments of interest, repayments of moneys loaned pursuant to this chapter, and recaptures of grants, if provided for in the financial assistance agreements, shall be deposited in the fund.

3. The moneys in the fund shall be used to provide assistance in the form of grants, loans, and forgivable loans. The board may only provide financial assistance from moneys in the fund.

4. Moneys credited to the fund are not subject to section 8.33 and shall not be transferred, used, obligated, appropriated, or otherwise encumbered except as provided in this chapter. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys in the fund shall be credited to the fund.

5. If any portion of the moneys appropriated for deposit in the fund have not been awarded during the fiscal year for which the appropriation is made, the portion which has not been awarded may be utilized by the board to provide financial assistance under the program in subsequent fiscal years.

6. The board may make a multiyear commitment to a governmental entity of up to four million dollars in any one fiscal year.

7. Moneys received by a governmental entity from the fund shall be deposited in the governmental entity’s flood project fund under section 418.13.

8. The board is not required to award financial assistance pursuant to this section unless moneys are appropriated to and available from the fund.

9. Following completion of all projects approved to utilize financial assistance from the fund and upon a determination by the board that remaining moneys in the fund are no longer needed for the program, all moneys remaining in the fund or subsequently deposited in the fund shall be credited for deposit in the general fund of the state.

418.11 Sales tax increment calculation.

1. The department of revenue shall calculate quarterly the amount of increased sales tax revenues for each governmental entity approved to use sales tax increment reve-
nues and the amount of such revenues to be transferred to the sales tax increment fund pursuant to section 423.2, subsection 11, paragraph “b”.

2. The department of revenue shall calculate the amount of the increase for purposes of subsection 1 as follows:
   a. Determine the amount of sales subject to the tax under section 423.2 in each applicable area specified in subsection 3, during the corresponding quarter in the base year from retail establishments in such areas.
   b. Determine the amount of sales subject to the tax under section 423.2 in each applicable area specified in subsection 3, during the corresponding quarter in each subsequent calendar year from retail establishments in such areas.
   c. Subtract the base year quarterly amount determined under paragraph “a” from the subsequent calendar year quarterly amount in paragraph “b”.
   d. If the amount determined under paragraph “c” is positive, the product of the amount determined under paragraph “c” times the tax rate imposed under section 423.2 shall constitute the amount of increased sales tax revenue pursuant to subsection 1.

3. a. For projects approved for a governmental entity as defined in section 418.1, subsection 4, paragraph “a”, the area used to determine the sales tax increment shall include only the unincorporated areas of the county.
   b. For projects approved for a governmental entity as defined in section 418.1, subsection 4, paragraph “b”, the area used to determine the sales tax increment shall include only the incorporated areas of the city.
   c. For projects approved for a governmental entity as defined in section 418.1, subsection 4, paragraph “c”, the area used to determine the sales tax increment shall include the incorporated areas of each city that is participating in the chapter 28E agreement, the unincorporated areas of the participating county, and the area of any participating drainage district not otherwise included in the areas of the participating cities or county, as applicable.

4. Each governmental entity shall assist the department of revenue in identifying retail establishments in the governmental entity’s applicable area that are collecting sales tax. This process shall be ongoing until the governmental entity ceases to utilize sales tax revenue under this chapter.

418.12 Sales tax increment fund.

1. A sales tax increment fund is established as a separate and distinct fund in the state treasury under the control of the department of revenue consisting of the amount of the increased state sales and services tax revenues collected by the department of revenue within each applicable area specified in section 418.11, subsection 3, and deposited in the fund pursuant to section 423.2, subsection 11, paragraph “b”. Moneys deposited in the fund are appropriated to the department of revenue for the purposes of this section. Moneys in the fund shall only be used for the purposes of this section.

2. An account is created within the fund for each governmental entity that has adopted a resolution under section 418.4, subsection 3, paragraph “d”.

3. The department of revenue shall deposit in the fund the moneys described in subsection 1 beginning the first day of the quarter following receipt of a resolution under section 418.4, subsection 3, paragraph “d”. However, in no case shall a sales tax
increment be calculated under section 418.11 or such moneys be deposited in the fund under this section prior to January 1, 2014.

4. a. Upon request of a governmental entity, the department of revenue shall remit the moneys in the governmental entity’s account within the fund to the governmental entity for deposit in the governmental entity’s flood project fund. Such requests shall be made not more than quarterly. Requests for remittance shall be submitted on forms prescribed by the department of revenue. In lieu of quarterly requests, a governmental entity may submit a certified schedule of principal and interest payments on bonds issued under section 418.14. If such a certified schedule is submitted, the department of revenue shall, subject to the remittance limitations of this chapter, remit from the governmental entity’s account to the governmental entity for deposit in the governmental entity’s flood project fund the amounts necessary for such principal and interest payments in accordance with the certified schedule. Requests for remittance shall be made for the amount of moneys in the governmental entity’s account necessary to pay the governmental entity’s costs or obligations related to the project, according to the sales tax revenue funding needs specified in the approved project plan. A governmental entity shall not, however, during any fiscal year receive remittances under this section exceeding fifteen million dollars or seventy percent of the total yearly amount of increased sales tax increment revenue in the governmental entity’s applicable area and deposited in the governmental entity’s account, whichever is less. The total amount of remittances during any fiscal year for all governmental entities approved to use sales tax revenues under this chapter shall not exceed, in the aggregate, thirty million dollars. Remittances from the department of revenue shall be deposited in the governmental entity’s flood project fund under section 418.13.

b. The department of revenue shall adopt rules for the remittance of moneys to governmental entities.

5. If the department of revenue determines that the revenue accruing to the fund or accounts within the fund exceeds thirty million dollars or exceeds the amount necessary for the purposes of this chapter if the amount necessary is less than thirty million dollars, then those excess moneys shall be credited by the department of revenue for deposit in the general fund of the state.

6. a. Each governmental entity approved by the board to use sales tax increment revenues for a project under this chapter shall submit two reports to the board certifying the total amount of nonpublic investment, as defined in section 418.9, subsection 2, paragraph “d”, that has occurred in the governmental entity’s area as defined in section 418.11, subsection 3. The first report shall be submitted not later than five years after the board approved the project. The second report shall be submitted to the board not later than ten years after the board approved the project.

b. If the nonpublic investment requirements of section 418.9, subsection 2, paragraph “d”, are not satisfied, the board shall reduce the governmental entity’s amount of sales tax increment revenues eligible to be remitted during the remaining period of time for receiving remittances by an amount equal to the shortfall in nonpublic investment. However, such a reduction shall not be to an amount less than zero.

418.13 Flood project fund.

1. Sales tax revenue remitted by the department of revenue to a governmental entity
under section 418.12 or financial assistance received by a governmental entity pursuant to section 418.10 shall be deposited in the governmental entity’s flood project fund created for purposes of this chapter and shall be used to fund the costs of the governmental entity’s approved project and to pay principal and interest on bonds issued pursuant to section 418.14, if applicable.

2. In addition to the moneys received pursuant to section 418.10 or 418.12, a governmental entity may deposit in the flood project fund any other moneys lawfully received by the governmental entity, including but not limited to local sales and services tax receipts collected under chapter 423B.

### 418.14 Bond issuance.

1. a. A governmental entity receiving sales tax revenues pursuant to this chapter is authorized to issue bonds that are payable from revenues deposited in the governmental entity’s flood project fund created pursuant to section 418.13 for the purpose of funding a project in the area from which sales tax revenues will be collected.

   b. A governmental entity shall have the authority to pledge irrevocably to the payment of the bonds an amount of revenue derived from the sales tax revenue received by the governmental entity pursuant to section 418.12 for each of the years the bonds remain outstanding, together with other amounts held in the flood project fund of the governmental entity.

   c. The costs of a project may include but are not limited to administrative expenses, construction and reconstruction costs, engineering, fiscal, financial and legal expenses, surveys, plans and specifications, interest during construction or reconstruction and for one year after completion of the project, initial reserve funds, acquisition of real or personal property necessary for the construction or reconstruction of the project, subject to the limitation in section 418.4, subsection 1, paragraph “c”, and such other costs as are necessary and incidental to the construction or reconstruction of the project and the financing thereof. The governmental entity shall have the power to retain and enter into agreements with engineers, fiscal agents, financial advisers, attorneys, architects, and other consultants or advisers for planning, supervision, and financing of a project upon such terms and conditions as shall be deemed by the governing body of the governmental entity as advisable and in the best interest of the governmental entity. Bonds issued under the provisions of this chapter are declared to be investment securities under the laws of the state of Iowa.

2. a. If a governmental entity elects to authorize the issuance of bonds payable as provided in this section, the governmental entity shall follow the authorization procedures for cities set forth in section 384.83.

   b. A governmental entity shall have the authority to issue bonds for the purpose of refunding outstanding bonds issued under this section without otherwise complying with the notice and hearing provisions of section 384.83.

3. a. Except as otherwise provided in this section, bonds issued pursuant to this section shall not be subject to the provisions of any other law or charter relating to the authorization, issuance, or sale of bonds. Bonds issued under this section shall not limit or restrict the authority of a governmental entity as defined in section 418.1, subsection 4, paragraphs “a” and “b”, or a city, county, or drainage district participating in a governmental entity as defined in section 418.1, subsection 4, paragraph “c”, to issue bonds
for the project under other provisions of the Code.

b. The bonds may be issued in one or more series and shall comply with all of the following:

(1) The bonds shall bear the date of issuance.
(2) The bonds shall specify whether they are payable on demand or the time of maturity.
(3) The bonds shall bear interest at a rate not exceeding that permitted by chapter 74A.
(4) The bonds shall be in a denomination or denominations, be in the form, have the rank or priority, be executed in the manner, be payable in the medium of payment, at the place or places, be subject to the terms of redemption, with or without premium, be secured in the manner, and have the other characteristics, as may be provided by the resolution authorizing their issuance. The resolution authorizing the issuance of the bonds may also prescribe additional provisions, terms, conditions, and covenants which the governmental entity deems advisable, including provisions for creating and maintaining reserve funds and the issuance of additional bonds ranking on a parity with such bonds and additional bonds junior and subordinate to such bonds.

c. The bonds may be sold at public or private sale at a price as may be determined by the governmental entity.

d. The principal and interest on the bonds issued by a governmental entity under this section shall be payable solely and only from and secured by the revenue derived from the sales tax revenues received by the governmental entity pursuant to section 418.12 and from other funds of the governmental entity lawfully available from the governmental entity’s flood project fund established under section 418.13.

4. a. Bonds, notes, or other obligations issued by a governmental entity for purposes of financing a project under this chapter are not an obligation of this state. Except to the extent a debt service levy is authorized for the payment of a governmental entity’s costs related to bonds, notes, or other obligations as provided in paragraph “b”, bonds, notes, or other obligations issued by a governmental entity for purposes of financing a project under this chapter are not an obligation of any political subdivision of this state other than the governmental entity, and such bonds, notes, or other obligations shall not constitute an indebtedness of any political subdivision of this state within the meaning of any constitutional or statutory debt limitation or restriction. A governmental entity shall not pledge the credit or taxing power of this state. Except as provided in paragraph “b”, a governmental entity shall not pledge the credit or taxing power of any political subdivision of this state other than the governmental entity or make its bonds issued under this section payable out of any moneys except those in the governmental entity’s flood project fund.

b. If the moneys in the governmental entity’s flood project fund are insufficient to pay the governmental entity’s costs related to bonds, notes, or other obligations issued under this chapter, the amounts necessary to pay such costs may be levied and transferred for deposit in the governmental entity’s flood project fund from the debt service fund of the governmental entity or, if applicable, the debt service fund of a participating city or county for a governmental entity as defined in section 418.1, subsection 4, paragraph “c”, but only if and to the extent provided in the resolution authorizing the issu-
ance of bonds and, if applicable, the chapter 28E agreement.

c. The sole remedy for a breach or default of a term of a bond issued under this section is a proceeding in law or in equity by suit, action, or mandamus to enforce and compel performance of the duties required by this chapter and of the terms of the resolution authorizing the issuance of the bonds.

418.15 Durational limitation on use of revenues — property disposition.
1. A governmental entity shall not receive remittances of sales tax revenue under this chapter after twenty years from the date the governmental entity’s project was approved by the board.
2. If the governmental entity ceases to need the sales tax revenues prior to the expiration of the limitation under subsection 1, the governmental entity shall notify the director of revenue.
3. Upon the receipt of a notification pursuant to subsection 2, or the expiration of the limitation under subsection 1, the department of revenue shall cease to deposit revenues into the governmental entity’s account in the sales tax increment fund.
4. All property and improvements acquired by a governmental entity as defined in section 418.1, subsection 4, paragraph “c”, relating to a project shall be transferred to the county, city, or drainage district designated in the chapter 28E agreement to receive such property and improvements. The county, city, or drainage district to which such property or improvements are transferred shall, unless otherwise provided in the chapter 28E agreement, be solely responsible for the ongoing maintenance and support of such property and improvements.

Confidentiality of Records Under the Purview of HSEMD

IOWA CODE § 22.7
CONFIDENTIAL RECORDS
(excerpts pertaining to HSEMD)

22.7 Confidential records.
The following public records shall be kept confidential, unless otherwise ordered by a court, by the lawful custodian of the records, or by another person duly authorized to release such information:

45. The critical asset protection plan or any part of the plan prepared pursuant to section 29C.8 and any information held by the department of homeland security and emergency management that was supplied to the department by a public or private agency or organization and used in the development of the critical asset protection plan to include, but not be limited to, surveys, lists, maps, or photographs. However, the director shall make the list of assets available for examination by any person. A person wishing to examine the list of assets shall make a written request to the director on a form approved by the director. The list of assets may be viewed at the department’s offices during normal working hours. The list of assets shall not be copied in any manner.
Communications and asset information not required by law, rule, or procedure that are provided to the director by persons outside of government and for which the director has signed a nondisclosure agreement are exempt from public disclosures. The department of homeland security and emergency management may provide all or part of the critical asset plan to federal, state, or local governmental agencies which have emergency planning or response functions if the director is satisfied that the need to know and intended use are reasonable. An agency receiving critical asset protection plan information from the department shall not redisseminate the information without prior approval of the director.

50. Information concerning security procedures or emergency preparedness information developed and maintained by a government body for the protection of governmental employees, visitors to the government body, persons in the care, custody, or under the control of the government body, or property under the jurisdiction of the government body, if disclosure could reasonably be expected to jeopardize such employees, visitors, persons, or property.
   a. Such information includes but is not limited to information directly related to vulnerability assessments; information contained in records relating to security measures such as security and response plans, security codes and combinations, passwords, restricted area passes, keys, and security or response procedures; emergency response protocols; and information contained in records that if disclosed would significantly increase the vulnerability of critical physical systems or infrastructures of a government body to attack.
   b. This subsection shall only apply to information held by a government body that has adopted a rule or policy identifying the specific records or class of records to which this subsection applies and which is contained in such a record.

Continuity of Government

IOWA CODE § 2.1
GOVERNOR MAY MOVE SEAT OR GOVERNMENT TO ALTERNATE LOCATION IN TIMES OF PESTILENCE AND PUBLIC DANGER

The sessions of the general assembly shall be held annually at the seat of government, unless the governor shall convene them at some other place in times of pestilence or public danger. Each annual session of the general assembly shall commence on the second Monday in January of each year. The general assembly may recess from time to time during each year in such manner as it may provide, subject to Article III, section 14 of the Constitution of the State of Iowa.
IOWA CODE § 7.14
DISABILITY OF THE GOVERNOR

1. Whenever it appears that the governor is unable to discharge the duties of office for reason of disability pursuant to Article IV, section 17, Constitution of Iowa, the person next in line of succession to the office of the governor, or the chief justice, may call a conference consisting of the person who is chief justice, the person who is director of mental health, and the person who is the dean of medicine at the state university of Iowa. Provided, if either the director or dean is not a physician duly licensed to practice medicine by this state the director or dean may assign a member of the director’s or dean’s staff so licensed to assist and advise on the conference. The three members of the conference shall within ten days after the conference is called examine the governor. Within seven days after the examination, or if upon attempting to examine the governor the members of the conference are unable to examine the governor because of circumstances beyond their control, they shall conduct a secret ballot and by unanimous vote may find that the governor is temporarily unable to discharge the duties of the office.

2. The finding of or failure to find a disability shall be immediately made public, and if the governor is found to be unable to discharge the duties of the office, the person next in line of succession to the office of governor shall be immediately notified. After receiving the notification that person may, under Article IV, sections 17 and 19, Constitution of the State of Iowa, become governor until the disability is removed.

3. Whenever a governor who is unable to discharge the duties of the office believes the disability to be removed, the governor may call a conference consisting of the three persons referred to as members of such a conference in subsection 1. The three members of the conference shall within ten days examine the governor. Within seven days after the examination they shall conduct a secret ballot and by unanimous vote may find the disability removed.

4. The finding of or failure to find the disability removed shall be immediately made public.

IOWA CODE § 69.8 (2)
SUCCESSION OF LT. GOVERNOR

2. State offices. In all state offices, judges of courts of record, officers, trustees, inspectors, and members of all boards or commissions, and all persons filling any position of trust or profit in the state, by the governor, except when some other method is specially provided. An appointment by the governor to fill a vacancy in the office of lieutenant governor shall be for the balance of the unexpired term. An appointment made under this subsection to a state office subject to section 69.13 shall be for the period until the vacancy is filled by election pursuant to law.
IOWA CODE § 69.14A
FILLING VACANCY OF ELECTED COUNTY OFFICER

1. A vacancy on the board of supervisors shall be filled by one of the following procedures:
   a. By appointment by the committee of county officers designated to fill the vacancy in section 69.8.
      (1) The appointment shall be for the period until the next pending election as defined in section 69.12, and shall be made within forty days after the vacancy occurs. If the committee of county officers designated to fill the vacancy chooses to proceed under this paragraph, the committee shall publish notice in the manner prescribed by section 331.305 stating that the committee intends to fill the vacancy by appointment but that the electors of the district or county, as the case may be, have the right to file a petition requiring that the vacancy be filled by special election. The committee may publish notice in advance if an elected official submits a resignation to take effect at a future date. The committee may make an appointment to fill the vacancy after the notice is published or after the vacancy occurs, whichever is later. A person appointed to an office under this subsection shall have actually resided in the county which the appointee represents sixty days prior to appointment.
      (2) However, if within fourteen days after publication of the notice or within fourteen days after the appointment is made, a petition is filed with the county auditor requesting a special election to fill the vacancy, the appointment is temporary and a special election shall be called as provided in paragraph “b”. The petition shall meet the requirements of section 331.306, except that in counties where supervisors are elected under plan “three”, the number of signatures calculated according to the formula in section 331.306 shall be divided by the number of supervisor districts in the county.
   b. By special election held to fill the office for the remaining balance of the unexpired term.
      (1) The committee of county officers designated to fill the vacancy in section 69.8 may, on its own motion, or shall, upon receipt of a petition as provided in paragraph “a”, call for a special election to fill the vacancy in lieu of appointment. The committee shall order the special election at the earliest practicable date, but giving at least thirty-two days’ notice of the election. A special election called under this section shall be held on a Tuesday and shall not be held on the same day as a school election within the county.
      (2) However, if a vacancy on the board of supervisors occurs after the date of the primary election and more than seventy-three days before the general election, a special election to fill the vacancy shall not be called by the committee or by petition. If the term of office in which the vacancy exists will expire more than seventy days after the general election, the office shall be listed on the ballot, as “For Board of Supervisors, To Fill Vacancy”. The person elected at the general election shall assume office as soon as a certificate of election is issued and the person has qualified by taking the oath of office. The person shall serve the balance of the unexpired term.
      (3) If the term of office in which the vacancy exists will expire within seventy days after the general election, the person elected to the succeeding term shall also serve the
balance of the unexpired term. The person elected at the general election shall assume office as soon as a certificate of election is issued and the person has qualified by taking the oath of office.

c. For a vacancy declared by the board pursuant to section 331.214, subsection 2, by special election held to fill the office if the remaining balance of the unexpired term is two and one-half years or more. The committee of county officers designated to fill the vacancy in section 69.8 shall order the special election at the earliest practicable date, but giving at least thirty-two days’ notice of the election. A special election called under this section shall be held on a Tuesday and shall not be held on the same day as a school election within the county. The office shall be listed on the ballot, as “For Board of Supervisors, To Fill Vacancy”. The person elected at the special election shall serve the balance of the unexpired term.

2. A vacancy in any of the offices listed in section 39.17 shall be filled by one of the two following procedures:

a. By appointment by the board of supervisors.

(1) The appointment shall be for the period until the next pending election as defined in section 69.12, and shall be made within forty days after the vacancy occurs. If the board of supervisors chooses to proceed under this paragraph, the board shall publish notice in the manner prescribed by section 331.305 stating that the board intends to fill the vacancy by appointment but that the electors of the county have the right to file a petition requiring that the vacancy be filled by special election. The board may publish notice in advance if an elected official submits a resignation to take effect at a future date. The board may make an appointment to fill the vacancy after the notice is published or after the vacancy occurs, whichever is later. A person appointed to an office under this subsection, except for a county attorney, shall have actually resided in the county which the appointee represents sixty days prior to appointment. A person appointed to the office of county attorney shall be a resident of the county at the time of appointment.

(2) However, if within fourteen days after publication of the notice or within fourteen days after the appointment is made, a petition is filed with the county auditor requesting a special election to fill the vacancy, the appointment is temporary and a special election shall be called as provided in paragraph “b”. The petition shall meet the requirements of section 331.306.

b. By special election held to fill the office for the remaining balance of the unexpired term.

(1) The board of supervisors may, on its own motion, or shall, upon receipt of a petition as provided in paragraph “a”, call for a special election to fill the vacancy in lieu of appointment. The supervisors shall order the special election at the earliest practicable date, but giving at least thirty-two days’ notice of the election. A special election called under this section shall be held on a Tuesday and shall not be held on the same day as a school election within the county.

(2) If a vacancy in an elective county office occurs after the date of the primary election and more than seventy-three days before the general election, a special election to fill the vacancy shall not be called by the board of supervisors or by petition. If the term of office in which the vacancy exists will expire more than seventy days after the gen-
eral election, the office shall be listed on the ballot with the name of the office and the additional description, “To Fill Vacancy”. The person elected at the general election shall assume office as soon as a certificate of election is issued and the person has qualified by taking the oath of office. The person shall serve the balance of the unexpired term.

(3) If the term of office in which the vacancy exists will expire within seventy days after the general election, the person elected to the succeeding term shall also serve the balance of the unexpired term. The person elected at the general election shall assume office as soon as a certificate of election is issued and the person has qualified by taking the oath of office.

3. Notwithstanding subsection 2, in the event of a vacancy for which no eligible candidate residing in the county comes forward for appointment, a county board of supervisors may employ a person to perform the duties of the office for at least sixty days but no more than ninety days. After ninety days, the board shall proceed under subsection 2.

4. Notwithstanding subsections 1 and 2, if a nomination has been made at the primary election for an office in which a vacancy has been filled by appointment, the office shall be filled at the next general election, and not at any special election in the same political subdivision.

Other provisions relating to Homeland Security and Emergency Management

IOWA CODE § 139A .1-.20, .25
COMMUNICABLE AND INFECTIOUS DISEASES AND POISONINGS

139A.1 Title.
This chapter shall be known as the “Communicable and Infectious Disease Reporting and Control Act”.

139A.2 Definitions.
For purposes of this chapter, unless the context otherwise requires: 1. “Area quarantine” means prohibiting ingress and egress to and from a building or buildings, structure or structures, or other definable physical location, or portion thereof, to prevent or contain the spread of a suspected or confirmed quarantinable disease or to prevent or contain exposure to a suspected or known chemical, biological, radioactive, or other hazardous or toxic agent.
2. “Business” means and includes every trade, occupation, or profession.
3. “Care provider” means an individual who is trained and authorized by federal or state law to provide health care services or services of any kind in the course of the individual’s official duties, for compensation or in a voluntary capacity, who is a health care provider, emergency medical care provider as defined in section 147A.1, fire fighter, or peace officer.
“Care provider” also means an individual who renders emergency care or assistance in an emergency or due to an accident as described in section 613.17.
4. “Communicable disease” means any disease spread from person to person or animal to person.
5. “Contagious or infectious disease” means hepatitis in any form, meningococcal disease, AIDS or HIV as defined in section 141A.1, tuberculosis, and any other disease determined to be life-threatening to a person exposed to the disease as established by rules adopted by the department, based upon a determination by the state epidemiologist and in accordance with guidelines of the centers for disease control and prevention of the United States department of health and human services.
7. “Designated officer” means a person who is designated by a department, agency, division, or service organization to act as an infection control liaison officer.
8. “Exposure” means a specific eye, mouth, other mucous membrane, nonintact skin, or parenteral contact with blood or other potentially infectious bodily fluids. 9. “Exposure-prone procedure” means a procedure performed by a health care provider which presents a recognized risk of percutaneous injury to the health care provider and if such an injury occurs, the health care provider’s blood is likely to contact a patient’s body cavity, subcutaneous tissues, or mucous membranes, or an exposure-prone procedure as defined by the centers for disease control and prevention of the United States department of health and human services.
11. “Health care facility” means a health care facility as defined in section 135C.1, an ambulatory surgical center, or a clinic.
12. “Health care provider” means a person licensed to practice medicine and surgery, osteopathic medicine and surgery, chiropractic, podiatry, nursing, dentistry, optometry, or as a physician assistant, dental hygienist, or acupuncturist.
13. “HIV” means HIV as defined in section 141A.1.
14. “Hospital” means hospital as defined in section 135B.1.
15. “Isolation” means the separation of persons or animals presumably or actually infected with a communicable disease or who are disease carriers for the usual period of communicability of that disease in such places, marked by placards if necessary, and under such conditions as will prevent the direct or indirect conveyance of the infectious agent or contagion to susceptible persons.
16. “Local board” means the local board of health.
17. “Local department” means the local health department.
18. “Placard” means a warning sign to be erected and displayed on the periphery of a quarantine area, forbidding entry to or exit from the area.
19. “Public health disaster” means public health disaster as defined in section 135.140.
20. “Quarantinable disease” means any communicable disease designated by rule adopted by the department as requiring quarantine or isolation to prevent its spread.
21. “Quarantine” means the limitation of freedom of movement of persons or animals that have been exposed to a quarantinable disease within specified limits marked by placards for a period of time equal to the longest usual incubation period of the disease in such manner as to prevent the spread of a quarantinable disease which affects people.
22. “Reportable disease” means any disease designated by rule adopted by the depart-
ment requiring its occurrence to be reported to an appropriate authority.

23. “Sexually transmitted disease or infection” means a disease or infection as identified by rules adopted by the department, based upon a determination by the state epidemiologist and in accordance with guidelines of the centers for disease control and prevention of the United States department of health and human services.

24. “Significant exposure” means a situation in which there is a risk of contracting disease through exposure to a person's infectious bodily fluids in a manner capable of transmitting an infectious agent as determined by the centers for disease control and prevention of the United States department of health and human services and adopted by rule of the department.

25. “Terminal cleaning” means cleaning procedures defined in the isolation guidelines issued by the centers for disease control and prevention of the United States department of health and human services.

**139A.3 Reports to department — immunity — confidentiality — investigations.**

1. The health care provider or public, private, or hospital clinical laboratory attending a person infected with a reportable disease shall immediately report the case to the department. However, when a case occurs within the jurisdiction of a local health department, the report shall be made to the local department and to the department. A health care provider or public, private, or hospital clinical laboratory who files such a report which identifies a person infected with a reportable disease shall assist in the investigation by the department, a local board, or a local department. The department shall publish and distribute instructions concerning the method of reporting. Reports shall be made in accordance with rules adopted by the department and shall require inclusion of all the following information:
   a. The patient’s name.
   b. The patient’s address.
   c. The patient’s date of birth.
   d. The sex of the patient.
   e. The race and ethnicity of the patient.
   f. The patient’s marital status.
   g. The patient’s telephone number.
   h. The name and address of the laboratory.
   i. The date the test was found to be positive and the collection date.
   j. The name of the health care provider who performed the test.
   k. If the patient is female, whether the patient is pregnant.

2. a. Any person who, acting reasonably and in good faith, files a report, releases information, or otherwise cooperates with an investigation under this chapter is immune from any liability, civil or criminal, which might otherwise be incurred or imposed for such action.
   b. A report or other information provided to or maintained by the department, a local board, or a local department, which identifies a person infected with or exposed to a reportable or other disease or health condition, is confidential and shall not be accessible to the public.
   c. Notwithstanding paragraph “b”, information contained in the report may be reported
in public health records in a manner which prevents the identification of any person or business named in the report. If information contained in the report concerns a business, information disclosing the identity of the business may be released to the public when the state epidemiologist or the director of public health determines such a release of information necessary for the protection of the health of the public.

3. A health care provider or public, private, or hospital clinical laboratory shall provide the department, local board, or local department with all information reasonably necessary to conduct an investigation pursuant to this chapter upon request of the department, local board, or local department. The department may also subpoena records, reports, and any other evidence necessary to conduct an investigation pursuant to this chapter from other persons, facilities, and entities pursuant to rules adopted by the department.

139A.3A Investigation and control.
When the department receives a report under this chapter or acts on other reliable information that a person is infected with a disease, illness, or health condition that may be a potential cause of a public health disaster, the department shall identify all individuals reasonably believed to have been exposed to the disease, illness, or health condition and shall investigate all such cases for sources of infection and ensure that such cases are subject to proper control measures. Any hospital, health care provider, or other person may provide information, interviews, reports, statements, memoranda, records, or other data related to the condition and treatment of any individual, if not otherwise prohibited by the federal Health Insurance Portability and Accountability Act of 1996, Pub. L. No. 104-191, to the department to be used for the limited purpose of determining whether a public health disaster exists.

139A.4 Type and length of isolation or quarantine.
1. The type and length of isolation or quarantine imposed for a specific communicable disease shall be in accordance with rules adopted by the department.
2. The department and the local boards may impose and enforce isolation and quarantine restrictions.
3. The department shall adopt rules governing terminal cleaning.
4. The department and local boards may impose and enforce area quarantine restrictions according to rules adopted by the department. Area quarantine shall be imposed by the least restrictive means necessary to prevent or contain the spread of the suspected or confirmed quarantinable disease or suspected or known hazardous or toxic agent.

139A.5 Isolation or quarantine signs erected.
When isolation or a quarantine is established, appropriate placards prescribed by the department shall be erected to mark the boundaries of the place of isolation or quarantine.

139A.6 Communicable diseases.
If a person, whether or not a resident, is infected with a communicable disease dangerous to the public health, the local board shall issue orders in regard to the care of the person as necessary to protect the public health. The orders shall be executed by the designated officer as the local board directs or provides by rules.

139A.7 Diseased persons moving — record forwarded.
If a person known to be suffering from a communicable disease dangerous to the public health moves from the jurisdiction of a local board into the jurisdiction of another local board, the local board from whose jurisdiction the person moves shall notify the local board into whose jurisdiction the person is moving.

139A.8 Immunization of children.

1. A parent or legal guardian shall assure that the person’s minor children residing in the state are adequately immunized against diphtheria, pertussis, tetanus, poliomyelitis, rubeola, rubella, and varicella, according to recommendations provided by the department subject to the provisions of subsections 3 and 4.

2. a. A person shall not be enrolled in any licensed child care center or elementary or secondary school in Iowa without evidence of adequate immunizations against diphtheria, pertussis, tetanus, poliomyelitis, rubeola, rubella, and varicella.

b. Evidence of adequate immunization against haemophilus influenza B and invasive pneumococcal disease shall be required prior to enrollment in any licensed child care center.

c. Evidence of hepatitis type B immunization shall be required of a child born on or after July 1, 1994, prior to enrollment in school in kindergarten or in a grade.

d. Immunizations shall be provided according to recommendations provided by the department subject to the provisions of subsections 3 and 4.

3. Subject to the provision of subsection 4, the state board of health may modify or delete any of the immunizations in subsection 2.

4. a. Immunization is not required for a person’s enrollment in any elementary or secondary school or licensed child care center if either of the following applies:

   (1) The applicant, or if the applicant is a minor, the applicant’s parent or legal guardian, submits to the admitting official a statement signed by a physician, advanced registered nurse practitioner, or physician assistant who is licensed by the board of medicine, board of nursing, or board of physician assistants that the immunizations required would be injurious to the health and well-being of the applicant or any member of the applicant’s family.

   (2) The applicant, or if the applicant is a minor, the applicant’s parent or legal guardian, submits an affidavit signed by the applicant, or if the applicant is a minor, the applicant’s parent or legal guardian, stating that the immunization conflicts with the tenets and practices of a recognized religious denomination of which the applicant is an adherent or member.

b. The exemptions under this subsection do not apply in times of emergency or epidemic as determined by the state board of health and as declared by the director of public health.

5. A person may be provisionally enrolled in an elementary or secondary school or licensed child care center if the person has begun the required immunizations and if the person continues to receive the necessary immunizations as rapidly as is medically feasible. The department shall adopt rules relating to the provisional admission of persons to an elementary or secondary school or licensed child care center.

6. The local board shall furnish the department, within sixty days after the first official day of school, evidence that each person enrolled in any elementary or secondary school has been immunized as required in this section subject to subsection 4. The de-
department shall adopt rules pursuant to chapter 17A relating to the reporting of evidence of immunization.

7. Local boards shall provide the required immunizations to children in areas where no local provision of these services exists.

8. The department, in consultation with the director of the department of education, shall adopt rules for the implementation of this section and shall provide those rules to local school boards and local boards.

**139A.8A Vaccine shortage — department order — immunity.**

1. In the event of a shortage of a vaccine, or in the event a vaccine shortage is imminent, the department may issue an order controlling, restricting, or otherwise regulating the distribution and administration of the vaccine. The order may designate groups of persons which shall receive priority in administration of the vaccine and may prohibit vaccination of persons who are not included in a priority designation. The order shall include an effective date, which may be amended or rescinded only through a written order of the department. The order shall be applicable to health care providers, hospitals, clinics, pharmacies, health care facilities, local boards of health, public health agencies, and other persons or entities that distribute or administer vaccines.

2. A health care provider, hospital, clinic, pharmacy, health care facility, local board of health, public health agency, or other person or entity that distributes or administers vaccines shall not be civilly liable in any action based on a failure or refusal to distribute or administer the vaccine if the failure or refusal to distribute or administer the vaccine was consistent with a department order issued pursuant to this section.

3. The department shall adopt rules to administer this section.

**139A.9 Forcible removal — isolation — quarantine.**

The forcible removal and isolation or quarantine of any infected person shall be accomplished according to the rules and regulations of the local board or the rules of the state board of health.

**139A.10 Fees for removing.**

The officers designated shall receive reasonable compensation for their services as determined by the local board. The amount determined shall be certified and paid in the same manner as other expenses incurred under this chapter.

**139A.11 Services and supplies — isolation — quarantine.**

If the person under isolation or quarantine or the person liable for the support of the person, in the opinion of the local board, is financially unable to secure proper care, provisions, or medical attendance, the local board shall furnish supplies and services during the period of isolation or quarantine and may delegate the duty, by rules, to one of its designated officers.

**139A.12 County liability for care, provisions, and medical attendance.**

The local board shall provide proper care, provisions, and medical attendance for any person removed and isolated or quarantined in a separate house or hospital for detention and treatment, and the care, provisions, and medical attendance shall be paid for by the county in which the infected person has a legal settlement, if the patient or legal guardian is unable to pay.

**139A.13 Rights of isolated or quarantined persons.**

Any person removed and isolated or quarantined in a separate house or hospital may, at
the person’s own expense, employ the health care provider of the person’s choice, and
may provide such supplies and commodities as the person may require.

**139A.13A Employment protection.**
1. An employer shall not discharge an employee, or take or fail to take action regarding
an employee’s promotion or proposed promotion, or take action to reduce an employ-
ee’s wages or benefits for actual time worked, due to the compliance of an employee
with a quarantine or isolation order or voluntary confinement request issued by the de-
partment, a local board, or the centers for disease control and prevention of the United
States department of health and human services.
2. An employee whose employer violates this section may petition the court for impo-
sition of a cease and desist order against the person’s employer and for reinstatement
to the person’s previous position of employment. This section does not create a private
cause of action for relief of money damages.

**139A.14 Services or supplies — authorization.**
All services or supplies furnished to persons under this chapter must be authorized by
the local board or an officer of the local board, and a written order designating the per-
son employed to furnish such services or supplies, issued before the services or supplies
are furnished, shall be attached to the bill when presented for audit and payment.

**139A.15 Filing of bills.**
All bills incurred under this chapter in establishing, maintaining, and terminating iso-
lation and quarantine, in providing a necessary house or hospital for isolation or quar-
teine, and in making terminal cleanings, shall be filed with the local board. The local
board at its next regular meeting or special meeting called for this purpose shall exam-
ine and audit the bills and, if found correct, approve and certify the bills to the county
board of supervisors for payment.

**139A.16 Allowing claims.**
All bills for supplies furnished and services rendered for persons removed and isolat-
ed or quarantined in a separate house or hospital, or for persons financially unable to
provide their own sustenance and care during isolation or quarantine, shall be allowed
and paid for only on a basis of the local market price for such provisions, services, and
supplies in the locality furnished. A bill for the terminal cleaning of premises or effects
shall not be allowed, unless the infected person or those liable for the person’s support
are financially unable to pay.

**139A.17 Approval and payment of claims.**
The board of supervisors is not bound by the action of the local board in approving the
bills, but shall pay the bills for a reasonable amount and within a reasonable time.

**139A.18 Reimbursement from county.**
If any person receives services or supplies under this chapter who does not have a legal
settlement in the county in which the bills were incurred and paid, the amount paid
shall be certified to the board of supervisors of the county in which the person claims
settlement or owns property, and the board of supervisors of that county shall reim-
burse the county from which the claim is certified, in the full amount originally paid.

**139A.19 Care provider notification.**
1. a. Notwithstanding any provision of this chapter to the contrary, if a care provider
sustains a significant exposure from an individual while rendering health care services
or other services, the individual to whom the care provider was exposed is deemed to consent to a test to determine if the individual has a contagious or infectious disease and is deemed to consent to notification of the care provider of the results of the test, upon submission of a significant exposure report by the care provider to the hospital, clinic, other health facility, or other person specified in this section to whom the individual is delivered by the care provider as determined by rule.

b. The hospital, clinic, or other health facility in which the significant exposure occurred or other person specified in this section to whom the individual is delivered shall conduct the test. If the individual is delivered by the care provider to an institution administered by the Iowa department of corrections, the test shall be conducted by the staff physician of the institution. If the individual is delivered by the care provider to a jail, the test shall be conducted by the attending physician of the jail or the county medical examiner. The sample and test results shall only be identified by a number.

c. A hospital, clinic, or other health facility, institutions administered by the department of corrections, and jails shall have written policies and procedures for notification of a care provider under this section. The policies and procedures shall include designation of a representative of the care provider to whom notification shall be provided and who shall, in turn, notify the care provider. The identity of the designated representative of the care provider shall not be revealed to the individual tested. The designated representative shall inform the hospital, clinic, or other health facility, institution administered by the department of corrections, or jail of those parties who received the notification, and following receipt of this information and upon request of the individual tested, the hospital, clinic, or other health facility, institution administered by the department of corrections, or jail shall inform the individual of the parties to whom notification was provided.

d. Notwithstanding any other provision of law to the contrary, a care provider may transmit cautions regarding contagious or infectious disease information, with the exception of AIDS or HIV pursuant to section 80.9B, in the course of the care provider’s duties over the police radio broadcasting system under chapter 693 or any other radio-based communications system if the information transmitted does not personally identify an individual.

2. a. If the test results are positive, the hospital, clinic, other health facility, or other person performing the test shall notify the subject of the test and make any required reports to the department pursuant to sections 139A.3 and 141A.6. The report to the department shall include the name of the individual tested.

b. If the individual tested is diagnosed or confirmed as having a contagious or infectious disease, the hospital, clinic, other health facility, or other person conducting the test shall notify the care provider or the designated representative of the care provider who shall then notify the care provider.

c. The notification to the care provider shall be provided as soon as is reasonably possible following determination that the subject of the test has a contagious or infectious disease. The notification shall not include the name of the individual tested for the contagious or infectious disease unless the individual consents. If the care provider who sustained a significant exposure determines the identity of the individual diagnosed or confirmed as having a contagious or infectious disease, the identity of the individual shall be confidential information and shall not be disclosed by the care provider to any
other person unless a specific written release is obtained from the individual diagnosed with or confirmed as having a contagious or infectious disease.

3. This section does not preclude a hospital, clinic, other health facility, or a health care provider from providing notification to a care provider under circumstances in which the hospital’s, clinic’s, other health facility’s, or health care provider’s policy provides for notification of the hospital’s, clinic’s, other health facility’s, or health care provider’s own employees of exposure to a contagious or infectious disease that is not life-threatening if the notice does not reveal a patient’s name, unless the patient consents.

4. A hospital, clinic, other health facility, or health care provider, or other person participating in good faith in complying with provisions authorized or required under this section is immune from any liability, civil or criminal, which might otherwise be incurred or imposed.

5. A hospital’s, clinic’s, other health facility’s, or health care provider’s duty to notify under this section is not continuing but is limited to a diagnosis of a contagious or infectious disease made in the course of admission, care, and treatment following the rendering of health care services or other services to the individual who was the source of the significant exposure.

6. Notwithstanding subsection 5, the hospital, clinic, or other health facility may provide a procedure for notifying the exposed care provider if, following discharge from or completion of care or treatment by the hospital, clinic, or other health facility, the individual who was the source of the significant exposure, and for whom a significant exposure report was submitted that did not result in notification of the exposed care provider, wishes to provide information regarding the source individual’s contagious or infectious disease status to the exposed care provider.

7. A hospital, clinic, other health facility, health care provider, or other person who is authorized to perform a test under this section who performs the test in compliance with this section or who fails to perform the test authorized under this section, is immune from any liability, civil or criminal, which might otherwise be incurred or imposed.

8. A hospital, clinic, other health facility, health care provider, or other person who is authorized to perform a test under this section has no duty to perform the test authorized.

9. The department shall adopt rules pursuant to chapter 17A to administer this section. The department may determine by rule the contagious or infectious diseases for which testing is reasonable and appropriate and which may be administered under this section.

10. The employer of a care provider who sustained a significant exposure under this section shall pay the costs of testing for the individual who is the source of the significant exposure and of the testing of the care provider, if the significant exposure was sustained during the course of employment. However, the department shall assist an individual who is the source of the significant exposure in finding resources to pay for the costs of the testing and shall assist a care provider who renders direct aid without compensation in finding resources to pay for the cost of the test.

139A.20 Exposing to communicable disease.

A person who knowingly exposes another to a communicable disease or who knowingly subjects another to a child or other legally incapacitated person who has contracted a communicable disease, with the intent that another person contract the communicable
IOWA CODE § 163.1-.25
INFECTIOUS AND CONTAGIOUS DISEASES AMONG ANIMALS

163.1 Powers of department.
The department shall administer and enforce the provisions of this chapter and rules adopted by the department pursuant to this chapter. In administering the provisions of this chapter, the department shall have power to do all of the following:
1. Adopt any necessary rule for the control of an infectious or contagious disease affecting animals within the state.
2. Provide for quarantining animals afflicted with an infectious or contagious disease, or that have been exposed to such disease, whether within or without the state.
3. Determine and employ the most efficient and practical means for the control of an infectious or contagious disease afflicting animals.
4. Establish, maintain, enforce, and regulate quarantine and other measures relating to the movement and care of animals that may be exposed or afflicted with an infectious or contagious disease.
5. Provide for the disinfection of suspected yards, buildings, or articles, and for the destruction of animals as may be deemed necessary by the department.
6. Enter any place where any animal is at the time located, or where it has been kept, or where the carcass of such animal may be, for the purpose of examining it in any way that may be necessary to determine whether it was or is exposed to or afflicted with an infectious or contagious disease.
7. Regulate or prohibit the arrival in, departure from, and passage through the state of
animals exposed to or afflicted with an infectious or contagious disease; and in case of a violation of any such regulation or prohibition, to detain any animal at the owner’s expense.

8. Regulate or prohibit the movement of animals into the state which, in the department’s determination, for any reason, may be detrimental to the health of animals in the state.

9. Cooperate with and arrange for assistance from the United States department of agriculture in performing its duties under this chapter.

10. Impose civil penalties as provided in this chapter. The department may refer cases for prosecution to the attorney general.

**163.2 General definitions.**

As provided in this chapter, unless the context otherwise requires:

1. “Certificate of veterinary inspection” or “certificate” means a legible record, made on an official form of the state of origin or the animal and plant health inspection service of the United States department of agriculture, and issued by an accredited veterinarian of the state of origin or a veterinarian in the employ of the animal and plant health inspection service, which shows that an animal listed on the form meets the health requirements of the state of destination.

2. “Control” means the prevention, suppression, or eradication of an infectious or contagious disease afflicting an animal within the state.

3. “Department” means the department of agriculture and land stewardship.

4. “Foot and mouth disease” means a virus of the family picornaviridae, genus aphanthovirus, including any immunologically distinct serotypes.

5. “Infectious or contagious disease” means glanders, farcy, maladie du coit (dourine), anthrax, foot and mouth disease, scabies, classical swine fever, tuberculosis, brucellosis, vesicular exanthema, scrapie, rinderpest, avian influenza or Newcastle disease as provided in chapter 165B, pseudorabies as provided in chapter 166D, or any other transmissible, transferable, or communicable disease so designated by the department.

6. “Move” or “movement”, except as provided in subchapter III, means to ship, transport, or deliver an animal.

**163.3 Veterinary assistants.**

The secretary or the secretary’s designee may appoint one or more veterinarians licensed pursuant to chapter 169 in each county as assistant veterinarians. The secretary may also appoint such special assistants as may be necessary in cases of emergency, including as provided in section 163.3A.

163.3A Veterinary emergency preparedness and response.

1. The department may provide veterinary emergency preparedness and response services necessary to prevent or control a serious threat to the public health, public safety, or the state’s economy caused by the transmission of disease among livestock as defined in section 717.1 or agricultural animals as defined in section 717A.1. The services may include measures necessary to ensure that all such animals carrying disease are properly identified, segregated, treated, or destroyed as provided in this Code.

2. The services shall be performed under the direction of the department and may be part of measures authorized by the governor under a declaration or proclamation issued pursuant to chapter 29C. In such case, the department shall cooperate with the Iowa
department of public health under chapter 135, and the department of homeland security and emergency management, and local emergency management agencies as provided in chapter 29C.

3. The secretary or the secretary’s designee shall appoint veterinarians licensed pursuant to chapter 169 or persons in related professions or occupations who are qualified, as determined by the secretary, to serve on a voluntary basis as members of one or more veterinary emergency response teams. The secretary shall provide for the registration of persons as part of the appointment process. The secretary may cooperate with the Iowa board of veterinary medicine in implementing this section.

4. a. A registered member of an emergency response team who acts under the authority of the secretary shall be considered an employee of the state for purposes of defending a claim on account of damage to or loss of property or on account of personal injury or death under chapter 669. The registered member shall be afforded protection under section 669.21. The registered member shall also be considered an employee of the state for purposes of disability, workers’ compensation, and death benefits under chapter 85.

b. The department shall provide and update a list of the registered members of each emergency response team, including the members’ names and identifying information, to the department of administrative services. Upon notification of a compensable loss suffered by a registered member, the department of administrative services shall seek authorization from the executive council to pay as an expense from the appropriations addressed in section 7D.29 those costs associated with covered benefits.

Assistant veterinarians shall have power, under the direction of the department, to perform all acts necessary to carry out the provisions of law relating to infectious and contagious diseases among animals, and shall be furnished by the department with the necessary supplies and materials which shall be paid for out of the appropriation for the eradication of infectious and contagious diseases among animals.

163.5 Oaths.

Assistant veterinarians shall have power to administer oaths and affirmations to appraisers acting under this and the following chapters of this subtitle.

163.6 Slaughter facilities — blood samples.

1. As used in this section, unless the context otherwise requires:
   a. “Department” means the department of agriculture and land stewardship unless the United States department of agriculture is otherwise specified.
   b. “Slaughtering establishment” means a person engaged in the business of slaughtering animals, if the person is an establishment subject to the provisions of chapter 189A which slaughters animals for meat food products as defined in section 189A.2.

2. The department may require that samples of blood be collected from animals at a slaughtering establishment in order to determine if the animals are infected with an infectious or contagious disease, according to rules adopted by the department of agriculture and land stewardship. Upon approval by the department, the collection shall be performed by either of the following:
   a. A slaughtering establishment under an agreement executed by the department and the slaughtering establishment.
b. A person authorized by the department.
3. An authorized person collecting samples shall have access to areas where the animals are confined in order to collect blood samples. The department shall notify the slaughtering establishment in writing that samples of blood must be collected for analysis. The notice shall be provided in a manner required by the department.
4. In carrying out this section, a person authorized by the department to collect blood samples from animals as provided in this section shall have the right to enter and remain on the premises of the slaughtering establishment in the same manner and on the same terms as a meat inspector authorized by the department, including the right to access facilities routinely available to employees of the slaughtering establishment such as toilet and lavatory facilities, lockers, cafeterias, areas reserved for work breaks or dining, and storage facilities.
5. The slaughtering establishment shall provide a secure area for the permanent storage of equipment used to collect blood, an area reserved for collecting the blood, including the storage of blood during the collection, and a refrigerated area used to store blood samples prior to analysis. The area reserved for collecting the blood shall be adjacent to the area where the animals are killed, unless the authorized person and the slaughtering establishment select another area.
6. The department is not required to compensate a slaughtering establishment for allowing a person authorized by the department to carry out this section.

163.7 State and federal rules.
The rules adopted by the department regarding interstate shipments of animals shall not be in conflict with the rules of the United States department of agriculture, unless there is an outbreak of a malignant contagious disease in any locality, state, or territory, in which event the department of agriculture and land stewardship may place an embargo on such locality, state, or territory.

163.8 Enforcement of rules.
The assistant veterinarians appointed under this chapter shall enforce all rules of the department, and in so doing may call to their assistance any peace officer.

163.9 College at Ames to assist.
The dean of the veterinary college of the Iowa state university of science and technology is authorized to use the equipment and facilities of the college in assisting the department in carrying out the provisions of this chapter.

163.10 Quarantining or destroying animals.
The department may quarantine or destroy any animal exposed to or afflicted with an infectious or contagious disease. However, cattle exposed to or infected with tuberculosis shall not be destroyed without the owner’s consent, unless there are sufficient moneys to reimburse the owner for the cattle, which may be paid as an expense authorized as provided in section 163.15, from moneys in the brucellosis and tuberculosis eradication fund created in section 165.18, or from moneys made available by the United States department of agriculture.

163.11 Imported animals.
A person shall not move an animal into this state, except to a public livestock market where federal inspection of livestock is maintained, for work, breeding, or dairy purposes, unless such animal has been examined and found free from all infectious or conta-
gious diseases. No person shall bring in any manner into this state any cattle for dairy or breeding purposes unless such cattle have been tested within thirty days prior to date of importation by the agglutination test for contagious abortion or abortion disease, and shown to be free from such disease. Animals for feeding purposes, however, may be brought into the state without inspection, under such regulations as the department may prescribe except that this sentence shall not apply to swine.

163.12 Freedom from disease — certificate.
Freedom from disease as specified in section 163.11 shall be established by a certificate of veterinary inspection signed by a veterinarian acting under either the authority of the department of agriculture and land stewardship, or of the United States department of agriculture. A copy of the certificate shall be attached to the waybill accompanying a shipment, and a copy of the certificate shall be delivered to the department.

163.14 Intrastate movement.
An animal, other than an animal to be moved for immediate slaughter, shall be inspected when required by the department, and accompanied by the certificate of veterinary inspection provided in section 163.12 when moved from a point in this state to another point within the state where federal inspection is not maintained.

163.15 Indemnifying owner.
1. If the secretary of agriculture determines that the outbreak of an infectious or contagious disease among an animal population constitutes a threat to the general welfare or the public health of the inhabitants of this state, the secretary shall formulate a program of eradication which shall include the condemnation and destroying of the animals exposed to or afflicted with the disease. The program of eradication shall provide for the indemnification of owners of the livestock under this section, if there are no other sources of indemnification. The program shall not be effective until the program has been approved by the executive council.
2. If an animal afflicted with an infectious or contagious disease is destroyed under a program of eradication as provided in this section, the owner shall be compensated according to one of the following methods:
   a. (1) A determination of an indemnity amount as agreed to by appraisal. The determination shall be made by appraisers who shall be three competent and disinterested persons, including one who is appointed by the department, one who is appointed by the owner, and one who is appointed by agreement of the department and the owner. The appraisers shall report their appraisal under oath to the department. The appraisers shall receive compensation and expenses as provided for by the program.
   (2) A claim for an indemnity filed by the owner shall not exceed the amount agreed upon by the majority decision of the appraisers. For an animal other than registered purebred stock the indemnity amount shall be based on current market prices. For registered purebred stock, the indemnity amount may exceed market prices by not more than fifty percent. The indemnity amount shall be less any amount of indemnification that the owner might be allowed from the United States department of agriculture. An indemnity shall not be allowed for an animal if the department of agriculture and land stewardship determines that the animal has been fed raw garbage as provided in section 163.26.
(3) A claim for an indemnity by the owner and a claim for compensation and expenses by the appraisers shall be filed with the department and submitted by the secretary of agriculture to the executive council for authorization of payment of the claim as an expense from the appropriations addressed in section 7D.29.

b. A formula established by rule adopted by the department that is effective as determined by the department in accordance with chapter 17A and applicable upon approval of the program of eradication by the executive council. The formula shall be applicable to indemnify owners if the executive council, upon recommendation by the secretary of agriculture, determines that an animal population in this state is threatened with infection from an exceptionally contagious disease.

(1) An owner shall be paid an indemnity amount based on the formula, only if the owner elects to be paid under the formula in lieu of the determination by appointed appraisers as otherwise provided in this section.

(2) The formula shall provide for the payment of the fair market value of an animal based on market prices paid for similar animals according to categories or criteria established by the department, which may include payment based on the species, breed, type, weight, sex, age, purebred status, and condition of the animal. The department may provide for deductions based on other compensation received by the owner for the destruction of the animals. The department may exclude a claim if the person would be ineligible to receive compensation by three appointed appraisers as provided in this section.

(3) If an owner elects to be paid an indemnity amount based on a method that provides either a determination by appointed appraisers or pursuant to a formula, the owner shall not be entitled to revoke the election, unless otherwise provided by the department. An owner’s decision to delay or refuse to make an election under this section shall not affect the condemnation and destruction of afflicted animals under the program of eradication.

(4) The executive council may authorize payment under the provisions of this paragraph “b” as an expense from the appropriations addressed in section 7D.29.

163.16 Limitation on right to receive pay.

Unless an animal was examined at the time of importation into the state and found free from contagious or infectious diseases as provided in this chapter, no person importing the same and no transferee who receives such animal knowing that the provisions of this chapter have been violated shall receive any compensation under section 163.15 for the destruction of such animal by the department.

163.17 Local boards of health.

All local boards of health shall assist the department in the prevention, suppression, control, and eradication of contagious and infectious diseases among animals, whenever requested to do so.

163.18 False representation.

A person shall not knowingly make a false representation about the shipment of an animal that is being or will be made, with the intent to avoid or prevent the animal’s inspection that is conducted in order to determine whether the animal is free from disease.
163.19 Sale or exposure of infected animals.
No owner or person having charge of any animal, knowing the same to have any infectious or contagious disease, shall sell or barter the same for breeding, dairy, work, or feeding purposes, or permit such animal to run at large or come in contact with any other animal

163.20 Glanders.
No owner or person having charge of any animal, knowing the same to be affected with glanders, shall permit such animal to be driven upon any highway, and no keeper of a public barn shall knowingly permit any animal having such disease to be stabled in such barn.

163.23 False certificates of veterinary inspection.
A veterinarian shall not issue a certificate of veterinary inspection for an animal knowing that the animal described in the certificate was not the same animal from which tests were made as a basis for issuing the certificate. A veterinarian shall not otherwise falsify a certificate.

163.24 Using false certificate.
A person shall not conduct a transaction to import, export, or transport an animal within this state or sell or offer for sale an animal if the person uses a certificate of veterinary inspection in connection with the transaction knowing that the animal described in the certificate was not the animal from which tests were made as a basis for issuing the certificate. A person shall not otherwise use an altered or otherwise false certificate in connection with such transaction.

163.25 Altering certificate.
1. A person shall not remove or alter a tag or mark of identification appearing on an animal, tested or being tested for disease, if the tag or mark of identification is authorized by the department or inserted by any qualified veterinarian.
2. A person shall not falsify any of the following:
   a. A certificate of vaccination, issued by a person authorized to vaccinate the animal.
   b. A certificate of veterinary inspection.

IOWA CODE § 8.55
DEPARTMENT OF MANAGEMENT, BUDGET AND FINANCIAL CONTROL ACT

8.55 Iowa economic emergency fund.
1. The Iowa economic emergency fund is created. The fund shall be separate from the general fund of the state and the balance in the fund shall not be considered part of the balance of the general fund of the state. The moneys credited to the fund are not subject to section 8.33 and shall not be transferred, used, obligated, appropriated, or otherwise encumbered except as provided in this section.
2. The maximum balance of the fund is the amount equal to two and one-half percent
of the adjusted revenue estimate for the fiscal year. If the amount of moneys in the Iowa economic emergency fund is equal to the maximum balance, moneys in excess of this amount shall be distributed as follows:

a. The first sixty million dollars of the difference between the actual net revenue for the general fund of the state for the fiscal year and the adjusted revenue estimate for the fiscal year shall be transferred to the taxpayers trust fund.

b. The remainder of the excess, if any, shall be transferred to the general fund of the state.

3. a. Except as provided in paragraphs “b”, “c”, and “d”, the moneys in the Iowa economic emergency fund shall only be used pursuant to an appropriation made by the general assembly. An appropriation shall only be made for the fiscal year in which the appropriation is made. The moneys shall only be appropriated by the general assembly for emergency expenditures.

b. Moneys in the fund may be used for cash flow purposes during a fiscal year provided that any moneys so allocated are returned to the fund by the end of that fiscal year.

c. There is appropriated from the Iowa economic emergency fund to the general fund of the state for the fiscal year in which moneys in the fund were used for cash flow purposes, for the purposes of reducing or preventing any overdraft on or deficit in the general fund of the state, the amount from the Iowa economic emergency fund that was used for cash flow purposes pursuant to paragraph “b” and that was not returned to the Iowa economic emergency fund by June 30 of the fiscal year. The appropriation in this paragraph shall not exceed fifty million dollars and is contingent upon all of the following having occurred:

(1) The revenue estimating conference estimate of general fund receipts made during the last quarter of the fiscal year was or the actual fiscal year receipts and accruals were at least one-half of one percent less than the comparable estimate made during the third quarter of the fiscal year.

(2) The governor has implemented the uniform reductions in appropriations required in section 8.31 as a result of subparagraph (1) and such reduction was insufficient to prevent an overdraft on or deficit in the general fund of the state or the governor did not implement uniform reductions in appropriations because of the lateness of the estimated or actual receipts and accruals under subparagraph (1).

(3) The balance of the general fund of the state at the end of the fiscal year prior to the appropriation made in this paragraph was negative.

(4) The governor has issued an official proclamation and has notified the co-chairpersons of the fiscal committee of the legislative council and the legislative services agency that the contingencies in subparagraphs (1) through (3) have occurred and the reasons why the uniform reductions specified in subparagraph (2) were insufficient or were not implemented to prevent an overdraft on or deficit in the general fund of the state.

d. There is appropriated from the Iowa economic emergency fund to the executive council an amount sufficient to pay the expenses authorized by the executive council, as addressed in section 7D.29.

e. If an appropriation is made pursuant to paragraph “c” for a fiscal year, there is appropriated from the general fund of the state to the Iowa economic emergency fund for the following fiscal year, the amount of the appropriation made pursuant to paragraph “c”.
f. Except as provided in section 8.58, the Iowa economic emergency fund shall be considered a special account for the purposes of section 8.53 in determining the cash position of the general fund of the state for the payment of state obligations.

4. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys deposited in the Iowa economic emergency fund shall be credited to the rebuild Iowa infrastructure fund.

**IOWA CODE CHAPTER 29A**

**MILITARY CODE**

29A.1 DEFINITIONS.
The following words, terms, and phrases when used in this chapter shall have the respective meanings herein set forth:

2. “Facility” means the land, and the buildings and other improvements on the land which are the responsibility and property of the Iowa national guard.

3. “Federal active duty” means full-time duty in the active military service of the United States authorized and performed under the provisions of Tit. 10 of the United States Code.

4. “Homeland defense” means the protection of state territory, population, and critical infrastructure and assets against attacks from within or without the state.

5. “Law and regulations” means and includes state and federal law and regulations.

6. “Militia” shall mean the forces provided for in the Constitution of Iowa.

7. “National guard” means the Iowa units, detachments and organizations of the army national guard of the United States, the air national guard of the United States, the army national guard, and the air national guard as those forces are defined in 10 U.S.C. §101.

8. “National guard duty” means training or other duty authorized and performed under the provisions of 32 U.S.C. including but not limited to 32 U.S.C. §316, 32 U.S.C. §502 – 505, and 32 U.S.C. §709 as part of the national guard and paid for with federal funds. “National guard duty” includes but is not limited to full-time national guard duty and inactive duty training and annual training.

9. “Officer” shall mean and include commissioned officers and warrant officers.

10. “On duty” means training, including unit training assemblies, and other training, operational duty, and other service which may be required under state or federal law, regulations, or orders, and the necessary travel of an officer or enlisted person to the place of performance and return home after performance of that duty, but does not include federal active duty. A member of the national guard shall be considered to be on duty when called to testify about an incident which the member observed or was involved in while that member was on duty.

11. “Organization” means a command composed of two or more subordinate units and includes the state headquarters for both the army and the air national guard, one
or more divisions, wings, brigades, groups, battalions, squadrons or flights as defined by an appropriate table of organization, a table of distribution or unit personnel document.

12. “State active duty” means duty authorized and performed under section 29A.8 and paid for with state funds. “State active duty” also includes serving as the adjutant general, a deputy adjutant general, or the state quartermaster.

13. “Unit” means a military element of an organization whose structure is prescribed by competent authority such as a table of organization, table of distribution, or unit personnel document. For the purposes of this chapter, a unit shall include one or more companies, flights, troops, batteries or detachments and the state officer candidate school.

14. Except when otherwise expressly defined herein military words, terms and phrases shall have the meaning commonly ascribed to them in the military profession.

29A.2 Army national guard and air national guard created.
There is hereby created the Iowa national guard to consist of the Iowa army national guard and the Iowa air national guard. The Iowa army national guard shall be composed of such organized land forces, individual officers, state headquarters, and detachments, as may be prescribed from time to time by proper authority. The Iowa air national guard shall be composed of such organized air forces, individual officers, state headquarters, and detachments, as may be prescribed from time to time by proper authority. 29A.3 Units of guard.

The Iowa units, detachments, and organizations of the army national guard of the United States and the air national guard of the United States shall consist of such units, detachments, and organizations, as may be specified by the secretary of defense with the approval of the governor, in accordance with law and regulations. 29A.3A Civil air patrol.

1. The civil air patrol may be used to support national guard missions in support of civil authorities as described in section 29C.5 or in support of noncombat national guard missions under section 29A.8 or 29A.8A.

2. Requests for activation of the civil air patrol shall be made to the commander of the Iowa wing of the civil air patrol. Missions shall be in accordance with laws and regulations applicable to the United States air force and the civil air patrol. Prior to activation of the civil air patrol, the adjutant general or the Iowa civil air patrol wing commander shall apply to the air force rescue coordination center, the air force national security emergency preparedness agency, or the civil air patrol national operations center for federal mission status and funding.

3. If an operation or mission of the civil air patrol is granted federal mission status and assigned an accompanying federal mission number, the following shall apply:
   a. The operation or mission shall be funded by the federal government.
   b. When training or operating pursuant to a federal mission number, members of the civil air patrol shall be considered federal employees for the purposes of tort claims arising from the performance of the mission or any actions incident to the performance of the mission.

4. If an operation or mission of the civil air patrol is not granted federal mission status and is not assigned an accompanying federal mission number, the following shall apply:
   a. Operations and administration of the civil air patrol relating to missions not qualifying for federal mission status shall be funded by the state from moneys appropriated to the
department of homeland security and emergency management for that purpose.
b. When performing a mission that does not qualify for federal mission status, members of the civil air patrol shall be considered state employees for purposes of the Iowa tort claims Act, as provided in chapter 669, and for purposes of workers’ compensation, as provided in chapter 85.

29A.4 Organization — armament — equipment and discipline.
The organization, armament, equipment and discipline of the national guard, and the militia when called into state active duty, except as hereinafter specifically provided, shall be the same as that which is now or may be hereafter prescribed under the provisions of federal law and regulations as to those requirements which are mandatory therein, but as to those things which are optional therein they shall become effective when an order or regulation to that effect shall have been promulgated by the governor.

29A.5 Government, discipline and uniforming.
The national guard shall be subject to the provisions of federal law and regulations relating to the government, discipline and uniforming thereof; and to the provisions of this chapter and to regulations published pursuant hereto.

29A.6 Military forces of state.
The military forces of the state of Iowa shall consist of the army national guard, the air national guard, and the militia.

29A.7 Commander in chief.
1. The governor is the commander in chief of the military forces, except when they are on federal active duty. The governor may employ the military forces of the state for the defense of the state, to provide assistance to civil authorities in emergencies resulting from disasters or public disorders as defined in section 29C.2, including homeland security and defense duties, and for parades and ceremonies of a civic nature.
2. The governor shall provide for the participation of the national guard in training at the times and places as necessary to ensure readiness for public defense or federal active duty.
3. If circumstances necessitate the establishment of a military district under martial law and the general assembly is not convened, the district shall be established only after the governor has issued a proclamation convening an extraordinary session of the general assembly.

29A.8 State active duty.
1. The governor may order into state active duty the military forces of the state, including retired members of the national guard, as the governor deems proper, under one or more of the following circumstances:
   a. In case of insurrection or invasion, or imminent danger of insurrection or invasion.
   b. For the purpose of assisting the civil authorities of any political subdivision of the state in maintaining law and order in the subdivision in cases of breaches of the peace or imminent danger of breaches of the peace, if the law enforcement officers of the subdivision are unable to maintain law and order, and the civil authorities of the subdivision request the assistance.
   c. For the purposes of providing support to civil authorities during emergencies resulting from disasters or public disorders and for performing homeland defense or homeland security duties.
   d. For training, recruiting, escort duty, and duty at schools of instruction, as a student or
instructor, including at the Iowa military academy.
e. To participate in parades and ceremonies of a civic nature.
f. For other purposes as the governor may deem necessary.
2. The governor may prescribe regulations and requirements for duties performed under this section.

29A.8A NATIONAL GUARD DUTY.
If federal funding and authorization exist for this purpose, the governor may order to state military service the military forces of the Iowa army national guard or Iowa air national guard as the governor may deem appropriate for the purposes of homeland security, homeland defense, or other duty. A state employee shall take either a full day’s leave in accordance with section 29A.28 or eight hours of compensatory time on a day in which the state employee receives a full day’s pay from federal funds for national guard duty.

29A.10 Inspections.
The governor may order such inspections of the different organizations, units, and personnel of the national guard as the governor may deem proper and necessary. The form and mode of inspection shall be prescribed by the adjutant general.

29A.11 ADJUTANT GENERAL -- APPOINTMENT AND TERM.
29A.11 Adjutant general — appointment and term.
There shall be an adjutant general of the state who shall be appointed and commissioned by the governor subject to confirmation by the senate and who shall serve at the pleasure of the governor. The rank of the adjutant general shall be at least that of brigadier general and the adjutant general shall hold office for a term of four years beginning and ending as provided in section 69.19. At the time of appointment the adjutant general shall be a federally recognized commissioned officer in the United States army or air force, the army or air national guard the army or air national guard of the United States, or the United States army or air force reserve who has reached at least the grade of colonel and who is or is eligible to be federally recognized at the next higher rank.

29A.12 Powers and duties.
1. The adjutant general shall have command and control of the department of public defense, and perform such duties as pertain to the office of the adjutant general under law and regulations, pursuant to the authority vested in the adjutant general by the governor.

The adjutant general shall superintend the preparation of all letters and reports required by the United States from the state, and perform all the duties prescribed by law. The adjutant general shall have charge of the state military reservations, and all other prop-
property of the state kept or used for military purposes. The adjutant general may accept and expend nonappropriated funds in accordance with law and regulations. The adjutant general shall cause an inventory to be taken at least once each year of all military stores, property, and funds under the adjutant general’s jurisdiction. In each year preceding a regular session of the general assembly, the adjutant general shall prepare a detailed report of the transactions of that office, its expenses, and other matters required by the governor for the period since the last preceding report, and the governor may at any time require a similar report.

2. The adjutant general may enter into an agreement with the secretary of defense to operate the water plant at Camp Dodge for the use and benefit of the United States, and the state of Iowa upon terms and conditions as approved by the governor. The adjutant general may also enter into an agreement with the national guard of another state for the use of Iowa national guard personnel and equipment.

3. The adjutant general may request activation of the civil air patrol to provide assistance to the national guard in accordance with section 29A.3A. The adjutant general is authorized to provide suitable space in national guard facilities to support the civil air patrol.

29A.13 Appropriated funds.
Operating expenses for the national guard including the purchase of land, maintenance of facilities, improvement of state military reservations, installations, and weapons firing ranges owned or leased by the state of Iowa or the United States shall be paid from funds appropriated for the support and maintenance of the national guard. Claims for payment of such expenses shall be subject to the approval of the adjutant general. Upon approval the adjutant general the claim shall be submitted to the director of the department of administrative services.
Payment for personnel compensation and authorized benefits shall be a proved by the adjutant general prior to submission to the director of the department of administrative services for payment.

29A.14 Support and facilities improvement fund.
1. The adjutant general may operate or lease any of the national guard facilities at Camp Dodge. Any income or revenue derived from the operation or leasing shall be deposited with the treasurer of state and credited to the national guard support and facilities improvement fund. The balance in the national guard support and facilities improvement fund is limited to a maximum of two million dollars. Any amount exceeding the limit shall be credited to the general fund of the state.

29A.14A Use of government facilities.
Notwithstanding any provision of law to the contrary, the state or any political subdivision of the state, shall permit the rental of facilities under its control, for a fee not in excess of any expenses incurred by the state or political subdivision, for designated military events.
For purposes of this section, “designated military event” means an event for military family readiness groups, departing units, or returning veterans of the national guard, reserves, or regular components of the armed forces of the United States for a period of up to one year from the date of return from active duty.
IOWA CODE § 135.140-.147
IOWA DEPARTMENT OF PUBLIC HEALTH
DISASTER PREPAREDNESS

135.140 Definitions.
As used in this division, unless the context otherwise requires:
1. “Bioterrorism” means the intentional use of any microorganism, virus, infectious substance, or biological product that may be engineered as a result of biotechnology, or any naturally occurring or bioengineered component of any such microorganism, virus, infectious substance, or biological product, to cause death, disease, or other biological malfunction in a human, an animal, a plant, or another living organism.
2. “Department” means the Iowa department of public health.
3. “Director” means the director of public health or the director’s designee.
4. “Disaster” means disaster as defined in section 29C.2.
5. “Division” means the division of acute disease prevention and emergency response of the department.
6. “Public health disaster” means a state of disaster emergency proclaimed by the governor in consultation with the department pursuant to section 29C.6 for a disaster which specifically involves an imminent threat of an illness or health condition that meets any of the following conditions of paragraphs “a” and “b”:
   a. Is reasonably believed to be caused by any of the following:
      (1) Bioterrorism or other act of terrorism.
      (2) The appearance of a novel or previously controlled or eradicated infectious agent or biological toxin.
      (3) A chemical attack or accidental release.
      (4) An intentional or accidental release of radioactive material.
      (5) A nuclear or radiological attack or accident.
      (6) A natural occurrence or incident, including but not limited to fire, flood, storm, drought, earthquake, tornado, or windstorm.
      (7) A man-made occurrence or incident, including but not limited to an attack, spill, or explosion.
   b. Poses a high probability of any of the following:
      (1) A large number of deaths in the affected population.
      (2) A large number of serious or long-term disabilities in the affected population.
      (3) Widespread exposure to an infectious or toxic agent that poses a significant risk of substantial future harm to a large number of the affected population.
      (4) Short-term or long-term physical or behavioral health consequences to a large number of the affected population.
7. “Public health response team” means a team of professionals, including licensed health care providers, nonmedical professionals skilled and trained in disaster or emergency response, and public health practitioners, which is sponsored by a hospital or other entity and approved by the department to provide disaster assistance in the event of a disaster or threatened disaster.

135.141 Division of acute disease prevention and emergency response — es-
tablismment — duties of department.
1. A division of acute disease prevention and emergency response is established within the department. The division shall coordinate the administration of this division of this chapter with other administrative divisions of the department and with federal, state, and local agencies and officials.
2. The department shall do all of the following:
a. Coordinate with the department of homeland security and emergency management the administration of emergency planning matters which involve the public health, including development, administration, and execution of the public health components of the comprehensive emergency plan and emergency management program pursuant to section 29C.8.
b. Coordinate with federal, state, and local agencies and officials, and private agencies, organizations, companies, and persons, the administration of emergency planning, response, and recovery matters that involve the public health.
c. Conduct and maintain a statewide risk assessment of any present or potential danger to the public health from biological agents.
d. If a public health disaster exists, or if there is reasonable cause to believe that a public health disaster is imminent, conduct a risk assessment of any present or potential danger to the public health from chemical, radiological, or other potentially dangerous agents.
e. For the purpose of paragraphs “c” and “d”, an employee or agent of the department may enter into and examine any premises containing potentially dangerous agents with the consent of the owner or person in charge of the premises or, if the owner or person in charge of the premises refuses admittance, with an administrative search warrant obtained under section 808.14. Based on findings of the risk assessment and examination of the premises, the director may order reasonable safeguards or take any other action reasonably necessary to protect the public health pursuant to rules adopted to administer this subsection.
f. Coordinate the location, procurement, storage, transportation, maintenance, and distribution of medical supplies, drugs, antidotes, and vaccines to prepare for or in response to a public health disaster, including receiving, distributing, and administering items from the strategic national stockpile program of the centers for disease control and prevention of the United States department of health and human services.
g. Conduct or coordinate public information activities regarding emergency and disaster planning, response, and recovery matters that involve the public health.
h. Apply for and accept grants, gifts, or other funds to be used for programs authorized by this division of this chapter.
i. Establish and coordinate other programs or activities as necessary for the prevention, detection, management, and containment of public health disasters, and for the recovery from such disasters.
j. Adopt rules pursuant to chapter 17A for the administration of this division of this chapter including rules adopted in cooperation with the Iowa pharmacy association and the Iowa hospital association for the development of a surveillance system to monitor supplies of drugs, antidotes, and vaccines to assist in detecting a potential public health disaster. Prior to adoption, the rules shall be approved by the state board of health and
the director of the department of homeland security and emergency management.

135.142 Health care supplies.
1. The department may purchase and distribute antitoxins, serums, vaccines, immunizing agents, antibiotics, and other pharmaceutical agents or medical supplies as deemed advisable in the interest of preparing for or controlling a public health disaster.
2. If a public health disaster exists or there is reasonable cause to believe that a public health disaster is imminent and if the public health disaster or belief that a public health disaster is imminent results in a statewide or regional shortage or threatened shortage of any product described under subsection 1, whether or not such product has been purchased by the department, the department may control, restrict, and regulate by rationing and using quotas, prohibitions on shipments, allocation, or other means, the use, sale, dispensing, distribution, or transportation of the relevant product necessary to protect the public health, safety, and welfare of the people of this state. The department shall collaborate with persons who have control of the products when reasonably possible.
3. In making rationing or other supply and distribution decisions, the department shall give preference to health care providers, disaster response personnel, and mortuary staff.
4. During a public health disaster, the department may procure, store, or distribute any antitoxins, serums, vaccines, immunizing agents, antibiotics, and other pharmaceutical agents or medical supplies located within the state as may be reasonable and necessary to respond to the public health disaster, and may take immediate possession of these pharmaceutical agents and supplies. If a public health disaster affects more than one state, this section shall not be construed to allow the department to obtain antitoxins, serums, vaccines, immunizing agents, antibiotics, and other pharmaceutical agents or medical supplies for the primary purpose of hoarding such items or preventing the fair and equitable distribution of these pharmaceutical and medical supplies among affected states. The department shall collaborate with affected states and persons when reasonably possible.
5. The state shall pay just compensation to the owner of any product lawfully taken or appropriated by the department for the department’s temporary or permanent use in accordance with this section. The amount of compensation shall be limited to the costs incurred by the owner to procure the item.

135.143 Public health response teams.
1. The department shall approve public health response teams to supplement and support disrupted or overburdened local medical and public health personnel, hospitals, and resources. Assistance shall be rendered under the following circumstances:
a. At or near the site of a disaster or threatened disaster by providing direct medical care to victims or providing other support services.
b. If local medical or public health personnel or hospitals request the assistance of a public health response team to provide direct medical care to victims or to provide other support services in relation to any of the following incidents:
   (1) During an incident resulting from a novel or previously controlled or eradicated infectious agent, disease, or biological toxin.
   (2) After a chemical attack or accidental chemical release.
(3) After an intentional or accidental release of radioactive material.
(4) In response to a nuclear or radiological attack or accident.
(5) Where an incident poses a high probability of a large number of deaths or long-term disabilities in the affected population.
(6) During or after a natural occurrence or incident, including but not limited to fire, flood, storm, drought, earthquake, tornado, or windstorm.
(7) During or after a man-made occurrence or incident, including but not limited to an attack, spill, or explosion.

2. The department shall provide by rule a process for registration and approval of public health response team members and sponsor entities and shall authorize specific public health response teams, which may include but are not limited to disaster assistance teams and environmental health response teams. The department may expedite the registration and approval process during a disaster, threatened disaster, or other incident described in subsection 1.

3. A member of a public health response team acting pursuant to this division of this chapter shall be considered an employee of the state under section 29C.21 and chapter 669, shall be afforded protection as an employee of the state under section 669.21, and shall be considered an employee of the state for purposes of workers’ compensation, disability, and death benefits, provided that the member has done all of the following:
   a. Registered with and received approval to serve on a public health response team from the department.
   b. Provided direct medical care or other support services during a disaster, threatened disaster, or other incident described in subsection 1; or participated in a training exercise to prepare for a disaster or other incident described in subsection 1.

4. The department shall provide the department of administrative services with a list of individuals who have registered with and received approval from the department to serve on a public health response team. The department shall update the list on a quarterly basis, or as necessary for the department of administrative services to determine eligibility for coverage.

5. Upon notification of a compensable loss, the department of administrative services shall seek authorization from the executive council to pay as an expense from the appropriations addressed in section 7D.29 those costs associated with covered workers’ compensation benefits.

135.144 Additional duties of the department related to a public health disaster.

If a public health disaster exists, the department, in conjunction with the governor, may do any of the following:
1. Decontaminate or cause to be decontaminated, to the extent reasonable and necessary to address the public health disaster, any facility or material if there is cause to believe the contaminated facility or material may endanger the public health.
2. Adopt and enforce measures to provide for the identification and safe disposal of human remains, including performance of postmortem examinations, transportation, embalming, burial, cremation, interment, disinterment, and other disposal of human remains. To the extent possible, religious, cultural, family, and individual beliefs of the deceased person or the deceased person’s family shall be considered when disposing of
any human remains.
3. Take reasonable measures as necessary to prevent the transmission of infectious disease and to ensure that all cases of communicable disease are properly identified, controlled, and treated.
4. Take reasonable measures as necessary to ensure that all cases of chemical, biological, and radiological contamination are properly identified, controlled, and treated.
5. Order physical examinations and tests and collect specimens as necessary for the diagnosis or treatment of individuals, to be performed by any qualified person authorized to do so by the department. An examination or test shall not be performed or ordered if the examination or test is reasonably likely to lead to serious harm to the affected individual. The department may isolate or quarantine, pursuant to chapter 139A and the rules implementing chapter 139A and this division of this chapter, any individual whose refusal of medical examination or testing results in uncertainty regarding whether the individual has been exposed to or is infected with a communicable or potentially communicable disease or otherwise poses a danger to public health.
6. Vaccinate or order that individuals be vaccinated against an infectious disease and to prevent the spread of communicable or potentially communicable disease. Vaccinations shall be administered by any qualified person authorized to do so by the department. The vaccination shall not be provided or ordered if it is reasonably likely to lead to serious harm to the affected individual. To prevent the spread of communicable or potentially communicable disease, the department may isolate or quarantine, pursuant to chapter 139A and the rules implementing chapter 139A and this division of this chapter, any person who is unable or unwilling to undergo vaccination pursuant to this subsection.
7. Treat or order that individuals exposed to or infected with disease receive treatment or prophylaxis. Treatment or prophylaxis shall be administered by any qualified person authorized to do so by the department. Treatment or prophylaxis shall not be provided or ordered if the treatment or prophylaxis is reasonably likely to lead to serious harm to the affected individual. To prevent the spread of communicable or potentially communicable disease, the department may isolate or quarantine, pursuant to chapter 139A and the rules implementing chapter 139A and this division of this chapter, any individual who is unable or unwilling to undergo treatment or prophylaxis pursuant to this section.
8. Isolate or quarantine individuals or groups of individuals pursuant to chapter 139A and the rules implementing chapter 139A and this division of this chapter.
9. Inform the public when a public health disaster has been declared or terminated, about protective measures to take during the disaster, and about actions being taken to control the disaster.
10. Accept grants and loans from the federal government pursuant to section 29C.6 or available provisions of federal law.
11. If a public health disaster or other public health emergency situation exists which poses an imminent threat to the public health, safety, and welfare, the department, in conjunction with the governor, may provide financial assistance, from funds appropriated to the department that are not otherwise encumbered, to political subdivisions as needed to alleviate the disaster or the emergency. If the department does not have sufficient unencumbered funds, the governor may request the executive council to au-
authorize the payment of up to one million dollars as an expense from the appropriations addressed in section 7D.29 to alleviate the disaster or the emergency. If additional financial assistance is required in excess of one million dollars, approval by the legislative council is also required.

12. Temporarily reassign department employees for purposes of response and recovery efforts, to the extent such employees consent to the reassignments.

13. Order, in conjunction with the department of education, temporary closure of any public school or nonpublic school, as defined in section 280.2, to prevent or control the transmission of a communicable disease as defined in section 139A.2.

**135.145 Information sharing.**

1. When the department of public safety or other federal, state, or local law enforcement agency learns of a case of a disease or health condition, unusual cluster, or a suspicious event that may be the cause of a public health disaster, the department or agency shall immediately notify the department, the director of the department of homeland security and emergency management, the department of agriculture and land stewardship, and the department of natural resources as appropriate.

2. When the department learns of a case of a disease or health condition, an unusual cluster, or a suspicious event that may be the cause of a public health disaster, the department shall immediately notify the department of public safety, the department of homeland security and emergency management, and other appropriate federal, state, and local agencies and officials.

3. Sharing of information on diseases, health conditions, unusual clusters, or suspicious events between the department and public safety authorities and other governmental agencies shall be restricted to sharing of only the information necessary for the prevention, control, and investigation of a public health disaster.

**135.146 First responder vaccination program.**

1. In the event that federal funding is received for administering vaccinations for first responders, the department shall offer a vaccination program for first responders who may be exposed to infectious diseases when deployed to disaster locations. For purposes of this section, “first responder” means state and local law enforcement personnel, fire department personnel, and emergency medical personnel who will be deployed to sites of bioterrorism attacks, terrorist attacks, catastrophic or natural disasters, and other disasters. The vaccinations shall include, but not be limited to, vaccinations for hepatitis B, diphtheria, tetanus, influenza, and other vaccinations when recommended by the United States public health service and in accordance with federal emergency management agency policy. Immune globulin will be made available when necessary.

2. Participation in the vaccination program shall be voluntary, except for first responders who are classified as having occupational exposure to blood-borne pathogens as defined by the occupational safety and health administration standard contained in 29 C.F.R. §1910.1030. First responders who are so classified shall be required to receive the vaccinations as described in subsection 1. A first responder shall be exempt from this requirement, however, when a written statement from a licensed physician is presented indicating that a vaccine is medically contraindicated for that person or the first
responder signs a written statement that the administration of a vaccination conflicts with religious tenets.

3. The department shall establish first responder notification procedures regarding the existence of the program by rule, and shall develop, and distribute to first responders, educational materials on methods of preventing exposure to infectious diseases. In administering the program, the department may contract with county and local health departments, not-for-profit home health care agencies, hospitals, physicians, and military unit clinics.

135.147 Immunity for emergency aid — exceptions.

1. A person, corporation, or other legal entity, or an employee or agent of such person, corporation, or entity, who, during a public health disaster, in good faith and at the request of or under the direction of the department or the department of public defense renders emergency care or assistance to a victim of the public health disaster shall not be liable for civil damages for causing the death of or injury to a person, or for damage to property, unless such acts or omissions constitute recklessness.

2. The immunities provided in this section shall not apply to any person, corporation, or other legal entity, or an employee or agent of such person, corporation, or entity, whose act or omission caused in whole or in part the public health disaster and who would otherwise be liable therefor.

IOWA CODE § 80.28-.29
DEPARTMENT OF PUBLIC SAFETY
INTEROPERABLE COMMUNICATIONS SYSTEM BOARD

80.28 Statewide interoperable communications system board — established — members.

1. A statewide interoperable communications system board is established, under the joint purview of the department and the state department of transportation. The board shall develop, implement, and oversee policy, operations, and fiscal components of communications interoperability efforts at the state and local level, and coordinate with similar efforts at the federal level, with the ultimate objective of developing and overseeing the operation of a statewide integrated public safety communications interoperability system. For the purposes of this section and section 80.29, “interoperability” means the ability of public safety and public services personnel to communicate and to share data on an immediate basis, on demand, when needed, and when authorized.

2. The board shall consist of fifteen voting members, as follows:
   a. The following members representing state agencies:
      (1) One member representing the department of public safety.
      (2) One member representing the state department of transportation.
      (3) One member representing the department of homeland security and emergency management.
      (4) One member representing the department of corrections.
      (5) One member representing the department of natural resources.
      (6) One member representing the Iowa department of public health.
   b. The governor shall solicit and consider recommendations from professional or volun-
teer organizations in appointing the following members:
(1) Two members who are representatives from municipal police departments.
(2) Two members who are representatives of sheriff’s offices.
(3) Two members who are representatives from fire departments. One of the members shall be a volunteer fire fighter and the other member shall be a paid fire fighter.
(4) Two members who are law communication center managers employed by state or local government agencies.
(5) One at-large member.

3. In addition to the voting members, the board membership shall include four members of the general assembly with one member designated by each of the following: the majority leader of the senate, the minority leader of the senate, the speaker of the house of representatives, and the minority leader of the house of representatives. A legislative member serves for a term as provided in section 69.16B in an ex officio, nonvoting capacity and is eligible for per diem and expenses as provided in section 2.10.

4. The voting members of the board shall be appointed in compliance with sections 69.16 and 69.16A. Members shall elect a chairperson and vice chairperson from the board membership, who shall serve two-year terms. The members appointed by the governor shall be appointed to three-year staggered terms and the terms shall commence and end as provided by section 69.19. If a vacancy occurs among the voting members, a successor shall be appointed to serve the unexpired term. A successor shall be appointed in the same manner and subject to the same qualifications as the original appointment to serve the unexpired term. The voting members of the board are entitled to receive reimbursement for actual expenses incurred while engaged in the performance of official duties from funds appropriated to the department of public safety and the state department of transportation for that purpose. The departments shall enter into an agreement to provide administrative assistance and support to the board.

80.29 Board duties.
The statewide interoperable communications system board established in section 80.28 shall:
1. Implement and maintain organizational and operational elements of the board, including staffing and program activity.
2. Review and monitor communications interoperability performance and service levels on behalf of agencies.
3. Establish, monitor, and maintain appropriate policies and protocols to ensure that interoperable communications systems function properly.
4. Allocate and oversee state appropriations or other funding received for interoperable communications.
5. Identify sources for ongoing, sustainable, longer-term funding for communications interoperability projects, including available and future assets that will leverage resources and provide incentives for communications interoperability participation, and develop and obtain adequate funding in accordance with a communications interoperability sustainability plan.
6. Develop and evaluate potential legislative solutions to address the funding and resource challenges of implementing statewide communications interoperability initiatives.
7. Develop a statewide integrated public safety communications interoperability system.
that allows for shared communications systems and costs, takes into account infrastructure needs and requirements, improves reliability, and addresses liability concerns of the shared network.

8. Investigate data and video interoperability systems.

9. Expand, maintain, and fund consistent, periodic training programs for current communications systems and for the statewide integrated public safety communications interoperability system as it is implemented.

10. Expand, maintain, and fund stakeholder education, public education, and public official education programs to demonstrate the value of short-term communications interoperability solutions, and to emphasize the importance of developing and funding long-term solutions, including implementation of the statewide integrated public safety communications interoperability system.

11. Identify, promote, and provide incentives for appropriate collaborations and partnerships among government entities, agencies, businesses, organizations, and associations, both public and private, relating to communications interoperability.

12. Provide incentives to support maintenance and expansion of regional efforts to promote implementation of the statewide integrated public safety communications interoperability system.

13. In performing its duties, consult with representatives of private businesses, organizations, and associations on technical matters relating to data, video, and communications interoperability; technological developments in private industry; and potential collaboration and partnership opportunities.

14. Submit a report by January 1, annually, to the members of the general assembly regarding communications interoperability efforts, activities, and effectiveness at the local and regional level, and shall include a status report regarding the development of a statewide integrated public safety communications interoperability system, and funding requirements relating thereto.

IOWA CODE § 7D.29
IOWA EXECUTIVE COUNCIL

7D.29 Performance of duty — expense.
1. The executive council shall not employ others, or authorize any expense, for the purpose of performing any duty imposed upon the council when the duty may, without neglect of their usual duties, be performed by the members, or by their regular employees, but, subject to this limitation, the council may authorize the necessary expense to perform or cause to be performed any legal duty imposed on the council. The expenses authorized by the executive council in accordance with this section and the expenses authorized by the executive council in accordance with other statutory provisions referencing the appropriations addressed in this section shall be paid as follows:
   a. From the appropriation made from the Iowa economic emergency fund in section 8.55 for purposes of paying such expenses.
   b. To the extent the appropriation from the Iowa economic emergency fund described in paragraph "a" is insufficient to pay such expenses, there is appropriated from moneys in the general fund of the state not otherwise appropriated the amount necessary to fund
that deficiency.
2. At least two weeks prior to the executive council’s approval of a payment authoriza-
tion under this section, the secretary of the executive council shall notify the legislative
services agency that the authorization request will be considered by the executive coun-
cil and shall provide background information justifying the request.
3. The executive council shall receive requests from the Iowa department of public
health relative to the purchase, storing, and distribution of vaccines and medication
for prevention, prophylaxis, or treatment. Upon review and after compliance with sub-
section 2, the executive council may approve the request and may authorize payment
of the necessary expense. The expense authorized by the executive council under this
subsection shall be paid from the appropriations referred to in subsection 1.

Local Emergency Management Functions

IOWA CODE CHAPTER 24
Local Budgets

24.1 Short title.
This chapter shall be known as the “Local Budget Law”.
24.2 Definition of terms.
As used in this chapter and unless otherwise required by the context:
1. “Book”, “list”, “record”, or “schedule” kept by a county auditor, assessor, treasurer,
recorder, sheriff, or other county officer means the county system as defined in section
445.1.
2. The words “certifying board” shall mean any public body which has the power or
duty to certify any tax to be levied or sum of money to be collected by taxation.
3. The words “fiscal year” shall mean the period of twelve months beginning on July
1 and ending on the thirtieth day of June. The fiscal year of cities, counties, and other
political subdivisions of the state shall begin July 1 and end the following June 30.
4. The words “levying board” shall mean board of supervisors of the county and any
other public body or corporation that has the power to levy a tax.
5. “Municipality” means a public body or corporation that has power to levy or certify
a tax or sum of money to be collected by taxation, except a county, city, drainage dis-
trict, township, or road district.
6. The words “state board” shall mean the state appeal board as created by section
7. The word “tax” shall mean any general or special tax levied against persons, prop-
erty, or business, for public purposes as provided by law, but shall not include any spe-
cial assessment nor any tax certified or levied by township trustees.

24.3 Requirements of local budget.
No municipality shall certify or levy in any fiscal year any tax on property subject to
taxation unless and until the following estimates have been made, filed, and considered,
as hereinafter provided:
1. The amount of income thereof for the several funds from sources other than taxa-
tion.
2. The amount proposed to be raised by taxation.
3. The amount proposed to be expended in each and every fund and for each and every general purpose during the fiscal year next ensuing, which in the case of municipalities shall be the period of twelve months beginning on the first day of July of the current calendar year.
4. A comparison of such amounts so proposed to be expended with the amounts expended for like purposes for the two preceding years.

24.4 Time of filing estimates.

All such estimates and any other estimates required by law shall be made and filed a sufficient length of time in advance of any regular or special meeting of the certifying board or levying board, as the case may be, at which tax levies are authorized to be made to permit publication, discussion, and consideration thereof and action thereon as hereinafter provided.

24.5 Estimates itemized.

The estimates herein required shall be fully itemized and classified so as to show each particular class of proposed expenditure, showing under separate heads the amount required in such manner and form as shall be prescribed by the state board.

24.6 Emergency fund — levy.

1. A municipality may include in the estimate required, an estimate for an emergency fund. A municipality may assess and levy a tax for the emergency fund at a rate not to exceed twenty-seven cents per thousand dollars of assessed value of taxable property of the municipality. However, an emergency tax levy shall not be made until the municipality has first petitioned the state board and received its approval.
2. a. Transfers of moneys may be made from the emergency fund to any other fund of the municipality for the purpose of meeting deficiencies in a fund arising from any cause. However, a transfer shall not be made except upon the written approval of the state board, and then only when that approval is requested by a two-thirds vote of the governing body of the municipality.
   b. Notwithstanding the requirements of paragraph “a”, if the municipality is a school corporation, the school corporation may transfer money from the emergency fund to any other fund of the school corporation for the purpose of meeting deficiencies in a fund arising within two years of a disaster as defined in section 29C.2, subsection 4. However, a transfer under this paragraph “b” shall not be made without the written approval of the school budget review committee.

24.7 Supplemental estimates.

Supplemental estimates for particular funds may be made for levies of taxes for future years when the same are authorized by law. Such estimates may be considered, and levies made therefor at any time by filing the same, and upon giving notice in the manner required in section 24.9. Such estimates and levies shall not be considered as within the provisions of section 24.8.

24.8 Estimated tax collections.

The amount of the difference between the receipts estimated from all sources other than taxation and the estimated expenditures for all purposes, including the estimates for emergency expenditures, shall be the estimated amount to be raised by taxation.
upon the assessable property within the municipality for the next ensuing fiscal year. The estimate shall show the number of dollars of taxation for each thousand dollars of the assessed value of all property that is assessed.

**24.9 Filing estimates — notice of hearing — amendments.**

Each municipality shall file with the secretary or clerk thereof the estimates required to be made in sections 24.3 to 24.8, at least twenty days before the date fixed by law for certifying the same to the levying board and shall forthwith fix a date for a hearing thereon, and shall publish such estimates and any annual levies previously authorized as provided in section 76.2, with a notice of the time when and the place where such hearing shall be held not less than ten nor more than twenty days before the hearing. Provided that in municipalities of less than two hundred population such estimates and the notice of hearing thereon shall be posted in three public places in the district in lieu of publication.

For any other municipality such publication shall be in a newspaper published therein, if any, if not, then in a newspaper of general circulation therein.

The department of management shall prescribe the form for public hearing notices for use by municipalities.

Budget estimates adopted and certified in accordance with this chapter may be amended and increased as the need arises to permit appropriation and expenditure during the fiscal year covered by the budget of unexpended cash balances on hand at the close of the preceding fiscal year and which cash balances had not been estimated and appropriated for expenditure during the fiscal year of the budget sought to be amended, and also to permit appropriation and expenditure during the fiscal year covered by the budget of amounts of cash anticipated to be available during the year from sources other than taxation and which had not been estimated and appropriated for expenditure during the fiscal year of the budget sought to be amended. Such amendments to budget estimates may be considered and adopted at any time during the fiscal year covered by the budget sought to be amended, by filing the amendments and upon publishing them and giving notice of the public hearing in the manner required in this section. Within ten days of the decision or order of the certifying or levying board, the proposed amendment of the budget is subject to protest, hearing on the protest, appeal to the state appeal board and review by that body, all in accordance with sections 24.27 to 24.32, so far as applicable. A local budget shall be amended by May 31 of the current fiscal year to allow time for a protest hearing to be held and a decision rendered before June 30. An amendment of a budget after May 31 which is properly appealed but without adequate time for hearing and decision before June 30 is void. Amendments to budget estimates accepted or issued under this section are not within section 24.14.

**24.10 Levies void.**

The verified proof of the publication of such notice shall be filed in the office of the county auditor and preserved by the auditor. No levy shall be valid unless and until such notice is published and filed.

**24.11 Meeting for review.**

The certifying board or the levying board, as the case may be, shall meet at the time and place designated in said notice, at which meeting any person who would be subject to such tax levy, shall be heard in favor of or against the same or any part thereof.
24.12 **Record by certifying board.**

After the hearing has been concluded, the certifying board shall enter of record its decision in the manner and form prescribed by the state board and shall certify the same to the levying board, which board shall enter upon the current assessment and tax roll the amount of taxes which it finds shall be levied for the ensuing fiscal year in each municipality for which it makes the tax levy.

24.13 **Procedure by levying board.**

Any board which has the power to levy a tax without the same first being certified to it, shall follow the same procedure for hearings as is hereinbefore required of certifying boards.

24.14 **Tax limited.**

A greater tax than that so entered upon the record shall not be levied or collected for the municipality proposing the tax for the purposes indicated and a greater expenditure of public money shall not be made for any specific purpose than the amount estimated and appropriated for that purpose, except as provided in sections 24.6 and 24.15. All budgets set up in accordance with the statutes shall take such funds, and allocations made by sections 123.53 and 452A.79, into account, and all such funds, regardless of their source, shall be considered in preparing the budget.

24.15 **Further tax limitation.**

No tax shall be levied by any municipality in excess of the estimates published, except such taxes as are approved by a vote of the people, but in no case shall any tax levy be in excess of any limitation imposed thereon now or hereafter by the Constitution and laws of the state.

24.16 **Expenses — how paid.**

The cost of publishing the notices and estimates required by this chapter, and the actual and necessary expenses of preparing the budget shall be paid out of the general funds of each municipality respectively.

24.17 **Budgets certified.**

The local budgets of the various political subdivisions shall be certified by the chairperson of the certifying board or levying board, as the case may be, in duplicate to the county auditor not later than March 15 of each year on forms, and pursuant to instructions, prescribed by the department of management. However, if the political subdivision is a school district, as defined in section 257.2, its budget shall be certified not later than April 15 of each year.

One copy of the budget shall be retained on file in the office by the county auditor and the other shall be certified by the county auditor to the state board. The department of management shall certify the taxes back to the county auditor by June 15.

24.18 **Summary of budget.**

Before forwarding copies of local budgets to the state board, the county auditor shall prepare a summary of each budget, showing the condition of the various funds for the fiscal year, including the budgets adopted as herein provided. Said summary shall be printed as a part of the annual financial report of the county auditor, and one copy shall be certified by the county auditor to the state board.

24.19 **Levying board to spread tax.**

At the time required by law the levying board shall spread the tax rates necessary to
produce the amount required for the various funds of the municipality as certified by
the certifying board, for the next succeeding fiscal year, as shown in the approved bud-
get in the manner provided by law. One copy of said rates shall be certified to the state
board.

24.20 Tax rates final.
The several tax rates and levies of a municipality that are determined and certified in
the manner provided in sections 24.1 through 24.19, except such tax rates and levies
as are authorized by a vote of the people, shall stand as the tax rates and levies of said
municipality for the ensuing fiscal year for the purposes set out in the budget.

24.21 Transfer of inactive funds.
Subject to the provisions of any law relating to municipalities, when the necessity for
maintaining any fund of the municipality has ceased to exist, and a balance remains in
said fund, the certifying board or levying board, as the case may be, shall so declare
by resolution, and upon such declaration, such balance shall forthwith be transferred to
the fund or funds of the municipality designated by such board, unless other provisions
have been made in creating such fund in which such balance remains. In the case of a
special fund created by a city or a county under section 403.19, such balance remaining
in the fund shall be allocated to and paid into the funds for the respective taxing dis-
tricts as taxes by or for the taxing district into which all other property taxes are paid.

24.22 Transfer of funds.
Upon the approval of the state board, it is lawful to make temporary or permanent
transfers of money from one fund to another fund of the municipality. The certifying
board or levying board shall provide that money temporarily transferred shall be re-
turned to the fund from which it was transferred within the time and upon the condi-
tions the state board determines. However, it is not necessary to return to the emer-
gency fund, or to any other fund no longer required, any money transferred to any
other fund.

24.23 Supervisory power of state board.
The state board shall exercise general supervision over the certifying boards and levy-
ing boards of all municipalities with respect to budgets and shall prescribe for them all
necessary rules, instructions, forms, and schedules. The best methods of accountancy
and statistical statements shall be used in compiling and tabulating all data required by
this chapter.

24.24 Violations.
Failure on the part of a public official to perform any of the duties prescribed in chap-
ter 73A, and this chapter, and sections 8.39 and 11.1 to 11.5, constitutes a simple
misdemeanor, and is sufficient ground for removal from office.

24.26 State appeal board.
1. The state appeal board in the department of management consists of the follow-
ing:
   a. The director of the department of management.
   b. The auditor of state.
   c. The treasurer of state.
2. The annual meeting of the state board shall be held on the second Tuesday of
January in each year. At each annual meeting the state board shall organize by the
election from its members of a chairperson and a vice chairperson; and by appointing
a secretary. Two members of the state board constitute a quorum for the transaction of
any business.

3. The state board may appoint one or more competent and specially qualified per-
sons as deputies, to appear and act for it at initial hearings. Each deputy appointed by
the state board is entitled to receive the amount of the deputy’s necessary expenses
actually incurred while engaged in the performance of the deputy’s official duties. The
expenses shall be audited and approved by the state board and proper receipts filed for
them.

4. The expenses of the state board shall be paid from the funds appropriated to the
department of management.

**24.27 Protest to budget.**

Not later than March 25 or April 25 if the municipality is a school district, a number
of persons in any municipality equal to one-fourth of one percent of those voting for
the office of governor, at the last general election in the municipality, but the number
shall not be less than ten, and the number need not be more than one hundred per-
sons, who are affected by any proposed budget, expenditure or tax levy, or by any item
thereof, may appeal from any decision of the certifying board or the levying board by fil-
ing with the county auditor of the county in which the municipal corporation is located,
a written protest setting forth their objections to the budget, expenditure or tax levy, or
to one or more items thereof, and the grounds for their objections. If a budget is certi-
fied after March 15 or April 15 in the case of a school district, all appeal time limits shall
be extended to correspond to allowances for a timely filing. Upon the filing of a protest,
the county auditor shall immediately prepare a true and complete copy of the written
protest, together with the budget, proposed tax levy or expenditure to which objections
are made, and shall transmit them forthwith to the state board, and shall also send a
copy of the protest to the certifying board or to the levying board, as the case may be.

**24.28 Hearing on protest.**

The state board, within a reasonable time, shall fix a date for an initial hearing on
the protest and may designate a deputy to hold the hearing, which shall be held in the
county or in one of the counties in which the municipality is located. Notice of the time
and place of the hearing shall be given by certified mail to the appropriate officials of
the local government and to the first ten property owners whose names appear upon
the protest, at least five days before the date fixed for the hearing. At all hearings, the
burden shall be upon the objectors with reference to any proposed item in the budget
which was included in the budget of the previous year and which the objectors propose
should be reduced or excluded; but the burden shall be upon the certifying board or
the levying board, as the case may be, to show that any new item in the budget, or any
increase in any item in the budget, is necessary, reasonable, and in the interest of the
public welfare.

**24.29 Appeal.**

The state board may conduct the hearing or may appoint a deputy. A deputy designat-
ed to hear an appeal shall attend in person and conduct the hearing in accordance with
section 24.28, and shall promptly report the proceedings at the hearing, which report
shall become a part of the permanent record of the state board.
24.30 Review by and powers of board.
It shall be the duty of the state board to review and finally pass upon all proposed budget expenditures, tax levies and tax assessments from which appeal is taken and it shall have power and authority to approve, disapprove, or reduce all such proposed budgets, expenditures, and tax levies so submitted to it upon appeal, as herein provided; but in no event may it increase such budget, expenditure, tax levies or assessments or any item contained therein. Said state board shall have authority to adopt rules not inconsistent with the provisions of this chapter, to employ necessary assistants, authorize such expenditures, require such reports, make such investigations, and take such other action as it deems necessary to promptly hear and determine all such appeals; provided, however, that all persons so employed shall be selected from persons then regularly employed in some one of the offices of the members of said state board.

24.31 Rules of procedure — record.
The manner in which objections shall be presented, and the conduct of hearings and appeals, shall be simple and informal and in accordance with the rules prescribed by the state board for promptly determining the merits of all objections so filed, whether or not such rules conform to technical rules of procedure. Such record shall be kept of all proceedings, as the rules of the state board shall require.

24.32 Decision certified.
After a hearing upon the appeal, the state board shall certify its decision to the county auditor and to the parties to the appeal as provided by rule, and the decision shall be final. The county auditor shall make up the records in accordance with the decision and the levy board shall make its levy in accordance with the decision. Upon receipt of the decision, the certifying board shall correct its records accordingly, if necessary. Final disposition of all appeals shall be made by the state board on or before April 30 of each year.

24.34 Unliquidated obligations.
A city, county, or other political subdivision may establish an encumbrance system for any obligation not liquidated at the close of the fiscal year in which the obligation has been encumbered. The encumbered obligations may be retained upon the books of the city, county, or other political subdivision until liquidated, all in accordance with generally accepted governmental accounting practices.

24.48 Appeal to state board for suspension of limitations.
1. If the property tax valuations effective January 1, 1979, and January 1 of any subsequent year, are reduced or there is an unusually low growth rate in the property tax base of a political subdivision, the political subdivision may appeal to the state appeal board to request suspension of the statutory property tax levy limitations to continue to fund the present services provided. A political subdivision may also appeal to the state appeal board where the property tax base of the political subdivision has been reduced or there is an unusually low growth rate for any of the following reasons:
   a. Any unusual increase in population as determined by the preceding certified federal census.
   b. Natural disasters or other emergencies.
   c. Unusual problems relating to major new functions required by state law.
   d. Unusual staffing problems.
e. Unusual need for additional funds to permit continuance of a program which provides substantial benefit to its residents.
f. Unusual need for a new program which will provide substantial benefit to residents, if the political subdivision establishes the need and the amount of the necessary increased cost.

2. The state appeal board may approve or modify the request of the political subdivision for suspension of the statutory property tax levy limitations.

3. Upon decision of the state appeal board, the department of management shall make the necessary changes in the total budget of the political subdivision and certify the total budget to the governing body of the political subdivision and the appropriate county auditors.

4. a. The city finance committee shall have officially notified any city of its approval, modification or rejection of the city’s appeal of the decision of the director of the department of management regarding a city’s request for a suspension of the statutory property tax levy limitation prior to thirty-five days before March 15.
b. The state appeals board shall have officially notified any county of its approval, modification or rejection of the county’s request for a suspension of the statutory property tax levy limitation prior to thirty-five days before March 15.

5. a. For purposes of this section only, “political subdivision” means a city, school district, or any other special purpose district which certifies its budget to the county auditor and derives funds from a property tax levied against taxable property situated within the political subdivision.
b. For the purpose of this section, when the political subdivision is a city, the director of the department of management, and the city finance committee on appeal of the director’s decision, shall be the state appeal board.

**IOWA CODE § 331.301**
*General Powers and Limitations of Counties (authority for evacuation, powers and duties as they relate to emergency management, law enforcement, fire, etc.)*

**331.301 General powers and limitations.**
1. A county may, except as expressly limited by the Constitution of the State of Iowa, and if not inconsistent with the laws of the general assembly, exercise any power and perform any function it deems appropriate to protect and preserve the rights, privileges, and property of the county or of its residents, and to preserve and improve the peace, safety, health, welfare, comfort, and convenience of its residents. This grant of home rule powers does not include the power to enact private or civil law governing civil relationships, except as incident to an exercise of an independent county power.

**IOWA CODE § 331.424**
*SUPPLEMENTAL LEVIES*

**331.424 Supplemental levies.**
To the extent that the basic levies are insufficient to meet the county’s needs for the following services, the board may certify supplemental levies as follows:

1. a. For general county services, an amount sufficient to pay the charges for the following:
   (1) To the extent that the county is obligated by statute to pay the charges for:
      (a) The costs of inpatient or outpatient substance abuse admission, commitment, transportation, care, and treatment at any of the following:
         (i) The alcoholic treatment center at Oakdale. However, the county may require that an admission to the center shall be reported to the board by the center within five days as a condition of the payment of county funds for that admission.
         (ii) A state mental health institute, or a community-based public or private facility or service.
      (b) Care of children admitted or committed to the Iowa juvenile home at Toledo.
      (c) Clothing, transportation, medical, or other services provided persons attending the Iowa braille and sight saving school, the Iowa school for the deaf, or the university of Iowa hospitals and clinics’ center for disabilities and development for children with severe disabilities at Iowa City, for which the county becomes obligated to pay pursuant to sections 263.12, 269.2, and 270.4 through 270.7.
   (2) Foster care and related services provided under court order to a child who is under the jurisdiction of the juvenile court, including court-ordered costs for a guardian ad litem under section 232.71C.
   (3) Elections, and voter registration pursuant to chapter 48A.
   (4) Employee benefits under chapters 96, 97B, and 97C, which are associated with salaries for general county services.
   (5) Tort liability insurance, property insurance, and any other insurance that may be necessary in the operation of the county, costs of a self-insurance program, costs of a local government risk pool, and amounts payable under any insurance agreements to provide or procure such insurance, self-insurance program, or local government risk pool.
   (6) The maintenance and operation of the courts, including but not limited to the salary and expenses of the clerk of the district court and other employees of the clerk’s office, and bailiffs, court costs if the prosecution fails or if the costs cannot be collected from the person liable, costs and expenses of prosecution under section 189A.17, salaries and expenses of juvenile court officers under chapter 602, court-ordered costs in domestic abuse cases under section 236.5, the county’s expense for confinement of prisoners under chapter 356A, temporary assistance to the county attorney, county contributions to a retirement system for bailiffs, reimbursement for judicial magistrates under section 602.6501, claims filed under section 622.93, interpreters’ fees under section 622B.7, uniform citation and complaint supplies under section 805.6, and costs of prosecution under section 815.13.
   (7) Court-ordered costs of conciliation procedures under section 598.16.
   (8) Establishment and maintenance of a joint county indigent defense fund pursuant to an agreement under section 28E.19.
   (9) The maintenance and operation of a local emergency management agency established pursuant to chapter 29C.
b. The board may require a public or private facility, as a condition of receiving payment from county funds for services it has provided, to furnish the board with a statement of the income, assets, and legal residence including township and county of each person who has received services from that facility for which payment has been made from county funds under paragraph “a”, subparagraphs (1) and (2). However, the facility shall not disclose to anyone the name or street or route address of a person receiving services for which commitment is not required, without first obtaining that person’s written permission.

c. Parents or other persons may voluntarily reimburse the county or state for the reasonable cost of caring for a patient or an inmate in a county or state facility.

2. For rural county services, an amount sufficient to pay the charges for the following:
   a. Employee benefits under chapters 96, 97B, and 97C, which are associated with salaries for rural county services.
   b. An aviation authority under chapter 330A, to the extent that the county contributes to the authority under section 330A.15.

**IOWA CODE § 331.426**  
**ADDITIONS TO BASIC LEVIES**

331.426 Additions to basic levies.

If a county has unusual circumstances, creating a need for additional property taxes for general county services or rural county services in excess of the amount that can be raised by the levies otherwise permitted under sections 331.423 through 331.425, the board may certify additions to each of the basic levies as follows:

1. The basis for justifying an additional property tax under this section must be one or more of the following:
   a. An unusual increase in population as determined by the preceding certified federal census.
   b. A natural disaster or other emergency.
   c. Unusual problems relating to major new functions required by state law.
   d. Unusual staffing problems.
   e. Unusual need for additional moneys to permit continuance of a program which provides substantial benefit to county residents.
   f. Unusual need for a new program which will provide substantial benefit to county residents, if the county establishes the need and the amount of necessary increased cost.
   g. A reduced or unusually low growth rate in the property tax base of the county.

2. a. The public notice of a hearing on the county budget required by section 331.434, subsection 3, shall include the following additional information for the applicable class of services:
   (1) A statement that the accompanying budget summary requires a proposed basic property tax rate exceeding the maximum rate established by the general assembly.
   (2) A comparison of the proposed basic tax rate with the maximum basic tax rate, and the dollar amount of the difference between the proposed rate and the maximum
rate.
(3) A statement of the major reasons for the difference between the proposed basic tax rate and the maximum basic tax rate.
   b. The information required by this subsection shall be published in a conspicuous form as prescribed by the committee.

IOWA CODE § 364.1
POWERS AND DUTIES OF CITIES
Authorities for evacuation, powers and duties as they relate to emergency management, law enforcement, fire, etc.

364.1 Scope.
A city may, except as expressly limited by the Constitution of the State of Iowa, and if not inconsistent with the laws of the general assembly, exercise any power and perform any function it deems appropriate to protect and preserve the rights, privileges, and property of the city or of its residents, and to preserve and improve the peace, safety, health, welfare, comfort, and convenience of its residents. This grant of home rule powers does not include the power to enact private or civil law governing civil relationships, except as incident to an exercise of an independent city power.

IOWA CODE CHAPTER 441
ASSESSMENT AND VALUATION OF PROPERTY

441.1 Office of assessor created.
In every county in the state of Iowa the office of assessor is hereby created. A city having a population of ten thousand or more, according to the latest federal census, may by ordinance provide for the selection of a city assessor and for the assessment of property in the city under the provisions of this chapter. A city desiring to provide for assessment under the provisions of this chapter shall, not less than sixty days before the expiration of the term of the assessor in office, notify the taxing bodies affected and proceed to establish a conference board, examining board, and board of review and select an assessor, all as provided in this chapter. A city desiring to abolish the office of city assessor shall repeal the ordinance establishing the office of city assessor, notify the county conference board and the affected taxing districts, provide for the transfer of appropriate records and other matters, and provide for the abolition of the respective boards and the termination of the terms of office of the assessor and members of the respective boards. The abolition of the city assessor’s office shall take effect on July 1
following notification of the abolition unless otherwise agreed to by the affected conference boards. If notification of the proposed abolition is made after January 1, sufficient funds shall be transferred from the city assessor’s budget to fund the additional responsibilities transferred to the county assessor for the next fiscal year.

441.2 Conference board.
In each county and each city having an assessor there shall be established a conference board. In counties the conference board shall consist of the mayors of all incorporated cities in the county whose property is assessed by the county assessor, one representative from the board of directors of each high school district of the county, who is a resident of the county, said board of directors appointing said representative for a one-year term and notifying the clerk of the conference board as to their representative, and members of the board of supervisors. In cities having an assessor the conference board shall consist of the members of the city council, school board and county board of supervisors. In the counties the chairperson of the board of supervisors shall act as chairperson of the conference board, in cities having an assessor the mayor of the city council shall act as chairperson of the conference board. In any action taken by the conference board, the mayors of all incorporated cities in the county whose property is assessed by the county assessor shall constitute one voting unit, the members of the city board of education or one representative from the board of directors of each high school district of the county shall constitute one voting unit, the members of the city council shall constitute one voting unit, and the county board of supervisors shall constitute one voting unit, each unit having a single vote and no action shall be valid except by the vote of not less than two out of the three units. The majority vote of the members present of each unit shall determine the vote of the unit. The assessor shall be clerk of the conference board.

441.3 Examining board.
At a regular meeting of the conference board each voting unit of the conference board shall appoint one person who is a resident of the assessor jurisdiction to serve as a member of an examining board to hold an examination for the positions of assessor or deputy assessor. This examining board shall organize as soon as possible after its appointment with a chairperson and secretary. All its necessary expenditures shall be paid as provided. Members of the board shall serve without compensation. The terms of each shall be for six years.

441.4 Removal of member.
A member of this examining board may be removed by the voting unit of the conference board by which the member was appointed but only after specific charges have been filed and a public hearing held, if a public hearing is requested by the discharged member of the board. Subsequent appointments and an appointment to fill a vacancy shall be made in the same way as the original appointment.

441.5 Examination and certification of applicants — incumbents.
1. For the purpose of examining and certifying candidates for the positions of assessor and deputy assessor, the director of revenue shall prepare an examination and provide for an examination process. The director shall approve one or more examination locations and shall make a list of the approved locations available to applicants. Each applicant shall select an examination location from the list of approved locations. The direc-
tor shall notify applicants of the date and time of the examination at least thirty days prior to the date of the examination.

2. These examinations shall be conducted by the director of revenue in the same manner as other similar examinations, including secrecy regarding questions prior to the examination and in accordance with other rules as may be prescribed by the director of revenue. The examination shall cover the following and related subjects: a. Laws pertaining to the assessment of property for taxation, with emphasis on market value assessment as provided in this chapter.
b. Laws on tax exemption.
c. Assessment of real estate and personal property, including market value assessment in accordance with this chapter and including fundamental principles and practices of property appraisal and valuation which are consistent with market value assessment as provided in this chapter.
d. The rights of taxpayers and property owners related to the assessment of property for taxation.
e. The duties of the assessor.
f. Other items related to the position of assessor.

3. Only individuals who possess a high school diploma or its equivalent are eligible to take the examination. A person desiring to take the examination shall complete an application prior to the administration of the examination.

4. The director of revenue shall grade the examination taken. The director shall notify each applicant of the score attained by the applicant on the examination. An individual who attains a score of seventy percent or greater on the examination is eligible to be certified by the director of revenue as a candidate for any assessor position. Any person who passes the examination and who possesses at least two years of appraisal related experience as determined by the director of revenue shall be granted regular certification and become eligible for appointment to a six-year term as assessor. Any person who passes the examination but who lacks such experience shall be granted temporary certification, and shall be eligible for a provisional appointment as assessor.

5. Any person possessing temporary certification who receives a provisional appointment as assessor shall, during the person’s first eighteen months in office, be required to complete a course of study prescribed and administered by the director of revenue. Upon the successful completion of this course of study, the assessor shall be granted regular certification and shall be eligible to remain in office for the balance of the assessor’s six-year term. All expenses incurred in obtaining regular certification shall be defrayed by the assessment expense fund.

6. Following the administration of the examination, the director of revenue shall establish a register containing the names, in alphabetical order, of all individuals who are eligible for appointment as assessor. The test scores of individuals on the register shall be given to a city or county conference board upon request. All eligible individuals shall remain on the register for a period of two years following the date of certification granted by the director.

7. Incumbent assessors who have served six consecutive years shall be placed on the register of individuals eligible for appointment as assessor. In order to be appointed to the position of assessor, the assessor shall comply with the continuing education requirements. The number of credits required for certification as eligible for appointment
as assessor in a jurisdiction other than where the assessor is currently serving shall be prorated according to the percentage of the assessor’s term which is covered by the continuing education requirements of section 441.8. The credit necessary for certification for appointment is the product of one hundred fifty multiplied by the quotient of the number of months served of an assessor’s term covered by the continuing education requirements of section 441.8 divided by seventy-two. If the number of credits necessary for certification for appointment as determined under this subsection results in a partial credit hour, the credit hour shall be rounded to the nearest whole number.

441.6 Appointment of assessor.
When a vacancy occurs in the office of city or county assessor, the examining board shall, within seven days of the occurrence of the vacancy, request the director of revenue to forward a register containing the names of all individuals eligible for appointment as assessor. The examining board may, at its own expense, conduct a further examination, either written or oral, of any person whose name appears on the register, and shall make written report of the examination and submit the report together with the names of those individuals certified by the director of revenue to the conference board within fifteen days after the receipt of the register from the director of revenue. Upon receipt of the report of the examining board, the chairperson of the conference board shall by written notice call a meeting of the conference board to appoint an assessor. The meeting shall be held not later than seven days after the receipt of the report of the examining board by the conference board. At the meeting, the conference board shall appoint an assessor from the register of eligible candidates. However, if a special examination has not been conducted previously for the same vacancy, the conference board may request the director of revenue to hold a special examination pursuant to section 441.7. The chairperson of the conference board shall give written notice to the director of revenue of the appointment and its effective date within ten days of the decision of the board.

441.7 Special examination.
If the conference board fails to appoint an assessor from the list of individuals on the register, the conference board shall request permission from the director of revenue to hold a special examination in the particular city or county in which the vacancy has occurred. Permission may be granted by the director of revenue after consideration of factors such as the availability of candidates in that particular city or county. The director of revenue shall conduct no more than one special examination for each vacancy in an assessing jurisdiction. The examination shall be conducted by the director of revenue as provided in section 441.5, except as otherwise provided in this section. The examining board shall give notice of holding the examination for assessor by posting a written notice in a conspicuous place in the county courthouse in the case of county assessors or in the city hall in the case of city assessors, stating that at a specified date, an examination for the position of assessor will be held at a specified place. Similar notice shall be given at the same time by one publication of the notice in three newspapers of general circulation in the case of a county assessor, or in case there are not three such newspapers in a county, then in newspapers which are available, or in one newspaper of general circulation in the city in the case of city assessor. The conference board of the city or county in which a special examination is held shall reimburse the department
of revenue for all expenses incurred in the administration of the examination, to be paid for by the respective city or county assessment expense fund. Following the administration of this special examination, the director of revenue shall certify to the examining board a new list of candidates eligible to be appointed as assessor and the examining board and conference board shall proceed in accordance with the provisions of section 441.6.

441.8 Term — continuing education — filling vacancy.
1. The term of office of an assessor appointed under this chapter shall be for six years. Appointments for each succeeding term shall be made in the same manner as the original appointment except that not less than ninety days before the expiration of the term of the assessor the conference board shall hold a meeting to determine whether or not it desires to reappoint the incumbent assessor to a new term. The conference board shall have the power to reappoint the incumbent assessor only if the incumbent assessor has satisfactorily completed the continuing education program provided for in this section. If the decision is made not to reappoint the assessor, the assessor shall be notified, in writing, of such decision not less than ninety days prior to the expiration of the assessor’s term of office. Failure of the conference board to provide timely notification of the decision not to reappoint the assessor shall result in the assessor being reappointed.

2. a. The director of revenue shall develop and administer a program of continuing education which shall emphasize assessment and appraisal procedures, and the assessment laws of this state, and which shall include the subject matter specified in section 441.5.
   b. The director of revenue shall establish, designate, or approve courses, workshops, seminars, or symposiums to be offered as part of the continuing education program, the content of these courses, workshops, seminars, or symposiums and the number of hours of classroom instruction for each. The director of revenue may provide that no more than thirty hours of tested credit may be received for the submission of a narrative appraisal approved by a professional appraisal society designated by the director. At least once each year the director of revenue shall evaluate the continuing education program and make necessary changes in the program.

3. Upon the successful completion of courses, workshops, seminars, a narrative appraisal or symposiums contained in the program of continuing education, as demonstrated by attendance at sessions of the courses, workshops, seminars or symposiums and, in the case of a course designated by the director of revenue, attaining a grade of at least seventy percent on an examination administered at the conclusion of the course, or the submission of proof that a narrative appraisal has been approved by a professional appraisal society designated by the director of revenue the assessor or deputy assessor shall receive credit equal to the number of hours of classroom instruction contained in those courses, workshops, seminars, or symposiums or the number of hours of credit specified by the director of revenue for a narrative appraisal. An assessor or deputy assessor shall not be allowed to obtain credit for a course, workshop, seminar, or symposium for which the assessor or deputy assessor has previously received credit during the current term or appointment except for those courses, workshops, seminars, or symposiums designated by the director of revenue. Only one narrative appraisal may be approved for credit during the assessor’s or deputy assessor’s current term or appoint-
ment and credit shall not be allowed for a narrative appraisal approved by a profession-
al appraisal society prior to the beginning of the assessor’s or deputy assessor’s current
term or appointment. The examinations shall be confidential, except that the director of
revenue and persons designated by the director may have access to the examinations. 4. Upon receiving credit equal to one hundred fifty hours of classroom instruction during
the assessor’s current term of office of which at least ninety of the one hundred fifty
hours are from courses requiring an examination upon conclusion of the course, the
director of revenue shall certify to the assessor’s conference board that the assessor is
eligible to be reappointed to the position. For persons appointed to complete an unex-
pired term, the number of credits required to be certified as eligible for reappointment
shall be prorated according to the amount of time remaining in the present term of the
assessor. If the person was an assessor in another jurisdiction, the assessor may carry
forward any credit hours received in the previous position in excess of the number that
would be necessary to be considered current in that position. Upon written request by
the person seeking a waiver of the continuing education requirements, the director may
waive the continuing education requirements if the director determines good cause
exists for the waiver. 5. Within each six-year period following the appointment of a deputy assessor, the de-
puty assessor shall comply with this section except that upon the successful completion
of ninety hours of classroom instruction of which at least sixty of the ninety hours are
from courses requiring an examination upon conclusion of the course, the deputy asses-
sor shall be certified by the director of revenue as being eligible to remain in the posi-
tion. If a deputy assessor fails to comply with this section, the deputy assessor shall be
removed from the position until successful completion of the required hours of credit. If
a deputy is appointed to the office of assessor, the hours of credit obtained as deputy
pursuant to this section shall be credited to that individual as assessor and for the indi-
vidual to be reappointed at the expiration of the term as assessor, that individual must
obtain the credits which are necessary to total the number of hours for reappointment.
Upon written request by the person seeking a waiver of the continuing education re-
quirements, the director may waive the continuing education requirements if the direc-
tor determines good cause exists for the waiver. 6. Each conference board shall include
in the budget for the operation of the assessor’s office funds sufficient to enable the
assessor and any deputy assessor to obtain certification as provided in this section. The
conference board shall also allow the assessor and any deputy assessor sufficient time
off from their regular duties to obtain certification. The director of revenue shall adopt
rules pursuant to chapter 17A to implement and administer this section. 7. If the incumbent assessor is not reappointed as provided in this section, then not less
than sixty days before the expiration of the term of said assessor, a new assessor shall
be selected as provided in section 441.6. 8. In the event of the removal, resignation, death, or removal from the county of the
said assessor, the conference board shall proceed to fill the vacancy by appointing an
assessor to serve the unexpired term in the manner provided in section 441.6. Until the
vacancy is filled, the chief deputy shall act as assessor, and in the event there be no
deputy, in the case of counties the auditor shall act as assessor and in the case of cities
having an assessor the city clerk shall act as assessor. 441.9 Removal of assessor.
The assessor may be removed by a majority vote of the conference board, after charges of misconduct, nonfeasance, malfeasance, or misfeasance in office shall have been substantiated at a public hearing, if same is demanded by the assessor by written notice served upon the chairperson of the conference board.

441.10 Deputies — examination and appointment — suspension or discharge. Immediately after the appointment of the assessor, and at other times as the conference board directs, one or more deputy assessors may be appointed by the assessor. Each appointment shall be made from either the list of eligible candidates provided by the director of revenue, which shall contain only the names of those persons who achieve a score of seventy percent or greater on the examination administered by the director of revenue, or the list of candidates eligible for appointment as city or county assessor. Examinations for the position of deputy assessor shall be conducted in the same manner as examinations for the position of city or county assessor. Following the administration of the examination, the director of revenue shall establish a register containing the names, in alphabetical order, of all individuals who are eligible for appointment as a deputy assessor. The test scores of individuals on the register shall be given to a city or county conference board upon request. All eligible individuals shall remain on the register for a period of two years following the date of certification granted by the director. Incumbent deputy assessors who have served six consecutive years shall be placed on the register of individuals eligible for appointment as deputy assessor. In order to be appointed to the position of deputy assessor, the deputy assessor shall comply with the continuing education requirements. The number of credits required for certification as eligible for appointment as a deputy assessor in a jurisdiction other than where the deputy assessor is currently serving shall be prorated according to the percentage of the deputy assessor’s term which is covered by the continuing education requirements of section 441.8. The credit necessary for certification for appointment is the product of ninety multiplied by the quotient of the number of months served of a deputy assessor’s term covered by the continuing education requirements of section 441.8 divided by seventy-two. If the number of credits necessary for certification for appointment as determined under this paragraph results in a partial credit hour, the credit hour shall be rounded to the nearest whole number. The assessor may peremptorily suspend or discharge any deputy assessor under the assessor’s direction upon written charges for neglect of duty, disobedience of orders, misconduct, or failure to properly perform the deputy assessor’s duties. Within five days after delivery of written charges to the employee, the deputy assessor may appeal by written notice to the secretary or chairperson of the examining board. The board shall grant the deputy assessor a hearing within fifteen days, and a decision by a majority of the examining board is final. The assessor shall designate one of the deputies as chief deputy, and the assessor shall assign to each deputy the duties, responsibilities, and authority as is proper for the efficient conduct of the assessor’s office.

441.11 Incumbent deputy assessors. A deputy assessor shall be considered eligible to remain in the deputy’s present position provided continuing education requirements are met. To become eligible for another deputy assessor position, a deputy assessor presently holding office is required to obtain certification as provided for in sections 441.5 and 441.10. The number of credit hours
required for certification as eligible for appointment as a deputy in a jurisdiction other than where the deputy is currently serving shall be prorated according to the completed portion of the deputy’s six-year continuing education period.

**441.12 Repealed by 83 Acts, ch 123, §206, 209.**

**441.13 Office personnel.**

Other office personnel shall be appointed by the assessor subject to the limitations of the annual budget as hereinafter provided. The assessor shall select field persons, so far as possible, from the eligible list of deputy assessors. Their compensation shall be fixed as provided in section 441.16. They shall serve at the pleasure of the assessor

**441.14 Repealed by 81 Acts, ch 117, §1097.**

**441.15 Bond.**

Assessors and deputy assessors shall be required to furnish bond for the performance of their duties in such amount as the conference board may require and the cost thereof shall be provided for in the budget of the assessor and paid out of the assessment expense fund.

**441.16 Budget — assessment expense fund.**

1. All expenditures under this chapter shall be paid as provided in this section.
2. a. Not later than January 1 of each year the assessor, the examining board, and the board of review shall each prepare a proposed budget of all expenses for the ensuing fiscal year. The assessor shall include in the proposed budget the probable expenses for defending assessment appeals. Said budgets shall be combined by the assessor and copies of the budgets forthwith filed by the assessor in triplicate with the chairperson of the conference board.
   b. The combined budgets shall contain an itemized list of the proposed salaries of the assessor and each deputy; the amount required for field personnel and other personnel, their number, and their compensation; the estimated amount needed for expenses, printing, mileage, and other expenses necessary to operate the assessor’s office; the estimated expenses of the examining board; and the salaries and expenses of the local board of review.
3. a. Each fiscal year the chairperson of the conference board shall, by written notice, call a meeting of the conference board to consider the proposed budget and to comply with section 24.9.
   b. At such meeting the conference board shall authorize:
      (1) The number of deputies, field personnel, and other personnel of the assessor’s office.
      (2) The salaries and compensation of members of the board of review, the assessor, chief deputy, other deputies, field personnel, and other personnel, and determine the time and manner of payment.
      (3) The miscellaneous expenses of the assessor’s office, the board of review, and the examining board, including office equipment, records, supplies, and other required items.
      (4) The estimated expense of assessment appeals. All such expense items shall be included in the budget adopted for the ensuing year.
4. All tax levies and expenditures provided for herein shall be subject to the provisions of chapter 24 and the conference board is hereby declared to be the certifying board.
a. Any tax for the maintenance of the office of assessor and other assessment procedure shall be levied only upon the property in the area assessed by the assessor, and such tax levy shall not exceed sixty-seven and one-half cents per thousand dollars of assessed value in the assessing area. The county treasurer shall credit the sums received from such levy to a separate fund to be known as the assessment expense fund and from which fund all expenses incurred under this chapter shall be paid. In the case of a county where there is more than one assessor the treasurer shall maintain separate assessment expense funds for each assessor.
b. The county auditor shall keep a complete record of said funds and shall issue warrants thereon only on requisition of the assessor.

6. The assessor shall not issue requisitions so as to increase the total expenditures budgeted for the operation of the assessor’s office. However, for purposes of promoting operational efficiency, the assessor shall have authority to transfer funds budgeted for specific items for the operation of the assessor’s office from one unexpended balance to another; such transfer shall not be made so as to increase the total amount budgeted for the operation of the office of assessor, and no funds shall be used to increase the salary of the assessor or the salaries of permanent deputy assessors. The assessor shall issue requisitions for the examining board and for the board of review on order of the chairperson of each board and for costs and expenses incident to assessment appeals, only on order of the city legal department, in the case of cities and of the county attorney in the case of counties.

7. Unexpended funds remaining in the assessment expense fund at the end of a year shall be carried forward into the next year.

DUTIES

441.17 Duties of assessor.
The assessor shall:
1. Devote full time to the duties of the assessor’s office and shall not engage in any occupation or business interfering or inconsistent with such duties. This subsection does not preclude an assessor from being a candidate for elective office during the term of appointment as assessor. If an assessor is elected to a city or county office, to a statewide elective office, or to the general assembly, the assessor shall resign as assessor before the beginning of the term of the office to which the assessor was elected.
2. Cause to be assessed, in accordance with section 441.21, all the property in the assessor’s county or city, except property exempt from taxation, or the assessment of which is otherwise provided for by law.
3. Have access to all public records of the county and, so far as practicable, make or cause to be made a careful examination of all such records and files in order to obtain all available information which may contribute to the accurate listing at its taxable value, and to the proper persons, of all property subject to assessment by the assessor.
4. Cooperate with the director of revenue as may be necessary or required, and obey and execute all orders, directions, and instructions of the director of revenue, insofar as the same may be required by law.
5. a. Have power to apply to the district court of the county for an order to examine witnesses and requiring the production of books and records of any person, firm, association or corporation within the county, whenever the assessor has reason to believe
that such person, firm, association or corporation has not listed property as provided by law. The proceeding for the examination of witnesses and examination of the books and records of any such taxpayer, to determine the existence of taxable property, shall be instituted and conducted in the manner provided for the discovery of property under the provisions of chapter 630. The court shall make an appropriate finding as to the existence of taxable property not listed. All taxable property discovered thereby shall thereupon be assessed by the assessor in the manner provided by law. b. In all cases where the court finds that the taxpayer has not listed the taxpayer’s property, as provided by law, and in all hearings where the court decides a matter against the taxpayer, the costs shall be paid by the taxpayer, otherwise they shall be paid out of the assessment expense fund. The fees and mileage to be paid witnesses shall be the same as prescribed by law in proceedings in the district courts of this state in civil cases. Where the costs are taxed to the taxpayer they shall be added to the taxes assessed against said taxpayer and the taxpayer’s property and shall be collected in the same manner as are other taxes.

6. Make up all assessor’s books and records as prescribed by the director of revenue, turn the completed assessor’s books and records required for the preparation of the tax list over to the county auditor each year when the board of review has concluded its hearings and the county auditor shall proceed with the preparation of the current year tax list and the assessor shall cooperate with the auditor in the preparation of the tax lists.

7. Submit on or before May 1 of each year completed assessment rolls to the board of review.

8. Lay before the board of review such information as the assessor may possess which will aid said board in performing its duties in adjusting the assessments to the valuations required by law.

9. Furnish to the director of revenue any information which the assessor may have relative to the ownership of any property that may be assessable within this state, but not assessable or subject to being listed for taxation by the assessor.

10. Measure the exterior length and exterior width of all mobile homes and manufactured homes except those for which measurements are contained in the manufacturer’s and importer’s certificate of origin, and report the information to the county treasurer. Check all manufactured or mobile homes for inaccuracy of measurements as necessary or upon written request of the county treasurer and report the findings immediately to the county treasurer. The assessor shall make frequent inspections and checks within the assessor jurisdiction of all manufactured or mobile homes and manufactured home communities or mobile home parks and make all the required and needed reports to carry out the purposes of this section.

11. Cause to be assessed for taxation property which the assessor believes has been erroneously exempted from taxation. Revocation of a property tax exemption shall commence with the assessment for the current assessment year, and shall not be applied to prior assessment years.

441.18 Listing and valuation.
Each assessor shall, with the assistance of each person assessed, or who may be required by law to list property belonging to another, enter upon the assessment rolls
the several items of property required to be entered for assessment. The assessor shall personally affix values to all property assessed by the assessor.

441.19 Owner to assist — provisions for assessment.
1. The assessor shall list every person in the assessor’s county or city as the case may be and assess all the property in the county or city, except property exempted or otherwise assessed. A person who refuses to assist in making out a list of the person’s property, or of any property which the person is by law required to assist in listing, is guilty of a simple misdemeanor.

4. Supplemental and optional to the procedure for the assessment of property by the assessor as provided in this chapter, the assessor may require from all persons required to list their property for taxation as provided by sections 428.1 and 428.2, a supplemental return to be prescribed by the director of revenue upon which the person shall list the person’s property. The supplemental return shall be in substantially the same form as now prescribed by law for the assessment rolls used in the listing of property by the assessors. Every person required to list property for taxation shall make a complete listing of the property upon supplemental forms and return the listing to the assessor as promptly as possible. The return shall be verified over the signature of the person making the return and section 441.25 applies to any person making such a return. The assessor shall make supplemental return forms available as soon as practicable after the first day of January of each year. The assessor shall make supplemental return forms available to the taxpayer by mail, or at a designated place within the taxing district.

b. Upon receipt of such supplemental return from any person the assessor shall prepare a roll assessing such person as hereinafter provided. In the preparation of such assessment roll the assessor shall be guided not only by the information contained in such supplemental roll, but by any other information the assessor may have or which may be obtained by the assessor as prescribed by the law relating to the assessment of property. The assessor shall not be bound by any values as listed in such supplemental return, and may include in the assessment roll any property omitted from the supplemental return which in the knowledge and belief of the assessor should be listed as required by law by the person making the supplemental return. Upon completion of such roll the assessor shall deliver to the person submitting such supplemental return a copy of the assessment roll, either personally or by mail.

c. Any taxpayer aggrieved by the action of the assessor in the preparation of an assessment roll upon which a supplemental return has been made shall have the same rights and privileges of appeal as provided by law in connection with the assessment rolls prepared in entirety by the assessor, but no assessment rolls prepared by the assessor after receiving a supplemental return shall be deemed insufficient or invalid because of the fact that such assessment roll does not bear the signature of the person assessed, and the signature of the person listing property upon the supplemental return shall be deemed a signature on the roll as prepared by the assessor.

d. The supplemental returns provided for in this section shall be preserved in the same manner as assessment rolls, but shall be confidential to the assessor, board of review, property assessment appeal board, or director of revenue, and shall not be open to public inspection, but any final assessment roll as made out by the assessor shall be a public record, provided that such supplemental return shall be available to counsel of
either the person making the return or of the public, in case any appeal is taken to the board of review, to the property assessment appeal board, or to the court.
e. In the event of failure of any person required to list property to make a supplemental return, as required herein, on or before the fifteenth day of February of any year when such listing is required, the assessor shall proceed in the listing and assessment of the person’s property as provided by this chapter, and no person subject to taxation shall be relieved of the person’s obligation to list the person’s property through failure to make a supplemental return as herein provided, and any roll prepared by the assessor after receiving a supplemental return or when prepared in accordance with other provisions of this chapter, shall be a valid assessment.
f. The provisions of this chapter relating to assessment rolls shall be applicable to the preparation of rolls upon which a supplemental return has been received, insofar as they are not in conflict with the provision of this section.
2. On or before February 15 of each year, each owner of industrial real estate shall submit to the local assessor a report listing by year of acquisition and by acquisition cost the owner’s machinery as described in section 427A.1, subsection 1, paragraph “e”, and specifying any machinery added or removed during the preceding assessment year. A report containing an itemized list of machinery by year of acquisition and by acquisition cost shall be required only when deemed necessary by the assessor. The reports shall be submitted on forms prescribed by the director of revenue or on forms submitted by the taxpayer and approved by the assessor which forms shall contain the same information as is required to be reported on forms prescribed by the director. If a person shall knowingly enter false information on the report, the person shall be guilty of a simple misdemeanor. Also, if a person refuses to file the report provided for in this subsection, the assessor shall proceed in accordance with the provisions of section 441.24.

441.20 Reserved.

441.21 Actual, assessed, and taxable value.
1. a. All property subject to taxation shall be valued at its actual value which shall be entered opposite each item, and, except as otherwise provided in this section, shall be assessed at one hundred percent of its actual value, and the value so assessed shall be taken and considered as the assessed value and taxable value of the property upon which the levy shall be made.
b. (1) The actual value of all property subject to assessment and taxation shall be the fair and reasonable market value of such property except as otherwise provided in this section. “Market value” is defined as the fair and reasonable exchange in the year in which the property is listed and valued between a willing buyer and a willing seller, neither being under any compulsion to buy or sell and each being familiar with all the facts relating to the particular property. Sale prices of the property or comparable property in normal transactions reflecting market value, and the probable availability or unavailability of persons interested in purchasing the property, shall be taken into consideration in arriving at its market value. In arriving at market value, sale prices of property in abnormal transactions not reflecting market value shall not be taken into account, or shall be adjusted to eliminate the effect of factors which distort market value, including but not limited to sales to immediate family of the seller, foreclosure or other forced sales, contract sales, discounted (2) The actual value of special purpose tooling, which is subject
to assessment and taxation as real property under section 427A.1, subsection 1, paragraph "e", but which can be used only to manufacture property which is protected by one or more United States or foreign patents, shall not exceed the fair and reasonable exchange value between a willing buyer and a willing seller, assuming that the willing buyer is purchasing only the special purpose tooling and not the patent covering the property which the special purpose tooling is designed to manufacture nor the rights to manufacture the patented property. For purposes of this subparagraph, special purpose tooling includes dies, jigs, fixtures, molds, patterns, and similar property. The assessor shall not take into consideration the special value or use value to the present owner of the special purpose tooling which is designed and intended solely for the manufacture of property protected by a patent in arriving at the actual value of the special purpose tooling.

c. In assessing and determining the actual value of special purpose industrial property having an actual value of five million dollars or more, the assessor shall equalize the values of such property with the actual values of other comparable special purpose industrial property in other counties of the state. Such special purpose industrial property includes, but is not limited to chemical plants. If a variation of ten percent or more exists between the actual values of comparable industrial property having an actual value of five million dollars or more located in separate counties, the assessors of the counties shall consult with each other and with the department of revenue to determine if adequate reasons exist for the variation. If no adequate reasons exist, the assessors shall make adjustments in the actual values to provide for a variation of ten percent or less. For the purposes of this paragraph, special purpose industrial property includes structures which are designed and erected for operation of a unique and special use, are not rentable in existing condition, and are incapable of conversion to ordinary commercial or industrial use except at a substantial cost.

d. Actual value of property in one assessing jurisdiction shall be equalized as compared with actual value of property in an adjoining assessing jurisdiction. If a variation of five percent or more exists between the actual values of similar, closely adjacent property in adjoining assessing jurisdictions in Iowa, the assessors thereof shall determine whether adequate reasons exist for such variation. If no such reasons exist, the assessors shall make adjustments in such actual values to reduce the variation to five percent or less.

e. The actual value of agricultural property shall be determined on the basis of productivity and net earning capacity of the property determined on the basis of its use for agricultural purposes capitalized at a rate of seven percent and applied uniformly among counties and among classes of property. Any formula or method employed to determine productivity and net earning capacity of property shall be adopted in full by rule.

f. In counties or townships in which field work on a modern soil survey has been completed since January 1, 1949, the assessor shall place emphasis upon the results of the survey in spreading the valuation among individual parcels of such agricultural property.

g. Notwithstanding any other provision of this section, the actual value of any property shall not exceed its fair and reasonable market value, except agricultural property which shall be valued exclusively as provided in paragraph "e" of this subsection.

h. The assessor shall determine the value of real property in accordance with rules adopted by the department of revenue and in accordance with forms and guidelines
contained in the real property appraisal manual prepared by the department as updated from time to time. Such rules, forms, and guidelines shall not be inconsistent with or change the means, as provided in this section, of determining the actual, market, taxable, and assessed values.

i. (1) If the department finds that a city or county assessor is not in compliance with the rules of the department relating to valuation of property or has disregarded the forms and guidelines contained in the real property appraisal manual, the department shall notify the assessor and each member of the conference board for the appropriate assessing jurisdiction. The notice shall be mailed by restricted certified mail. The notice shall specify the areas of noncompliance and the steps necessary to achieve compliance. The notice shall also inform the assessor and conference board that if compliance is not achieved, a penalty may be imposed.

(2) The conference board shall respond to the department within thirty days of receipt of the notice of noncompliance. The conference board may respond to the notice by asserting that the assessor is in compliance with the rules, guidelines, and forms of the department or by informing the department that the conference board intends to submit a plan of action to achieve compliance. If the conference board responds to the notification by asserting that the assessor is in compliance, a hearing before the director of revenue shall be scheduled on the matter.

(3) A plan of action shall be submitted within sixty days of receipt of the notice of noncompliance. The plan shall contain a time frame under which compliance shall be achieved which shall be no later than January 1 of the following assessment year. The plan of action shall contain the signature of the assessor and of the chairperson of the conference board. The department shall review the plan to determine whether the plan is sufficient to achieve compliance. Within thirty days of receipt of the plan, the department shall notify the assessor and the chairperson of the conference board that it has accepted the plan or that it is necessary to submit an amended plan of action.

(4) By January 1 of the assessment year following the calendar year in which the plan was submitted to the department, the conference board shall submit a report to the department indicating that the plan of action was followed and compliance has been achieved. The department may conduct a field inspection to ensure that the assessor is in compliance. By January 31, the department shall notify the assessor and the conference board, by restricted certified mail, either that compliance has been achieved or that the assessor remains in noncompliance. If the department determines that the assessor remains in noncompliance, the department shall take steps to withhold up to five percent of the reimbursement payment authorized in section 425.1 until the director of revenue determines that the assessor is in compliance.

(5) If the conference board disputes the determination of the department, the chairperson of the conference board may appeal the determination to the state board of tax review.

(6) The department shall adopt rules relating to the administration of this paragraph “i”.

2. In the event market value of the property being assessed cannot be readily established in the foregoing manner, then the assessor may determine the value of the property using the other uniform and recognized appraisal methods including its productive and earning capacity, if any, industrial conditions, its cost, physical and functional de-
preciation and obsolescence and replacement cost, and all other factors which would assist in determining the fair and reasonable market value of the property but the actual value shall not be determined by use of only one such factor. The following shall not be taken into consideration: Special value or use value of the property to its present owner, and the goodwill or value of a business which uses the property as distinguished from the value of the property as property. However, in assessing property that is rented or leased to low-income individuals and families as authorized by section 42 of the Internal Revenue Code, as amended, and which section limits the amount that the individual or family pays for the rental or lease of units in the property, the assessor shall, unless the owner elects to withdraw the property from the assessment procedures for section 42 property, use the productive and earning capacity from the actual rents received as a method of appraisal and shall take into account the extent to which that use and limitation reduces the market value of the property. The assessor shall not consider any tax credit equity or other subsidized financing as income provided to the property in determining the assessed value. The property owner shall notify the assessor when property is withdrawn from section 42 eligibility under the Internal Revenue Code or if the owner elects to withdraw the property from the assessment procedures for section 42 property under this subsection. The property shall not be subject to section 42 assessment procedures for the assessment year for which section 42 eligibility is withdrawn or an election is made. This notification must be provided to the assessor no later than March 1 of the assessment year or the owner will be subject to a penalty of five hundred dollars for that assessment year. The penalty shall be collected at the same time and in the same manner as regular property taxes. An election to withdraw from the assessment procedures for section 42 property is irrevocable. Property that is withdrawn from the assessment procedures for section 42 property shall be classified and assessed as multiresidential property unless the property otherwise fails to meet the requirements of section 441.21, subsection 13. Upon adoption of uniform rules by the department of revenue or succeeding authority covering assessments and valuations of such properties, the valuation on such properties shall be determined in accordance with such rules and in accordance with forms and guidelines contained in the real property appraisal manual prepared by the department as updated from time to time for assessment purposes to assure uniformity, but such rules, forms, and guidelines shall not be inconsistent with or change the foregoing means of determining the actual, market, taxable and assessed values.

3. a. “Actual value”, “taxable value”, or “assessed value” as used in other sections of the Code in relation to assessment of property for taxation shall mean the valuations as determined by this section; however, other provisions of the Code providing special methods or formulas for assessing or valuing specified property shall remain in effect, but this section shall be applicable to the extent consistent with such provisions. The assessor and department of revenue shall disclose at the written request of the taxpayer all information in any formula or method used to determine the actual value of the taxpayer’s property.

b. The burden of proof shall be upon any complainant attacking such valuation as excessive, inadequate, inequitable, or capricious; however, in protest or appeal proceedings when the complainant offers competent evidence by at least two disinterested wit-
nesses that the market value of the property is less than the market value determined
by the assessor, the burden of proof thereafter shall be upon the officials or persons
seeking to uphold such valuation to be assessed.
4. For valuations established as of January 1, 1979, the percentage of actual value at
which agricultural and residential property shall be assessed shall be the quotient of the
dividend and divisor as defined in this section. The dividend for each class of property
shall be the dividend as determined for each class of property for valuations established
as of January 1, 1978, adjusted by the product obtained by multiplying the percentage
determined for that year by the amount of any additions or deletions to actual value,
excluding those resulting from the revaluation of existing properties, as reported by the
assessors on the abstracts of assessment for 1978, plus six percent of the amount so
determined. However, if the difference between the dividend so determined for either
class of property and the dividend for that class of property for valuations established
as of January 1, 1978, adjusted by the product obtained by multiplying the percentage
determined for that year by the amount of any additions or deletions to actual value,
excluding those resulting from the revaluation of existing properties, as reported by the
assessors on the abstracts of assessment for 1978, is less than six percent, the 1979
dividend for the other class of property shall be the dividend as determined for that
class of property for valuations established as of January 1, 1978, adjusted by the prod-
uct obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the
assessors on the abstracts of assessment for 1978, plus a percentage of the amount so determined which is equal to the percent-
age by which the dividend as determined for the other class of property for valuations
established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage
determined for that year by the amount of any additions or deletions to actual value,
excluding those resulting from the revaluation of existing properties, as reported by the
assessors on the abstracts of assessment for 1978, is increased in ar-
riving at the 1979 dividend for the other class of property. The divisor for each class of
property shall be the total actual value of all such property in the state in the preceding
year, as reported by the assessors on the abstracts of assessment submitted for 1978,
plus the amount of value added to said total actual value by the revaluation of existing
properties in 1979 as equalized by the director of revenue pursuant to section 441.49.
The director shall utilize information reported on abstracts of assessment submitted
pursuant to section 441.45 in determining such percentage. For valuations established
as of January 1, 1980, and each assessment year thereafter beginning before Janu-
ary 1, 2013, the percentage of actual value as equalized by the director of revenue as
provided in section 441.49 at which agricultural and residential property shall be as-
essed shall be calculated in accordance with the methods provided in this subsection,
including the limitation of increases in agricultural and residential assessed values to the
percentage increase of the other class of property if the other class increases less than
the allowable limit adjusted to include the applicable and current values as equalized by
the director of revenue, except that any references to six percent in this subsection shall
be four percent. For valuations established as of January 1, 2013, and each assessment
year thereafter, the percentage of actual value as equalized by the director of revenue
as provided in section 441.49 at which agricultural and residential property shall be assessed shall be calculated in accordance with the methods provided in this subsection, including the limitation of increases in agricultural and residential assessed values to the percentage increase of the other class of property if the other class increases less than the allowable limit adjusted to include the applicable and current values as equalized by the director of revenue, except that any references to six percent in this subsection shall be three percent.

5. a. For valuations established as of January 1, 1979, property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be considered as one class of property and shall be assessed as a percentage of its actual value. The percentage shall be determined by the director of revenue in accordance with the provisions of this section. For valuations established as of January 1, 1979, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend shall be the total actual valuation established for 1978 by the department of revenue, plus ten percent of the amount so determined. The divisor for property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be the valuation established for 1978, plus the amount of value added to the total actual value by the revaluation of the property by the department of revenue as of January 1, 1979.

For valuations established as of January 1, 1980, property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be assessed at a percentage of its actual value. The percentage shall be determined by the director of revenue in accordance with the provisions of this section. For valuations established as of January 1, 1980, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend shall be the total actual valuation established for 1979 by the department of revenue, plus eight percent of the amount so determined. The divisor for property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be the valuation established for 1979, plus the amount of value added to the total actual value by the revaluation of the property by the department of revenue as of January 1, 1980. For valuations established as of January 1, 1981, and each year thereafter, the percentage of actual value at which property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be assessed shall be calculated in accordance with the methods provided herein, except that any references to ten percent in this subsection shall be eight percent. For valuations established on or after January 1, 2013, commercial property valued by the department of revenue pursuant to chapter 434 shall be assessed at a percentage of its actual value equal to the percentage of actual value at which property assessed as commercial property is assessed under paragraph “b” for the same assessment year.

b. For valuations established on or after January 1, 2013, commercial property, excluding properties referred to in section 427A.1, subsection 8, shall be assessed at a percentage of its actual value, as determined in this paragraph “b”. For valuations established for the assessment year beginning January 1, 2013, the percentage of actual value as equalized by the director of revenue as provided in section 441.49 at which commercial property shall be assessed shall be ninety-five percent. For valuations established for the assessment year beginning January 1, 2014, and each assessment year thereafter, the percentage of actual value as equalized by the director of revenue
as provided in section 441.49 at which commercial property shall be assessed shall be ninety percent.

c. For valuations established on or after January 1, 2013, industrial property, excluding properties referred to in section 427A.1, subsection 8, shall be assessed at a percentage of its actual value, as determined in this paragraph "c". For valuations established for the assessment year beginning January 1, 2013, the percentage of actual value as equalized by the director of revenue as provided in section 441.49 at which industrial property shall be assessed shall be ninety-five percent. For valuations established for the assessment year beginning January 1, 2014, and each assessment year thereafter, the percentage of actual value as equalized by the director of revenue as provided in section 441.49 at which industrial property shall be assessed shall be ninety percent.

6. Beginning with valuations established as of January 1, 1978, the assessors shall report the aggregate taxable values and the number of dwellings located on agricultural land and the aggregate taxable value of all other structures on agricultural land. Beginning with valuations established as of January 1, 1981, the agricultural dwellings located on agricultural land shall be valued at their market value as defined in this section and agricultural dwellings shall be valued as rural residential property and shall be assessed at the same percentage of actual value as is all other residential property.

7. For the purpose of computing the debt limitations for municipalities, political subdivisions and school districts, the term “actual value” means the “actual value” as determined by subsections 1 to 3 of this section without application of any percentage reduction and entered opposite each item, and as listed on the tax list as provided in section 443.2 as “actual value”. Whenever any board of review or other tribunal changes the assessed value of property, all applicable records of assessment shall be adjusted to reflect such change in both assessed value and actual value of such property.

8. a. Any normal and necessary repairs to a building, not amounting to structural replacements or modification, shall not increase the taxable value of the building. This paragraph applies only to repairs of two thousand five hundred dollars or less per building per year.

b. Notwithstanding paragraph “a”, any construction or installation of a solar energy system on property classified as agricultural, residential, commercial, multi-residential, or industrial property shall not increase the actual, assessed, and taxable values of the property for five full assessment years.

c. As used in this subsection, “solar energy system” means either of the following:
   (1) A system of equipment capable of collecting and converting incident solar radiation or wind energy into thermal, mechanical or electrical energy and transforming these forms of energy by a separate apparatus to storage or to a point of use which is constructed or installed after January 1, 1978.
   (2) A system that uses the basic design of the building to maximize solar heat gain during the cold season and to minimize solar heat gain in the hot season and that uses natural means to collect, store, and distribute solar energy which is constructed or installed after January 1, 1981.

d. In assessing and valuing the property for tax purposes, the assessor shall disregard any market value added by a solar energy system to a building. The director of revenue shall adopt rules, after consultation with the economic development authority, specify-
ing the types of equipment and structural components to be included under the guidelines provided in this subsection.

9. Not later than November 1, 1979, and November 1 of each subsequent year, the director shall certify to the county auditor of each county the percentages of actual value at which residential property, agricultural property, commercial property, industrial property, multiresidential property, property valued by the department of revenue pursuant to chapter 434, and property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 in each assessing jurisdiction in the county shall be assessed for taxation. The county auditor shall proceed to determine the assessed values of agricultural property, residential property, commercial property, industrial property, multiresidential property, property valued by the department of revenue pursuant to chapter 434, and property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 by applying such percentages to the current actual value of such property, as reported to the county auditor by the assessor, and the assessed values so determined shall be the taxable values of such properties upon which the levy shall be made.

10. The percentage of actual value computed by the director for agricultural property, residential property, commercial property, industrial property, multiresidential property, property valued by the department of revenue pursuant to chapter 434, and property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 and used to determine assessed values of those classes of property does not constitute a rule as defined in section 17A.2, subsection 11.

11. Beginning with valuations established on or after January 1, 1995, as used in this section, “residential property” includes all land and buildings of multiple housing cooperatives organized under chapter 499A and includes land and buildings used primarily for human habitation which land and buildings are owned and operated by organizations that have received tax-exempt status under section 501(c)(3) of the Internal Revenue Code and rental income from the property is not taxed as unrelated business income under section 422.33, subsection 1A.

12. As used in this section, unless the context otherwise requires, “agricultural property” includes all of the following:
   a. Beginning with valuations established on or after January 1, 2002, the real estate of a vineyard and buildings used in connection with the vineyard, including any building used for processing wine if such building is located on the same parcel as the vineyard.
   b. Beginning with valuations established on or after January 1, 2013, real estate used directly in the cultivation and production of algae for harvesting as a crop for animal feed, food, nutritionals, or biofuel production. The real estate must be an enclosed pond or land containing a photobioreactor.

13. a. Beginning with valuations established on or after January 1, 2015, mobile home parks, manufactured home communities, land-leased communities, assisted living facilities, property primarily used or intended for human habitation containing three or more separate dwelling units, and that portion of a building that is used or intended for human habitation and a proportionate share of the land upon which the building is situated, regardless of the number of dwelling units located in the building, if the use for human habitation is not the primary use of the building and such building is not otherwise classified as residential property, shall be valued as a separate class of prop-
b. For valuations established for the assessment year beginning January 1, 2015, the percentage of actual value as equalized by the director of revenue as provided in section 441.49 at which multiresidential property shall be assessed shall be the greater of eighty-six and twenty-five hundredths percent or the percentage of actual value determined by the director of revenue at which property assessed as residential property is assessed for the same assessment year under subsection 4. For valuations established for the assessment year beginning January 1, 2016, the percentage of actual value as equalized by the director of revenue as provided in section 441.49 at which multiresidential property shall be assessed shall be the greater of eighty-two and five-tenths percent or the percentage of actual value determined by the director of revenue at which property assessed as residential property is assessed for the same assessment year under subsection 4. For valuations established for the assessment year beginning January 1, 2017, the percentage of actual value as equalized by the director of revenue as provided in section 441.49 at which multiresidential property shall be assessed shall be the greater of seventy-eight and seventy-five hundredths percent or the percentage of actual value determined by the director of revenue at which property assessed as residential property is assessed for the same assessment year under subsection 4. For valuations established for the assessment year beginning January 1, 2018, the percentage of actual value as equalized by the director of revenue as provided in section 441.49 at which multiresidential property shall be assessed shall be the greater of seventy-five percent or the percentage of actual value determined by the director of revenue at which property assessed as residential property is assessed for the same assessment year under subsection 4. For valuations established for the assessment year beginning January 1, 2019, the percentage of actual value as equalized by the director of revenue as provided in section 441.49 at which multiresidential property shall be assessed shall be the greater of seventy-one and twenty-five hundredths percent or the percentage of actual value determined by the director of revenue at which property assessed as residential property is assessed for the same assessment year under subsection 4. For valuations established for the assessment year beginning January 1, 2020, the percentage of actual value as equalized by the director of revenue as provided in section 441.49 at which multiresidential property shall be assessed shall be the greater of sixty-seven and five-tenths percent or the percentage of actual value determined by the director of revenue at which property assessed as residential property is assessed for the same assessment year under subsection 4. For valuations established for the assessment year beginning January 1, 2021, the percentage of actual value as equalized by the director of revenue as provided in section 441.49 at which multiresidential property shall be assessed shall be the greater of sixty-three and seventy-five hundredths percent or the percentage of actual value determined by the director of revenue at which property assessed as residential property is assessed for the same assessment year under subsection 4. For valuations established for the assessment year beginning January 1, 2022, and each assessment year thereafter, the percentage of actual value as equalized by the director of revenue as provided in section 441.49 at which multiresidential property shall be
assessed shall be equal to the percentage of actual value determined by the director of revenue at which property assessed as residential property is assessed under subsection 4 for the same assessment year.

c. Accordingly, for parcels that, in part, satisfy the requirements for classification as multiresidential property, the assessor shall assign to that portion of the parcel the classification of multiresidential property and to such other portions of the parcel the property classification for which such other portions qualify.

d. Property that is rented or leased to low-income individuals and families as authorized by section 42 of the Internal Revenue Code, and that has not been withdrawn from section 42 assessment procedures under subsection 2 of this section, or a hotel, motel, inn, or other building where rooms or dwelling units are usually rented for less than one month shall not be classified as multiresidential property under this subsection.

e. As used in this subsection:
(1) “Assisted living facility” means property for providing assisted living as defined in section 231C.2. “Assisted living facility” also includes a health care facility, as defined in section 135C.1, an elder group home, as defined in section 231B.1, a child foster care facility under chapter 237, or property used for a hospice program as defined in section 135J.1.
(2) “Dwelling unit” means an apartment, group of rooms, or single room which is occupied as separate living quarters or, if vacant, is intended for occupancy as separate living quarters, in which a tenant can live and sleep separately from any other persons in the building.
(3) “Land-leased community” means the same as defined in sections 335.30A and 414.28A.
(4) “Manufactured home community” means the same as a land-leased community.
(5) “Mobile home park” means the same as defined in section 435.1.

441.21A Commercial and industrial property tax replacement — replacement claims.

1. a. For each fiscal year beginning on or after July 1, 2014, there is appropriated from the general fund of the state to the department of revenue an amount necessary for the payment of all commercial and industrial property tax replacement claims under this section for the fiscal year. However, for a fiscal year beginning on or after July 1, 2017, the total amount of moneys appropriated from the general fund of the state to the department of revenue for the payment of commercial and industrial property tax replacement claims in that fiscal year shall not exceed the total amount of money necessary to pay all commercial and industrial property tax replacement claims for the fiscal year beginning July 1, 2016.

b. Moneys appropriated by the general assembly to the department under this subsection for the payment of commercial and industrial property tax replacement claims are not subject to a uniform reduction in appropriations in accordance with section 8.31.

2. Beginning with the fiscal year beginning July 1, 2014, each county treasurer shall be paid by the department of revenue an amount equal to the amount of the commercial and industrial property tax replacement claims in the county, as calculated in subsection 4. If an amount appropriated for a fiscal year is insufficient to pay all replacement claims, the director of revenue shall prorate the payment of replacement claims to the
county treasurers and shall notify the county auditors of the pro rata percentage on or before September 30.

3. On or before July 1 of each fiscal year beginning on or after July 1, 2014, the assessor shall report to the county auditor the total actual value of all commercial property and industrial property in the county that is subject to assessment and taxation for the assessment year used to calculate the taxes due and payable in that fiscal year.

4. On or before a date established by rule of the department of revenue of each fiscal year beginning on or after July 1, 2014, the county auditor shall prepare a statement, based upon the report received pursuant to subsection 3, listing for each taxing district in the county:
   a. The difference between the assessed valuation of all commercial property and industrial property for the assessment year used to calculate taxes which are due and payable in the applicable fiscal year and the actual value of all commercial property and industrial property that is subject to assessment and taxation for the same assessment year. If the difference between the assessed value of all commercial property and industrial property and the actual valuation of all commercial property and industrial property is zero, there is no tax replacement for that taxing district for the fiscal year.
   b. The tax levy rate per one thousand dollars of assessed value for each taxing district for that fiscal year.
   c. The commercial and industrial property tax replacement claim for each taxing district. The replacement claim is equal to the amount determined pursuant to paragraph “a”, multiplied by the tax rate specified in paragraph “b”, and then divided by one thousand dollars.

5. For purposes of computing replacement amounts under this section, that portion of an urban renewal area defined as the sum of the assessed valuations defined in section 403.19, subsections 1 and 2, shall be considered a taxing district.

6. a. The county auditor shall certify and forward one copy of the statement to the department of revenue not later than a date of each year established by the department of revenue by rule.
   b. The replacement claims shall be paid to each county treasurer in equal installments in September and March of each year. The county treasurer shall apportion the replacement claim payments among the eligible taxing districts in the county.
   c. If the taxing district is an urban renewal area, the amount of the replacement claim shall be apportioned and credited to those portions of the assessed value defined in section 403.19, subsections 1 and 2, as follows:
      (1) To that portion defined in section 403.19, subsection 1, an amount of the replacement claim that is proportionate to the amount of actual value of the commercial and industrial property in the urban renewal area as determined in section 403.19, subsection 1, that was subtracted pursuant to section 403.20, as it bears to the total amount of actual value of the commercial and industrial property in the urban renewal area that was subtracted pursuant to section 403.20 for the assessment year for property taxes due and payable in the fiscal year for which the replacement claim is computed.
      (2) To that portion defined in section 403.19, subsection 2, the remaining amount, if any. d. Notwithstanding the allocation provisions of paragraph “c”, the amount of the tax replacement amount that shall be allocated to that portion of the assessed value de-
fined in section 403.19, subsection 2, shall not exceed the amount equal to the amount certified to the county auditor under section 403.19 for the fiscal year in which the claim is paid, after deduction of the amount of other revenues committed for payment on that amount for the fiscal year. The amount not allocated to that portion of the assessed value defined in section 403.19, subsection 2, as a result of the operation of this paragraph, shall be allocated to that portion of assessed value defined in section 403.19, subsection 1.

e. The amount of the replacement claim amount credited to the portion of the assessed value defined in section 403.19, subsection 1, shall be allocated to and when received be paid into the fund for the respective taxing district as taxes by or for the taxing district into which all other property taxes are paid. The amount of the replacement claim amount credited to the portion of the assessed value defined in section 403.19, subsection 2, shall be allocated to and when collected be paid into the special fund of the municipality under section 403.19, subsection 2. 2013 Acts, ch 123, §20, 22, 23 Referred to in §257.3, §331.512, §331.559 Section takes effect June 12, 2013, and applies retroactively to January 1, 2013, for assessment years beginning on or after that date; 2013 Acts, ch 123, §22, 23

441.22 Forest and fruit-tree reservations.
Forest and fruit-tree reservations fulfilling the conditions of sections 427C.1 to 427C.13 shall be exempt from taxation. In all other cases where trees are planted upon any tract of land, without regard to area, for forest, fruit, shade, or ornamental purposes, or for windbreaks, the assessor shall not increase the valuation of the property because of such improvements.

441.23 Notice of valuation.
If there has been an increase or decrease in the valuation of the property, or upon the written request of the person assessed, the assessor shall, at the time of making the assessment, inform the person assessed, in writing, of the valuation put upon the taxpayer’s property, and notify the person, that if the person feels aggrieved, to contact the assessor pursuant to section 441.30 or to appear before the board of review and show why the assessment should be changed. However, if the valuation of a class of property is uniformly decreased, the assessor may notify the affected property owners by publication in the official newspapers of the county. The owners of real property shall be notified not later than April 1 of any adjustment of the real property assessment.

441.24 Refusal to furnish statement.
1. If a person refuses to furnish the verified statements required in connection with the assessment of property by the assessor, or to list the corporation’s or person’s property, the director of revenue, or assessor, as the case may be, shall proceed to list and assess the property according to the best information obtainable, and shall add to the taxable valuation one hundred percent thereof, which valuation and penalty shall be separately shown, and shall constitute the assessment; and if the valuation of the property is changed by a board of review, or on appeal from a board of review, a like penalty shall be added to the valuation thus fixed.

2. However, all or part of the penalty imposed under this section may be waived by the board of review upon application to the board by the assessor or the property owner. The waiver or reduction in the penalty shall be allowed only on the valuation of real property against which the penalty has been imposed.
441.25 False statement.
Any person making any verified statement or return, or taking any oath required by this title, who knowingly makes a false statement therein, shall be guilty of perjury.

441.26 Assessment rolls and books.
1. The director of revenue shall each year prescribe the form of assessment roll to be used by all assessors in assessing property, in this state, also the form of pages of the assessor’s assessment book. The assessment rolls shall be in a form that will permit entering, separately, the names of all persons assessed, and shall also contain a notice in substantially the following form: If you are not satisfied that the foregoing assessment is correct, you may contact the assessor on or after April 1, to and including May 4, of the year of the assessment to request an informal review of the assessment pursuant to section 441.30. If you are not satisfied that the foregoing assessment is correct, you may file a protest against such assessment with the board of review on or after April 7, to and including May 5, of the year of the assessment, such protest to be confined to the grounds specified in section 441.37. Dated: ........ day of ........... (month), ........ (year) ............................................ County/City Assessor.
2. The notice in 1981 and each odd-numbered year thereafter shall contain a statement that the assessments are subject to equalization pursuant to an order issued by the director of revenue, that the county auditor shall give notice on or before October 15 by publication in an official newspaper of general circulation to any class of property affected by the equalization order, and that the board of review shall be in session from October 15 to November 15 to hear protests of affected property owners or taxpayers whose valuations have been adjusted by the equalization order.
3. The assessment rolls shall be used in listing the property and showing the values affixed to the property of all persons assessed. The rolls shall be made in duplicate. The duplicate roll shall be signed by the assessor, detached from the original and delivered to the person assessed if there has been an increase or decrease in the valuation of the property. If there has been no change in the valuation, the information on the roll may be printed on computer stock paper and preserved as required by this chapter. If the person assessed requests in writing a copy of the roll, the copy shall be provided to the person. The pages of the assessor’s assessment book shall contain columns ruled and headed for the information required by this chapter and that which the director of revenue deems essential in the equalization work of the director. The assessor shall return all assessment rolls and schedules to the county auditor, along with the completed assessment book, as provided in this chapter, and the county auditor shall carefully keep and preserve the rolls, schedules, and book for a period of five years from the time of its filing in the county auditor’s office.
4. Beginning with valuations for January 1, 1977, and each succeeding year, for each parcel of property entered in the assessment book, the assessor shall list the classification of the property.

441.27 Uniform assessment rolls.
The director of revenue shall from time to time prepare and certify to each assessor such instructions as to a uniform method of making up the assessment rolls as the director of revenue thinks necessary to secure a compliance with the law and uniform returns, which shall be printed upon each assessment roll, and also prepare instructions...
for the same purpose as to making up the assessment book, which shall be printed therein.

441.28 Assessment rolls — change — notice to taxpayer.
The assessment shall be completed not later than April 1 each year. If the assessor makes any change in an assessment after it has been entered on the assessor’s rolls, the assessor shall note on the roll, together with the original assessment, the new assessment and the reason for the change, together with the assessor’s signature and the date of the change. Provided, however, in the event the assessor increases any assessment the assessor shall give notice of the increase in writing to the taxpayer by mail postmarked no later than April 1. No changes shall be made on the assessment rolls after April 1 except by order of the board of review or of the property assessment appeal board, or by decree of court.

441.29 Plat book — index system.
The county auditor shall furnish to each assessor a plat book on which shall be platted the lands and lots in the assessor’s assessment district, showing on each subdivision or part thereof, written in ink or pencil, the name of the owner, the number of acres, or the boundary lines and distances in each, and showing as to each tract the number of acres to be deducted for railway right-of-way and for roads and for rights-of-way for public levees and open public drainage improvements. The auditor, or the auditor’s designee, of any county shall establish a permanent real estate index number system with related tax maps for all real estate tax administration purposes, including the assessment, levy, and collection of such taxes. Wherever in real property tax administration the legal description of tax parcels is required, such permanent number system shall be adopted in addition thereto. The permanent real estate index numbers shall begin with the two-digit county number and be a unique identifying number for each parcel within the county. These numbers shall follow the property, not the owner, and can be an alphanumeric system. In the event of a division of an existing parcel, the original permanent parcel index number shall be retired and new numbers assigned. The auditor shall prepare and maintain permanent real estate index number tax maps, which shall carry such numbers. The auditor shall prepare and maintain cross indexes of the numbers assigned under this system, with legal descriptions of the real estate to which such numbers relate. Indexes and tax maps established as provided herein shall be open to public inspection.

441.30 Informal assessment review period — recommendation.
1. Any property owner or aggrieved taxpayer who is dissatisfied with the owner’s or taxpayer’s assessment may contact the assessor by telephone or in writing by paper or electronic medium on or after April 1, to and including May 4, of the year of the assessment to inquire about the specifics and accuracy of the assessment. Such an inquiry may also include a request for an informal review of the assessment by the assessor under one or more of the grounds for protest authorized under section 441.37 for the same assessment year.
2. In response to an inquiry under subsection 1, if the assessor, following an informal review, determines that the assessment was incorrect under one or more of the grounds for protest authorized under section 441.37 for the same assessment year, the assessor may recommend that the property owner or aggrieved taxpayer file a protest
with the local board of review and may file a recommendation with the local board of review related to the informal review.

3. A recommendation filed with the local board of review by the assessor pursuant to subsection 2 shall be utilized by the local board of review in the evaluation of all evidence properly before the local board of review.

4. This section, including any action taken by the assessor under this section, shall not be construed to limit a property owner or taxpayer's ability to file a protest with the local board of review under section 441.37.

441.31 Board of review.

1. The chairperson of the conference board shall call a meeting by written notice to all of the members of the board for the purpose of appointing a board of review for all assessments made by the assessor. The board of review may consist of either three members or five members. As nearly as possible this board shall include one licensed real estate broker and one registered architect or person experienced in the building and construction field. In the case of a county, at least one member of the board shall be a farmer. Not more than two members of the board of review shall be of the same profession or occupation and members of the board of review shall be residents of the assessor jurisdiction. The terms of the members of the board of review shall be for six years, beginning with January 1 of the year following their selection. In boards of review having three members the term of one member of the first board to be appointed shall be for two years, one member for four years and one member for six years. In the case of boards of review having five members, the term of one member of the first board to be appointed shall be for one year, one member for two years, one member for three years, one member for four years and one member for six years.

2. a. However, notwithstanding the board of review appointed by the county conference board pursuant to subsection 1, a city council of a city having a population of seventy-five thousand or more which is a member of a county conference board may provide, by ordinance, for a city board of review to hear appeals of property assessments by residents of that city. The members of the city board of review shall be appointed by the city council. The city shall pay the expenses incurred by the city board of review. However, if the city has a population of more than one hundred twenty-five thousand, the expenses incurred by the city board of review shall be paid by the county. All of the provisions of this chapter relating to the boards of review shall apply to a city board of review appointed pursuant to this subsection.

b. If a city having a population of more than one hundred twenty-five thousand abolishes its office of city assessor, the city may provide, by ordinance, for a city board of review or request the county conference board to appoint a ten-member county board of review. The initial ten-member county board of review established pursuant to this paragraph shall consist of the members of the city board of review and the county board of review who are serving unexpired terms of office. The members of the initial ten-member county board of review may continue to serve their unexpired terms of office and are eligible for reappointment for a six-year term. The ten-member county board of review created pursuant to this paragraph is in lieu of the boards of review provided for in subsection 1, but the professional and occupational qualifications of members shall apply. 3. Notwithstanding the requirements of subsection 1, the confer-
ence board or a city council which has appointed a board of review may increase the membership of the board of review by an additional two members if it determines that as a result of the large number of protests filed or estimated to be filed the board of review will be unable to timely resolve the protests with the existing number of members. If the board of review has ten members, not more than four additional members may be appointed by the conference board. The additional emergency members shall be appointed for a term set by the conference board or the city council but not for longer than two years. The conference board or the city council may extend the terms of the emergency members if it makes a similar determination as required for the initial appointment.

441.32 Terms — vacancies.
The terms of the members of the board of review are for six years each except for the emergency members whose terms shall be set by the conference board for a period not to exceed two years. Members of this board may be removed by the conference board but only after a public hearing upon specified charges, if a hearing is requested by the member. A subsequent appointment, and an appointment to fill a vacancy, shall be made in the same way as the original selection. The board may subpoena witnesses and administer oaths.

441.33 Sessions of board of review.
The board of review shall be in session from May 1 through the period of time necessary to act on all protests filed under section 441.37 but not later than May 31 each year and for an additional period as required under section 441.37 and shall hold as many meetings as are necessary to discharge its duties. On or before May 31 in those years in which a session has not been extended as required under section 441.37, the board shall return all books, records and papers to the assessor except undisposed of protests and records pertaining to those protests. If it has not completed its work by May 31, in those years in which the session has not been extended under section 441.37, the director of revenue may authorize the board of review to continue in session for a period necessary to complete its work, but the director of revenue shall not approve a continuance extending beyond July 15. On or before May 31 or on the final day of any extended session required under section 441.37 or authorized by the director of revenue, the board of review shall adjourn until May 1 of the following year. It shall adopt its own rules of procedure, elect its own chairperson from its membership, and keep minutes of its meetings. The board shall appoint a clerk who may be a member of the board or any other qualified person, except the assessor or any member of the assessor's staff. It may be reconvened by the director of revenue. All undisposed protests in its hands on July 15 shall be automatically overruled and returned to the assessor together with its other records. Within fifteen days following the adjournment of any regular or special session, the board of review shall submit to the director of revenue, on forms prescribed by the director, a report of any actions taken during that session.

441.34 Quarters — hours — expenses.
The board of review of assessments shall hold meetings in quarters provided by the board of supervisors. Said board shall be in session such hours each day and shall devote such time to its duties as may be necessary to the discharge of its duties and to accomplish substantial justice. The expenses of the board shall be included in the asses-
sor’s annual budget as provided hereafter.

**441.35 Powers of review board.**

1. The board of review shall have the power:
   a. To equalize assessments by raising or lowering the individual assessments of real property, including new buildings, made by the assessor.
   b. To add to the assessment rolls any taxable property which has been omitted by the assessor.
   c. To add to the assessment rolls for taxation property which the board believes has been erroneously exempted from taxation. Revocation of a property tax exemption shall commence with the assessment for the current assessment year, and shall not be applied to prior assessment years.

2. In any year after the year in which an assessment has been made of all of the real estate in any taxing district, the board of review shall meet as provided in section 441.33, and where the board finds the same has changed in value, the board shall revalue and reassess any part or all of the real estate contained in such taxing district, and in such case, the board shall determine the actual value as of January 1 of the year of the revaluation and reassessment and compute the taxable value thereof. If the assessment of any such property is raised, or any property is added to the tax list by the board, the clerk shall give notice in the manner provided in section 441.36. However, if the assessment of all property in any taxing district is raised, the board may instruct the clerk to give immediate notice by one publication in one of the official newspapers located in the taxing district, and such published notice shall take the place of the mailed notice provided for in section 441.36, but all other provisions of that section shall apply. The decision of the board as to the foregoing matters shall be subject to appeal to the property assessment appeal board within the same time and in the same manner as provided in section 441.37A and to the district court within the same time and in the same manner as provided in section 441.38.

**441.36 Change of assessment — notice.**

All changes in assessments authorized by the board of review, and reasons therefor, shall be entered in the minute book kept by said board and on the assessment roll. Said minute book shall be filed with the assessor after the adjournment of the board of review and shall at all times be open to public inspection. In case the value of any specific property or the entire assessment of any person, partnership, or association is increased, or new property is added by the board, the clerk shall give immediate notice thereof by mail to each at the post office address shown on the assessment rolls, and at the conclusion of the action of the board therein the clerk shall post an alphabetical list of those whose assessments are thus raised and added, in a conspicuous place in the office or place of meeting of the board, and enter upon the records a statement that such posting has been made, which entry shall be conclusive evidence of the giving of the notice required. The board shall hold an adjourned meeting, with at least five days intervening after the posting of said notices, before final action with reference to the raising of assessments or the adding of property to the rolls is taken, and the posted notices shall state the time and place of holding such adjourned meeting, which time and place shall also be stated in the proceedings of the board.

**441.37 Protest of assessment — grounds.**
1. a. Any property owner or aggrieved taxpayer who is dissatisfied with the owner’s or taxpayer’s assessment may file a protest against such assessment with the board of review on or after April 7, to and including May 5, of the year of the assessment. In any county which has been declared to be a disaster area by proper federal authorities after March 1 and prior to May 20 of said year of assessment, the board of review shall be authorized to remain in session until June 15 and the time for filing a protest shall be extended to and include the period from May 25 to June 5 of such year. The protest shall be in writing and, except as provided in subsection 3, signed by the one protesting or by the protester’s duly authorized agent. The taxpayer may have an oral hearing on the protest if the request for the oral hearing is made in writing at the time of filing the protest. The protest must be confined to one or more of the following grounds:

(1) For odd-numbered assessment years and for even-numbered assessment years for property that was reassessed in such even-numbered assessment year:
(a) That said assessment is not equitable as compared with assessments of other like property in the taxing district. When this ground is relied upon as the basis of a protest the legal description and assessments of a representative number of comparable properties, as described by the aggrieved taxpayer shall be listed on the protest, otherwise said protest shall not be considered on this ground.
(b) That the property is assessed for more than the value authorized by law. When this ground is relied upon, the protesting party shall state the specific amount which the protesting party believes the property to be overassessed, and the amount which the party considers to be its actual value and fair assessment.
(c) That the property is not assessable, is exempt from taxes, or is misclassified and stating the reasons for the protest.
(d) That there is an error in the assessment and state the specific alleged error. When this ground is relied upon, the error may include but is not limited to listing errors, clerical or mathematical errors, or other errors that result in an error in the assessment.
(e) That there is fraud in the assessment which shall be specifically stated.

(2) For even-numbered assessment years, when the property has not been reassessed in such even-numbered assessment year, that there has been a decrease in the value of the property from the previous reassessment year. When this ground is relied upon, the protesting party shall show the decrease in value by comparing the market value of the property as of January 1 of the current assessment year and the actual value of the property for the previous reassessment year. Such protest shall be in the same manner as described in this section and shall be reviewed by the local board of review pursuant to section 441.35, subsection 2, but a reduction or increase shall not be made for prior years.

b. The burden of proof for all protests filed under this section shall be as stated in section 441.21, subsection 3.

c. The property owner or aggrieved taxpayer may combine on one form protests of assessment on parcels separately assessed if the same grounds are relied upon as the basis for protesting each separate assessment. If an oral hearing is requested on more than one of such protests, the person making the combined protests may request that the oral hearings be held consecutively.

2. a. A property owner or aggrieved taxpayer who finds that a clerical or mathematical
error has been made in the assessment of the owner’s or taxpayer’s property may file a protest against that assessment in the same manner as provided in this section, except that the protest may be filed for previous years. The board may correct clerical or mathematical errors for any assessment year in which the taxes have not been fully paid or otherwise legally discharged.

b. Upon the determination of the board that a clerical or mathematical error has been made the board shall take appropriate action to correct the error and notify the county auditor of the change in the assessment as a result of the error and the county auditor shall make the correction in the assessment and the tax list in the same manner as provided in section 443.6.

c. The board shall not correct an error resulting from a property owner’s or taxpayer’s inaccuracy in reporting or failure to comply with section 441.19.

3. For assessment years beginning on or after January 1, 2014, the board of review may allow property owners or aggrieved taxpayers who are dissatisfied with the owner’s or taxpayer’s assessment to file a protest against such assessment by electronic means. Electronic filing of assessment protests may be authorized for the protest period that begins April 7, the protest period that begins October 15, or both. Except for the requirement that a protest be signed, all other requirements of this section for an assessment protest to the board of review shall apply to a protest filed electronically. If electronic filing is authorized by the local board of review, the availability of electronic filing shall be clearly indicated on the assessment roll notice provided to the property owner or taxpayer and included in the published equalization order notice.

4. After the board of review has considered any protest filed by a property owner or aggrieved taxpayer and made final disposition of the protest, the board shall give written notice to the property owner or aggrieved taxpayer who filed the protest of the action taken by the board of review on the protest. The written notice to the property owner or aggrieved taxpayer shall also specify the reasons for the action taken by the board of review on the protest. If protests of assessment on multiple parcels separately assessed were combined, the written notice shall state the action taken, and the reasons for the action, for each assessment protested.

441.37A Appeal of protest to property assessment appeal board.

1. a. For the assessment year beginning January 1, 2007, and all subsequent assessment years beginning before January 1, 2018, appeals may be taken from the action of the board of review with reference to protests of assessment, valuation, or application of an equalization order to the property assessment appeal board created in section 421.1A. However, a property owner or aggrieved taxpayer or an appellant described in section 441.42 may bypass the property assessment appeal board and appeal the decision of the local board of review to the district court pursuant to section 441.38.

b. For an appeal to the property assessment appeal board to be valid, written notice must be filed by the party appealing the decision with the secretary of the property assessment appeal board within twenty days after the date of adjournment of the local board of review or May 31, whichever is later. The written notice of appeal shall include a petition setting forth the basis of the appeal and the relief sought. No new grounds in addition to those set out in the protest to the local board of review as provided in section 441.37 can be pleaded, but additional evidence to sustain those grounds may be
introduced. The assessor shall have the same right to appeal to the assessment appeal board as an individual taxpayer, public body, or other public officer as provided in section 441.42. An appeal to the board is a contested case under chapter 17A.

c. Filing of the written notice of appeal and petition with the secretary of the property assessment appeal board shall preserve all rights of appeal of the appellant, except as otherwise provided in subsection 2. A copy of the appellant’s written notice of appeal and petition shall be mailed by the secretary of the property assessment appeal board to the local board of review whose decision is being appealed.

d. In all cases where a change in assessed valuation of one hundred thousand dollars or more is petitioned for, the local board of review shall mail a copy of the written notice of appeal and petition to all affected taxing districts as shown on the last available tax list.

e. The property assessment appeal board may, by rule, provide for the filing of a notice of appeal and petition with the secretary of the board by electronic means. All requirements of this section for an appeal to the board shall apply to an appeal filed electronically.

2. a. A party to the appeal may request a hearing or the appeal may proceed without a hearing. If a hearing is requested, the appellant and the local board of review from which the appeal is taken shall be given at least thirty days’ written notice by the property assessment appeal board of the date the appeal shall be heard and the local board of review may be present and participate at such hearing. Notice to all affected taxing districts shall be deemed to have been given when written notice is provided to the local board of review. The requirement of thirty days’ written notice may be waived by mutual agreement of all parties to the appeal. Failure by the appellant to appear at the property assessment appeal board hearing shall result in dismissal of the appeal unless a continuance is granted to the appellant by the board following a showing of good cause for the appellant’s failure to appear. If an appeal is dismissed for failure to appear, the property assessment appeal board shall have no jurisdiction to consider any subsequent appeal on the appellant’s protest.

b. Each appeal may be considered by one or more members of the board, and the chairperson of the board may assign members to consider appeals. If a hearing is requested, it shall be open to the public and shall be conducted in accordance with the rules of practice and procedure adopted by the board. The board may provide by rule for participation in such hearings by telephone or other means of electronic communication. However, any deliberation of the board or of board members considering the appeal in reaching a decision on any appeal shall be confidential. Any deliberation of the board or of board members to rule on procedural motions in a pending appeal or to deliberate on the decision to be reached in an appeal is exempt from the provisions of chapter 21. The property assessment appeal board or any member of the board considering the appeal may require the production of any books, records, papers, or documents as evidence in any matter pending before the board that may be material, relevant, or necessary for the making of a just decision. Any books, records, papers, or documents produced as evidence shall become part of the record of the appeal. Any testimony given relating to the appeal shall be transcribed and made a part of the record of the appeal.

3. a. The burden of proof for all appeals before the board shall be as stated in section
441.21, subsection 3. The board members considering the appeal shall determine anew all questions arising before the local board of review which relate to the liability of the property to assessment or the amount thereof. All of the evidence shall be considered and there shall be no presumption as to the correctness of the valuation of assessment appealed from. The property assessment appeal board shall issue a decision in each appeal filed with the board. If the appeal is considered by less than the full membership of the board, the determination made by such members shall be forwarded to the full board for approval, rejection, or modification. If the initial determination is rejected by the board, it shall be returned for reconsideration to the board members making the initial determination. Any deliberation of the board regarding an initial determination shall be confidential.

b. The decision of the board shall be considered the final agency action for purposes of further appeal, except as otherwise provided in section 441.49. The decision shall be final unless appealed to district court as provided in section 441.38. The levy of taxes on any assessment appealed to the board shall not be delayed by any proceeding before the board, and if the assessment appealed from is reduced by the decision of the board, any taxes levied upon that portion of the assessment reduced shall be abated or, if already paid, shall be refunded. If the subject of an appeal is the application of an equalization order, the property assessment appeal board shall not order a reduction in assessment greater than the amount that the assessment was increased due to application of the equalization order. Each party to the appeal shall be responsible for the costs of the appeal incurred by that party.

**441.38 Appeal to district court.**

1. Appeals may be taken from the action of the local board of review with reference to protests of assessment, to the district court of the county in which the board holds its sessions within twenty days after its adjournment or May 31, whichever date is later. Appeals may be taken from the action of the property assessment appeal board to the district court of the county where the property which is the subject of the appeal is located within twenty days after the letter of disposition of the appeal by the property assessment appeal board is postmarked to the appellant. No new grounds in addition to those set out in the protest to the local board of review as provided in section 441.37, or in addition to those set out in the appeal to the property assessment appeal board, if applicable, can be pleaded. Additional evidence to sustain those grounds may be introduced in an appeal from the local board of review to the district court. However, no new evidence to sustain those grounds may be introduced in an appeal from the property assessment appeal board to the district court. The assessor shall have the same right to appeal and in the same manner as an individual taxpayer, public body, or other public officer as provided in section 441.42. Appeals shall be taken by filing a written notice of appeal with the clerk of district court. Filing of the written notice of appeal shall preserve all rights of appeal of the appellant.

2. If the appeal to district court is taken from the action of the local board of review, notice of appeal shall be served as an original notice on the chairperson, presiding officer, or clerk of the board of review after the filing of notice under subsection 1 with the clerk of district court. If the appeal to district court is taken from the action of the property assessment appeal board, notice of appeal shall be served as an original notice on the
secretary of the property assessment appeal board after the filing of notice under subsection 1 with the clerk of district court.

441.38A Notice to school district.
In addition to any other requirement for providing of notice, if a property owner or aggrieved taxpayer files a protest against the assessment of property valued at five million dollars or more or files an appeal to the property assessment appeal board or the district court with regard to such property, the assessor shall provide notice to the school district in which such property is located within ten days of the filing of the protest or the appeal, as applicable.

441.38B Appeal to district court from property assessment appeal board.
A person or party who is aggrieved or adversely affected by a decision of the property assessment appeal board may seek judicial review of the decision as provided in chapter 17A and section 441.38. 2008 Acts, ch 1191, §77

441.39 Trial on appeal.
If the appeal is from a decision of the local board of review, the court shall hear the appeal in equity and determine anew all questions arising before the board which relate to the liability of the property to assessment or the amount thereof. The court shall consider all of the evidence and there shall be no presumption as to the correctness of the valuation or assessment appealed from. If the appeal is from a decision of the property assessment appeal board, the court's review shall be limited to the correction of errors at law. Its decision shall be certified by the clerk of the court to the county auditor, and the assessor, who shall correct the assessment books accordingly.

441.40 Costs, fees and expenses apportioned.
The clerk of the court shall likewise certify to the county treasurer the costs assessed by the court on any appeal from a board of review to the district court, in all cases where said costs are taxed against the board of review or any taxing body. Thereupon the county treasurer shall compute and apportion the said costs between the various taxing bodies participating in the proceeds of the collection of the taxes involved in any such appeal, and said treasurer shall so compute and apportion the various amounts which said taxing bodies are required to pay in proportion to the amount of taxes each of said taxing bodies is entitled to receive from the whole amount of taxes involved in each of such appeals. The said county treasurer shall deduct from the proceeds of all general taxes collected the amount of costs so computed and apportioned by the treasurer from the moneys due to each taxing body from general taxes collected. The amount so deducted shall be certified to each taxing body in lieu of moneys collected. Said county treasurer shall pay to the clerk of the district court the amount of said costs so computed, apportioned and collected by the treasurer in all cases now on file or hereafter filed in which said costs have not been paid.

441.41 Legal counsel.
In the case of cities having an assessor, the city legal department shall represent the assessor and board of review in all litigation dealing with assessments. In the case of counties, the county attorney shall represent the assessor and board of review in all litigation dealing with assessments. Any taxing body interested in the taxes received from such assessments may be represented by an attorney and shall be required to appear by attorney upon written request of the assessor to the presiding officer of any such
taxing body. The conference board may employ special counsel to assist the city legal department or county attorney as the case may be.

**441.42 Appeal on behalf of public.**
Any officer of a county, city, township, drainage district, levee district, or school district interested or a taxpayer thereof may in like manner make complaint before said board of review in respect to the assessment of any property in the township, drainage district, levee district or city and an appeal from the action of the board of review in fixing the amount of assessment on any property concerning which such complaint is made, may be taken by any of such aforementioned officers. Such appeal is in addition to the appeal allowed to the person whose property is assessed and shall be taken in the name of the county, city, township, drainage district, levee district, or school district interested, and tried in the same manner, except that the notice of appeal shall also be served upon the owner of the property concerning which the complaint is made and affected thereby or person required to return said property for assessment.

**441.43 Power of court.**
Upon trial of any appeal from the action of the board of review or of the property assessment appeal board fixing the amount of assessment upon any property concerning which complaint is made, the court may increase, decrease, or affirm the amount of the assessment appealed from.

**441.44 Notice of voluntary settlement.**
No voluntary court settlement of an assessment appeal shall be valid unless written notice thereof shall first be served upon each of the taxing bodies interested in the taxes derived from such assessment.

**441.45 Abstract to state department of revenue.**
1. The county assessor of each county and each city assessor shall, on or before July 1 of each year, make out and transmit to the department of revenue an abstract of the real property in the assessor’s county or city, as the case may be, and file a copy of the abstract with the county auditor, in which the assessor shall set forth:
   a. The number of acres of land and the aggregate taxable values of the land, exclusive of city lots, returned by the assessors, as corrected by the board of review.
   b. The aggregate taxable values of real estate by class in each township and city in the county, returned as corrected by the board of review.
   c. Other facts required by the director of revenue.
2. If a board of review continues in session beyond June 1, under sections 441.33 and 441.37, the abstract of the real property shall be made out and transmitted to the department of revenue within fifteen days after the date of final adjournment by the board.

**441.46 Assessment date.**
The assessment date of January 1 is the first date of an assessment year period which constitutes a calendar year commencing January 1 and ending December 31. All property tax statutes providing for tax exemptions or credits and requiring that a claim be filed, shall be construed to require the claims to be filed by July 1 of the assessment year. If no claim is required to be filed to procure an exemption or credit, the status of the property as exempt or taxable on July 1 of the fiscal year which commences during the assessment year determines its eligibility for exemption or credit. Any statute requiring
proration of property taxes for any purpose shall be for the fiscal year, and the proration shall be based on the status of the property during the fiscal year. The assessment date is January 1 for taxes for the fiscal year which commences six months after the assessment date and which become delinquent during the fiscal year commencing eighteen months after the assessment date.

441.47 Adjusted valuations.
The director of revenue on or about August 15, 1977, and every two years thereafter shall order the equalization of the levels of assessment of each class of property in the several assessing jurisdictions by adding to or deducting from the valuation of each class of property such percentage in each case as may be necessary to bring the same to its taxable value as fixed in this chapter and chapters 427 to 443. The director shall adjust to actual value the valuation of any class of property as set out in the abstract of assessment when the valuation is at least five percent above or below actual value as determined by the director. For purposes of such value adjustments and before such equalization the director shall adopt, in the manner prescribed by chapter 17A, such rules as may be necessary to determine the level of assessment for each class of property in each county. The rules shall cover:
1. The proposed use of the assessment-sales ratio study set out in section 421.17, subsection 6.
2. The proposed use of any statewide income capitalization studies.
3. The proposed use of other methods that would assist the director in arriving at the accurate level of assessment of each class of property in each assessing jurisdiction.

441.47A Reserved.

441.48 Notice of adjustment.
Before the director of revenue shall adjust the valuation of any class of property any such percentage, the director shall serve ten days’ notice by mail, on the county auditor of the county whose valuation is proposed to be adjusted and the director shall hold an adjourned meeting after such ten days’ notice, at which time the county or assessing jurisdiction may appear by its city council or board of supervisors, city or county attorney, and other assessing jurisdiction, city or county officials, and make written or oral protest against such proposed adjustment, which protest shall consist simply of a statement of the error, or errors, complained of with such facts as may lead to their correction, and at such adjourned meeting final action may be taken in reference thereto.

441.49 Adjustment by auditor.
1. a. The director shall keep a record of the review and adjustment proceedings and finish the proceedings on or before October 1 unless for good cause the proceedings cannot be completed by that date. The director shall notify each county auditor by mail of the final action taken at the proceedings and specify any adjustments in the valuations of any class of property to be made effective for the jurisdiction.

b. However, an assessing jurisdiction may request the director to permit the use of an alternative method of applying the equalization order to the property values in the assessing jurisdiction, provided that the final valuation shall be equivalent to the director’s equalization order. The assessing jurisdiction shall notify the county auditor of the request for the use of an alternative method of applying the equalization order and the director’s disposition of the request. The request to use an alternative method of applying
the equalization order, including procedures for notifying affected property owners and appealing valuation adjustments, shall be made within ten days from the date the county auditor receives the equalization order and the valuation adjustments, and appeal procedures shall be completed by November 30 of the year of the equalization order. Compliance with the provisions of section 441.21 is sufficient grounds for the director to permit the use of an alternative method of applying the equalization order.

2. a. On or before October 15 the county auditor shall cause to be published in official newspapers of general circulation the final equalization order. The publication shall include, in type larger than the remainder of the publication, the following statement: Assessed values are equalized by the department of revenue every two years. Local taxing authorities determine the final tax levies and may reduce property tax rates to compensate for any increase in valuation due to equalization.

b. Failure to publish the equalization order has no effect upon the validity of the orders.

3. The county auditor shall add to or deduct from the valuation of each class of property in the county the required percentage, rejecting all fractions of fifty cents or less in the result, and counting all fractions over fifty cents as one dollar. For any special charter city that levies and collects its own tax based on current year assessed values, the equalization percentage shall be applied to the following year's values, and shall be considered the equalized values for that year for purposes of this chapter.

4. The local board of review shall reconvene in special session from October 15 to November 15 for the purpose of hearing the protests of affected property owners or taxpayers within the jurisdiction of the board whose valuation of property if adjusted pursuant to the equalization order issued by the director of revenue will result in a greater value than permitted under section 441.21. The board of review shall accept protests only during the first ten days following the date the local board of review reconvenes. The board of review shall limit its review to only the timely filed protests. The board of review may adjust all or a part of the percentage increase ordered by the director of revenue by adjusting the actual value of the property under protest to one hundred percent of actual value. Any adjustment so determined by the board of review shall not exceed the percentage increase provided for in the director's equalization order. The determination of the board of review on filed protests is final, subject to appeal to the property assessment appeal board. A final decision by the local board of review, or the property assessment appeal board, if the local board's decision is appealed, is subject to review by the director of revenue for the purpose of determining whether the board's actions substantially altered the equalization order. In making the review, the director has all the powers provided in chapter 421, and in exercising the powers the director is not subject to chapter 17A. Not later than fifteen days following the adjournment of the board, the board of review shall submit to the director of revenue, on forms prescribed by the director, a report of all actions taken by the board of review during this session.

5. Not later than ten days after the date the final equalization order is issued, the city or county officials of the affected county or assessing jurisdiction may appeal the final equalization order to the state board of tax review. The appeal shall not delay the implementation of the equalization orders.

6. Tentative and final equalization orders issued by the director of revenue are not rules as defined in section 17A.2, subsection
**7441.50 Appraisers employed.**
The conference board shall have power to employ appraisers or other technical or expert help to assist in the valuation of property, the cost thereof to be paid in the same manner as other expenses of the assessor’s office.

**441.51 Repealed by 74 Acts, ch 1230, §8, 9.**

**441.52 Failure to perform duty.**
If any assessor or member of any board of review shall knowingly fail or neglect to make or require the assessment of property for taxation to be of and for its taxable value as provided by law or to perform any of the duties required of the assessor or member by law, at the time and in the manner specified, the assessor or member shall forfeit and pay the sum of five hundred dollars to be recovered in an action in the district court in the name of the county or in the name of the city as the case may be, and for its use, and the action against the assessor shall be against the assessor and the assessor’s sureties.

**441.53 Definitions.**
As used in this chapter, unless the context otherwise requires, “book”, “list”, “record”, or “schedule” kept by a county auditor, assessor, treasurer, recorder, sheriff, or other county officer means the county system as defined in section 445.1.

**441.54 Construction.**
Whenever in the laws of this state, the words “assessor” or “assessors” appear, singly or in combination with other words, they shall be deemed to mean and refer to the county or city assessor, as the case may be.

**441.55 Conflicting laws.**
If any of the provisions of this chapter shall be in conflict with any of the laws of this state, then the provisions of this chapter shall prevail.

**441.56 Assessor’s duties — combined appointment.**
When the duties of the county assessor are combined with the duties of another officer or employee as provided in section 331.323, subsection 1, the person named to perform the combined duties shall be appointed as provided in sections 441.5 to 441.8.

**441.57 Repealed by 79 Acts, ch 105, §1.**

**441.58 through 441.64 Reserved.**

**441.65 through 441.71 Repealed by 90 Acts, ch 1236, §54. See chapter 354.**

**441.72 Assessment of platted lots.**
1. Except as provided in subsection 2, when a subdivision plat is recorded pursuant to chapter 354, the individual lots within the subdivision plat shall not be assessed in excess of the total assessment of the land as acreage or unimproved property for five years after the recording of the plat or until the lot is actually improved with permanent construction, whichever occurs first. When an individual lot has been improved with permanent construction, the lot shall be assessed for taxation purposes as provided in chapter 428 and this chapter.

2. For subdivision plats recorded pursuant to chapter 354 on or after January 1, 2004, but before January 1, 2011, the individual lots within the subdivision plat shall not be assessed in excess of the total assessment of the land as acreage or unimproved property for eight years after the recording of the plat or until the lot is actually improved with permanent construction, whichever occurs first. When an individual lot has been
improved with permanent construction, the lot shall be assessed for taxation purposes as provided in chapter 428 and this chapter.

3. This section does not apply to special assessment levies. 90 Acts, ch 1236, §50; 2011 Acts, ch 131, §155, 157 2011 amendments to this section take effect July 27, 2011, and apply to assessment years beginning on or after January 1, 2012; amendments do not require refund or modification of property taxes attributable to, or the adjustment of property assessments for, assessments years beginning before January 1, 2012; 2011 Acts, ch 131, §156, 157

441.73 Litigation expense fund.

1. A litigation expense fund is created in the state treasury. The litigation expense fund shall be used for the payment of litigation expenses incurred by the state to defend property valuations established by the director of revenue pursuant to section 428.24 and chapters 433, 434, 437, 437A, 437B, and 438, and for the payment of litigation expenses incurred by the state to defend the imposition of replacement taxes and state-wide property taxes under chapters 437A and 437B.

2. If the director of revenue determines that foreseeable litigation expenses will exceed the amount available from appropriations made to the department of revenue, the director of revenue may apply to the executive council for use of funds on deposit in the litigation expense fund. The initial application for approval shall include an estimate of potential litigation expenses, allocated to each of the next four succeeding calendar quarters and substantiated by a breakdown of all anticipated costs for legal counsel, expert witnesses, and other applicable litigation expenses.

3. The executive council may approve expenditures from the litigation expense fund on a quarterly basis. Prior to each quarter, the director of revenue shall report to the executive council and give a full accounting of actual litigation expenses to date as well as estimated litigation expenses for the remaining calendar quarters of the fiscal year. The executive council may adjust quarterly expenditures from the litigation expense fund based on this information.

4. The executive council shall transfer for the fiscal year beginning July 1, 1992, and each fiscal year thereafter, from funds established in sections 425.1 and 426.1, an amount necessary to pay litigation expenses. The amount of the fund for each fiscal year shall not exceed seven hundred thousand dollars. The executive council shall determine annually the proportionate amounts to be transferred from the two separate funds. At any time when no litigation is pending or in progress the balance in the litigation expense fund shall not exceed one hundred thousand dollars. Any excess moneys shall be transferred in a proportionate amount back to the funds from which they were originally transferred.
605—7.1(29C) Scope and purpose.
These rules apply to each local emergency management commission as provided for in Iowa Code section 29C.9. These rules are intended to establish standards for emergency management and to provide local emergency management commissions with the criteria to assess and measure their capability to mitigate against, prepare for, respond to, and recover from emergencies or disasters.

605—7.2(29C) Definitions.
For purposes of this chapter, the following definitions will apply:
“Commission” means a local emergency management commission or joint emergency management commission.
“Local emergency management agency” means a countywide, joint county-municipal agency organized to administer this chapter under the authority of a commission.
“Shall” indicates a mandatory requirement.
“Should” indicates a recommendation or that which is advised but not required.

605—7.3(29C) Local emergency management commission.
7.3(1) The county board of supervisors, city councils, and sheriff in each county shall cooperate with the homeland security and emergency management division to establish a local emergency management commission to carry out the provisions of 2011 Iowa Code Supplement chapter 29C.
   a. The local commission shall be named the (county name) county emergency management commission.
   b. The commission shall be comprised of the following members:
      (1) A member of the county board of supervisors.
      (2) The county sheriff.
      (3) The mayor from each city within the county.
c. The commission is a municipality as defined in Iowa Code section 670.1.
d. A commission member may designate an alternate to represent the designated entity. For any activity relating to 2011 Iowa Code Supplement section 29C.17, subsection 2, or Iowa Code chapter 24, participation shall only be by a commission member or a designated alternate that is an elected official for the same designated entity.

7.3(2) Local commission bylaws. The commission shall develop bylaws to specify, at a minimum, the following information:

a. The name of the commission.
b. The list of members.
c. The date for the commencement of operations.
d. The commission’s mission.
e. The commission’s powers and duties.
f. The manner for financing the commission and its activities and maintaining a budget therefor.
g. The manner for acquiring, holding and disposing of property.
h. The manner for electing or appointing officers and the terms of office.
i. The manner by which members may vote.
j. The manner for appointing, hiring, disciplining and terminating employees.
k. The rules for conducting meetings of the commission.
l. Any other necessary and proper rules or procedures.

The bylaws, as adopted, shall be signed by each member of the commission. The commission shall record the signed bylaws with the county recorder and shall forward a copy of the bylaws to the administrator of the homeland security and emergency management division.

7.3(4) The commission shall have the following minimum duties and responsibilities:

a. Administration and finance.
   (1) Establish and maintain a local emergency management agency responsible for the local emergency management program. The primary responsibility of this agency is to develop and maintain a comprehensive emergency management capability in cooperation with other governmental agencies, volunteer organizations, and private sector organizations. The name of this agency shall be the (county name) county emergency management agency.
   (2) Determine the mission of the agency and its program.
   (3) Develop and adopt a budget in accordance with the provisions of Iowa Code chapter 24 and Iowa Code section 29C.17 in support of the commission and its programs. The commission shall be the fiscal authority and the chairperson or vice chairperson shall be the certifying official for the budget.
   (4) Appoint an emergency management coordinator who meets the qualifications established in subrule 7.4(3).
   (5) Develop and adopt policies defining the rights and liabilities of commission
employees, emergency workers and volunteers.

(6) Provide direction for the delivery of the emergency management services of planning, administration, coordination, training, exercising, and support for local governments and their departments.

(7) Coordinate emergency management activities and services among county and city governments and the private sector agencies under the jurisdiction of the commission.

b. Hazard identification, risk assessment, and capability assessment.

(1) The commission should continually identify credible hazards that may affect their jurisdiction, the likelihood of occurrence, and the vulnerability of the jurisdiction to such hazards. Hazards to be considered should include natural, technological, and human-caused.

(2) The commission should conduct an analysis to determine the consequences and impact of identified hazards on the health and safety of the public, the health and safety of responders, property and infrastructure, critical and essential facilities, public services, the environment, the economy of the jurisdiction, and government operations and obligations.

(3) The hazard analysis should include identification of vital personnel, systems, operations, equipment, and facilities at risk.

(4) The commission should identify mitigation and preparedness considerations based upon the hazard analysis.

(5) A comprehensive assessment of the emergency management program elements should be conducted periodically to determine the operational capability and readiness of the jurisdiction to address the identified hazards and risks.

c. Resource management.

(1) The commission should develop a method to effectively identify, acquire, distribute, account for, and utilize resources essential to emergency functions.

(2) The commission shall utilize, to the maximum extent practicable, the services, equipment, supplies and facilities of the political subdivisions that are members of the commission.

(3) The commission should identify resource shortfalls and develop the steps and procedures necessary to overcome such shortfalls.

(4) The commission shall, in collaboration with other public and private agencies within this state, develop written mutual aid agreements. Such agreements shall provide reciprocal disaster services and recovery aid and assistance in case of disaster too great to be dealt with by the jurisdiction unassisted. Mutual aid agreements shall be in compliance with the appropriate requirements contained in Iowa Code chapter 28E.

d. Planning.

(1) The commission shall develop a comprehensive emergency plan that is capabilities-based, multihazard and multifunctional in nature. The plan shall conform to the Comprehensive Preparedness Guide 101 as established by the Federal Emergency Management Agency.

(2) Plans shall contain the following common elements:

1. Identification of the functional roles and responsibilities of internal and external agencies, organizations, departments, and individuals during mitigation, pre-
paredness, response and recovery.

2. Establishment and identification of lines of authority for those agencies, organizations, departments, and individuals.

(3) Plans shall be regularly reviewed and amended as appropriate in accordance with a five-year schedule established by the commission, which shall include at a minimum:

1. A complete review, and amendment as appropriate, at a minimum of every five years. However, a review, and amendment as appropriate, of the hazardous materials portion and of a minimum of 20 percent of the remaining annexes or portions of the plan shall be conducted on a yearly basis. The complete operations plan must be reviewed entirely, and amended as appropriate, every five years. A copy of the portions of the plan that are reviewed, regardless of amendment, must be certified and submitted to the department for approval by August 1 of each year.

2. Recovery and mitigation plans must also be reviewed, and amended as appropriate, certified and submitted to the department for approval within 180 days of the formal closing of the disaster incident period for a presidential declaration for major disaster.

(4) To be certified, the plan must be adopted by the members of the commission and attested to by the chairperson and the local emergency management coordinator on a signature document as specified by the department.

(5) In addition to the standards heretofore established in paragraph 7.3(4)”d,” the operations plan shall include provisions for damage assessment.

(6) Hazardous materials plans shall meet the minimum requirements of federal law, 42 U.S.C. §11003.

(7) Counties designated as risk or host counties for a nuclear facility emergency planning zone shall meet the standards and requirements as published by the United States Nuclear Regulatory Commission and the Federal Emergency Management Agency in NUREG-0654, FEMA-REP-1, Rev. 1, March 1987.

(8) Commissions participating in or conducting exercises or experiencing real disaster incidents which require after-action and corrective action reports have 180 days from the date of the publication of the corrective action report to incorporate the corrective actions, as appropriate, into the commission’s plans.

(9) Within 60 calendar days from the receipt of the plan, the department shall review plans or portions of plans submitted by a commission for approval. The department shall notify the local emergency management agency in writing of the approval or nonapproval of the plan. If the plan is not approved, the department shall state the specific standard or standards that are not being met and offer guidance on how the plan may be brought into compliance.

(10) A comprehensive emergency plan shall not be considered approved by the homeland security and emergency management division as required in 2011 Iowa Code Supplement subsection 29C.9(8) unless such plan adheres to and meets the minimum standards as established in paragraph 7.3(4)”d.”

(11) 2011 Iowa Code Supplement section 29C.6 provides that state participation in funding financial assistance in a presidentially declared disaster is contingent upon the commission’s having on file a state-approved, comprehensive emergency plan
as provided in 2011 Iowa Code Supplement subsection 29C.9(8). Plans must be re-
ceived by the department within 180 days of the formal closing of the disaster incident
period for a presidential declaration for major disaster for the affected jurisdiction and
must be approved by the department within 240 days of the formal closing of the disas-
ter incident period for public or private nonprofit entities within the county to be eligible
to receive state financial assistance.

e. Direction, control and coordination.
   (1) The commission shall execute and enforce the orders or rules made by the
governor, or under the governor’s authority.
   (2) The commission shall establish and maintain the capability to effectively
direct, control and coordinate emergency and disaster response and recovery efforts.
   (3) The commission shall establish a means of interfacing on-scene manage-
ment with direction and control personnel and facilities.
   (4) The commission should actively support use of the Incident Command
System (ICS) model by all emergency and disaster response agencies within the jurisdic-
tion.

f. Damage assessment.
   (1) The commission shall develop and maintain a damage assessment capabil-
ity consistent with local, state and federal requirements and shall designate individuals
responsible for the function of damage assessment.
   (2) Individuals identified by the commission to perform the function of dam-
age assessment shall be trained through a course of instruction approved by the depart-
ment.

g. Communications and warning.
   (1) The commission should identify a means of disseminating a warning to the
public, key officials, emergency response personnel and those other persons within the
jurisdiction that may be potentially affected.
   (2) The commission should identify the primary and secondary means of com-
munications to support direction, control, and coordination of emergency management
activities.

h. Operations and procedures. The commission should encourage public and
private agencies, which have defined responsibilities in the comprehensive emergency
plan, to develop standard operating procedures, policies, and directives in support of
the plan.

i. Training.
   (1) The commission shall require the local emergency management coordina-
tor to meet the minimum training requirements as established by the department and
identified in subrule 7.4(4).
   (2) The commission should, in conjunction with the local emergency manage-
ment coordinator, arrange for and actively support ongoing emergency management
related training for local public officials, emergency responders, volunteers, and support
staff.
   (3) Persons responsible for emergency plan development or implementation
should receive training specific to, or related to, hazards identified in the local hazard
analysis.
(4) The commission should encourage individuals, other than the emergency management coordinator, with emergency management responsibilities as defined in the comprehensive emergency plan, to complete, within two years of appointment, training consistent with their emergency management responsibilities.

(5) The commission should encourage all individuals with emergency management responsibilities to maintain current and adequate training consistent with their responsibilities.

j. Exercises.
(1) The commission shall ensure that exercise activities are conducted annually in accordance with local, state and federal requirements.
(2) Exercise activities should follow a progressive five-year plan that is designed to meet the needs of the jurisdiction.

(3) Local entities assigned to an exercise should actively participate and support the role of the entity in the exercise.

(4) Local entities assigned to an exercise should actively participate in the design, development, implementation, and evaluation of the exercise activity.

k. Public education and information.
(1) The commission should designate the individual or individuals who are responsible for public education and information functions.
(2) The commission should ensure a public information capability, to include:
1. Designated public information personnel trained to meet local requirements.
2. A system of receiving and disseminating emergency public information.
3. A method to develop, coordinate, and authorize the release of information.
4. The capability to communicate with functional needs populations.

(3) The commission should actively support the development of capabilities to electronically collect, compile, report, receive, and transmit emergency public information.

7.3(5) Two or more commissions. Two or more commissions may, upon review by the state administrator and with the approval of their respective boards of supervisors, cities, and sheriffs, enter into agreements pursuant to Iowa Code chapter 28E for the joint coordination and administration of emergency management services throughout the multicounty area.

605—7.4(29C) Local emergency management coordinator.

7.4(1) Each commission shall appoint a local emergency management coordinator who shall serve at the pleasure of the commission. The commission shall delegate to the emergency management coordinator the authority to fulfill the commission’s and coordinator’s duties as provided in 2011 Iowa Code Supplement sections 29C.9 and 29C.10, as further described in subrule 7.3(4), and as otherwise assigned and authorized by the commission.

7.4(2) Political activity.
a. A member of a commission shall not be appointed as the local emergency management coordinator.
b. An individual serving in a full-time or part-time governmental position
incompatible with the position of coordinator shall not be appointed as the emergency management coordinator.

c. Any employee of an organization for emergency management shall not become a candidate for any partisan elective office. However, the employee is not precluded from holding any nonpartisan elective office for which no pay or only token payment is received.

7.4(3) Local emergency management coordinator qualifications. Each person appointed after July 1, 1990, as a local emergency management coordinator shall meet the following requirements with regard to education, abilities, experience, knowledge and skills:

a. Demonstrate a knowledge of local, state, and federal laws and regulations pertaining to emergency management.

b. Demonstrate an understanding of communications systems, frequencies, and equipment capabilities.

c. Demonstrate a knowledge of basic accounting principles and practices.

d. Express oneself clearly and concisely, both orally and in writing.

e. Establish and maintain effective working relationships with employees, public officials, and the general public.

f. Prepare accurate reports.

g. Write plans, direct the use of resources, and coordinate emergency operations under extraordinary circumstances.

h. Exercise good judgment in evaluating situations and making decisions.

i. Coordinate with agencies at all levels of government.

j. Have graduated from an accredited four-year college or university and have two years of responsible experience in emergency management, public or business administration, public relations, military preparedness or related work; or have an equivalent combination of experience and education, substituting 30 semester hours of graduate study for each year of the required work experience to a maximum of two years; or have an equivalent combination of experience and education, substituting one year of experience in the aforementioned areas for each year of college to a maximum of four years; or be an employee with current continuous experience in the state classified service that includes the equivalent of 18 months of full-time experience as an emergency management operations officer; or be an employee with current continuous experience in the state classified service that includes the equivalent of 36 months of full-time experience as a local emergency management assistant.

7.4(4) Local emergency management coordinator continuing education requirements. Each local emergency management coordinator shall meet the following educational development requirements. The administrator may extend the time frame for meeting these continuing education requirements upon request from the commission.

a. Within five years of appointment as a local emergency management coordinator, the person must complete the following study courses:

(2) Emergency Operations Center (EOC) Management and Operations IS-775.

(3) Emergency Manager: An Orientation to the Position IS-1.

b. Within five years of appointment as a local emergency management coordinator, the person must complete the professional development series of courses as prescribed by the Federal Emergency Management Agency.

   c. Upon completion of the requirements established in subrule 7.4(4), paragraphs “a” and “b,” a person must complete annually a minimum of 24 hours of state-approved emergency management training. Since completion of the annual training will follow the federal fiscal year, October 1 to September 30, the requirement to complete 24 hours of annual training will commence on the next October 1.

   d. The local emergency management coordinator must document completion of courses by submitting a copy of the certificate of completion, a letter indicating satisfactory completion, or other appropriate documentation.

   e. The Iowa homeland security and emergency management division, in conjunction with the Iowa Emergency Management Association, may substitute courses when deemed appropriate.

   f. An emergency management coordinator who has met the baseline requirements prior to October 1, 2006, will not be required to take any of the new courses listed above to reestablish the person’s baseline.

605—7.5(29C) Commission personnel.

   7.5(1) Personnel for the commission, including the coordinator, operations officers, and emergency management assistants, shall be considered as employees of that commission.

   7.5(2) The commission shall determine the personnel policies of the agency to include holidays, rate of pay, sick leave, vacation, and health benefits. The commission may adopt existing county or city policies in lieu of writing the commission’s own policies.

605—7.6(29C) Damage assessment and financial assistance for disaster recovery.

Disaster-related expenditures and damages incurred by local governments, private nonprofit entities, individuals, and businesses may be reimbursable and covered under certain state and federal disaster assistance programs. Preliminary damage assessments shall be provided to the homeland security and emergency management division prior to the governor’s making a determination that the magnitude and impact are sufficient to warrant a request for a presidential disaster declaration.

   7.6(1) Local preliminary damage assessment and impact statement. The local emergency management coordinator shall be responsible for the coordination and collection of damage assessment and impact statement information immediately following a disaster that affects the jurisdiction.

   7.6(2) Damage assessment guidance and forms to be provided. The homeland security and emergency management division will provide guidance regarding the meth-
odologies to be used in collecting damage assessment and impact statement information and shall provide the forms and format by which this information shall be recorded.

7.6(3) Joint preliminary damage assessment. Once the governor has determined that a request for a presidential disaster declaration is appropriate, joint preliminary damage assessment teams, consisting of local, state, and federal inspectors, will assess the uninsured damages and costs incurred or to be incurred in responding to and recovering from the disaster. All affected city, municipality, or county governments shall be required to provide assistance to the joint preliminary damage assessment teams for conducting damage assessments. The jurisdiction may be required to develop maps to show the damaged areas and to compile lists of names and telephone numbers of individuals, businesses, private nonprofit entities, and governmental agencies sustaining disaster response and recovery costs or damages. This joint preliminary damage assessment may be required before the request for presidential declaration is formally transmitted to the Federal Emergency Management Agency.

7.6(4) Public assistance and hazard mitigation briefing. In the event that a presidential disaster declaration is received, affected jurisdictions and eligible private nonprofit entities should be prepared to attend a public assistance and hazard mitigation briefing to acquire the information and documents necessary to make their formal applications for public and hazard mitigation assistance. Failure to comply with the deadlines for making application for public and mitigation assistance as established in 44 CFR Part 206 and the Stafford Act (PL 923-288) may jeopardize or eliminate the jurisdiction’s or private nonprofit entity’s ability to receive assistance.

7.6(5) Forfeiture of assistance funding. Failure to provide timely and accurate damage assessment and impact statement information may jeopardize or eliminate an applicant’s ability to receive federal and state disaster assistance funds that may otherwise be available.

State participation in funding of disaster financial assistance in a presidentially declared disaster shall be contingent upon the commission’s having on file a state-approved, comprehensive emergency plan which meets the standards as provided in paragraph 7.3(4)”d.”

605—7.7(29C) Emergency management performance grant (EMPG) program. Emergency management is a joint responsibility of the federal government, the states, and their political subdivisions. “Emergency management” means all those activities and measures designed or undertaken to mitigate against, prepare for, respond to, or recover from the effects of a human-caused, technological, or natural hazard. The purpose of the emergency management performance grant program is to provide the necessary assistance to commissions to ensure that a comprehensive emergency system exists for all hazards.

7.7(1) Eligibility. Commissions may be eligible for funding under the state and emergency management performance grant program by meeting the requirements, conditions, duties and responsibilities for commissions and local emergency management coordinators established in rules 605—7.3(29C) and 605—7.4(29C). In addition, the commission shall ensure that the coordinator works an average of 20 hours per week or more toward the emergency management effort. Commissions formed under subrule 7.5(5) shall ensure that the coordinator works an average of 40 hours per week toward
the emergency management effort.

7.7(2) Application for funding. Commissions may apply for funding under the emergency management performance grant program by entering into an agreement with the department and by completing the necessary application and forms, as published and distributed yearly to each commission by the department.

7.7(3) Allocation and distribution of funds.

a. The homeland security and emergency management division shall allocate funds to eligible commissions within 45 days of receipt of notice from the federal Department of Homeland Security, Preparedness Directorate, Office of Grants and Training, that such funds are available. The department shall use a formula for the allocation of funds based upon the number of eligible applicants, the part-time or full-time status of the coordinator, 50 percent equal-share base, and 50 percent population base. The total allocation of funds for an applicant may not exceed the lesser of $39,000 or the amount requested by the applicant.

b. The formula shall be applied in the following manner: The pass-through amount is divided equally between an equal-share base and a population base.

(1) The amount of total equal-share base dollars is divided by the total number of EMPG counties to establish a per-county average. For counties with part-time coordinators, the per-county average is reduced by 50 percent to determine the part-time county allocation. The total baseline dollar amount, minus the cumulative total dollars already allocated to part-time counties, is then divided by the total number of counties with full-time coordinators to determine the full-time county allocation.

(2) The population base amount for each county is determined by adding the populations of all counties together; then each county’s population is divided by that total population to determine a percentage. The total population base dollars are then multiplied by a county’s percentage to determine that county’s share of the population dollars.

c. Funds will be reimbursed to commissions on a federal fiscal year, quarterly basis; and such reimbursement will be based on eligible claims made against the commission’s allocation. In no case will the allocation or reimbursement of funds be greater than one-half of the total cost of eligible emergency management related expenses.

7.7(4) Compliance. The administrator may withhold or recover emergency management performance grant funds from any commission for its failure or its coordinator’s failure to meet any of the following conditions:

a. Appoint a qualified coordinator.

b. Comply with continuing education requirements.

c. Adopt a comprehensive emergency plan that meets current standards.

d. Determine the mission of its agency.

e. Show continuing progress in fulfilling the commission’s duties and obligations.

f. Conduct commission business according to the guidelines and rules established in this chapter.

g. Enter into and file a cooperative agreement with the department by the stipulated filing date.

h. Abide by state and federal regulations governing the proper disbursement
and accountability for federal funds, equal employment opportunity and merit system standards.

- i. Accomplish work specified in one or more program areas, as agreed upon in the cooperative agreement, or applicable state or federal rule or statute.
- j. Provide the required matching financial contribution.
- k. Expend funds for authorized purposes or in accordance with applicable laws, regulations, terms and conditions.
- l. Respond to, or cooperate with, state efforts to determine the extent and nature of compliance with the cooperative agreement.

7.7(5) Serious nonperformance problems. If a commission cannot demonstrate achievement of agreed-upon work products, the department is empowered to withhold reimbursement or to recover funds from the commission. Corrective action procedures are designed to focus the commission’s attention on nonperformance problems and to bring about compliance with the cooperative agreement. Corrective action procedures, which could lead to sanction, may be enacted as soon as the administrator becomes aware of serious nonperformance or noncompliance. This realization may arise from staff visits or other contacts with the local emergency management agency or commission, from indications in the commission’s or coordinator’s quarterly report that indicate a significant shortfall from planned accomplishments, or from the commission’s or coordinator’s failure to report. Financial sanctions are to be applied only after corrective action remedies fail to result in accomplishment of agreed-upon work product.

7.7(6) Corrective actions.

a. Informal corrective action. As a first and basic step to correcting nonperformance, a designated member of the homeland security and emergency management division staff will visit, call or write the local emergency management coordinator to determine the reason for nonperformance and seek an agreeable resolution.

b. Formal corrective action. On those occasions when there is considerable discrepancy between agreed-upon and actual performance and response to informal corrective action is not sufficient or agreeable, the department will take the following steps:

(1) Homeland security and emergency management division staff will review the scope of work, as agreed to in the cooperative agreement, to determine the extent of nonperformance. To focus attention on the total nonperformance issue, all instances of nonperformance will be addressed together in a single correspondence to the commission.

(2) The administrator will prepare a letter to the commission which will contain, at a minimum, the following information:

1. The reasons why the department believes the commission may be in noncompliance, including the specified provisions in question.
2. A description of the efforts made by the department to resolve the matter and the reasons these efforts were unsuccessful.
3. A declaration of the commission’s commitment to accomplishing the work agreed upon and specified in the comprehensive cooperative agreement and its importance to the emergency management capability of the local jurisdiction.
4. A description of the exact actions or alternative actions required of the
commission to bring the problem to an agreed resolution.

5. A statement that this letter constitutes the final no-penalty effort to achieve a resolution and that financial sanctions provided for in these rules will be undertaken if a satisfactory response is not received by the department within 30 days.

7.7(7) Financial sanctions. If the corrective actions heretofore described fail to produce a satisfactory resolution to cases of serious nonperformance, the administrator may invoke the following financial sanction procedures:

a. Send a Notice of Intention to Withhold Payment to the chairperson of the commission. This notice shall also contain notice of a reasonable time and place for a hearing, should the commission request a hearing before the administrator.

b. Any request by a commission for a hearing must be made in writing, to the department, within 15 days of receipt of the Notice of Intention to Withhold Payment.

c. Any hearing under the Notice of Intention to Withhold Payment shall be held before the administrator. However, the administrator may designate an administrative law judge to take evidence and certify to the administrator the entire record, including findings and recommended actions.

d. The commission shall be given full opportunity to present its position orally and in writing.

e. If, after a hearing, the administrator finds sufficient evidence that the commission has violated established rules and regulations or the terms and conditions of the cooperative agreement, the administrator may withhold such contributions and payments as may be considered advisable, until the failure to expend funds in accordance with said rules, regulations, terms and conditions has been corrected or the administrator is satisfied that there will no longer be any such failure.

f. If upon the expiration of the 15-day period stated for a hearing, a hearing has not been requested, the administrator may issue the findings and take appropriate action as described in paragraph 7.7(7)“e.”

g. If the administrator finds there is serious nonperformance by the commission or its coordinator and issues an order to withhold payments to the commission as described in this rule, the commission shall not receive funds under the emergency management performance grant program for the remainder of the federal fiscal year in which the order is issued and one additional year or until such time that all issues of nonperformance have been agreeably addressed by the department and the commission.

h. Any emergency management performance grant program funds withheld or recovered by the department as a result of this process shall be reallocated at the end of the federal fiscal year to the remaining participating commissions.

CHAPTER 8
CRITERIA FOR AWARDS OR GRANTS
8.1(29C,17A) Purpose
8.2(29C,17A) Definitions
8.3(29C,17A) Exceptions
8.4(29C,17A) Public notice of available competitive grants
605—8.1(29C,17A) Purpose.
The homeland security and emergency management division receives and distributes funds to a variety of entities throughout the state for support of emergency management planning, training, and other initiatives. Unless otherwise prohibited by state or federal law, rule or regulation, the administrator may make such funds subject to competition. Where such funds are designated by the administrator to be competitive, the department shall ensure equal access, objective evaluation of applications for these funds, and that grant application material shall contain, at a minimum, specific content.

605—8.2(29C,17A) Definitions.
For the purpose of these rules, the following definitions shall apply:
“Administrator” means the administrator of the emergency management division within the Iowa department of public defense.
“Competitive grant” means the competitive grant application process to determine the grant award for a specified project period.
“Division” means the emergency management division of the Iowa department of public defense.
“Project” means the activity(ies) or program(s) funded by the division.
“Project period” means the period of time for which the division intends to support the project without requiring the recompetition of funds.
“Service delivery area” means the defined geographic area for delivery of project services.

605—8.3(29C,17A) Exceptions.
The division considers funds subject to competition except in those cases where:
1. State or federal law, rule or regulation prohibits such competition.
2. The state, federal or private funding source specifies a sole source for the receipt of funds.
3. There is mutual agreement among the division and contract organizations.
4. The administrator designates such funds to be noncompetitive.

605—8.4(29C,17A) Public notice of available competitive grants.
When making funds available through a competitive grant application process, the division shall, at least 60 days prior to the application due date, issue a public notice in the Iowa Administrative Bulletin that identifies the availability of funds and states how interested parties may request an application packet. A written request for the packet shall serve as the letter of intent. Services, delivery areas, and eligible applicants shall be described in the public notice.
If the receipt of a grantor’s official notice of award to the division precludes a full 60-day notice in the Iowa Administrative Bulletin, the division shall nonetheless issue the public notice in the Iowa Administrative Bulletin at the earliest publication date.
In the event the publication date would not allow at least 30 days for interested parties to request and submit an application packet, the division shall notify current contractors...
and other interested parties of the availability of funds through press releases and other announcements.

605—8.5(29C,17A) Requirements.
Where funds are designated as competitive, the following shall be included in all grant application materials made available by the division:

1. Funding source;
2. Project period;
3. Services to be delivered;
4. Service delivery area;
5. Funding purpose;
6. Funding restrictions;
7. Funding formula (if any);
8. Matching requirements (if any);
9. Reporting requirements;
10. Performance criteria;
11. Description of eligible applicants;
12. Need for letters of support or other materials (if applicable);
13. Application due date;
14. Anticipated date of award;
15. Eligibility guidelines for those receiving the service or product and the source of those guidelines, including fees or sliding fee scales (if applicable);
16. Target population to be served (if applicable); and
17. Appeal process in the event an application is denied.

605—8.6(29C,17A) Review process (competitive applications only).
The review process to be followed in determining the amount of funds to be approved for award of a contract shall be described in the application material. The review criteria and point allocation for each element shall also be described in the grant application material.
The competitive grant application review committee shall be determined by the division bureau chief administering the grant or award, with oversight from the administrator. The review committee members shall apply points according to the established review criteria in conducting the review.
In the event competitive applications for a project receive an equal number of points, a second review shall be conducted by the administrator and the bureau chief administering the grant or award.

605—8.7(29C,17A) Opportunity for review and comment.
Program advisory committees or related task forces of the program may be provided with an opportunity to review and comment on the criteria and point allocation prior to implementation. Exceptions may occur when the funding source to the division has already included such criteria and point allocation within the award or the time frame allowed is insufficient for such review and comment.

605—8.8(29C,17A) Awards. Once applications have been scored and ranked, the division shall award all available funds to eligible applicants based on the ranking of their applications. Should there be more eligible applications than funds available, those remaining
eligible applications shall be kept on file by the division.
In those cases in which applicants have received an award but actual project costs are
less than anticipated or established in the application, remaining funds shall become
deobligated funds. The division shall award deobligated funds to remaining eligible ap-
plications on file with the division. Should deobligated funds remain after satisfying all
eligible applications, the division shall republish the availability of funds.
These rules are intended to implement Iowa Code chapter 17A and section 29C.13.

CHAPTER 9
IOWA COMPREHENSIVE PLAN
9.1(29C) Description
9.2(29C) Part A: Iowa Emergency Response Plan
9.3(29C) Part B: Iowa Hazard Mitigation Plan
9.4(29C) Part C: Iowa Disaster Recovery Plan

605—9.1(29C) Description.
Iowa Code section 29C.8 requires the administrator of the homeland security and emer-
gency management department to prepare a comprehensive plan for homeland secu-
ry, disaster response, recovery, mitigation, and emergency resource management for
the state. This comprehensive plan is comprised of the following parts:
Part A: Iowa Emergency Response Plan
Part B: Iowa Hazard Mitigation Plan
Part C: Iowa Disaster Recovery Plan
Part D: Iowa Critical Asset Protection Plan (confidential per Iowa Code section 22.7,
Confidential records)

The Part A: Iowa Emergency Response Plan is developed in accordance with Iowa Code
section 29C.8, and has been adopted, published, and maintained by the division. Part
A details the state government response to a wide range of natural, technological or
human-caused disasters.

1. A copy of Part A will be placed in the state library located in the Ola Bab
  cock Miller Building, 1112 East Grand Avenue, Des Moines, Iowa.
2. Part A shall be distributed to state agencies and departments that
   have been assigned emergency functions and to all county emergency
   management agencies.
3. The Iowa Emergency Response Plan serves as the state disaster emergen-
   cy response document.
4. The division updates the plan by amendments promulgated by rule in
   accordance with Iowa Code chapter 17A and distributes Amend-
   ments to all
5. Part A shall be available for public view at the Homeland Security and
   Emergency Management Division, Hoover State Office Building, Level A,
   Des Moines, Iowa.
**605—9.3(29C) Part B: Iowa Hazard Mitigation Plan.**
The Part B: Iowa Hazard Mitigation Plan is developed in accordance with Iowa Code section 29C.8, and has been adopted on September 17, 2013, published, and maintained by the division. Part B details the state government goals, objectives, and strategies to mitigate a wide range of natural, technological or human-caused disasters in accordance with Section 322 of the Stafford Act, 42 U.S.C. 5165.

1. A copy of Part B will be placed in the state library located in the Ola Babcock Miller Building, 1112 East Grand Avenue, Des Moines, Iowa.
2. Part B shall be distributed to state agencies and departments that have participated in the writing of the plan or are assigned hazard mitigation functions and to all county emergency management agencies.
3. The Iowa Hazard Mitigation Plan serves as the state hazard mitigation document and demonstrates the state’s commitment to reduce risks from natural, technological, and human-caused hazards and serves as a guide for the commitment of resources to reducing the effects of natural, technological, and human-caused hazards.
4. The division updates the plan by amendments promulgated by rule in accordance with Iowa Code chapter 17A and distributes amendments to all plan holders on the division distribution list. Part B shall be reviewed and amended as appropriate at a minimum of every three years.

**605—9.4(29C) Part C: Iowa Disaster Recovery Plan.**
The Part C: Iowa Disaster Recovery Plan is developed in accordance with Iowa Code section 29C.8, and has been adopted on March 20, 2008, published, and maintained by the division. Part C details the state government goals, objectives, and strategies to recover from a wide range of natural, technological, or human-caused disasters.

1. A copy of Part C will be placed in the state library located in the Ola Babcock Miller Building, 1112 East Grand Avenue, Des Moines, Iowa.
2. Part C shall be distributed to state agencies and departments that have been assigned recovery functions and to all county emergency management agencies.
3. The Iowa Disaster Recovery Plan serves as the state disaster recovery document.
4. The division updates the plan by amendments promulgated by rule in accordance with Iowa Code chapter 17A and distributes amendments to all plan holders on the division distribution list. Part C shall be reviewed and amended as appropriate at a minimum of every three years.

These rules are intended to implement Iowa Code section 29C.8.
605—10.1(34A) Program description.
The purpose of this program is to provide for the orderly development, installation, and
operation of enhanced 911 emergency telephone systems and to provide a mechanism
for the funding of these systems, either in whole or in part. These systems shall be op-
erated under governmental management and control for the public benefit. These rules
shall apply to each joint E911 service board or alternative 28E entity as provided in Iowa
Code chapter 34A and to each provider of enhanced 911 service.

605—10.2(34A) Definitions.
As used in this chapter, unless context otherwise requires:
“Access line” means an exchange access line that has the ability to access dial tone and
reach a public safety answering point.
“Automatic location identification (ALI)” means a system capability that enables an au-
tomatic display of information defining a geographical location of the telephone used to
place the 911 call.
“Automatic number identification (ANI)” means a capability that enables the automatic
display of the number of the telephone used to place the 911 call.
“Call attendant” means the person who initially answers a 911 call.
“Call detail recording” means a means of establishing chronological and operational
accountability for each 911 call processed, consisting minimally of the caller’s telephone
number, the date and time the 911 telephone equipment established initial connection
(trunk seizure), the time the call was answered, the time the call was transferred (if ap-
plicable), the time the call was disconnected, the trunk line used, and the identity of the
call attendant’s position, also known as an ANI printout.
“Call relay method” means the 911 call is answered at the PSAP, where the pertinent in-
formation is gathered, and the call attendant relays the caller’s information to the appro-
appropriate public or private safety agency for further action.

“Call transfer method” means the call attendant determines the appropriate responding agency and transfers the 911 caller to that agency.

“Central office (CO)” means a telephone company facility that houses the switching and trunking equipment serving telephones in a defined area.

“Coin-free access (CFA)” means coin-free dialing or no-coin dial tone which enables a caller to dial 911 or “0” for operator without depositing money or incurring a charge.

“Communications service” means a service capable of accessing, connecting with, or interfacing with a 911 system by dialing, initializing, or otherwise activating the system exclusively through the digits 911 by means of a local telephone device or wireless communications device.

“Communications service provider” means a service provider, public or private, that transports information electronically via landline, wireless, internet, cable, or satellite, including but not limited to wireless communications service providers, personal communications service, telematics and voice over internet protocol.

“Competitive local exchange service provider” means the same as defined in Iowa Code section 476.96.

“Conference transfer” means the capability of transferring a 911 call to the action agency and allowing the call attendant to monitor or participate in the call after it has been transferred to the action agency.

“Direct dispatch method” means 911 call answering and radio-dispatching functions, for a particular agency, are both performed at the PSAP.

“Director,” unless otherwise noted, means the director of the homeland security and emergency management department.

“E911 communications council” means the council as established under the provisions of Iowa Code section 34A.15.

“E911 program manager” means that person appointed by the director of the homeland security and emergency management department, and working with the E911 communications council, to perform the duties specifically set forth in Iowa Code chapter 34A and this chapter.

“Emergency call” means a telephone request for service which requires immediate action to prevent loss of life, reduce bodily injury, prevent or reduce loss of property and respond to other emergency situations determined by local policy.

“Enhanced 911 (E911)” means the general term referring to emergency telephone systems with specific electronically controlled features, such as ALI, ANI, and selective routing.

“Enhanced 911 (E911) operating authority” means the public entity, which operates an E911 telephone system for the public benefit, within a defined enhanced 911 service area.

“Enhanced 911 (E911) service area” means the geographic area to be served, or currently served under an enhanced 911 service plan, provided that any enhanced 911 service area shall at a minimum encompass one entire county. The enhanced 911 service area may encompass more than one county and need not be restricted to county boundaries. This definition applies only to wire-line enhanced 911 service.
“Enhanced 911 (E911) service plan (wire-line)” means a plan, produced by a joint E911 service board, which includes the information required by Iowa Code subsection 34A.2(7).

“Enhanced 911 service surcharge” means a charge set by the joint E911 service board, approved by local referendum, and assessed on each access line which physically terminates within the E911 service area.

“Enhanced wireless 911 service area” means the geographic area to be served, or currently served, by a PSAP under an enhanced wireless 911 service plan.

“Enhanced wireless 911 service, phase I” means an emergency wireless telephone system with specific electronically controlled features such as ANI, specific indication of wireless communications tower site location, selective routing by geographic location of the tower site.

“Enhanced wireless 911 service, phase II” means an emergency wireless telephone system with specific electronically controlled features such as ANI and ALI and selective routing by geographic location of the 911 caller.

“Exchange” means a defined geographic area served by one or more central offices in which the telephone company furnishes services.

“Implementation” means the activity between formal approval of an E911 service plan and a given system design, and commencement of operations.

“Joint E911 service board” means those entities created under the provisions of Iowa Code section 34A.3, which include the legal entities created pursuant to Iowa Code chapter 28E referenced in Iowa Code subsection 34A.3(3).

“Local exchange carrier” means the same as defined in Iowa Code section 476.96.

“911 call” means any telephone call that is made by dialing the digits 911.

“911 system” means a telephone system that automatically connects a caller, dialing the digits 911, to a PSAP.

“Nonrecurring costs” means one-time charges incurred by a joint E911 service board or operating authority including, but not limited to, expenditures for E911 service plan preparation, surcharge referendum, capital outlay, installation, and initial license to use subscriber names, addresses and telephone information.

“One-button transfer” means another term for a (fixed) transfer which allows the call attendant to transfer an incoming call by pressing a single button. For example, one button would transfer voice and data to a fire agency, and another button would be used for police, also known as “selective transfer.”

“Political subdivision” means a geographic or territorial division of the state that would have the following characteristics: defined geographic area, responsibilities for certain functions of local government, public elections and public officers, and taxing power. Excluded from this definition are departments and divisions of state government and agencies of the federal government.

“Prepaid wireless telecommunications service” means a wireless communications service that provides the right to utilize mobile wireless service as well as other nontelecommunications services, including the download of digital products delivered electronically, content and ancillary services, which must be paid for in advance, and that is sold in predetermined units or dollars of which the amount declines with use in a known amount.
“Provider” means a person, company or other business that provides, or offers to provide, 911 equipment, installation, maintenance, or access services.

“Public or private safety agency” means a unit of state or local government, a special purpose district, or a private firm, which provides or has the authority to provide firefighting, police, ambulance, emergency medical services or hazardous materials response.

“Public safety answering point (PSAP)” means a 24-hour, state, local, or contracted communications facility, which has been designated by the local service board to receive 911 service calls and dispatch emergency response services in accordance with the E911 service plan.

“Public switched telephone network” means a complex of diversified channels and equipment that automatically routes communications between the calling person and called person or data equipment.

“Recurring costs” means repetitive charges incurred by a joint E911 service board or operating authority including, but not limited to, personnel time directly associated with database management and personnel time directly associated with addressing, lease of access lines, lease of equipment, network access fees, and applicable maintenance costs.

“Selective routing (SR)” means an enhanced 911 system feature that enables all 911 calls originating from within a defined geographical region to be answered at a predesignated PSAP.

“Subscriber” means any person, firm, association, corporation, agencies of federal, state and local government, or other legal entity responsible by law for payment for communication service from the telephone utility.

“Tariff” means a document filed by a telephone company with the state telephone utility regulatory commission which lists the communication services offered by the company and gives a schedule for rates and charges.

“Telecommunications device for the deaf (TDD)” means any type of instrument, such as a typewriter keyboard connected to the caller’s telephone and involving special equipment at the PSAP which allows an emergency call to be made without speaking, also known as a TTY.

“Telematics” means a vehicle-based mobile data application which can automatically call for assistance if the vehicle is in an accident.

“Trunk” means a circuit used for connecting a subscriber to the public switched telephone network.

“Voice over internet protocol” means a technology used to transmit voice conversations over a data network such as a computer network or internet.

“Wireless communications service” means commercial mobile radio service. “Wireless communications service” includes any wireless two-way communications used in cellular telephone service, personal communications service, or the functional or competitive equivalent of a radio-telephone communications line used in cellular telephone service, a personal communications service, or a network access line. “Wireless communications service” does not include a service whose customers do not have access to 911 or 911-like service, a communications channel utilized only for data transmission, or a private telecommunications system.
“Wireless communications service provider” means a company that offers wireless communications service to users of wireless devices including but not limited to cellular, personal communications services, mobile satellite services, and enhanced specialized mobile radio.

“Wireless communications surcharge” means a surcharge of up to 65 cents imposed on each wireless communications service number provided in this state and collected as part of a wireless communications service provider’s monthly billing to a subscriber.

“Wireless E911 phase 1” means a 911 call made from a wireless device in which the wireless service provider delivers the call-back number and the address of the tower that received the call to the appropriate public safety answering point.

“Wireless E911 phase 2” means a 911 call made from a wireless device in which the wireless service provider delivers the call-back number and the latitude and longitude coordinates of the wireless device to the appropriate public safety answering point.

“Wire-line E911 service surcharge” means a charge assessed on each wire-line access line which physically terminates within the E911 service area in accordance with Iowa Code section 34A.7.

605—10.3(34A) Joint E911 service boards.
Each county board of supervisors shall establish a joint E911 service board.

10.3(1) Membership.
a. Each political subdivision of the state, having a public safety agency serving territory within the county E911 service area, is entitled to one voting membership. For the purposes of this paragraph, a township that operates a volunteer fire department providing fire protection services to the township, or a city that provides fire protection services through the operation of a volunteer fire department not financed through the operation of city government, shall be considered a political subdivision of the state having a public safety agency serving territory within the county.
b. Each private safety agency, such as privately owned ambulance services, airport security agencies, and private fire companies, serving territory within the county E911 service area, is entitled to a nonvoting membership on the board.
c. Public and private safety agencies headquartered outside but operating within a county E911 service area are entitled to membership according to their status as a public or private safety agency.
d. A political subdivision that does not operate its own public safety agency but contracts for the provision of public safety services is not entitled to membership on the joint E911 service board. However, its contractor is entitled to one voting membership according to the contractor’s status as a public or private safety agency.
e. The joint E911 service board elects a chairperson and vice chairperson.
f. The joint E911 service board shall annually submit a listing of members, to include the political subdivision they represent and, if applicable, the associated 28E agreement, to the E911 program manager. A copy of the list shall be submitted within 30 days of adoption of the operating budget for the ensuing fiscal year and shall be on the prescribed form provided by the E911 program manager.

10.3(2) Alternate 28E entity. The joint E911 service board may organize as an Iowa Code chapter 28E agency as authorized in Iowa Code subsection 34A.3(3), provided
that the 28E entity meets the voting and membership requirements of Iowa Code subsection 34A.3(1).

10.3(3) Joint E911 service board bylaws. Each joint E911 service board shall develop bylaws to specify, at a minimum, the following information:

a. The name of the joint E911 service board.
b. A list of voting and nonvoting members.
c. The date for the commencement of operations.
d. The mission.
e. The powers and duties.
f. The manner for financing activities and maintaining a budget.
g. The manner for acquiring, holding and disposing of property.
h. The manner for electing or appointing officers and terms of office.
i. The manner by which members may vote to include, if applicable, the manner by which votes may be weighted.
j. The manner for appointing, hiring, disciplining, and terminating employees.
k. The rules for conducting meetings.
l. The permissible method or methods to be employed in accomplishing the partial or complete termination of the board and the disposing of property upon such complete or partial termination.
m. Any other necessary and proper rules or procedures.

Each member shall sign the adopted bylaws. The joint E911 service board shall record the signed bylaws with the county recorder and shall forward a copy of the signed bylaws to the E911 program manager at the homeland security and emergency management department.

10.3(4) Executive board. The joint E911 service board may, through its bylaws, establish an executive board to conduct the business of the joint E911 service board. Members of the executive board must be selected from the eligible voting members of the joint E911 service board. The executive board will have such other duties and responsibilities as assigned by the joint E911 service board.

10.3(5) Meetings.

a. The provisions of Iowa Code chapter 21, “Official Meetings Open to the Public,” are applicable to joint E911 service boards.
b. Joint E911 service boards shall conduct meetings in accordance with their established bylaws and applicable state law.

605—10.4(34A) Enhanced 911 service plan (wire-line).

10.4(1) The joint E911 service board shall be responsible for developing an E911 service plan as required by Iowa Code section 34A.3 and as set forth in these rules. The plan will remain the property of the joint E911 service board. Each joint E911 service board shall coordinate planning with each contiguous joint E911 service board. A copy of the plan and any modifications and addenda shall be submitted to:

a. The homeland security and emergency management department.
b. All public and private safety agencies serving the E911 service area.
c. All providers affected by the E911 service plan.

10.4(2) The E911 service plan shall, at a minimum, encompass the entire county, unless a waiver is granted by the director. Each plan shall include:
a. The mailing address of the joint E911 service board.
b. A list of voting members on the joint E911 service board.
c. A list of nonvoting members on the joint E911 service board.
d. The name of the chairperson and vice chairperson of the joint E911 service board.
e. A geographical description of the enhanced 911 service area.
f. A list of all public and private safety agencies within the E911 service area.
g. The number of public safety answering points within the E911 service area.
h. Identification of the agency responsible for management and supervision of the E911 emergency telephone communication system.
i. A statement of recurring and nonrecurring costs to be incurred by the joint E911 service board. These costs shall be limited to costs directly attributable to the provision of E911 service.
j. The total number of telephone access lines by telephone company or companies having points of presence within the E911 service area and the number of this total that is exempt from surcharge collection as provided in rule 605—10.9(34A) and Iowa Code subsection 34A.7(3).
k. If applicable, a schedule for implementation of the plan throughout the E911 service area. A joint E911 service board may decide not to implement E911 service.
l. The total property valuation in the E911 service area.
m. Maps of the E911 service area showing:
   (1) The jurisdictional boundaries of all law enforcement agencies serving the area.
   (2) The jurisdictional boundaries of all firefighting districts and companies serving the area.
   (3) The jurisdictional boundaries of all ambulance and emergency medical service providers operating in the area.
   (4) Telephone exchange boundaries and the location of telephone company central offices, including those located outside but serving the service area.
   (5) The location of PSAP(s) within the service area.

n. A block drawing for each telephone central office within the service area showing the method by which the 911 call will be delivered to the PSAP(s).
o. A plan to migrate to an internet protocol-enabled next generation network.

10.4(3) All plan modifications and addenda shall be filed with, reviewed, and approved by the E911 program manager.

10.4(4) The E911 program manager shall base acceptance of the plan upon compliance with the provisions of Iowa Code chapter 34A and the rules herein.

10.4(5) The E911 program manager will notify in writing, within 20 days of review, the chairperson of the joint E911 service board of the approval or disapproval of the plan.

a. If the plan is disapproved, the joint E911 service board will have 90 days from receipt of notice to submit revisions/addenda.

b. Notice for disapproved plans will contain the reasons for disapproval.

c. The E911 program manager will notify the chairperson, in writing within 20 days of review, of the approval or disapproval of the revisions.

605—10.5(34A) Wire-line E911 service surcharge.

10.5(1) One source of funding for the E911 emergency communications system shall come from a surcharge of one dollar per month, per access line on each access line subscriber.
10.5(2) The E911 program manager shall notify a local communications service provider scheduled to provide exchange access E911 service within an E911 service area that implementation of an E911 service plan has been approved by the joint E911 service board and by the E911 program manager and that collection of the surcharge is to begin within 60 days. The E911 program manager shall also provide notice to all affected public safety answering points. The 60-day notice to local exchange service providers shall also apply when an adjustment in the wire-line surcharge rate is made.

10.5(3) The local communications service provider shall collect the surcharge as a part of its monthly billing to its subscribers. The surcharge shall appear as a single line item on a subscriber’s monthly billing entitled “E911 emergency communications service surcharge.”

10.5(4) The local communications service provider may retain 1 percent of the surcharge collected as compensation for the billing and collection of the surcharge. If the compensation is insufficient to fully recover a provider’s costs for the billing and collection of the surcharge, the deficiency shall be included in the provider’s costs for rate-making purposes to the extent it is reasonable and just under Iowa Code section 476.6.

10.5(5) The local communications service provider shall remit the collected surcharge to the joint E911 service board on a calendar quarter basis within 20 days of the end of the quarter.

10.5(6) The joint E911 service board may request, not more than once each quarter, the following information from the local communications service provider:

a. The identity of the exchange from which the surcharge is collected.

b. The number of lines to which the surcharge was applied for the quarter.

c. The number of refusals to pay per exchange, if applicable.

d. The number of write-offs per exchange, if applicable.

e. The number of lines exempt per exchange.

f. The amount retained by the local communications service provider from the 1 percent administrative fee. Access line counts and surcharge remittances are confidential public records as provided in Iowa Code section 34A.8.

10.5(7) Collection for a surcharge shall terminate if E911 service ceases to operate within the respective E911 service area. The E911 program manager for good cause may grant an extension.

a. The director shall provide 100 days’ prior written notice to the joint E911 service board or the operating authority and to the local communications service provider(s) collecting the fee of the termination of surcharge collection.

b. Individual subscribers within the E911 service area may petition the joint E911 service board or the operating authority for a refund. Petitions shall be filed within one year of termination. Refunds may be prorated and shall be based on funds available and subscriber access lines billed.

c. At the end of one year from the date of termination, any funds not refunded and remaining in the E911 service fund and all interest accumulated shall be retained by the joint E911 service board. However, if the joint E911 service board ceases to operate any E911 service, the balance in the E911 service fund shall be payable to the homeland security and emergency man-
agement department. Moneys received by the department shall be used only to offset the costs for the administration of the E911 program.

605—10.6(34A) Waivers, variance request, and right to appeal.
10.6(1) All requests for variances or waivers shall be submitted to the E911 program manager in writing and shall contain the following information:
   a. A description of the variance(s) or waiver(s) being requested.
   b. Supporting information setting forth the reasons the variance or waiver is necessary.
   c. A copy of the resolution or minutes of the joint E911 service board meeting which authorizes the application for a variance or waiver.
   d. The signature of the chairperson of the joint E911 service board.
10.6(2) The E911 program manager may grant a variance or waiver based upon the provisions of Iowa Code chapter 34A or other applicable state law.
10.6(3) Upon receipt of a request for a variance or waiver, the E911 program manager shall evaluate the request and schedule a review within 20 working days of receipt of the request. Review shall be informal and the petitioner may present materials, documents and testimony in support of the petitioner’s request. The E911 program manager shall determine if the request meets the criteria established and shall issue a decision within 20 working days. The E911 program manager shall notify the petitioner, in writing, of the acceptance or rejection of the petition. If the petition is rejected, such notice shall include the reasons for denial.

605—10.7(34A) Enhanced wireless E911 service plan.
Each joint E911 service board, the department of public safety, the E911 communications council, and wireless service providers shall cooperate with the E911 program manager in preparing an enhanced wireless E911 service plan for statewide implementation of enhanced wireless E911 service.
10.7(1) Plan specifications. The enhanced wireless E911 service plan shall include, at a minimum, the following information:
   1. Maps showing the geographic location within the county of each PSAP that receives enhanced wireless E911 telephone calls.
   2. A list of all public safety answering points within the state of Iowa.
   3. A set of guidelines for determining eligible cost as set forth in Iowa Code section 34A.7A.
   4. A schedule for the implementation and maintenance of the next generation 911 systems to provide enhanced wireless 911 phase I and phase II service.

605—10.8(34A) Emergency communications service surcharge.
10.8(1) The E911 program manager shall adopt a monthly surcharge of one dollar to be imposed on each wireless communications service number provided in this state. The surcharge shall not be imposed on wire-line-based communications or prepaid wireless telecommunications service.
10.8(2) The E911 program manager shall order the imposition of a surcharge uniform-
ly on a statewide basis and simultaneously on all communications service numbers by giving at least 60 days’ prior notice to wireless carriers to impose a monthly surcharge as part of their periodic billings. The 60-day notice to wireless carriers shall also apply when making an adjustment in the wireless surcharge rate.

10.8(3) The wireless surcharge shall be one dollar per month, per customer service number, until changed by rule.

10.8(4) The communications service provider shall list the surcharge as a separate line item on the customer’s billing indicating that the surcharge is for E911 emergency telephone service. The communications service provider is entitled to retain 1 percent of any wireless surcharge collected as a fee for collecting the surcharge as part of the subscriber’s periodic billing. The wireless E911 surcharge is not subject to sales or use tax.

10.8(5) Surcharge funds shall be remitted on a calendar quarter basis by the close of business on the twentieth day following the end of the quarter with a remittance form as prescribed by the E911 program manager. Providers shall issue their checks or warrants to the Treasurer, State of Iowa, and remit to the E911 Program Manager, Homeland Security and Emergency Management Department, 7105 NW 70th Avenue, Camp Dodge, Bldg. W-4, Johnston, Iowa 50131.

605—10.9(34A) E911 emergency communications fund.

10.9(1) Wireless E911 surcharge money, collected and remitted by wireless service providers, shall be placed in a fund within the state treasury under the control of the director.

10.9(2) Iowa Code section 8.33 shall not apply to moneys in the fund. Moneys earned as income, including as interest, from the fund shall remain in the fund until expended as provided in this subrule. However, moneys in the fund may be combined with other moneys in the state treasury for purposes of investment.

10.9(3) Moneys in the fund shall be expended and distributed in the order and manner as follows:

a. An amount as appropriated by the general assembly shall be allocated to the homeland security and emergency management department for implementation, support, and maintenance of the functions of the E911 program and to employ the auditor of the state to perform an annual audit of the wireless E911 emergency communications fund.

b. The program manager shall reimburse local communications service providers on a calendar quarter basis for their expenses for transport costs between the wireless E911 selective router and the public safety answering points related to the delivery of wireless E911 service.

c. The program manager shall reimburse local communications service providers and third-party E911 automatic location information (ALI) database providers on a calendar quarter basis for the costs of maintaining and upgrading the E911 components and functionalities between the input and output points of the wireless E911 selective router. This includes the wireless E911 selective router and the automatic location information (ALI) database.

d. The program manager shall allocate 13 percent of the total amount of surcharge generated per calendar quarter to wireless carriers to recover their costs to deliver wireless E911 phase I services as defined in the Federal Communications Commission (FCC) Docket 94-102 and further defined in the FCC’s letter to King County, Washington, dated
May 7, 2001. If this allocation is insufficient to reimburse all wireless carriers for the wireless service provider’s eligible expenses, the program manager shall allocate a prorated amount to each wireless carrier equal to the percentage of the provider’s eligible expenses as compared to the total of all eligible expenses for all wireless carriers for the calendar quarter during which expenses were submitted. When prorated expenses are paid, the remaining unpaid expenses shall no longer be eligible for payment under this paragraph. This allocation is for the period beginning July 1, 2013, and ending June 30, 2016.

e. A minimum of $1,000 per calendar quarter shall be allocated for each public safety answering point with the E911 service area of the department of public safety or joint E911 service board that has submitted a written request to the program manager. The written request shall be made with the Request for Wireless E911 Fund form contained in the Wireless NG911 Implementation and Operations Plan. The request is due to the program manager on May 15, or the next business day, of each year.

The amount allocated under 10.9(3)”e” shall be 46 percent of the total amount of surcharge generated per calendar quarter. The minimum amount allocated to the department of public safety and the joint E911 service boards shall be $1,000 per PSAP operated by the respective authority. Additional funds shall be allocated as follows:

(1) Sixty-five percent of the total dollars available for allocation shall be allocated in proportion to the square miles of the E911 service area to the total square miles in the state.

(2) Thirty-five percent of the total dollars available for allocation shall be allocated in proportion to the wireless E911 calls answered at the public safety answering point in the E911 service area to the total of wireless E911 calls originating in the state.

(3) Funds allocated under 10.9(3)”e” shall be deposited in the E911 service fund and shall be used for communications equipment utilized by the public safety answering points for the implementation and maintenance of E911 services.

f. If moneys remain after all obligations under 10.9(3)”a” to “e,” as listed above, have been fully paid, the remainder may be accumulated as a carryover operating surplus. These moneys shall be used to fund future network improvements and public safety answering point improvements. These moneys may also be used for wireless service providers’ transport costs related to wireless E911 phase II services, if those costs are not otherwise recovered by the wireless service provider’s customer billing or other sources and are approved by the program manager. Any moneys remaining in the fund at the end of each fiscal year shall not revert to the general fund of the state but shall remain available for the purposes of the fund.

10.9(4) Payments to local communications service providers and wireless service providers shall be made quarterly, based on original, itemized claims or invoices presented within 20 days of the end of the calendar quarter. Claims or invoices not submitted within 20 days of the end of the calendar quarter are not eligible for reimbursement and may not be included in future claims and invoices. Payments to providers shall be made in accordance with these rules and the State Accounting Policy and Procedures Manual.

10.9(5) Local communications service providers shall be reimbursed for only those items and services that are defined as eligible in the enhanced wireless 911 service plan and...
when initiation of service has been ordered and authorized by the E911 program manager.

10.9(6) If it is found that an overpayment has been made to an entity, the E911 program manager shall attempt recovery of the debt from the entity by certified letter. Due diligence shall be documented and retained at the homeland security and emergency management department. If resolution of the debt does not occur and the debt is at least $50, the homeland security and emergency management department will then utilize the income offset program through the department of revenue. Until resolution of the debt has occurred, the homeland security and emergency management department may withhold future payments to the entity.

605—10.10(34A) E911 surcharge exemptions.

The following agencies, individuals, and organizations are exempt from imposition of the E911 surcharge:

1. Federal agencies and tax-exempt instrumentalities of the federal government.
2. Indian tribes for access lines on the tribe’s reservation upon filing a statement with the joint E911 service board, signed by appropriate authority, requesting surcharge exemption.
3. An enrolled member of an Indian tribe for access lines on the reservation, who does not receive E911 service, and who annually files a signed statement with the joint E911 service board that the person is an enrolled member of an Indian tribe living on a reservation and does not receive E911 service. However, once E911 service is provided, the member is no longer exempt.
4. Official station testing lines owned by the provider.
5. Individual wire-line subscribers to the extent that they shall not be required to pay on a single periodic billing the surcharge on more than 100 access lines, or their equivalent, in an E911 service area.

All other subscribers not listed above, that have or will have the ability to access 911, are required to pay the surcharge, if imposed by the official order of the E911 program manager.

605—10.11(34A) E911 service fund.

10.11(1) The department of public safety and each joint E911 service board have the responsibility for the E911 service fund:

a. An E911 service fund shall be established in the office of the county treasurer for each joint E911 service board and with the state treasurer for the department of public safety.

b. Collected surcharge moneys and any interest thereon, as authorized in Iowa Code chapter 34A, shall be deposited into the E911 service fund. E911 surcharge moneys must be kept separate from all other sources of revenue utilized for E911 systems.

c. For joint E911 service boards, withdrawal of moneys from the E911 service fund shall be made on warrants drawn by the county auditor, per Iowa Code section 331.506, supported by claims and vouchers approved by the chairperson or vice chairperson of the joint E911 service board or the appropriate operating authority so designated in writing.

d. For the department of public safety, withdrawal of moneys from the E911 service fund shall be made in accordance with state laws and administrative rules.

10.11(2) The E911 service funds shall be subject to examination by the department at any time during usual business hours. E911 service funds are subject to the audit pro-
visions of Iowa Code chapter 11. A copy of all audits of the E911 service fund shall be furnished to the department within 30 days of receipt.

If through the audit or monitoring process the department determines that a joint E911 service board is not adhering to an approved plan or does not have a valid board membership, or if the department determines that a joint E911 service board or the department of public safety is not using funds in the manner prescribed in these rules or Iowa Code chapter 34A, the director may, after notice and hearing, suspend surcharge imposition and order termination of expenditures from the E911 service fund. The joint E911 service board or department of public safety is not eligible to receive or expend surcharge moneys until such time as the E911 program manager determines that the board or department of public safety is in compliance with the approved plan, board membership, and fund usage limitations.

605—10.12(34A) Operating budgets.
By March 31 of each year, each joint E911 service board and the department of public safety shall provide to the E911 program manager a copy of the operating budget for the ensuing fiscal year for the fund as established under subrule 10.11(1).

605—10.13(34A) Limitations on use of funds.
Surcharge moneys in the E911 service fund may be used to pay recurring and non-recurring costs including, but not limited to, network equipment, software, database, addressing, initial training, and other start-up, capital, and ongoing expenditures. E911 surcharge moneys shall be used only to pay costs directly attributable to the provision of E911 telephone systems and services and may include costs directly attributable to the receipt and disposition of the 911 call.

605—10.14(34A) Minimum operational and technical standards.
10.14(1) Each E911 system, supplemented with E911 surcharge moneys, shall, at a minimum, employ the following features:
   a. ALI (automatic location identification).
   b. ANI (automatic number identification).
   c. Ability to selectively route.
   d. Each PSAP shall provide two emergency seven-digit numbers arranged in rollover configuration for use by telephone company operators for transferring a calling party to the PSAP over the wire-line network. Wireless calls must be transferred to PSAPs that are capable of accepting ANI and ALI.
   e. ANI and ALI information shall be maintained and updated in such a manner as to allow for 95 percent or greater degree of accuracy.
10.14(2) E911 public safety answering points shall adhere to the following minimum standards:
   a. The PSAP shall operate 7 days per week, 24 hours per day, with operators on duty at all times.
   b. The primary published emergency number in the E911 service area shall be 911.
   c. All PSAPs will maintain interagency communications capabilities for emergency coordination purposes, to include radio as well as land line direct or dial line.
   d. Each PSAP shall develop and maintain a PSAP standard operating procedure for receiving and dispatching emergency calls.
   e. The date and time of each 911 emergency call shall be documented using an automated call detail recording device or other communications center log. Such logs shall
be maintained for a period of not less than one year.
f. If a call transfer method of handling 911 calls is employed, a 99 percent degree of reliability of transferred calls from a PSAP to responding agencies shall be maintained. All transferred calls shall employ, to the closest extent possible, conference transfer capabilities which provide that the call be announced and monitored by the PSAP operator to ensure that the call has been properly transferred.
g. PSAPs not employing the transfer method of handling 911 emergency calls shall use the call relay method. Information shall be exchanged between the PSAP receiving the call and an appropriate emergency response agency or dispatch center having jurisdiction in the area of the emergency. In no case during an emergency 911 call shall the caller be referred to another telephone number and required to hang up and redial. The call relay method shall also prevail in circumstances where emergency calls enter the 911 system (whether by design or by happenstance) from outside the E911 service area.
h. Access control and security of PSAPs and associated dispatch centers shall be designed to prevent disruption of operations and provide a safe and secure environment of communication operations.
i. PSAP supervision shall ensure that all telephone company employees, whose normal activities may involve contact with facilities associated with the 911 service, are familiar with safeguarding of facilities’ procedures.
j. Emergency electrical power shall be provided for the PSAP environment that will ensure continuous operations and communications during a power outage. Such power should start automatically in the event of power failure and shall have the ability to be sustained for a minimum of 48 hours.
k. The PSAP shall make every attempt to disallow the intrusion by automatic dialers, alarm systems, or automatic dialing and announcing devices on a 911 trunk. If intrusion by one of these devices should occur, those responsible for PSAP operations shall make every attempt to contact the responsible party to ensure there is no such further occurrence by notifying the party that knowing and intentional interference with emergency telephone calls constitutes a crime under Iowa Code section 727.5. Those responsible for PSAP operations shall report persons who repeatedly use automatic dialers, alarm systems, or automatic announcing devices on 911 trunk lines to the county attorney for investigation of possible violations of section 727.5.
l. Each PSAP shall be equipped with an appropriate telecommunications device for the deaf (TDD) in accordance with 28 CFR Part 35.162, July 26, 1991.
10.14(3) Communications service providers shall adhere to the following minimum requirements:
a. The PSAP and E911 program manager shall be notified of all service interruptions in accordance with 47 CFR Part 4.
b. All communications service providers shall submit separate itemized bills to the E911 program manager, the department of public safety, a joint E911 service board or PSAP operating authority, as appropriate.
c. The communications service provider shall respond, within a reasonable length of time, to all appropriate requests for information from the director, the department of
public safety, a joint E911 service board or operating authority and shall expressly comply with the provisions of Iowa Code section 34A.8.
d. Access to the wireless E911 selective router shall be approved by the E911 program manager. Communications service providers must provide the company name, address and point of contact with provide this information listing the vendor’s customer’s requested information.

10.14(4) Voluntary standards. Current technical and operational standards applying to E911 systems and services can be found in the “American Society for Testing and Materials Standard Guide for Planning and Developing 911 Enhanced Telephone Systems” and in publications issued by the National Emergency Number Association. Master street address guides are encouraged to be developed and maintained by using National Emergency Number Association technical standards 02-010 and 02-011. Standards contained in these documents shall be considered as guidance, and adherence thereto shall be voluntary. Notwithstanding the minimum standards published in these rules, it is intended that E911 communications service providers and joint E911 service boards and operating authorities employ the best and most affordable technologies and methods available in providing E911 services to the public.

605—10.15(34A) Administrative hearings and appeals.

10.15(1) E911 program manager decisions regarding the acceptance or refusal of an E911 service plan, in whole or in part, the implementation of E911 and the imposition of the E911 surcharge within a specific E911 service area may be contested by an affected party.
10.15(2) Request for hearing shall be made in writing to the homeland security and emergency management department director within 30 days of the E911 program manager’s mailing or serving a decision and shall state the reason(s) for the request and shall be signed by the appropriate authority.
10.15(3) The director shall schedule a hearing within 10 working days of receipt of the request for hearing. The director shall preside over the hearing, at which time the appellant may present any evidence, documentation, or other information regarding the matter in dispute.
10.15(4) The director shall issue a ruling regarding the matter within 20 working days of the hearing.
10.15(5) Any party adversely affected by the director’s ruling may file a written request for a rehearing within 20 days of issuance of the ruling. A rehearing will be conducted only when additional evidence is available, the evidence is material to the case, and good cause existed for the failure to present the evidence at the initial hearing. The director will schedule a hearing within 20 days after the receipt of the written request. The director shall issue a ruling regarding the matter within 20 working days of the hearing.
10.15(6) Any party adversely affected by the director’s ruling may file a written appeal to the director of the homeland security and emergency management department. The appeal request shall contain information identifying the appealing party, the ruling being appealed, specific findings or conclusions to which exception is taken, the relief sought, and the grounds for relief. The director shall issue a ruling regarding the matter within 90 days of the hearing. The director’s ruling constitutes final agency action for purposes of judicial review.
605—10.16(34A) Confidentiality.
All financial or operations information provided by a communications service provider to the E911 program manager shall be identified by the provider as confidential trade secrets under Iowa Code section 22.7(3) and shall be kept confidential as provided under Iowa Code section 22.7(3) and Iowa Administrative Code 605—Chapter 5. Such information shall include numbers of accounts, numbers of customers, revenues, expenses, and the amounts collected from said communications service provider for deposit in the fund. Notwithstanding such requirements, aggregate amounts and information may be included in reports issued by the director if the aggregated information does not reveal any information attributable to an individual communications service provider.

605—10.17(34A) Prepaid wireless E911 surcharge.
Administration of the prepaid wireless E911 surcharge is under the control of the Iowa department of revenue. To administer this function, the department has adopted rules that can be found in 701—paragraph 224.6(2)“b” and rule 701—224.8(34A), Iowa Administrative Code.

CHAPTER 11
REPAIR, CALIBRATION, AND MAINTENANCE OF RADIOLOGICAL MONITORING, DETECTION, AND SURVEY EQUIPMENT
11.1(29C) Purpose
11.2(29C) Definitions
11.3(29C) Standards of service
11.4(29C) Contracts for services
11.5(29C) Application of fees
11.6(29C) Fees
11.7(29C) Returned check and late fees
11.8(29C) Records and reports
The emergency management division operates a licensed radiological maintenance facility for the purpose of calibrating, repairing and performing the routine maintenance of radiological detection equipment. Iowa Code sections 23A.2 and 29C.8 provide that the division may enter into contracts and charge fees for performance of these services.

605—11.1(29C) Purpose.
The emergency management division shall establish fees to be charged for the performance of the calibration, repair and maintenance of radiological detection equipment.

605—11.2(29C) Definitions.
For the purposes of interpreting these rules, the following definitions are applicable.
“Calibration” means the determination of the response or reading of an instrument relative to a series of known radiation values over the range of the instrument; or the strength of a source of radiation relative to a standard.
“License” means a license issued by the Iowa department of public health in accordance with rules established by that agency.
“Monitoring” means the measurement of radiation, radioactive material concentrations, surface area activities or quantities of radioactive material and the use of the results of
these measurements to evaluate potential exposures and doses.
“Radiological detection equipment” means equipment used for the monitoring, detection, and surveying of radioactive materials and may include, but is not limited to, surveying instruments, dosimeters and calibrators.
“Surveying” means an evaluation of the radiological conditions and potential hazards incident to the production, use, transfer, release, disposal, or presence of sources of radiation. When appropriate, such evaluation includes, but is not limited to, tests, physical examination, and measurements of levels of radiation or concentrations of radioactive material present.

605—11.3(29C) Standards of service.
Calibration, repair and maintenance services will be performed in accordance with established rules and standards as published by the Iowa department of public health in 641—Chapters 38 through 45.

605—11.4(29C) Contracts for services.
The division may enter into contracts with public and private entities for the purposes of providing radiological detection equipment, calibration, repair, and maintenance services. Such contracts will specify, at a minimum:
1. The duration of the contract.
2. The services to be performed.
3. Fees or the manner by which fees will be established.
4. The permissible methods for partial or complete termination of the contract.
5. Any other necessary and proper matters.

605—11.5(29C) Application of fees.
In instances where the division has not previously entered into a contract with a public or private entity, the division will assess a fee for the performance of calibration, repair, and maintenance services it provides for radiological detection equipment and instruments not owned by the division or owned by the division but used for other than the division’s specified purpose. The division will not assess a fee for the performance of calibration, repair, and maintenance services for radiological detection equipment and instruments:
1. Used in the administration and operation of the division’s radiological emergency preparedness program.
2. Used by hazardous materials response teams recognized by the division.
3. Otherwise owned by the division and used for its express purposes.

605—11.6(29C) Fees.
Unless otherwise specified by contract, the division will charge the following fees for the performance of its services:
Calibration Fees:
One radiation instrument and one radiation detector $70
Each additional radiation detector $20
Each dosimeter $10
Repair Fees:
Hourly rate $70
Parts Cost plus 15 percent
The division will also assess a fee to recover actual shipping expenses, to include insurance coverage for the equipment being shipped.
Estimates will be given for instruments that are in need of repair. The customer will have the option of having the instrument repaired at the established rates or may have the instrument returned, at which time shipping expenses will be charged. The division may offer to replace equipment with like equipment that is fully functional and that has been properly calibrated, in lieu of making calibrations or the necessary repairs. If the customer accepts this offer, the fee charged is the fee that would normally be charged for the calibration or repair of the instrument or dosimeter.

605—11.7(29C) Returned check and late fees.
Applicable fees are due to the division within 30 days from the date of invoice. Persons who fail to pay required fees to the division are subject to the following penalties:
1. Fifteen dollars for each payment received by the division in accordance with these rules, for which insufficient funds are available to fulfill the obligation of such payment to the division.
2. Fifteen dollars for each month for which a payment is overdue, or for each additional month for which insufficient funds are available to fulfill the obligation of such payment to the division.

605—11.8(29C) Records and reports.
The division will maintain records and file reports regarding the calibration, maintenance, and repair of radiological detection equipment, in accordance with the requirements set forth in 641—Chapter 40.
These rules are intended to implement Iowa Code section 23A.2, subsection 10, and Iowa Code section 29C.8.

CHAPTER 12
HOMELAND SECURITY AND EMERGENCY RESPONSE TEAMS
12.1(29C) Purpose
12.2(29C) Definitions
12.3(29C) Homeland security and emergency response teams
12.4(29C) Use of homeland security and emergency response teams
12.5(29C) Homeland security and emergency response team compensation
12.6(29C) Alternate deployment of homeland security and emergency response teams

605—12.1(29C) Purpose.
The duties of the administrator of the homeland security and emergency management department include the development and ongoing operation of homeland security and emergency response teams to be deployed by the state to supplement and enhance local resources during times of disaster and emergency. These rules are intended to specify how teams and team members will be designated, minimum standards that shall be maintained, and the use of the teams.

605—12.2(29C) Definitions.
“Administrator” means the administrator of the homeland security and emergency management division of the department of public defense.
“First responder advisory committee” means the advisory committee created by the administrator for the purpose of providing advice on public safety response issues within Iowa.
“Governor’s disaster proclamation” means the proclamation of disaster emergency issued by the governor in accordance with Iowa Code section 29C.6.

605—12.3(29C) Homeland security and emergency response teams.

12.3(1) The administrator shall issue requests to create homeland security and emergency response teams based on identified needs, on recommendations from the first responder advisory committee, and at the request of the governor.

12.3(2) Each team shall be designated by the administrator. To be eligible for designation, a team shall provide a written application to the administrator that details the following information:

a. Type of assistance that the team provides.

b. Emergency response team information.

   (1) Team name.
   (2) Team location.
   (3) 24/7 contact information and procedures.
   (4) Team agency, including head of agency and contact information.
   (5) Team commander and assistant commander, including contact information.

   (6) Title, names, and responsibilities of deployable response personnel assigned to the team.

c. Listing of applicable local, state, and national standards and certifications to which team members are trained and certified.

d. Detailed listing of the team’s major response assets that are related to the team’s mission. The listing shall provide details related to self-sufficiency including the amount of time the team can remain self-sufficient.

e. Listing of communications assets, including radio frequencies used and any interoperability capabilities.

f. An estimate of the time required to assemble the team members and assets and deploy upon the request of the administrator or governor.

12.3(3) Upon receipt of the written application from the team, the administrator shall review the application. The administrator may seek additional information from the team. The team shall provide the requested information in a timely fashion.

12.3(4) Following approval of the application, the administrator shall issue a letter formally designating the team as an “Iowa homeland security and emergency response team” in accordance with Iowa Code section 29C.8. The administrator may enter into an agreement with the team in accordance with Iowa Code chapter 28E.

12.3(5) Upon acceptance as a homeland security and emergency response team, the team shall routinely update all records to accurately reflect membership rosters and major assets at the team’s disposal. The team shall update records anytime personnel are added to or removed from the team.

605—12.4(29C) Use of homeland security and emergency response teams.

12.4(1) A designated team shall be deployed as a state asset only by a directive from the administrator or pursuant to a governor’s disaster proclamation, unless the sponsoring agency’s response team is needed to perform emergency services within its own jurisdiction.

12.4(2) A designated team may be deployed as a state asset to supplement and
enhance disrupted or overburdened local emergency and disaster operations. A team may also be deployed as a state asset to other states pursuant to the interstate emergency management assistance compact as described in Iowa Code section 29C.21 with the concurrence of the sponsoring agency.

605—12.5(29C) Homeland security and emergency response team compensation.

12.5(1) A homeland security and emergency response team shall be compensated for its expenses while it is deployed as a state asset in accordance with rule 12.4(29C), subject to availability of funds. The application for compensation shall be in a manner as specified by the administrator. Compensation shall be made to the team or the team’s governing jurisdiction.

12.5(2) A member of a homeland security and emergency response team listed on the team roster filed pursuant to subrule 12.3(5), while acting under the directive of the administrator or pursuant to a governor’s disaster proclamation, shall be considered an employee of the state under Iowa Code section 669.21. Disability, workers’ compensation, and death benefits for designated team members participating in a response or recovery operation initiated by the administrator or governor pursuant to rule 12.4(29C) or participating in a training or exercise activity approved by the administrator shall be paid by the state in a manner consistent with the provisions of Iowa Code chapter 85, 410, or 411 as appropriate. The department of administrative services shall process claims for compensable losses of deployed team members.

12.5(3) The homeland security and emergency response team’s materials, equipment and supplies consumed or damaged while the team is deployed in accordance with rule 12.4(29C) shall be reimbursed on a replacement cost basis, subject to the availability of funds.

12.5(4) The administrator shall request funds from the executive council to address any obligations under rule 12.5(29C).

605—12.6(29C) Alternate deployment of homeland security and emergency response teams.

12.6(1) At its discretion, a homeland security and emergency response team may deploy at the direct request of a political subdivision of the state without a directive from the administrator or without a governor’s disaster proclamation.

12.6(2) The provisions of rule 12.5(29C) do not apply to a team deployed under 12.6(29C). A team deployed upon local request may seek compensation from the political subdivision making the request and in accordance with any mutual aid agreements that may exist at the time of deployment.

12.6(3) If, during a team deployment, a governor’s disaster proclamation is issued, the administrator shall specify the date and time when the team may be deployed under rules 12.4(29C) and 12.5(29C).

CHAPTER 14
FLOOD MITIGATION PROGRAM
14.1(418) Purpose
14.2(418) Definitions
14.3(418) Flood mitigation board
605—14.1(418) Purpose.
In accordance with Iowa Code section 418.7, the flood mitigation board establishes the policies and procedures for the creation and administration of an Iowa flood mitigation program.

605—14.2(418) Definitions.
"Board" means the flood mitigation board as created in Iowa Code section 418.5.
"Department" means the department of homeland security and emergency management.
"Director" means the director of the department of homeland security and emergency management.
"Governmental entity" means any of the following:
  1. A county.
  2. A city.
  3. A joint board or other legal or administrative entity established or designated in an agreement pursuant to Iowa Code chapter 28E between any of the following:
     - Two or more cities located in whole or in part within the same county.
     - A county and one or more cities that are located in whole or in part within the county.
     - A county, one or more cities that are located in whole or in part within the county, and a drainage district formed by mutual agreement under Iowa Code section 468.142 located in whole or in part within the county.
"Project" means the construction and reconstruction of levees, embankments, impounding reservoirs, conduits or other means that are necessary for the protection of property from the effects of floodwaters and may include the deepening, widening, alteration, change, diversion, or other improvement of watercourses if necessary for the protection of such property from the effects of floodwaters. A project may consist of one or more phases of construction or reconstruction that are contracted for separately if the larger project, of which the project is a part, otherwise meets the requirements of Iowa Code section 418.4.
"Sales tax" means the sales and services tax imposed pursuant to Iowa Code section 423.2.

605—14.3(418) Flood mitigation board.
14.3(1) The flood mitigation board is established and housed, for administrative purposes, within the department. The director shall provide office space, staff assistance, supplies and equipment, and budget funds to pay the necessary expenses of the board.
14.3(2) The board shall be comprised of nine voting members and four ex-officio nonvoting members.
   a. The voting members shall include all of the following:
      (1) Four members of the general public appointed by the governor and confirmed by the senate in accordance with Iowa Code sections 69.16 and 69.16A. These members shall be appointed to three-year staggered terms, and the terms shall commence and end as provided in Iowa Code section 69.19.
      1. Two members of the general public shall have demonstrable experience or expertise in the field of natural disaster recovery.
      2. Two members of the general public shall have demonstrable experience or expertise in the field of flood mitigation.
      (2) The director of the department of natural resources or the director’s designee.
      (3) The secretary of agriculture or the secretary’s designee.
      (4) The director of the department of the director’s designee.
      (5) The treasurer of state or the treasurer’s designee.
      (6) The executive director of the Iowa finance authority or the executive director’s designee.
   b. The ex-officio nonvoting members shall include four members of the general assembly with one each appointed by the following:
      (1) The majority leader of the senate.
      (2) The minority leader of the senate.
      (3) The speaker of the house of representatives.
      (4) The minority leader of the house of representatives.

14.3(3) The governor shall designate a chairperson and vice chairperson from the voting members.

14.3(4) The board shall meet at a time and place determined by the board. Additional meetings may be called by:
   a. The chairperson,
   b. The vice chairperson, or
   c. The director.

14.3(5) All meetings of the board are public meetings and shall be conducted in accordance with Iowa Code chapter 21. A majority of the voting members constitutes a quorum.

605—14.4(418) Flood mitigation project eligibility.

14.4(1) An eligible applicant is a governmental entity as defined in rule 605—14.2(418).

14.4(2) Eligible project types include construction and reconstruction of levees, embankments, impounding reservoirs, conduits, or other means that are necessary for the protection of property from the effects of floodwaters and may include the deepening, widening, alteration, change, diversion, or other improvement of watercourses if necessary for the protection of such property from the effects of floodwaters. A project may consist of one or more phases of construction or reconstruction that are contracted for separately if the larger project, of which the project is a part, otherwise meets the requirements of this subrule.
14.4(3) For the project to be eligible for flood mitigation funding from the sales tax increment fund, the project, or an earlier phase of the project, is required to have been approved to receive federal financial assistance under the Water Resources Development Act (WRDA), the Environmental Protection Agency (EPA), or other federal programs providing assistance specifically for hazard mitigation. Prior to submission of an application, a governmental entity shall request a report from the Iowa department of revenue that provides recent historical data on sales tax revenue and trends in sales tax revenue growth. If a project is eligible for state financial assistance under Iowa Code section 29C.6(17), such project is ineligible for flood mitigation funding under this chapter. The federal award must be in an amount equal to at least 20 percent of the total project cost or $30 million, whichever is less.

14.4(4) For the project to be eligible for flood mitigation funding from the flood mitigation fund or sales tax increment fund, the governmental entity shall provide a local match of at least 50 percent of the total cost of the project less any federal financial assistance. The sales tax increment shall fund a maximum of 50 percent of the total project cost. The federal share of the total project cost shall be a minimum of 20 percent of the total project cost or $30 million, whichever is less. The local match, when combined with the federal share, shall fund a minimum of 50 percent of the total project cost. The governmental entity shall provide funding for the local match.

14.4(5) The project must result in nonpublic investment in the governmental entity’s area, as defined in Iowa Code section 418.11(3), of an amount equal to 50 percent of the total cost of the project. For purposes of this subrule, “nonpublic investment” means investment by nonpublic entities consisting of capital investment or infrastructure improvements occurring in anticipation of or as a result of the project during the period of time between July 1, 2008, and ten years after the board approves the project.

14.4(6) A governmental entity shall not seek approval from the board for a project if the governmental entity previously had a board-approved project or if the governmental entity was part of a governmental entity as defined in rule 605—14.2(418) that had a board-approved project.

605—14.5(418) Applications.

14.5(2) A governmental entity shall submit an application to the board for approval of a project plan prior to January 1, 2016.

14.5(3) The application shall specify whether the governmental entity is requesting financial assistance from the flood mitigation fund or approval for the use of sales tax revenues. Applications for financial assistance from the flood mitigation fund shall describe the type and amount of assistance requested. Applications for the use of sales tax revenues shall state the amount of sales tax revenues necessary for completion of the project and shall contain a report from the Iowa department of revenue, as requested by the governmental entity, that provides recent historical data on sales tax revenue and trends in sales tax revenue growth.

14.5(4) Each application shall include or have attached to the application the
The governmental entity’s project plan adopted under Iowa Code section 418.4(2). The application package shall include all of the following:

a. The project plan that includes:
   (1) A detailed description of the project, including all phases of construction or reconstruction included in the project, maintenance plans for the completed project, the estimated cost of the project, and the maximum amount of debt to be incurred for purposes of funding the project; and
   (2) A detailed description of all anticipated funding sources for the project, including information relating to either the proposed use of financial assistance from the flood mitigation fund or the proposed use of sales tax increment revenues.

b. A copy of the application for federal funds and subsequent approval letter as specified under Iowa Code section 418.4(3)“b.”

c. A detailed budget.

d. A statement about whether the project is designed to mitigate future flooding of existing property and infrastructure that have sustained significant flood damage and are likely to sustain significant flood damage in the future. Detailed information on the existing property and infrastructure shall be included.

e. A statement about whether the project plan addresses the impact of flooding both upstream and downstream from the area where the project is to be undertaken and whether the project conforms to any applicable floodplain ordinance.

f. A statement about whether the area that would benefit from the project’s flood mitigation efforts is sufficiently valuable to the economic viability of the state or is of sufficient historic value to the state to justify the cost of the project.

g. A statement about the extent to which the project would utilize local matching funds. The board shall not approve a project unless at least 50 percent of the total cost of the project, less any federal financial assistance for the project, is funded using local matching funds, and unless the project will result in nonpublic investment in the governmental entity’s area, as defined in Iowa Code section 418.11(3), of an amount equal to 50 percent of the total cost of the project. For purposes of this paragraph, “nonpublic investment” means investment by nonpublic entities consisting of capital investment or infrastructure improvements occurring in anticipation of or as a result of the project during the period of time between July 1, 2008, and ten years after the board approves the project.

h. A statement about the extent of nonfinancial support committed to the project from public and nonpublic sources.

i. A statement about whether the project is designed in coordination with other watershed management measures adopted by the governmental entity or adopted by the participating jurisdictions of the governmental entity, as applicable.

j. A statement about whether the project plan is consistent with the applicable comprehensive, countywide emergency operations plan in effect and other applicable local hazard mitigation plans.

k. A statement about whether financial assistance through the flood mitigation program is essential to meet the necessary expenses or serious needs of the governmental entity related to flood mitigation.

l. Any other documents requested by the board to assist the board in the
consideration of the application.

m. If the governmental entity intends to issue bonds in accordance with Iowa Code section 418.14, the governmental entity shall provide information from the proposed bonding company as to the viability of the bond issuance.

605—14.6(418) Flood mitigation fund.

14.6(1) A flood mitigation fund is created as a separate and distinct fund in the state treasury under the control of the board and consists of money appropriated by the general assembly and any other moneys available to and obtained or accepted by the board for placement in the fund. Payments of interest, repayments of moneys loaned, and recaptures of grants provided by the board shall be deposited in the fund.

14.6(2) Moneys in the fund shall be used by the board to provide financial assistance in accordance with this chapter to a governmental entity in the form of grants, loans and forgivable loans. The board shall specify the terms of any grants or loans made from the fund. The board may make a multiyear commitment to a governmental entity of up to $4 million in any one fiscal year.

14.6(3) Moneys received by a governmental entity from the fund shall be deposited in the governmental entity’s flood project fund as created in rule 605—14.8(418).

14.6(4) If any portion of the moneys appropriated to the fund have not been awarded during the fiscal year in which they were appropriated, the portion which has not been awarded may be utilized by the board to provide financial assistance in subsequent fiscal years.

14.6(5) Following completion of all projects approved to utilize financial assistance from the fund and upon determination by the board that the remaining funds are no longer needed for the program, the funds that were appropriated by the general assembly shall be credited to the general fund of the state. Other funds shall be credited to the granting agency in accordance with any grant agreements.

605—14.7(418) Sales tax increment calculation and sales tax increment fund. The calculation of the sales tax increment and operation of the fund is addressed in Iowa department of revenue 701—Chapter 238.

605—14.8(418) Flood project fund.

14.8(1) Each governmental entity that has a project approved by the board and is awarded funds from either the flood mitigation fund or sales tax increment fund shall create a separate flood project fund. The fund shall be used to pay the costs associated with the governmental entity’s approved project and to pay the principal and interest on bonds issued pursuant to Iowa Code section 418.14.

14.8(2) The governmental entity may deposit any other moneys lawfully received into the fund. Other moneys include but are not limited to local sales and services tax receipts collected under Iowa Code chapter 423B.

605—14.9(418) Board application review.

14.9(1) The board shall not approve a project for inclusion in the program if the application is received after January 1, 2016.

14.9(2) The board may request an independent engineering review of the project to determine the technical feasibility, engineering standards, and total estimated cost of the project. Such review may be completed by the United States Army Corps of Engineers. All costs related to the review shall be the responsibility of the governmental entity.
14.9(3) The board shall not approve any project plan that includes financial assistance pursuant to this chapter that would be used to pay principal and interest on or refinance any debt or other obligation existing prior to the approval of the project.

14.9(4) The board shall not approve a project plan application for which the amount of sales tax increment revenue remitted to the governmental entity would exceed $15 million in any one fiscal year or if approval of the project would result in total remittances in any one fiscal year for all approved projects to exceed, in the aggregate, $30 million.

14.9(5) The board may contract with or otherwise consult with the Iowa flood center, established in Iowa Code section 466C.1, to assist in administering the flood mitigation program and review of applications.

14.9(6) The board, after consulting with the economic development authority, shall approve, defer, or deny the applications.

14.9(7) If the application is denied, the board shall state the reasons for the denial. The governmental entity may resubmit the application for consideration anytime prior to January 1, 2016.

14.9(8) If the application is approved, the board shall specify whether the governmental entity is approved for use of the sales tax revenues under Iowa Code section 418.12 or whether the governmental entity is approved to receive financial assistance from the flood mitigation fund under Iowa Code section 418.10.

14.9(9) If the board approves an application that includes the use of sales tax increment revenues, the board shall establish the annual maximum amount of such revenues that may be remitted to the governmental entity not to exceed $15 million or 70 percent of the total yearly amount of increased sales tax revenue in the governmental entity’s applicable area and deposited in the governmental entity’s account, whichever is less. The board may, however, establish remittance limitations for the project lower than those specified in this subrule.

14.9(10) If the board approves an application that includes financial assistance from the flood mitigation fund, the board shall negotiate and execute on behalf of the department all necessary agreements to provide such financial assistance.

14.9(11) Upon approval of an application for financial assistance under the program, the board shall notify the treasurer of state regarding the amount of moneys needed to satisfy the award of financial assistance and the terms of the award.

14.9(12) If, following approval of an application, it is determined that the amount of federal financial assistance exceeds the amount of federal financial assistance specified in the application, the board shall reduce the award of financial assistance from the flood mitigation fund or reduce the amount of sales tax revenue to be received for the project by a corresponding amount.

14.9(13) Following the approval of an application which proposes to use sales tax increment revenues, the governmental entity shall adopt a resolution authorizing the use of sales tax increment from the governmental entity’s flood project fund. Within ten days of adoption, the governmental entity shall provide a copy of the resolution to the Iowa department of revenue.

605—14.10(418) Reports.

14.10(1) Following the approval of a project application, the governmental entity
shall, on or before December 15 of each year, submit a report to the board detailing the following:

a. The current status of the project.
b. The total expenditures and types of expenditures that have been made related to the project.
c. The amount of total project cost remaining as of the date the report is submitted.
d. The amounts, types, and sources of funding being used.
e. The amount of bonds issued or other indebtedness incurred for the project, including information related to the rate of interest, length of term, cost of issuance, and net proceeds. This report shall also include the amounts and types of moneys used for payment of such bonds or indebtedness.

14.10(2) The board shall submit a written report to the governor and the general assembly on or before January 15 of each year. The report shall contain information relating to all projects that have been approved by the board and contain summaries of the individual project reports required by this chapter. The board shall also convey in the report any recommendations for legislative action to modify this chapter.

14.10(3) The treasurer of state shall report to the department any moneys that are disbursed to a recipient of financial assistance under the program.

14.10(4) Any governmental entity that receives assistance in the form of sales tax revenues under the program shall provide to the board all reports that are required as part of receiving federal financial assistance.

605—14.11(418) Flood project bonds.
A governmental entity receiving sales tax revenues in accordance with this chapter is authorized to issue bonds that are payable from revenues deposited in the flood project fund created in rule 605—14.8(418). Issuance and administration of such bonds shall be done in accordance with Iowa Code sections 418.14 and 384.83.

CHAPTER 15
MASS NOTIFICATION AND EMERGENCY MESSAGING SYSTEM
605—15.1(29C) Purpose. In accordance with Iowa Code section 29C.17A, the department of homeland security and emergency management establishes the policies and procedures for the creation and administration of a statewide mass notification and emergency messaging system.

605—15.2(29C) Definitions. For the purpose of this chapter, the following definitions apply:
“Commission” means a local emergency management commission or joint emergency management commission.
“Department” means the department of homeland security and emergency management.
“Director” means the director of the department of homeland security and emergency management.
“Mass notification and emergency messaging system” or “system” means a system operated by the department which disseminates imminent emergency and public safety-related information.
“State agency” means a principal central department enumerated in Iowa Code section 7E.5.

605—15.3(29C) Application for access.
15.3(1) A state agency or commission may apply to the department for access to the system for use by state, county and local officials. The application is available on the department’s Web site at www.homelandsecurity.iowa.gov. The application shall contain the following:
   a. Name of state agency or commission submitting the application.
   b. Primary point of contact for implementation and administration of the system at the applicant’s level.
   c. Signature of the state agency director or chair of the commission.
   d. Operational plan and procedures created in accordance with rule 605—15.4(29C).
15.3(2) All applications shall be reviewed by the director or designated staff to ensure that the application meets all of the requirements established in this chapter. If the application does not meet all of the requirements, the state agency or commission shall be notified of such shortfalls and possible remedies.
15.3(3) If all of the requirements have been met and the director chooses to grant access to the system, the state agency or commission shall be notified of acceptance.
15.3(4) If the director chooses not to grant the state agency or commission access to the system, the director shall provide notice to the state agency or commission and provide information regarding the decision.
15.3(5) After access to the system has been granted, the director may revoke or suspend such access if the director determines that the state agency or commission is not using the system in accordance with Iowa Code sections 22.7, 29C.2 and 29C.17A and this chapter.

605—15.4(29C) Operational plan and procedures.
15.4(1) Each state agency or commission that submits an application to access the system shall develop and maintain an operational plan and procedures. The operational plan and procedures shall contain the following:
   a. Introductory paragraphs that provide a summary of, the purpose of, and the authorities for the operational plan and procedures document.
   b. A description of the system and a listing of the types of imminent emergency alerts and public safety-related information that will be communicated to the public via the system.
   c. The contact information for the individual who will function as the state agency’s or commission’s administrator for the system and who will be the primary contact point for the department and system vendor.

CHAPTER 100 EMERGENCY RESPONSE COMMISSION
100.1(30) Mission

605—100.1(30) Mission.
The Iowa emergency response commission (IERC) was created to implement Emergency Planning and Community Right-to-Know Act (EPCRA).
The governor appoints one member each to represent department of agriculture and land stewardship, department of employment services, department of justice, department of natural resources, department of public defense, department of public health,
department of public safety, state department of transportation, fire service institute of Iowa State University of science and technology and the office of the governor and two members from private industry.

The IERC shall enter into agreements with the department of employment services, the department of natural resources and the department of public defense to carry out those duties allocated to those departments under Iowa Code chapter 30.

CHAPTER 101
OPERATIONS OF COMMISSION

101.1(17A) Scope
101.2(30) Membership
101.3(17A,21,30) Time of meetings
101.4(17A,21,30) Place of meetings
101.5(17A,21,30) Notification of meetings
101.6(17A,21,30) Attendance and participation by the public
101.7(17A,21,30) Quorum and voting requirements
101.8(17A,21,30) Minutes, transcripts and recording of meetings
101.9(17A,21,30) Officers and election

605—101.1(17A) Scope.
This chapter governs the conduct of business by the Iowa emergency response commission (IERC).

605—101.2(30) Membership.
The Iowa emergency response commission is composed of 15 members appointed by the governor.

101.2(1) Voting members. Members representing the departments of workforce development, natural resources, public defense, public safety, and transportation, and one of the private industry representatives, who is designated by the commission at the first meeting of the commission each year, serve as voting members of the commission.

101.2(2) Nonvoting members. The remaining members of the commission, representing the department of agriculture and land stewardship, the department of justice, the department of public health, the state fire service emergency response council, a local emergency planning committee, the Iowa hazardous materials task force, the office of the governor, and two members representing private industry serve as nonvoting, advisory members of the commission. Nonvoting members may fully participate in discussion of matters before the commission, serve on committees formed by the commission and serve as officers of the commission.

605—101.3(17A,21,30) Time of meetings.
The IERC shall meet at least semiannually, at the call of the chairperson, or upon written request of a majority of the members of IERC. The chairperson shall establish the date of all other meetings, and provide notice of all meeting dates, locations, and agenda.

101.3(1) Call of the chairperson. The chairperson shall notify the IERC of the date, time, and location of all meetings and state the agenda.

101.3(2) Request of the IERC. The chairperson shall schedule a meeting upon the receipt of a written request from a majority of the members of the IERC. The re-
quest shall state the reason for the meeting and the proposed agenda.

605—101.4(17A,21,30) Place of meetings.
Meetings will generally be held in Des Moines, Iowa. The IERC may meet at other locations. The meeting place and time will be specified in the agenda.

605—101.5(17A,21,30) Notification of meetings.

101.5(1) Form of notice. Notice of meetings is given by posting and distributing the agenda. The agenda lists the time, date, place, and topics to be discussed at the meeting.

101.5(2) Posting of agenda. The agenda for each meeting will be posted at the office of the chairperson and in the office of the department of public defense, emergency management division.

101.5(3) Distribution of agenda. Agenda will be mailed to anyone who files a request with the chairperson. The request should state whether the agenda for a particular meeting is desired, or whether the agendas for all meetings are desired.

101.5(4) Amendment to agenda. Any amendments to the agenda after posting and distribution under subrules 101.5(2) and 101.5(3) will be posted, but not distributed. The amended agenda will be posted at least 24 hours prior to the meetings unless, for good cause, notice is impossible or impractical, in which case as much notice as is reasonably possible will be given.

101.5(5) Supporting material. Written materials provided to the IERC with the agenda may be examined and copied. Copies of the materials may be distributed at the discretion of the chairperson to persons requesting the materials. The chairperson may require a fee to cover the reasonable cost to the agency to provide the copies.

605—101.6(17A,21,30) Attendance and participation by the public.

101.6(1) Attendance. All meetings are open to the public. The IERC may exclude the public from portions of the meeting in accordance with Iowa Code section 21.5.

101.6(2) Participation.
   a. Items on agenda. Persons who wish to address the IERC on a matter on the agenda should notify the chairperson at least three days before the meeting. Presentations to the IERC may be made at the discretion of the chairperson.
   b. Items not on agenda. Iowa Code section 21.4 requires a commission to give notice of its proposed agenda. Therefore, the IERC discourages persons from raising matters not on the agenda. Persons who wish to address the IERC on a matter not on the agenda should file a request with the chairperson to place the matter on the agenda of a subsequent meeting.

101.6(3) Coverage by press. Cameras and recording devices may be used during meetings provided they do not interfere with the orderly conduct of the meeting. The chairperson may order the use of these devices be discontinued if they cause interference and may exclude those persons who fail to comply with that order.

605—101.7(17A,21,30) Quorum and voting requirements.

101.7(1) Quorum. Four of the six voting members of the commission constitute a quorum.

101.7(2) Majority voting. All votes shall be determined by a majority of voting members present at a meeting of the commission. A quorum of the commission must be present at the time any vote is taken by the commission.
101.7(3) Voting procedures. The chairperson shall rule as to whether the vote will be by voice vote or roll call. A roll call vote shall be taken anytime a voice vote is not unanimous. Minutes of the commission shall indicate the vote of each member.

605—101.8(17A,21,30) Minutes, transcripts and recording of meetings.

101.8(1) Recordings. The chairperson shall record by mechanized means each meeting and shall retain the recording for at least one year. Recordings of closed sessions shall be sealed and retained at least one year.

101.8(2) Transcripts. Transcripts of meetings will not routinely be prepared. The chairperson will have transcripts prepared upon receipt of a request for a transcript and payment of a fee to cover its cost.

101.8(3) Minutes. The chairperson shall record minutes of each meeting. Minutes shall be reviewed, approved, and maintained by the IERC. The approved minutes shall be signed by the chairperson.

605—101.9(17A,21,30) Officers and election.

101.9(1) Officers. The officers of the IERC are the chairperson and vice chairperson.

101.9(2) Elections. Election of officers shall take place at the first commission meeting held each calendar year. If an officer does not serve out the elected term, a special election shall be held at the first meeting held after notice is provided to the commission to elect a member to serve out the remainder of the term.

CHAPTER 102
EMERGENCY PLANNING DISTRICTS

102.1(30) Requirement to designate, and organization of, emergency planning districts

102.2(30) Emergency planning districts—counties

102.3(30) Application to modify districts

605—102.1(30) Requirement to designate, and organization of, emergency planning districts.

The Iowa emergency response commission (IERC) is required to designate emergency planning districts. A local emergency planning committee is appointed by the IERC for each emergency planning district. The local emergency planning committee shall be responsible for the implementation of Emergency Planning and Community Right-to-Know Act (EPCRA) activities in each of the emergency planning districts including facilitating preparation and implementation of emergency planning for the emergency planning district.

605—102.2(30) Emergency planning districts—counties. Each of the presently existing 99 Iowa counties is designated as the geographic boundaries for an emergency planning district.

605—102.3(30) Application to modify districts. Two or more local emergency planning committees with commonality of interests may petition the IERC to amend, modify, or combine their districts. Petitions shall specify the geographical district requested, the reasons for the change, the benefit to the public by the designation of the proposed geographical district, and the proposed date for the change in designation.
CHAPTER 103
LOCAL EMERGENCY PLANNING COMMITTEES
103.1(30) Requirement to appoint local emergency planning committees (LEPC)
103.2(30) Committee members
103.3(30) Local emergency planning committee (LEPC) duties
103.4(30) Emergency response plan development
103.5(30) Local emergency planning committee office
103.6(30) Local emergency response committee meetings
103.7(30) Local emergency response plan submission

605—103.1(30) Requirement to appoint local emergency planning committees (LEPC).

103.1(1) Purpose. The Iowa emergency response commission (IERC) is required to appoint members to local emergency planning committees. An LEPC is appointed for each of the emergency planning districts established in 607—Chapter 102.

103.1(2) Representation. As a minimum, each LEPC should be comprised of a representative from each of the following groups or organizations:

a. Elected state and local officials,
b. Law enforcement personnel,
c. Civil defense personnel,
d. Firefighting personnel,
e. First-aid personnel,
f. Health personnel,
g. Local environmental personnel,
h. Hospital personnel,
i. Transportation personnel,
j. Broadcast and print media,
k. Community groups, and
l. Owners and operators of facilities subject to the requirements of EPCRA.

A person may represent one or more of the disciplines listed, provided they are duly appointed by each group or organization to be represented.

605—103.2(30) Committee members.

103.2(1) Appointment of local emergency planning committees. Nominations to the LEPC shall be made by the county emergency management commission, established under Iowa Code section 29C.9, and shall be subject to review and appointment by the IERC. To the extent possible, membership of the LEPC shall be composed of members of the county emergency management commission. Vacancies on the LEPC shall be filled in accordance with this subrule.

103.2(2) Meeting participation. Any member of the county emergency management commission may participate in any meeting of the LEPC. If the county emergency management commission member is not the appointed representative of one of the groups or organizations specified in subrule 103.1(2), the county emergency management commission member shall not be eligible to vote on any issue before the LEPC.

103.2(3) Member changes. The IERC may revise the appointments made as it
deems appropriate. Interested persons may petition the IERC to modify the membership of an LEPC.

**605—103.3(30) Local emergency planning committee (LEPC) duties.**

103.3(1) The LEPC shall establish procedures for the functioning of the committee to include:
   a. The length of terms of the LEPC members and the selection of a chair and vice-chair;
   b. The public notification of committee activity (42 U.S.C. 11001(c));
   c. The conduct of public meetings to discuss the emergency plan (Iowa Code chapter 21, 42 U.S.C. 11001(c)); and
   d. The procedures for receiving and responding to public comments; and the distribution of emergency plans. (42 U.S.C. 11001(c))

103.3(2) The LEPC shall establish procedures for receiving and processing requests from the public for information under EPCRA Section 324, including Form Tier Two information under EPCRA Section 312. (42 U.S.C. 11001(c))

103.3(3) The LEPC shall designate a 24-hour emergency contact point(s) for the immediate receipt of chemical release notifications. (42 U.S.C. 11003(c)(3))

103.3(4) The LEPC shall designate an official to respond to requests for information from the public for material safety data sheets, chemical lists, chemical inventory forms, emergency response plans, and toxic chemical releases forms. The information, including minutes of the LEPC and related committee actions shall be available to the public during normal working hours at a location designated by the LEPC. (42 U.S.C. 11044(a))

103.3(5) The LEPC shall prepare an emergency plan for the district and shall review and revise as necessary the emergency plan at least annually. Both the initial emergency plan and any updates or revisions shall be submitted by the LEPC to the IERC in accordance with subrule 103.4(2). (42 U.S.C. 11003(a), 42 U.S.C. 11003(e))

103.3(6) The LEPC shall evaluate the need for resources in the district necessary to develop, implement, and exercise the emergency plan(s) and make recommendations. (42 U.S.C. 11003(b))

103.3(7) The LEPC shall maintain a current listing of the emergency coordinators designated by each covered facility. (42 U.S.C. 11003(d)(1))

103.3(8) The LEPC shall receive, review and act upon information updates from covered facilities regarding emergency planning.

103.3(9) The LEPC shall annually publish notice that emergency response plan, material safety data sheets, and inventory forms have been submitted and how the public can obtain access to the material for review. (42 U.S.C. 11044(b))

**605—103.4(30) Emergency response plan development.**

The IERC recognizes that emergency planning includes more than chemical release planning. The chemical release planning required by this chapter and EPCRA shall be included in the comprehensive emergency planning conducted by the county emergency management commission as required by Iowa Code chapter 29C and planning standards of the Iowa division of emergency management.

**605—103.5(30) Local emergency planning committee office.**

The LEPC shall designate a local government office that will serve as the focal point for receiving nonemergency notifications from facilities that are subject to the law. This
office shall also be the depository for material safety data sheets, chemical lists, chemical inventory forms, emergency response plans, and toxic chemical releases forms and a point of contact for the public regarding community right-to-know inquiries, and the office of record for minutes of the LEPC meetings and related committee actions.

605—103.6(30) Local emergency response committee meetings.
The LEPC shall meet as frequently as deemed necessary by the chair until the local emergency operations plan is developed and concurred by the joint administration and reviewed by the IERC. Subsequent to plan approval, the LEPC is required to meet at least annually to review emergency response procedures, emergency plans and ensure the actions required are properly administered within the local emergency planning district.

605—103.7(30) Local emergency response plan submission.
After completion of the initial emergency response plan and any subsequent revisions thereto, the LEPC shall submit a copy to the IERC. The IERC shall review the submission and make recommendations to the LEPC on appropriate revisions that may be necessary to comply with provisions in 42 U.S.C. 11003(c) and state planning standards in 607—Chapter 6 to ensure coordination with emergency response plans of other emergency planning districts, the state of Iowa, and adjacent states. To the maximum extent practicable, the review shall not delay implementation of the plan or revisions thereto. All plans shall be submitted annually by October 17.

CHAPTER 104
REQUIRED REPORTS AND RECORDS
104.1(30) Department of public defense, emergency management division
104.2(30) Department of natural resources

605—104.1(30) Department of public defense, emergency management division.
104.1(1) Emergency planning notification. The owner or operator of each facility subject to the planning notification requirement shall notify the department of public defense, emergency management division, that the facility is subject to the requirements of Section 302, Emergency Planning and Community Right-to-know Act, 42 U.S.C. 11002. The notification is to be on the Tier Two form specified in subrule 104.2(4). The facility owner or operator shall submit the notification to the department of natural resources by March 1 for covered chemicals in its possession. If the facility is reporting chemicals to the department of natural resources on the Tier Two form pursuant to subrule 104.2(4), a duplicate report is not required. The report shall be revised by a notification on the Tier Two form within 60 days after the acquisition of chemicals meeting the notification requirements and reported to the homeland security and emergency management division.

104.1(2) Plan development. Each local emergency planning committee (LEPC) shall prepare a comprehensive emergency response plan(s) pursuant to 42 U.S.C. 11033 which shall become an integrated portion of the emergency plan established by the joint administration. Where a local emergency planning district exceeds the jurisdictional boundaries of a single joint administration, a comprehensive emergency response
plan shall be developed for each joint administration at least annually. The plan shall be reviewed and revised as necessary. The joint administration shall not change the plan without the approval of the LEPC.

104.1(3) Submissions. Plans and notifications required under this rule shall be submitted to the Department of Public Defense, Emergency Management Division, Hoover State Office Building, Level A, Des Moines, Iowa 50319.

605—104.2(30) Department of natural resources.

104.2(1) Emergency notifications of releases. Each release subject to the requirements of Section 304, Emergency Planning and Community Right-to-know Act, 42 U.S.C. 11004, shall be submitted to the department of natural resources. This notification shall be done in conjunction with the notification required by 567—131.2(455B). Notifications of release shall be telephoned to the department at (515)281-8694 immediately. A written follow-up emergency notice shall be made within 30 days.

104.2(2) Toxic chemical release form. The owner or operator of a facility subject to the requirements of Section 313, Emergency Planning and Community Right-to-know Act, 42 U.S.C. 11023, shall submit information required by EPA regulations to the department of natural resources. The information for the previous calendar year shall be submitted by July 1 of the following year.

104.2(3) Material safety data sheet information. The owner or operator of a facility required to prepare or have available a material safety data sheet for a hazardous chemical under the Occupational Safety and Health Act of 1970 and regulations promulgated under that Act shall submit a list of each chemical required to be submitted under Section 311, Emergency Planning and Community Right-to-know Act, 42 U.S.C. 11021. The list shall be submitted to the department of natural resources and to the appropriate local emergency planning committee (LEPC) and the fire department in whose jurisdiction the facility is located. The submission of material safety data sheets in lieu of a list is not permitted. A form is not designated.

104.2(4) Emergency and hazardous chemical inventory form (Tier Two). The owner or operator of a facility required to prepare or have available a material safety data sheet for a hazardous chemical under the Occupational Safety and Health Act of 1970 and regulations promulgated under that Act shall submit emergency and hazardous chemical inventory information required to be submitted under Section 312, Emergency Planning and Community Right-to-know Act, 42 U.S.C. 11022. The information shall be submitted to the department of natural resources, the appropriate local emergency planning committee (LEPC), and the fire department within whose jurisdiction the facility is located by March 1 for the chemicals in its inventory the preceding calendar year. Tier One forms will not be accepted. The information shall be submitted on the Iowa Tier Two form or in any electronic format approved by the department of natural resources.

104.2(5) Submissions. Written notifications and reports required under this rule shall be submitted to the Department of Natural Resources, Wallace State Office Building, Des Moines, Iowa 50319. For additional information, see rule 567—131.2(455B).

605—104.3(30) Department of employment services, labor services division. Rescinded IAB 2/13/08, effective 3/19/08.
IOWA ADMINISTRATIVE CODE
AGRICULTURE AND LAND STEWARDSHIP DEPARTMENT [21]

CHAPTER 61
DEAD ANIMAL DISPOSAL

21—61.1(167) Dead animal disposal—license. No person, firm or corporation shall engage in the business of disposing of the bodies of dead animals without first obtaining a license to do so in the manner and upon the terms and conditions provided in Iowa Code chapter 167. This rule is intended to implement Iowa Code section 167.2.

21—61.2(167) Animal disposal—persons defined. Any person who shall obtain from any other person the body of any animal for the purpose of obtaining the hide, skin or grease from such animal in any way whatsoever shall be deemed to be engaged in the business of disposing of dead animals. This rule is intended to implement Iowa Code section 167.3.

21—61.3(167) Disposing of dead animals by cooking. Any person desiring to engage in the business of disposing of the bodies of dead animals by cooking or otherwise shall file with the department of agriculture and land stewardship of the state of Iowa an application for license. This rule is intended to implement Iowa Code section 167.2.

21—61.4(167) License fee. Such applicant shall, upon filing such application, pay to the department of agriculture and land stewardship the sum of $100. This rule is intended to implement Iowa Code section 167.4.

21—61.5(167) Certificate issuance. If the secretary of agriculture shall find that such applicant is a responsible and reliable person and capable of conducting properly such business, and that the place where such business is to be conducted is a suitable and sanitary place, the secretary shall issue to such applicant a certificate to that effect. This rule is intended to implement Iowa Code section 167.5.

21—61.6(167) Filing certificate. Such applicant shall file such certificate with the department of agriculture and land stewardship and shall pay said department the sum of $100 for a license to conduct such business. This rule is intended to implement Iowa Code section 167.7.

21—61.7(167) License renewal. Every person operating under a license issued by the department of agriculture and land stewardship shall pay, annually, for the renewal of such license the sum of $100. This rule is intended to implement Iowa Code section 167.10.

21—61.8 to 61.10 Reserved.

21—61.11(167) Disposal plant plans. Plans of disposal plant, either in blueprint or detail drawing shall be filed with the Iowa department of agriculture and land stewardship. All tanks, vats, pipes, drains, valves, etc., shall be shown in detail. A separate drawing or blueprint of the covered or underground portion of the construction shall be included with these plans. Any alteration in construction that is to be made shall be approved by the department before construction is undertaken. This rule is intended to implement Iowa Code section 167.11.
21—61.12(167) Disposal plant specifications. No place shall be deemed suitable or sanitary for disposing of the bodies of dead animals unless it conforms to the following specifications:
61.12(1) The building must be provided with concrete or cement floors or some other nonabsorbent material and provided with good drainage and be thoroughly sanitary.
61.12(2) All cooking vats or tanks shall be airtight; except where proper escapes or vents are required for live steam used in cooking.
61.12(3) Steam shall be so disposed of as not to cause unnecessary annoyance or create a nuisance.
61.12(4) Such place shall be so situated, arranged and conducted as not to interfere with the comfortable enjoyment of life and property of the citizens of this state.
61.12(5) No liquid wastes, either from the process or from washings, shall be discharged into any stream, watercourse or on the surface of the ground.
61.12(6) All sewage from washing of floors, wagons, trucks, and all liquid wastes from the rendering process shall be disposed of by:
   a. Evaporation.
   b. Sterilized by boiling.
   c. Through a series of septic tanks proven adequate to handle and render nonpathogenic the quantity of material discharged at maximum capacity of the plant. The disposal plan for carrying out the above process shall be submitted to the department for approval before it is installed. This rule is intended to implement Iowa Code sections 167.11 and 167.12.

21—61.13 and 61.14 Reserved.

21—61.15(167) Conveyances requirements. Conveyances for transporting carcasses of animals must be provided with watertight bed or tank not less than 24 inches in depth; all metal or metal-lined and watertight at least 4 inches above the general level of the bottom of box or bed; endgate to be of metal or metal-lined, hinged at the bottom of box or bed and fastened firmly at top when closed; endgate to be provided with an effect on the inside to fit snugly over the end of the bed. This rule is intended to implement Iowa Code section 167.15.

21—61.16(167) Disposal plant trucks. All trucks used for transporting carcasses of dead animals on the highways must be owned and operated by a licensed disposal plant, except as provided for in rule 21—64.104(167). The name and address and license number of the plant shall be painted on both sides of the truck in letters not less than four inches high and in a color in definite contrast to the body color of the truck. This rule is intended to implement Iowa Code section 167.15.

21—61.17(167) Disposal employees. In cases where licensed disposal plants have employees operating trucks in other cities or towns, they must operate under the name of the licensed disposal plant by which they are employed, and this applies to all advertisements and listings. This rule is intended to implement Iowa Code section 167.15.

21—61.18(167) Tarpaulins. No disposal plant truck shall be moved on the highway without having a tarpaulin which is adequate to cover the bed of the truck and anything contained therein. If any carcass is contained in the truck or the truck has not been thoroughly cleaned, such tarpaulin must be in place covering the bed of the truck and its contents. Such tarpaulin must have no holes through which flies can pass. This rule
is intended to implement Iowa Code section 167.15.

21—61.19(167) Disposal vehicles—disinfection. Whenever a vehicle or person in charge thereof has been upon any premises for the purpose of removing the carcass of any animal, or where animals are dead or dying, before such vehicle can be taken upon a public highway or upon other premises and before leaving the premises of the rendering plant on each trip the wheels of such vehicles and shoes or boots of all persons having been upon such infected premises shall be disinfected thoroughly with any disinfectant of prescribed strength recommended by the division of animal industry as a disinfectant, preferably creosol compound, three percent, or by a 1-1000 solution of bichloride of mercury. Facilities and materials for disinfection shall be carried on truck at all times. This rule is intended to implement Iowa Code section 167.17.

21—61.20 to 61.22 Reserved.

21—61.23(167) Rendering plant committee. If a committee, composed of a member of the division of animal industry, a member of the dairy and food division and representatives of the state board of health and local board of health, after investigation finds that the location or management of any rendering plant interferes with the health, comfort and enjoyment of life or property, the department will consider such finding sufficient grounds for the withholding or suspending of a license. This rule is intended to implement Iowa Code sections 167.8 and 167.13.

21—61.24(167) Rendering plant—spraying. It will be necessary for the management of each rendering or processing plant to spray the inside of each building, including the doors, windows and screens, as well as all trucks used in transporting the bodies of dead animals, with an approved and effective fly control agent every 30 days beginning the first of April and continuing through the month of October. This rule is intended to implement Iowa Code section 167.13.

21—61.25(167) Penalty. See Iowa Code section 167.19. This rule is intended to implement Iowa Code section 167.19.

21—61.26 and 61.27 Reserved.

21—61.28(167) Anthrax. The carcass of no animal which dies or which has been killed on account of being affected with anthrax may be handled by a disposal plant. In case through error or otherwise an anthrax carcass is brought into a disposal plant, the plant and its trucks shall be placed under quarantine immediately on the premises of the disposal plant. And said quarantine shall remain in effect until such cleaning and sterilizing of the plant, equipment and any byproducts including hides that the department may deem necessary have been completed. This rule is intended to implement Iowa Code section 167.13.

21—61.29(167) Anthrax—disposal. All carcasses of animals dead or which have been killed on account of being infected with anthrax must be burned within 24 hours intact without removal of the hide, together with all contaminated flooring, mangers, feed racks, watering troughs, buckets, bedding, litter, soil and utensils. In case such flooring, mangers, feed racks, watering troughs, buckets, stanchions, etc., that have been contaminated are constructed of metal and cement or other fireproof material, they shall be disinfected thoroughly with cre-
solis compound, U.S.P. or any reliable disinfectant recommended by the B.A.I., chief of division of animal industry or a regularly qualified veterinarian. In the event the owner neglects or refuses to make such disposition of the carcasses of animals dead from anthrax within 24 hours, as stated above, then in such cases the disposal of the same shall be handled in accordance with rule 21—61.33(167). This rule is intended to implement Iowa Code section 167.13.

21—61.30(167) Classical swine fever—carcasses. All carcasses of hogs dead of classical swine fever must be burned within 24 hours intact, or they may be disposed of within 24 hours by the operator of a licensed rendering plant. In the event that the owner neglects or refuses to make such disposition of the carcass or carcasses of hogs dead of classical swine fever, then the disposal of same shall be handled in accordance with rule 21—61.33(167).

21—61.31(167) Noncommunicable diseases—carcasses. All carcasses of animals, dead from noncommunicable diseases, may be either burned within 24 hours, or such carcasses may be disposed of within 24 hours by the operator of a licensed rendering plant. In the event that the owner neglects or refuses to make such disposition of the carcass or carcasses, then the disposal of same shall be handled in accordance with rule 21—61.33(167).

21—61.32(167) Carcass disposal—streams. All persons are strictly forbidden to throw the carcass of any animal into any river, stream, lake or pond or bury the carcass of any animal near any stream or tile drain. Such carcasses if dead of noncommunicable disease, if not disposed of to a rendering plant, must be buried six feet below the surface of the ground, in accordance with the preceding rule. This rule is intended to implement Iowa Code section 167.18.

21—61.33(167) Improper disposal. When the owner of any animal, dead from any cause, neglects or refuses to make proper disposition of the carcasses of such animals it shall be the duty of the township trustees or local board of health to supervise the disposal of such carcasses. This rule is intended to implement Iowa Code section 167.13.

CHAPTER 64
INFECTIONOUS AND CONTAGIOUS DISEASES

21—64.1(163) Reporting disease. Whenever any person or persons who shall have knowledge of the existence of any infectious or contagious disease, such disease affecting the animals within the state or resulting in exposure thereto, which may prove detrimental to the health of the animals within the state, it shall be the duty of such person or persons to report the same in writing to the State Veterinarian, Bureau of Animal Industry, Wallace State Office Building, Des Moines, Iowa 50319, who shall then take such action as deemed necessary for the suppression and prevention of such disease. The diseases as classified by the Office International Des Epizooties are included. The following named diseases are infectious or contagious and the diagnosis or suspected diagnosis of any of these diseases in animals must be reported promptly to the Iowa department of agriculture and land stewardship by the veterinarian making the diagnosis or suspected diagnosis:
64.1(1) Multiple species diseases.
- Anthrax
- Aujeszky’s disease
- Bluetongue
- Brucellosis (Brucella abortus)
- Brucellosis (Brucella melitensis)
- Brucellosis (Brucella suis)
- Crimean Congo haemorrhagic fever
- Echinococcosis/hydatidosis
- Epizootic haemorrhagic disease
- Equine encephalomyelitis (Eastern)
- Foot and mouth disease
- Heartwater
- Japanese encephalitis
- Johne’s disease
- Leptospirosis
- New world screwworm (Cochliomyia hominivorax)
- Old world screwworm (Chrysomya bezziana)
- Q fever
- Rabies
- Rift Valley fever
- Rinderpest
- Surra (Trypanosoma evansi)
- Trichinelliosis
- Tularemia
- Vesicular stomatitis
- West Nile fever

64.1(2) Cattle diseases.
- Bovine anaplasmosis
- Bovine babesiosis
- Bovine genital campylobacteriosis
- Bovine spongiform encephalopathy
- Bovine tuberculosis
- Bovine viral diarrhoea
- Contagious bovine pleuropneumonia
- Enzootic bovine leucosis
- Haemorrhagic septicaemia
- Infectious bovine rhinotracheitis/infectious pustular vulvovaginitis
- Lumpy skin disease
- Theileriosis
- Trichomonosis
- Trypanosomosis (tsetse-transmitted)

64.1(3) Swine diseases.
- African swine fever
- Classical swine fever
- Nipah virus encephalitis
• Porcine cysticercosis
• Porcine reproductive and respiratory syndrome
• Swine vesicular disease
• Transmissible gastroenteritis
64.1(4) Sheep and goat diseases.
• Caprine arthritis/encephalitis
• Contagious agalactia
• Contagious caprine pleuropneumonia
• Enzootic abortion of ewes (ovine chlamydiosis)
• Maedi-visna
• Nairobi sheep disease
• Ovine epididymitis (Brucella ovis)
• Peste des petits ruminants
• Salmonellosis (S. abortusovis)
• Scrapie
• Sheep pox and goat pox
64.1(5) Equine diseases.
• African horse sickness
• Contagious equine metritis
• Dourine
• Equine encephalomyelitis (Western)
• Equine infectious anaemia
• Equine influenza
• Equine piroplasmosis
• Equine rhinopneumonitis
• Equine viral arteritis
• Glanders
• Venezuelan equine encephalomyelitis
64.1(6) Avian diseases.
• Avian chlamydiosis
• Avian infectious bronchitis
• Avian infectious laryngotracheitis
• Avian mycoplasmosis (M. gallisepticum)
• Avian mycoplasmosis (M. synoviae)
• Duck virus hepatitis
• Fowl cholera
• Fowl typhoid
• Highly pathogenic avian influenza and low pathogenic avian influenza in poultry
• Infectious bursal disease (Gumboro disease)
• Marek’s disease
• Newcastle disease
• Pullorum disease
• Turkey rhinotracheitis
64.1(7) Lagomorph diseases.
• Myxomatosis
- Rabbit haemorrhagic disease
64.1(8) Fish diseases.
- Epizootic haematopoietic necrosis
- Epizootic ulcerative syndrome
- Gyrodactylosis (Gyrodactylus salaris)
- Infectious haematopoietic necrosis
- Infectious salmon anaemia
- Koi herpesvirus disease
- Red sea bream iridoviral disease
- Spring viraemia of carp
- Viral haemorrhagic septicaemia
64.1(9) Mollusc diseases.
- Infection with abalone herpes-like virus
- Infection with Bonamia exitiosa
- Infection with Bonamia ostreae
- Infection with Marteilia refringens
- Infection with Perkinsus marinus
- Infection with Perkinsus olseni
- Infection with Xenohaliotis californiensis
64.1(10) Crustacean diseases.
- Crayfish plague (Aphanomyces astaci)
- Infectious hypodermal and haematopoietic necrosis
- Infectious myonecrosis
- Taura syndrome
- White spot disease
- White tail disease
- Yellowhead disease
64.1(11) Amphibian diseases.
- Infection with Batrachochytrium dendrobatidis
- Infection with ranavirus
64.1(12) Other diseases.
- Camel pox
- Chronic wasting disease
- Leishmaniosis

Reporting is required for any case or suspicious case of an animal having any disease that may be caused by bioterrorism, epidemic or pandemic disease, or novel or highly fatal infectious agents or biological toxins and that might pose a substantial risk of a significant number of animal fatalities, incidents of acute short-term illness in animals, or incidents of permanent or long-term disability in animals. This rule is intended to implement Iowa Code sections 163.1, 163.2, 189A.12, 189A.13 and 197.5.

21—64.2(163) Disease prevention and suppression. Whenever the chief of division of animal industry shall have knowledge of an outbreak of any contagious, infectious or communicable disease among domestic animals in the state, the chief of the division of animal industry shall take such action as necessary for the prevention and suppression of such disease, including establishment, enforcement and maintenance of
quarantines. The chief of the division of animal industry is authorized and empowered
to obtain assistance of any peace officer. This rule is intended to implement Iowa Code
sections 163.1 and 163.10.
21—64.3(163) Duties of township trustees and health board. Whenever no-
tice is given to the trustees of a township or to a local board of health that animals are
suspected of being affected with or having been exposed to any contagious, infectious
or communicable disease, they may impose such restrictions as deemed necessary to
prevent the spread of the disease. It shall be the duty of such township trustees or local
boards to immediately notify the chief of division of animal industry. This rule is intend-
ed to implement Iowa Code section 163.17.
21—64.4(163) “Exposed” defined. An animal must be considered as “exposed”
when it has stood in a stable with, or been in contact with, any animal known to be
affected with a contagious, infectious or transmissible disease; or if placed in a stable,
yard or other enclosure where such diseased animal or animals have been kept unless
such stable, yard or other enclosure has been thoroughly cleaned and disinfected after
containing animals so affected. This rule is intended to implement Iowa Code section
163.1.
21—64.5(163) Sale of vaccine. No attenuated or live culture vaccine or virus shall be
sold or offered for sale at retail except to a licensed veterinarian of this state, nor shall it
be administered to any livestock or poultry except by a licensed veterinarian of the state
of Iowa. This does not apply to the sale of and administration of virulent classical swine
fever virus when sold to and administered by valid permit holders for its use on hogs
owned by themselves on their own premises. This rule is intended to implement Iowa
Code section 163.1.
21—64.6(163) “Quarantine” defined. The term “quarantine” shall be construed to
mean the perfect isolation of all diseased or suspected animals from contact with oth-
er animals as well as the exclusion of other animals from yards, stables, enclosures or
grounds where suspected or diseased animals are or have been kept. This rule is intend-
ed to implement Iowa Code section 163.1.
21—64.7(163) Chiefs of Iowa and U.S. animal industries to cooperate. The
department of agriculture and land stewardship hereby authorizes and directs the chief
of division of animal industry to cooperate with the bureau of animal industry, United
States Department of Agriculture, in all regulations for the prevention, control and erad-
ication of contagious and infectious diseases among domestic animals in the state of
Iowa. This rule is intended to implement Iowa Code section 163.1.
21—64.8(163) Animal blood sample collection. Any animal slaughtered in Iowa
is subject to having blood samples taken in order to determine whether the animal is
infected with an infectious or contagious disease. Upon written notification from the
department or from the United States Department of Agriculture, the management of
a slaughter facility shall provide for or permit the collection of blood samples for testing
from any animal confined at or being slaughtered at such a facility. If the department or
the United States Department of Agriculture chooses to place government employees or
private contractors in the facility for the purpose of collecting the blood samples, nei-
ther the facility nor the management of the facility shall charge a fee for providing such
access. In addition, the slaughter facility shall provide blood collectors access to facilities
routinely available to plant employees such as rest rooms, lockers, break rooms, lunch-
rooms, and storage facilities to facilitate blood collection in the same manner and on the
same terms as the facility provides access to the facility to meat inspectors employed by
the department or the Food Safety Inspection Service of the United States Department
of Agriculture.

21—64.9 Reserved.

21—64.10(163) Preventing spread of glanders. No person owning or having the
care or custody of any animal affected with glanders or farcy, or which there is a reason
to believe is affected with said disease, shall lead, drive or permit such animal to go on
or over any public grounds, unenclosed lands, street, road, public highway, lane or alley;
or permit such animal to drink at any public watering trough, pail or spring, or keep
such diseased animal in any enclosure in or from which such diseased animal may come
in contact with, or in proximity to, any animal not affected with such disease. This rule is
intended to implement Iowa Code section 163.20.

21—64.11(163) Disposal of diseased animal. Whenever any animal affected with
glanders dies or is destroyed the carcass of such animal shall be burned immediately. As
glanders is transmissible to human beings great care must be exercised in handling dis-
eased animals or carcasses. This rule is intended to implement Iowa Code section 163.1.

21—64.12(163) Glanders quarantine. It shall be the duty of the chief of division
of animal industry to maintain quarantine on all animals affected with glanders until
such animals have been destroyed by consent of the owner or otherwise, and carcasses
disposable of in accordance with 21—64.11(163) and the premises where the same have
been kept thoroughly cleaned and disinfected. This rule is intended to implement Iowa
Code section 163.2.

21—64.13(163) Tests for glanders and farcy. In suspected cases of glanders and
farcy the most efficient field test is the intrapalpebral mallein test, and as valuable aids
to diagnosis the mallein Strass’ agglutination and precipitation tests shall be recognized.
This rule is intended to implement Iowa Code section 163.1.

21—64.14 Reserved.

BLACKLEG CONTROL

21—64.15(163) Blackleg. Upon the appearance of an outbreak of blackleg on any
premises all calves and yearlings on the premises should be promptly immunized. All
carcasses of animals dead of blackleg must be burned intact without removal of the
hide. Such carcasses may be disposed of by removal within 24 hours by the operator
of a regularly licensed rendering plant. In the event that the owner of any animal dead
from blackleg neglects or refuses to make such disposition of the carcass or carcasses
as indicated above, then in such cases the disposal shall be handled in accordance with
21—61.33(163). This rule is intended to implement Iowa Code sections 167.18 and
163.2.

21—64.16 Reserved.

DEPARTMENT NOTIFICATION OF DISEASES

21—64.17(163) Notification of chief of animal industry. It shall be the duty of
any city or local board of health or township trustees, whenever notice is given of an-
imals being affected with rabies, glanders, scabies, classical swine fever or any conta-
gious or infectious disease or having been exposed to the same, to promptly notify the
state veterinarian. This rule is intended to implement Iowa Code section 163.17.

21—64.18 to 64.22 Reserved.

RABIES CONTROL

21—64.23(163) Rabies—exposed animals. Whenever rabies is known to exist in any community it shall be the duty of all owners of dogs or other exposed animals to immediately confine such dogs or animals securely to prevent them from spreading the infection should they develop the disease. This rule is intended to implement Iowa Code section 351.39.

21—64.24(163) Rabies quarantine. When quarantine is established in any community on account of the existence of rabies all dogs not confined or muzzled shall be promptly destroyed. This rule is intended to implement Iowa Code section 351.40.

21—64.25(351) Control and prevention of rabies.

64.25(1) Antirabies vaccine.

a. Vaccines and immunization procedures recommended in the Compendium of Animal Rabies Vaccines prepared by the National Association of Public Health Veterinarians, Inc. are approved by the Iowa department of agriculture and land stewardship.

b. Reserved.

64.25(2) Tag and certificate.

a. The veterinarian shall issue a tag with the numerical number thereon and the certificate of vaccination shall designate the tag number.

b. Each rabies vaccination certificate issued by the veterinarian must be an Official Rabies Vaccination Certificate approved by the Iowa department of agriculture and land stewardship. This rule is intended to implement Iowa Code section 351.35.

21—64.26 to 64.29 Reserved.

SCABIES OR MANGE CONTROL

21—64.30(163) Scabies or mange quarantine. Whenever the state veterinarian shall have knowledge of any horses, cattle, sheep or swine affected with scabies or mange, owners of any horses, cattle, sheep or swine affected shall medicate the animals at intervals the state veterinarian deems necessary with a method approved by the state veterinarian. This rule is intended to implement Iowa Code section 166A.8.

21—64.31 Reserved.

DISEASE CONTROL AT FAIRS AND EXHIBITS

21—64.32(163) State fairgrounds—disinfection of livestock quarters. It shall be the duty of the chief of division of animal industry to supervise the disinfection of all buildings, stalls and pens at the state fairgrounds just prior to the opening of such fair and to supervise the disinfecting daily of hog pens and such other enclosures. This rule is intended to implement Iowa Code section 163.1.

21—64.33(163) County fairs—disinfection of livestock quarters. It shall be the duty of all secretaries of all county fairs or exhibitions of livestock in the state of Iowa, excepting the Iowa state fair, to supervise the disinfecting of all buildings, stalls and pens prior to the opening of such county fair or exhibition of livestock and to disinfect hog pens and all such enclosures daily during such fairs and exhibitions. This rule is intended to implement Iowa Code section 163.1.

21—64.34(163) Health requirements for exhibition of livestock, poultry and birds at the state fair, district shows and exhibitions.
64.34(1) General requirements. All animals, poultry and birds intended for any exhibition will be considered under quarantine and not eligible for showing until the owner or agent presents an official Certificate of Veterinary Inspection. The certificate must be issued by an accredited veterinarian within 30 days (14 days for sheep) prior to the date of entry; and must indicate that the veterinarian has inspected the animals, poultry or birds and any nurse stock that accompany them, and that they are apparently free from symptoms of any infectious disease (including warts, ringworm, footrot, draining abscesses and pinkeye) or any communicable disease. Individual Certificates of Veterinary Inspection will not be required in certain classes, if the division superintendent for the exhibition has made prior arrangements with the official fair veterinarian to have all animals and birds inspected on arrival.

64.34(2) Breeding cattle.

a. Tuberculosis. Cattle originating from a USDA accredited-free state or zone may be exhibited without other testing requirements when accompanied by a Certificate of Veterinary Inspection that lists individual official identification. Cattle from a herd or area under quarantine for tuberculosis may not be exhibited. Cattle from a state or zone which is not a USDA accredited-free state or zone must meet the following requirements:
   (1) Have had an individual animal test conducted within 60 days of the exhibition; or
   (2) Originate from a tuberculosis accredited-free herd, with the accredited herd number and date of last test listed on the Certificate of Veterinary Inspection; and
   (3) Have been issued a preentry permit from the state veterinarian’s office.

b. Brucellosis.
   (1) Native Iowa cattle originating from a herd not under quarantine may be exhibited when accompanied by a Certificate of Veterinary Inspection that lists individual official identification.
   (2) Cattle originating outside the state must meet one of the following requirements:
      1. Originate from brucellosis class “free” states, accompanied by a Certificate of Veterinary Inspection that lists individual official identification; or
      2. Be beef heifers under 24 months of age and dairy heifers under 20 months of age which are official brucellosis vaccinates, accompanied by a Certificate of Veterinary Inspection that lists the official calfhood vaccination tattoo and individual official identification; or
      3. Be animals of any age that originate from a herd not under quarantine, accompanied by a Certificate of Veterinary Inspection that lists a report of a negative brucellosis test conducted within 30 days prior to opening date of exhibition and individual official identification; or
      4. Originate from a certified brucellosis-free herd, accompanied by a Certificate of Veterinary Inspection that lists individual official identification, herd number, and date of last test; or
      5. Be calves under six months of age, accompanied by a Certificate of Veterinary Inspection that lists individual official identification.
   (3) All brucellosis tests must have been confirmed by a state-federal laboratory. All nurse cows which accompany calves to be exhibited must meet the health requirements set forth in 64.34(2)”b.”
   (4) All cattle originating from states not classified as “free” for brucellosis must have
been issued a preentry permit from the state veterinarian’s office.
64.34(3) Market beef cattle. Steers and beef-type heifers exhibited in market classes
must be accompanied by a Certificate of Veterinary Inspection, showing individual offi-
cial identification for each animal, and must originate from a herd not under quarantine.
64.34(4) Swine. All swine must originate from a herd or area not under quarantine and
must be individually identified on a Certificate of Veterinary Inspection. Plastic tags is-
sued by 4-H officials may be substituted for an official metal test tag, when an addition-
al identification (ear notch) is also recorded on the test chart and Certificate of Veteri-
nary Inspection. All identification is to be recorded on the pseudorabies test chart and
the Certificate of Veterinary Inspection.
a. Brucellosis. All breeding swine six months of age and older must:
(1) Originate from a brucellosis class “free” state; or
(2) Originate from a brucellosis validated herd with herd certification number and date
of last test listed on the Certificate of Veterinary Inspection; or
(3) Have a negative brucellosis test conducted within 60 days prior to show and con-
firmed by a state-federal laboratory.
b. Aujeszky’s Disease (pseudorabies)—all swine.
(1) Native Iowa swine. Exhibitors of native Iowa swine that originate from a Stage IV or
lower-status county must present a test record and Certificate of Veterinary Inspection
that indicate that each swine has had a negative test for pseudorabies within 30 days
prior to the show (individual show regulations may have more restrictive time restric-
tions), regardless of the status of the herd, and that show individual official identifica-
tion. Exhibitors of native Iowa swine that originate from a Stage V county must present
a Certificate of Veterinary Inspection that lists individual official identification. No p
seudorabies testing requirements will be necessary for native Iowa swine that originate
from Stage V counties. Electronic identification will not be considered official identifica-
tion for exhibition purposes.
(2) Swine originating outside Iowa. All exhibitors must present a test record and Certif-
icate of Veterinary Inspection that indicate that each swine has had a negative test for
pseudorabies within 30 days prior to the show (individual show regulations may have
more restrictive time restrictions), regardless of the status of the herd, and that show
individual official identification. Electronic identification will not be considered official
identification for exhibition purposes.
64.34(5) Sheep and goats. All sheep and goats must be individually identified and a
record of the identification noted on the Certificate of Veterinary Inspection and must
originate from a herd or flock not under quarantine. Any evidence of club lamb fungus,
draining abscesses, ringworm, footrot, sore mouth or any other contagious disease shall
eliminate the animal from the show. The Certificate of Veterinary Inspection for sheep
shall require clinical inspection by an accredited veterinarian within 14 days (30 days for
goats) prior to date of entry to exhibition grounds.
a. Sheep and goats—scrapie. All sexually intact sheep must be identified with an indi-
vidual scrapie flock of origin identification tag, and this number must be listed on the
Certificate of Veterinary Inspection. All sexually intact goats must be identified with an
individual scrapie flock of origin identification tag or by an official registered tattoo, and
one of these numbers must be listed on the Certificate of Veterinary Inspection. The
Certificate of Veterinary Inspection must also include a statement certifying the herd’s participation in the scrapie program.

b. Goats—brucellosis and tuberculosis. Goats must be from a state certified brucellosis-free herd or have a record of a negative brucellosis test performed within 90 days of the exhibition. In addition, they must originate from a herd having a negative tuberculosis test within the last 12 months or have a record of a negative tuberculosis test performed within 90 days of exhibition.

64.34(6) Horses and mules. Native Iowa horses and mules can be exhibited when accompanied by an individual Certificate of Veterinary Inspection listing individual identification or a description of the individual animals. All equine, six months of age or older, originating from outside the state shall be accompanied by an official Certificate of Veterinary Inspection listing individual identification or a description of the individual animals; and indicating that each animal in the shipment has had a negative official equine infectious anemia test within 12 months of importation. The testing laboratory, laboratory accession number and date of test must appear on the certificate.

64.34(7) Poultry and birds. All poultry exhibited must come from U.S. pullorum-typhoid clean or equivalent flocks; or have had a negative pullorum-typhoid test performed within 90 days of the exhibition by an authorized tester. An approved certificate verifying this status shall accompany the exhibit.

64.34(8) Dogs and cats. Dogs and cats exhibited must have current, official rabies vaccination certificates.

64.34(9) Removal from fair or exhibition. The veterinary inspector in charge shall order that any livestock, poultry or birds found to be infected with any contagious or infectious disease be removed from the fair or exhibition.

64.34(10) Cervidae. For the purposes of this subrule, “Cervidae” means all animals belonging to the Cervidae family, and “CWD susceptible Cervidae” means whitetail deer, blacktail deer, mule deer, red deer, and elk.

a. Native Iowa Cervidae. Native Iowa Cervidae from a herd not under quarantine may be exhibited without additional testing for brucellosis or tuberculosis. CWD susceptible Cervidae intended for exhibition must originate from a herd that has completed at least one year in the CWD monitoring program. Native Iowa Cervidae may be exhibited without other testing requirements when the Cervidae are accompanied by a Certificate of Veterinary Inspection that lists individual official identification and the monitored CWD cervid herd number or certified CWD herd number for CWD susceptible Cervidae, including the status level and anniversary date, and contains the following statement: “All Cervidae listed on this certificate have been part of the herd of origin for at least one year or were natural additions to the herd. There has been no diagnosis, sign, or epidemiological evidence of chronic wasting disease in this herd for the past year.”

b. Cervidae originating outside Iowa. Cervidae that originate outside Iowa must obtain an entry permit from the state veterinarian’s office prior to import into Iowa. Cervidae that originate outside Iowa which are six months of age or older must originate from a herd not under quarantine and have been tested negative for Tuberculosis (TB) by the Single Cervical Tuberculin (SCT) test (Cervidae) or by the Cervid TB Stat-Pak test within 90 days of exhibition, or originate from an Accredited Herd (Cervidae), or originate from a Qualified Herd (Cervidae), with test dates shown on the Certificate of Veterinary
Inspection. Herd status and SCT test are according to USDA Tuberculosis Eradication in Cervidae Uniform Methods and Rules, effective January 22, 1999. Cervidae that originate outside Iowa which are six months of age or older must also have been tested negative for brucellosis within 90 days of exhibition, or originate from a certified brucellosis-free cervid herd, or a cervid class-free status state (brucellosis). This negative test result must be determined by brucellosis tests approved for cattle and bison, and the test must have been conducted in a cooperative state-federal laboratory. (1) All CWD susceptible Cervidae must have originated from a monitored or certified CWD cervid herd in which the animals have been kept for at least one year or to which the animals were natural additions. The originating herd must have achieved a CWD status equal to completion of three years in an approved CWD monitoring program, and the CWD herd number and enrollment date must be listed on the Certificate of Veterinary Inspection. Cervidae originating from a herd with a diagnosis, sign, or epidemiological evidence of CWD or from an area under quarantine for chronic wasting disease shall not be exhibited. The following statement must appear on the Certificate of Veterinary Inspection: “All Cervidae listed on this certificate originate from a chronic wasting disease monitored or certified herd in which these animals have been kept for at least one year or to which the animals were natural additions. There has been no diagnosis, sign, or epidemiological evidence of chronic wasting disease in this herd for the past year.”

(2) Other Cervidae. For all other Cervidae, the following statement must appear on the Certificate of Veterinary Inspection: “All Cervidae listed on this certificate have been part of the herd of origin for at least one year or were natural additions to this herd. There has been no diagnosis, sign, or epidemiological evidence of chronic wasting disease in this herd for the past year.”

21—64.35(163) Health requirements for exhibition of livestock, poultry and birds at exhibitions. Each county fair shall have an official veterinarian who will inspect all livestock, poultry and birds when they are unloaded or shortly thereafter. No Certificate of Veterinary Inspection will be required on livestock, poultry and birds exhibited at a county 4-H or FFA show. Quarantined animals or animals from quarantined herds cannot be exhibited. Evidence of warts, ringworm, footrot, pinkeye, draining abscesses or any other contagious or infectious condition will eliminate the animal from the show.

64.35(1) Swine exhibition requirements. “Swine exhibition” means an exhibit, demonstration, show, or competition involving an event on the state fairgrounds, a county fair, or other exhibition event. The sponsor of the exhibition must retain an Iowa licensed veterinarian to supervise the health of the swine at the exhibition location. The sponsor must electronically file the approved registration form and obtain approval from the state veterinarian at least 30 days before the event. The registration form includes the name of the exhibition and the address and telephone number of its location; the name, address and telephone number of the veterinarian; and the date of the planned exhibition. Sales of swine will not be allowed unless the event has been registered and received approval from the state veterinarian 30 days prior to the event.

64.35(2) Swine exhibition report required. The sponsor of the swine exhibition shall electronically submit to the department the approved report form within five business
days after the conclusion of the exhibition. The form includes the name of the exhibition and the address and telephone number of its location; the name, address and telephone number of the veterinarian; the date that the exhibition occurred; the name, address and telephone number of the owner of the swine; and the address and telephone number of the premises from which the swine was moved after the exhibition if such premises is a different premises.

64.35(3) Dogs and cats. All dogs and cats exhibited in county exhibitions must have a current, official rabies certification.

64.35(4) Poultry and birds. Except as provided in this subrule, all poultry exhibited must come from U.S. pullorum-typhoid clean or equivalent flocks; or have had a negative pullorum-typhoid test performed within 90 days of exhibition by an authorized tester. An approved certificate verifying this status shall accompany the exhibit. However, no testing for salmonella pullorum-typhoid shall be required for “market classes” of poultry, if the poultry are consigned to a slaughter establishment directly from the exhibition. Poultry exhibited in these “market classes” shall be maintained separate and apart from poultry not exempted from the testing requirements. Separate and apart shall include both of the following: holding poultry so that neither poultry nor organic material originating from the poultry has physical contact with other poultry; and poultry exhibited in “market classes” shall be maintained in enclosures at least ten feet apart or separated by an eight-foot high solid partition from all other poultry. Poultry exhibited in “market classes” shall be so declared at the time of entry into this exhibition or before. All enclosures maintaining poultry shall be thoroughly cleaned and disinfected.

64.35(5) Sheep and goats. All sexually intact sheep must have an individual scrapie flock of origin identification tag. All sexually intact goats must have an individual scrapie flock of origin identification tag or an official registered tattoo.

64.35(6) Cervidae. Native Iowa Cervidae from a herd not under quarantine may be exhibited without additional testing for brucellosis or tuberculosis. CWD susceptible Cervidae intended for exhibition must originate from a herd that has completed at least one year in the CWD monitoring program. Native Iowa Cervidae may be exhibited without other testing requirements when the Cervidae are accompanied by a Certificate of Veterinary Inspection that lists individual official identification and the monitored CWD cervid herd number or certified CWD herd number for CWD susceptible Cervidae, including the status level and anniversary date, and contains the following statement: “All Cervidae listed on this certificate have been part of the herd of origin for at least one year or were natural additions to the herd. There has been no diagnosis, sign, or epidemiological evidence of chronic wasting disease in this herd for the past year.”

64.35(7) Show veterinarian. The decision of the show veterinarian shall be final.

This rule is intended to implement Iowa Code sections 163.1 and 163.14.

21—64.36 and 64.37 Reserved.

DISEASE CONTROL BY CONVEYANCES

21—64.38(163) Transportation companies—disinfecting livestock quarters. All railroad and transportation companies are hereby required to provide for proper drainage of all stockyards, pens, alleyways and chutes, and to clean and disinfect the same between April 15 and May 15 of each year and at such other times as may be deemed necessary. All expense incurred for the disinfecting and supervision of same must be
paid by the railroad company. The chief of the division of animal industry shall enforce this rule. This rule is intended to implement Iowa Code section 163.1.

21—64.39(163) Livestock vehicles—disinfection. It is hereby ordered by the state of Iowa, secretary of agriculture, that all cars or vehicles that have been used for conveying any animal or animals that have been found to have suffered or are suffering from any contagious or infectious diseases must be cleaned and disinfected thoroughly before leaving the yards where such animal or animals have been unloaded within the state of Iowa. This rule is intended to implement Iowa Code section 163.1.

21—64.40 Reserved.

INTRASTATE MOVEMENT OF LIVESTOCK

21—64.41(163) General. All places where livestock is assembled, either bought or sold for purposes other than immediate slaughter, whether by private sale or public auction, when not under federal supervision must be under state supervision.

64.41(1) The management of all livestock auction markets shall make application for, and obtain a permit from the department to conduct such sales.
64.41(2) Before movement, the livestock shall comply with requirements as set forth below. 64.41(3) Livestock imported for resale shall meet all health requirements governing their admission into the state as set forth in 21—Chapter 65. This rule is intended to implement Iowa Code sections 163.1, 163.11, and 163.14.

21—64.42(163) Veterinary inspection.

64.42(1) All livestock markets shall be under the general supervision of the Chief, Bureau of Animal Industry, Iowa Department of Agriculture and Land Stewardship, Des Moines, Iowa 50319, and the direct supervision of the approved veterinary inspector. Markets shall pay inspection fees directly to the veterinary inspector.
64.42(2) The veterinary inspector shall:
   a. Examine all livestock moving through the market.
   b. Prohibit the sale of any animal deemed to be diseased.
   c. Issue quarantines when required, and
d. Supervise the cleaning and disinfection of yards following sales. This rule is intended to implement Iowa Code section 163.1.

21—64.43(163) Swine.

64.43(1) Brucellosis. All breeding swine four months of age or over moving through a livestock market or offered for sale or sold by the owner by private treaty must:
   a. Originate from a validated herd, or from a validated brucellosis-free state according to Title 9 CFR as amended effective May 23, 1994, and published in the Federal Register, Vol. 59, No. 77, April 21, 1994, or
   b. Be proved negative to a brucellosis test conducted within 60 days prior to sale or service and originate from a herd not under quarantine. All breeding swine showing a positive reaction to a brucellosis test conducted at a livestock market shall be tagged in the left ear with a reactor tag and moved direct to slaughter on permit. The herd of origin shall be placed under quarantine for immediate test. Such quarantine to remain in effect until a complete negative herd test is conducted. The negative animals from a reactor group disclosed at an auction market can return to the farm of origin under strict quarantine to be tested no sooner than 30 days nor later than 60 days from the date of test.
64.43(2) Reserved.

This rule is intended to implement Iowa Code sections 163A.1 and 163A.3.
21—64.44(163) Farm deer. Rescinded IAB 11/26/03, effective 12/31/03.
21—64.45 and 64.46 Reserved.

BRUCELLOSIS

21—64.47(163) Definitions as used in these rules.
64.47(1) “Department” means the Iowa Department of Agriculture and Land Stewardship, Wallace State Office Building, Des Moines, Iowa.
64.47(2) “Federal Office” means the Animal, Plant and Health Inspection Service, United States Department of Agriculture, Federal Building, Des Moines, Iowa 50309.
64.47(3) “Brucellosis” means the disease of brucellosis in animals.
64.47(4) “Brucellosis test” means the blood serum test for brucellosis, applied in accordance with a technique approved by the department.
64.47(5) “B.R.T.” means a brucellosis ring test as applied to milk and cream, and used as a presumptive test for locating possible brucellosis infected herds according to a technique approved by the department.
64.47(6) “Brucellosis test classification” means the designation of animals tested by the methods of card test or rivanol or any other method approved jointly by the state and federal departments of agriculture.
64.47(7) “Veterinarian” means a graduate of an approved veterinary school who is licensed and registered to practice veterinary medicine in this state.
64.47(8) “Designated animals” means only the following named bovine animals: beef cattle, dairy cattle, American bison or “buffalo,” and their hybrids.

This rule is intended to implement Iowa Code section 163A.9.

21—64.48 Reserved.

21—64.49(163) Certified brucellosis-free herd. In order to qualify a herd of cattle as brucellosis-free and receive a certificate evidencing same, the owner thereof shall comply with the following requirements:
64.49(1) Certified brucellosis-free herd. A herd may qualify for initial certification by a minimum of three consecutive negative milk ring tests (B.R.T.) conducted at not less than 90-day intervals, followed by a negative herd blood test conducted within 90 days after the last negative milk ring test; or at least two consecutive negative blood tests not less than 10 months nor more than 14 months apart. A herd may qualify for re-certification by a negative blood test within 60 days of each anniversary date, and the certification period being 12 months. If recertification is not conducted within 60 days following the anniversary date, then certification requirements are the same for initial certification.
64.49(2) Additions to certified herds.
   a. To certified herds:
      (1) From herds with equal status.
      (2) From once-tested clean herds. Calf vaccinated animals up to 30 months of age on certificate of vaccination—over 30 months if negative; or nonvaccinated animals on evidence of negative retest not less than 60 days from date of negative herd test.
   b. To once-tested clean herds:
      (1) From herds with equal or superior status.
      (2) From other herds, calfhood vaccinated animals up to 30 months of age on certificate of vaccination; over 30 months, if negative; nonvaccinated animals if tested negative,
then segregated and retested negative in not less than 60 days.

64.49(3) The owner or veterinarian shall make a request to the chief, division of animal industry for certification or recertification, for a brucellosis-free herd when the required tests are completed. This rule is intended to implement Iowa Code section 164.4.

21—64.50(163) Restraining animals. To facilitate the vaccination, taking of blood sample or identifying animals as reactors, it shall be the duty of the owner to confine the animals in a suitable enclosure and to restrain the individual animal in a manner sufficient to permit the veterinarian to perform any of the services required under laws and rules of Iowa. This rule is intended to implement Iowa Code section 164.4.

21—64.51(163) Quarantines.

64.51(1) Bovine animals classified as reactors shall be quarantined on the premises and not permitted to mingle with other cattle until disposed of for slaughter under a permit issued by the department or its authorized agent.

64.51(2) All bovine animals comprising a herd operating under control Plan A shall be quarantined when one of its members has been classified as a reactor, such quarantine to remain in effect until two consecutive negative brucellosis tests, 30 to 60 days apart, have been made. No animals of such a herd may be moved or sold except to slaughter under permit issued by the department or its authorized agent except that the department in hardship cases may permit the movement of such animals other than to slaughter with quarantines remaining in effect at the new location, together with any new animals with which they may commingle.

64.51(3) Owners of animals tested for brucellosis shall hold the entire herd on the premises until the results of the test are determined.

64.51(4) Notice of quarantine shall be delivered in writing by the department or its authorized agent to the owner or caretaker of all cattle quarantined. A report of such quarantine shall also be filed with the department as prescribed. This rule is intended to implement Iowa Code sections 164.15 and 164.19.

21—64.52(163) Identification of bovine animals.

64.52(1) Identification tag. Every veterinarian, in conjunction with the testing of any bovine animal for brucellosis or the vaccination of any such animal, shall insert an identification tag of the type approved by the department in the right ear of each animal which is not so identified; provided that in the case of an animal registered with a purebred association, the registry or tattoo number assigned to the animal by such association may be used for identification in lieu of an identification tag.

64.52(2) Official vaccinates. An animal vaccinated with RB-51 brucella abortus vaccine must have an official identification tag in the right ear or an individual animal registration tattoo. Additionally, the animal must be tattooed in the right ear with the U.S. Registered Shield and the letter “V,” which shall be preceded by a letter “R” and followed by a number corresponding to the last digit of the year in which the animal was vaccinated.

64.52(3) Reactor identification. Bovine-reactor cattle eight months of age or over shall be permanently branded with a hot iron on the tailhead over the fourth to the seventh coccygeal vertebrae with the letter “B” not less than two inches nor more than three inches high and shall also be tagged in the left ear with a reactor identification tag approved by the department within 15 days of the date on which they were disclosed as reactors. This subrule shall not apply to official calfhood vaccination as defined in Iowa
Code section 164.1. Such vaccinates need not be branded if they react to the brucellosis test until 30 months of age. This rule is intended to implement Iowa Code sections 164.11 and 164.12.

21—64.53(163) Cleaning and disinfection. After any disclosure of reactors to the brucellosis test and following their disposal for slaughter, the owner of such cattle shall be required to clean and disinfect all barns and premises in which said cattle have been held. Such cleaning and disinfection shall be done in accordance with instructions and with a disinfectant approved by the department. This rule is intended to implement Iowa Code section 163.1.

21—64.54(163) Disposal of reactors.
64.54(1) Reactor cattle disclosed in herds operating under Plan A shall be tagged and branded within 15 days of the date the blood samples were taken. In accordance with Iowa law, an additional 30 days will be allowed for slaughter.
64.54(2) All reactors shall be disposed of for slaughter only in plants operating under federal meat inspection or slaughtering establishment approved by the department and must be accompanied by a shipping permit ADE 1-27 issued by an accredited veterinarian.
64.54(3) No cattle shall be disposed of through public sales or sales barns. This rule is intended to implement Iowa Code section 164.17.

21—64.55(163) Brucellosis tests and reports.
64.55(1) All brucellosis tests conducted at state-federal expense must be performed at a state-federal laboratory as determined by the department.
64.55(2) The department shall approve a veterinarian as eligible to conduct brucellosis tests upon successful completion of a course of training and instruction provided by the department. The department shall specify the standards for maintaining such approval.
64.55(3) All brucellosis tests conducted by a veterinarian must be reported to the department, on forms prescribed, within seven days following completion of such tests. A copy of such tests shall also be given to the herd owner by the veterinarian.
64.55(4) Reports of vaccination shall be rendered by the veterinarian within 30 days in compliance with the regulation. It is from the information on these reports that the owner of the cattle will receive recognition as being under official supervision. This rule is intended to implement Iowa Code section 164.10.

21—64.56(163) Suspect animals designated as reactors.
64.56(1) A nonvaccinated animal classified as a suspect on the brucellosis test may be reclassified as a reactor by the veterinarian obtaining the blood sample provided that such an animal is known to have aborted and is from a herd containing reactors.
64.56(2) Animals so designated in 64.38(1) and 64.38(2) will be eligible for indemnity in accordance with the laws and rules governing same. This rule is intended to implement Iowa Code section 163.1.

21—64.57(163) Indemnity not allowed.
64.57(1) No indemnity shall be paid unless the test was previously authorized by proper state or federal authority. 64.57(2) No indemnity may be paid on an animal which was vaccinated when it was more than eight months of age.
64.57(3) Rescinded.
64.57(4) No indemnity may be paid as a result of a test of an official vaccinate less than 30 months of age.
64.57(5) No indemnity may be paid upon reactors unless they are tagged, branded and slaughtered according to the state and federal regulations.
64.57(6) No indemnity may be paid upon cattle entering the state of Iowa which have not met the requirements for entry as breeding or dairy cattle.
64.57(7) No indemnity can be paid on reactors owned by the state or county.
64.57(8) No indemnity may be paid on unregistered reactor bulls, steers or spayed heifers.
64.57(9) No indemnity will be paid for brucellosis reactors when known reactors have been held on the premises for more than 30 days from the date on which they were tagged and branded.
64.57(10) No indemnity will be paid when infected premises have not been cleaned and disinfected to the satisfaction of the department in such a manner as to prevent the further spread of the disease.
64.57(11) No indemnity will be paid if the claimant has failed to comply with any of the requirements of these rules.
64.57(12) No indemnity will be paid on brucellosis reactors disclosed in a herd unless a state-federal cooperative agreement has been signed by the owner prior to conducting the brucellosis test.
64.57(13) No indemnity will be allowed unless all animals comprising the herd, both beef and dairy type, have been subjected to a brucellosis test conducted at the state-federal laboratory.
64.57(14) No indemnity will be paid on any reactors unless they are slaughtered in a plant operating under federal meat inspection and accompanied by a shipping permit ADE 1-27 issued by an accredited veterinarian. This rule is intended to implement Iowa Code section 163.15.

21—64.58(163) Area testing.
64.58(1) Counties shall be tested in the order that valid petitions are received unless the department shall decide that it is not expedient to make tests in that order.
64.58(2) All provisions of the rules as promulgated under authority of Iowa Code section 164.2 are also in effect for counties designated as under area testing.
64.58(3) An area may be declared modified certified brucellosis-free by the application of two milk tests not less than six months apart, together with a blood test of all milk reacting herds and such other herds as are not included in the milk test. The number of reactors (exclusive of officially calf vaccinated animals under 30 months of age) must not exceed 1 percent of the cattle and the herd infection must not exceed 5 percent. Infected herds shall be quarantined until they have passed at least two consecutive blood tests not less than 60 days apart.
64.58(4) If testing as outlined in 64.58(3) above reveals an animal infection rate of more than 1 percent, but not over 2 percent and a retest of the infected herds applied within 120 days discloses not more than 1 percent animal infection in not over 5 percent of the herds, the area may then be certified.
64.58(5) If the test of an area as outlined under 64.58(3) results in more than 2 percent reactors, or if a retest of infected herds as under 64.58(3) does not qualify the area for certification, it shall be necessary to make a complete area retest.
64.58(6) Recertification. Areas may be recertified with the application of semiannual
milk tests, follow-up blood tests of milk reacting herds and blood tests at three-year intervals on 20 percent of all herds not included in the milk test, if the incidence of infection does not exceed 1 percent of the cattle and 5 percent of the herds under test.

64.58(7) If testing as outlined under 64.58(6) reveals an animal infection rate of more than 1 percent, but not over 2 percent and a retest of the infected herds applied within 120 days discloses not more than 1 percent animal infection in not over 5 percent of the herds, the area may then be certified.

64.58(8) Any area not qualifying for recertification under the provisions of 64.58(7) shall be required to reestablish its certified status through testing procedures as outlined under 64.58(3).

64.58(9) The report of suspicious ring test of any herd shall be cause for a brucellosis test to be made.

64.58(10) The report of negative ring test will exempt a herd from brucellosis test unless such herd is due a test because of previous infection.

64.58(11) Milk producing herds missed on more than one regularly scheduled ring test will be required to have a brucellosis test made.

This rule is intended to implement Iowa Code sections 163.1, 164.2, 164.4, and 165.2.

21—64.59 to 64.62 Reserved.

BOVINE BRUCELLOSIS

21—64.63(164) Back tagging in bovine brucellosis control.

64.63(1) All bovine animals two years of age and older received for sale or shipment to a slaughtering establishment shall be identified with a back tag issued by the department. The back tag will be affixed to the animal as directed by the department.

64.63(2) It shall be the duty of every livestock trucker, when delivering to an out-of-state market, and every livestock dealer, livestock market operator, stockyards operator and slaughtering establishment to identify all such bovine animals not bearing a back tag at the time of receiving possession or control of such animals. A livestock trucker may be exempted from this requirement if the animals are identified as to the farm of origin when delivered to a livestock market, stockyards or slaughtering establishment agreeing to accept responsibility for back tag identification.

64.63(3) Every person required to identify animals under this rule shall file reports of such identification on forms prescribed by the department. Each such report will cover all animals identified during the preceding week.

This rule is intended to implement Iowa Code section 164.30.

21—64.64(164) Fee schedule.

64.64(1) Bleeding. Thirty dollars per stop (herd) and five dollars per head for all cattle bled.

64.64(2) Tagging and branding reactors. Fifteen dollars for the first reactor and five dollars for each additional reactor.

This rule is intended to implement Iowa Code section 164.6.

21—64.65(163) Definitions.

64.65(1) Bleeding. Bleeding shall mean the taking of a blood sample in a vial or tube, to be submitted to a laboratory for testing and diagnosis of diseases.

64.65(2) Injection. Injection shall mean the injection of tuberculin into a prescribed area of the animal as a diagnostic test for tuberculosis.
64.65(3) Reading. Reading shall mean the examination of the injection site to ascertain whether or not there has been a reaction. A reaction at the injection site is a positive diagnosis of tuberculosis.

64.65(4) Stop. Stop shall mean a personal visit at a particular farm for the expressed purpose of testing animals for tuberculosis or brucellosis, for reading animals for tuberculosis, or for tagging and branding animals diagnosed as having tuberculosis or brucellosis.

This rule is intended to implement Iowa Code section 164.4.

21—64.66 Reserved.

ERADICATION OF SWINE BRUCELLOSIS

21—64.67(163A) Brucellosis test. When reactor animals are revealed on any test, the herd of origin and all exposed animals shall be placed under quarantine and inspections and tests performed as provided in Iowa Code chapter 163A.

This rule is intended to implement Iowa Code section 163A.12.

21—64.68(163A) Veterinarians to test. The department will designate a federal or state veterinarian or it may designate a licensed accredited veterinarian to make the inspections and tests. The expense of the tests may be charged to the county brucellosis eradication fund as provided in Iowa Code section 163A.12. This rule is intended to implement Iowa Code section 163A.12.

21—64.69 and 64.70 Reserved.

21—64.71(163A) Fee schedule.

64.71(1) Bleeding. Thirty dollars per stop (herd) and five dollars per head for all animals bled.

64.71(2) Tagging of reactors. Thirty dollars per stop (herd) and two dollars per head for all swine tagged.

This rule is intended to implement Iowa Code section 163A.12.

21—64.72 Reserved.

ERADICATION OF BOVINE TUBERCULOSIS

21—64.73(163) Tuberculin tests classified. Tuberculin tests adopted by the department of agriculture and land stewardship are:

64.73(1) The subcutaneous or “Thermal” test.

64.73(2) The intradermic or “Skin” test.

64.73(3) The ophthalmic or “Eye” test.

64.73(4) The TB Stat-Pak test for cervids.

This rule is intended to implement Iowa Code section 165.13.

21—64.74(163) Acceptance of intradermic test. The intradermic tuberculin test will be accepted provided it has been applied by a regularly employed state or federal veterinarian, an accredited veterinarian or by an approved veterinarian when endorsed by the authorities of the state of origin, provided the observations be made at the seventy-second hour.

This rule is intended to implement Iowa Code section 164.4.

21—64.75(163) Adoption of intradermic test. The intradermic test is hereby adopted for area tuberculosis eradication work.

This rule is intended to implement Iowa Code section 164.4.

21—64.76(163) Ophthalmic test. The ophthalmic test will not be accepted as an
official test except when applied in combination with either the subcutaneous or intra-
dermic test.
This rule is intended to implement Iowa Code section 164.4.
21—64.77(163) Tuberculin test deadline. All tuberculin tests must be made within
30 days of date of shipment.
This rule is intended to implement Iowa Code section 164.4.
21—64.78(163) Health certificate. All certificates of health must show the number
of cattle included in the test, the name of the owner and the post-office address.
This rule is intended to implement Iowa Code section 164.7.
21—64.79(163) Ear tags. All cattle not identified by registration name and number
shall be identified by a proper metal tag bearing a serial number attached to the right
ear.
This rule is intended to implement Iowa Code section 164.11.
21—64.80(163) Cattle importation. No cattle shall be imported into the state of
Iowa except in accordance with 21—65.4(163).
This rule is intended to implement Iowa Code sections 163.11 and 165.36.
21—64.81(163) Tuberculin reactors. All herds of breeding cattle in counties that
are under state and federal supervision for the eradication of tuberculosis in which
reactors have been found may be held in quarantine until they have passed a negative
tuberculin test.
All cattle that react to the tuberculin test, as well as those which show physical evidence
of tuberculosis, shall be marked for identification by branding with the letter “T” not less
than two or more than three inches high on the hip near the tailhead, and to the left ear
shall be attached a metal tag bearing a serial number and the inscription “REACTOR”.
This rule is intended to implement Iowa Code section 165.4.
21—64.82(163) Steers—testing. All untested steer cattle shall be handled and main-
tained as a separate unit from the breeding cattle (which means they shall be quaran-
tined, watered and fed apart from breeding cattle).
This rule is intended to implement Iowa Code sections 163.1 and 164.4.
21—64.83(163) Female cattle—testing. Female cattle, the products of which are
intended for family use, may be tuberculin tested without being denied the use of the
same pastures and the same watering troughs as steers in feeding. This does not apply
to female cattle, the products of which are handled commercially; neither does it apply
where the feeding cattle are other than steers. Cows kept under such conditions cannot
be sold for any purpose other than slaughter without being subjected to an additional
tuberculin test.
This rule is intended to implement Iowa Code sections 163.1 and 164.4.
21—64.84(163) Certificates and test charts. Certificates and test charts must be
made to conform with
United States Bureau of Animal Industry rules governing the interstate movement of
cattle; the original must be attached to the waybill and a copy forwarded to the Chief of
Division of Animal Industry, Iowa
Department of Agriculture and Land Stewardship, Des Moines, Iowa 50319.
This rule is intended to implement Iowa Code sections 163.1 and 164.4.
21—64.85(163) Slaughtering reactors. Reactors to the tuberculin test brought in
for immediate slaughter must be consigned to a slaughtering establishment having fed-
eral inspection and must be transported thereto in accordance with section V, Regulation
7, of B.A.I. Order No. 309.
64.85(1) When it is found on slaughter that animals are affected with tuberculosis, the
chief, division of animal industry, may order an immediate investigation, and if deemed
advisable have all breeding cattle on the premises from which the tubercular animals
originated, tested for tuberculosis.
64.85(2) When cattle within the state of Iowa are sold under sale contract to pass a
60- or 90-day tuberculin test and have failed to pass the same, before being returned to
the original owner, the party wishing to return such animal or animals shall first obtain
a permit from the chief, division of animal industry, Iowa department of agriculture and
land stewardship, to do so.
64.85(3) When cattle are sold out of the state of Iowa under sale contract to pass a
60- or 90-day tuberculin test and failing to pass the same, before being returned to
the original owner, the party wishing to return such animal or animals shall first furnish a
tuberculin test chart showing the reaction, giving the date of reaction and proving to the
satisfaction of the chief, division of animal industry, that such animals are reactors.
This rule is intended to implement Iowa Code section 165.4.
21—64.86(163) Agriculture tuberculin rules. The rules adopted by the Iowa de-
partment of agriculture and land stewardship governing the establishment of tubercu-
losis-free accredited herds and accredited areas or units in Iowa will be applied to such
herds, and areas or units in cooperation with the bureau of animal industry, United
States department of agriculture.
This rule is intended to implement Iowa Code section 165.12.
21—64.87(163) “Tuberculosis-free accredited herd” defined. A tuberculosis-free
accredited herd is one which has been tuberculin tested by the subcutaneous method
or any other test approved by the bureau of animal industry, under the supervision of
the Iowa department of agriculture and land stewardship and the United States depart-
ment of agriculture or a veterinary inspector employed by the state in which cooperative
tuberculosis eradication work is being conducted jointly by the United States department
of agriculture and the state. Further, it shall be a herd in which no animal affected with
tuberculosis has been found upon two annual or three semiannual tuberculin tests, as
above described, and by physical examination.
This rule is intended to implement Iowa Code section 165.12.
21—64.88(163) Retesting. The entire herd, or any cattle in the herd, shall be tuber-
culin tested or retested at such time as is considered necessary by the federal or state
authorities. This rule is intended to implement Iowa Code section 165.32.
21—64.89(163) Accredited herd. No herd shall be classed as an accredited herd, in
which tuberculosis has been found by the application of the test as referred to in 21—
64.63(163), until such herd has been successfully subjected to two consecutive tests
with tuberculin applied at intervals of not less than six months, the first interval dating
from the time of removal of the tuberculous animals from the herd.
This rule is intended to implement Iowa Code section 165.12.
21—64.90(163) Selection of cattle for tuberculin tests. No cattle shall be pre-
sented for the tuberculin test which have been injected with tuberculin within 60 days
immediately preceding or which have at any time reacted to a tuberculin test. This rule is intended to implement Iowa Code sections 165.10, 165.13 and 165.26.

21—64.91(163) Identification for test. Prior to each tuberculin test satisfactory evidence of the identity of the registered animal shall be presented to the inspector. Any grade cattle maintained in the herd or associated with the animals of the herd shall be identified by a tag or other marking satisfactory to the state and federal officials. This rule is intended to implement Iowa Code section 163.1.

21—64.92(163) Removing cattle from herd. All removals of cattle from the herd, either by sale, death or slaughter, shall be reported promptly to the said state or federal officials, giving the identification of the animal, and if sold, the name and address of the person to whom transferred. If the transfer is made from the accredited herd to another accredited herd the shipment shall be made in only cleaned and disinfected cars. No cattle which have not passed a tuberculin test approved by the state and federal officials shall be allowed to associate with the herd. This rule is intended to implement Iowa Code section 163.1.

21—64.93(163) Milk. All milk and other dairy products fed to calves shall be that produced by an accredited herd, or if from outside or unknown sources it shall be pasteurized by heating to not less than 150°F for not less than 20 minutes. This rule is intended to implement Iowa Code section 163.1.

21—64.94(163) Sanitary measures. All reasonable sanitary measures and other recommendations by the state and federal authorities for the control of tuberculosis shall be complied with. This rule is intended to implement Iowa Code section 163.1.

21—64.95(163) Interstate shipment. Cattle from an accredited herd may be shipped interstate on certificate obtained from the office of the chief, division of animal industry, or from the office of the bureau of animal industry without further tuberculin test, for a period of one year, subject to the rules of the state of destination. This rule is intended to implement Iowa Code section 165.36.

21—64.96(163) Reactors—removal. All cattle which react to the tuberculin test and for which the owner desires indemnity, as provided by statute, must be removed immediately from the cattle barn, lots and pastures where other cattle are being kept. 64.96(1) The barn or place where reacting cattle have been housed or kept shall be thoroughly cleaned and disinfected immediately. 64.96(2) Feed places and floors must be cleared of all hay and manure and scraped clean. 64.96(3) All loose boards and decayed woodwork should be removed, and when deemed necessary, and requested by the veterinarian, must be accomplished before it will be considered that the place has been properly cleaned and disinfected. 64.96(4) The feeding places, troughs, floors and partitions near the floor should be washed and scoured with hot water and lye. This rule is intended to implement Iowa Code section 163.1.

21—64.97(163) Certificate. Strict compliance with these methods and rules shall entitle the owner of tuberculosis-free herds to a certificate, “TUBERCULOSIS-FREE ACCREDITED HERD”, to be issued by the United States Department of Agriculture, bureau
of animal industry and the division of animal industry, Iowa department of agriculture and land stewardship. Said certificate shall be good for one year from date of test unless revoked at an earlier date.

This rule is intended to implement Iowa Code section 165.12.

21—64.98(163) Violation of certificate. Failure on the part of the owners to comply with the letter or spirit of these methods and rules shall be considered sufficient cause for immediate cancellation of the cooperative agreement with them by the state and federal officials.

This rule is intended to implement Iowa Code section 165.12.

21—64.99(163) Tuberculin—administration. In accordance with the provisions of Iowa Code chapter 165, the Iowa department of agriculture and land stewardship shall have control of the sale, distribution and use of all tuberculin used in the state and shall formulate regulations for its distribution and use.

Only such persons as are authorized by the department, inspectors of the B.A.I. and regularly licensed practicing veterinary surgeons of the state of Iowa shall be entitled to administer tuberculin to any animal included within the meaning of this chapter.

This rule is intended to implement Iowa Code section 165.13.

21—64.100(163) Sale of tuberculin. No person, firm or corporation shall sell or distribute tuberculin to any person or persons in the state of Iowa except under the following conditions:

64.100(1) That the person or persons are legally authorized to administer tuberculin.
64.100(2) That all sales of tuberculin shall be reported to the secretary of agriculture on proper forms, which forms may be obtained from the chief, division of animal industry.
64.100(3) Reports of all sales and distribution of tuberculin in the state of Iowa shall be made in triplicate; the original copy to be delivered with the tuberculin to the person obtaining same; the duplicate to be forwarded to the Chief, Division of Animal Industry, Des Moines, Iowa 50319; and the triplicate copy to be retained by the manufacturer or distributor. All reports shall be made within 60 days from date of sale.

This rule is intended to implement Iowa Code section 165.12.

21—64.101(165) Fee schedule.
64.101(1) Injection. Thirty dollars per stop (herd) and two dollars per head.
64.101(2) Reading. Thirty dollars per stop (herd) and two dollars per head.
64.101(3) Tagging and branding reactors. Five dollars first reactor and three dollars each additional reactor.

This rule is intended to implement Iowa Code section 165.17.

21—64.102 and 64.103 Reserved.

21—64.104(163) Definitions. Definitions used in rules 21—64.104(163) through 21—64.119(163) are as follows:

“Accredited veterinarian” means a veterinarian approved by the deputy administrator of veterinary services, Animal and Plant Health Inspection Service (APHIS), United States Department of Agriculture (USDA), and the state veterinarian in accordance with Part 161 of Title 9, Chapter 1, of the Code of Federal Regulations, revised as of January 9, 2013, to perform functions required by cooperative state/federal animal disease control and eradication programs.

“Adjacent herd” means one of the following:
1. A herd of Cervidae occupying premises that border an affected herd, including herds separated by roads or streams.
2. A herd of Cervidae occupying premises that were previously occupied by an affected herd within the past four years as determined by the designated epidemiologist.
   “Affected cervid herd” means a cervid herd from which any animal has been diagnosed as affected with CWD and which has not been in compliance with the control program for CWD as described in rules 21—64.104(163) through 21—64.119(163).
   “Certificate” means an official document, issued by a state veterinarian or federal animal health official or an accredited veterinarian at the point of origin, containing information on the individual identification of each animal being moved, the number of animals, the purpose of the movement, the points of origin and destination, the consignor, the consignee, and any other information required by the state veterinarian.
   “Certified CWD cervid herd” means a herd of Cervidae that has met the qualifications for and has been issued a certified CWD cervid herd certificate signed by the state veterinarian.
   “Cervidae” means all animals belonging to the Cervidae family.
   “Cervid CWD surveillance identification program” or “CCWDSI program” means a CWD surveillance program that requires identification and laboratory diagnosis on all deaths of Cervidae 12 months of age and older including, but not limited to, deaths by slaughter, hunting, illness, and injury.
A copy of official laboratory reports shall be maintained by the owner for purposes of completion of the annual inventory examination for recertification. Such diagnosis shall include examination of brain and any other tissue as directed by the state veterinarian. If there are deaths for which tissues were not submitted for laboratory diagnosis due to postmortem changes or unavailability, the department shall determine compliance.
   “Cervid dealer” means any person who engages in the business of buying, selling, trading, or negotiating the transfer of Cervidae, but not a person who purchases Cervidae exclusively for slaughter on the person’s own premises or buys and sells as part of a normal livestock production operation.
   “Cervid herd” means a group of Cervidae or one or more groups of Cervidae maintained on common ground or under common ownership or supervision that are geographically separated but can have interchange or movement.
   “Cervid herd of origin” means a cervid herd, or any farm or other premises, where the animals were born or where they currently reside.
   “Chronic wasting disease” or “CWD” means a transmissible spongiform encephalopathy of cervids.
   “CWD affected” means a designation applied to Cervidae diagnosed as affected with CWD based on laboratory results, clinical signs, or epidemiologic investigation.
   “CWD exposed” or “exposed” means a designation applied to Cervidae that are either part of an affected herd or for which epidemiological investigation indicates contact with CWD affected animals, contact with animals from a CWD affected herd or contact with a contaminated premises in the past five years.
   “CWD susceptible Cervidae” means whitetail deer, blacktail deer, mule deer, red deer, elk, moose, and related species and hybrids of these species.
   “CWD suspect” or “suspect” means a designation applied to Cervidae for which laborato-
ry evidence or clinical signs suggest a diagnosis of CWD but for which laboratory results are inconclusive.

“Designated epidemiologist” means a veterinarian who has demonstrated the knowledge and ability to perform the functions required under these rules and who has been selected by the state veterinarian.

“Group” means one or more Cervidae.

“Individual herd plan” means a written herd management and testing plan that is designed by the herd owner, the owner’s veterinarian, if requested, and a designated epidemiologist to identify and eradicate CWD from an affected, exposed, or adjacent herd.

“Monitored CWD cervid herd” means a herd of Cervidae that is in compliance with the CCWDSI program as defined in this rule. Monitored herds are defined as one-year, two-year, three-year, four-year, and five-year monitored herds in accordance with the time in years such herds have been in compliance with the CCWDSI program.

“Official cervid CWD test” means an approved test to diagnose CWD conducted at an official laboratory.

“Official cervid identification” means one of the following:
1. A USDA-approved identification ear tag that conforms to the alphanumeric national uniform ear tagging system as defined in 9 CFR Part 71.1, Chapter 1, revised as of January 9, 2013.
2. A plastic or other material tag that includes the official herd number issued by the USDA, and includes individual animal identification which is no more than five digits and is unique for each animal.
3. A legible tattoo which includes the official herd number issued by the USDA, and includes individual animal identification which is no more than five digits and is unique for each animal.

“Official laboratory” means a USDA-approved American Association of Veterinary Laboratory Diagnosticians (AAVLD) accredited laboratory or the National Veterinary Services Laboratory, Ames, Iowa.

“Permit” means an official document that is issued by the state veterinarian or USDA area veterinarian-in-charge or an accredited veterinarian for movement of affected, suspect, or exposed animals.

“Quarantine” means an imposed restriction prohibiting movement of cervids to any location without specific written permits.

“State” means any state of the United States; the District of Columbia; Puerto Rico; the U.S. Virgin Islands; or Guam.

“Traceback” means the process of identifying the herd of origin of CCWDSI-positive animals, including herds that were sold for slaughter.

**21—64.105(163) Supervision of the cervid CWD surveillance identification program.** The state veterinarian's office will conduct an annual inventory of Cervidae in a herd enrolled in the CCWDSI program.

**21—64.106(163) Surveillance procedures.** For cervid herds enrolled in this voluntary certification program, surveillance procedures shall include the following: 64.106(1) Slaughter establishments. All slaughtered Cervidae 12 months of age and older must have brain tissue submitted at slaughter and examined for CWD by an official laboratory. This brain tissue sample will be obtained by a state or federal meat inspector
or accredited veterinarian on the premises at the time of slaughter.
64.106(2) Cervid herds. All cervid herds must be under continuous surveillance for CWD as defined in the CCWDSI program.
64.106(3) Identification. All cervid animals must receive the identification before 12 months of age and be identified with either:
a. Two forms of official cervid identification, or
b. One form of official cervid identification along with either a state-approved tag or a tag from the North American Elk Breeders Association or North American Deer Farmers Association.
21—64.107(163) Official cervid tests. The following are recognized as official cervid tests for CWD:
1. Histopathology.
2. Immunohistochemistry.
3. Western blot.
4. Enzyme-linked immunosorbent assay (ELISA).
5. Any other tests performed by an official laboratory to confirm a diagnosis of CWD.
21—64.108(163) Investigation of CWD affected animals identified through surveillance. Traceback must be performed for all animals diagnosed at an official laboratory as affected with CWD. All herds of origin and all adjacent herds having contact with affected animals as determined by the CCWDSI program must be investigated epidemiologically. All herds of origin, adjacent herds, and herds having contact with affected animals or exposed animals must be quarantined. The department will investigate CWD suspect herds.
21—64.109(163) Duration of quarantine. Quarantines placed in accordance with these rules must maintain compliance with rules 21—64.104(163) through 21—64.119(163). Quarantines maintaining compliance shall be removed after five years from the date of the last CWD detected test or after all animals have died or been depopulated and have been tested without the detection of CWD.
21—64.110(163) Herd plan. The herd owner, the owner’s veterinarian, if requested, and the epidemiologist shall develop a plan for eradicating CWD in each affected herd. The plan must be designed to reduce and then eliminate CWD from the herd, to prevent spread of the disease to other herds, and to prevent reintroduction of CWD after the herd becomes a certified CWD cervid herd.
Animals that die, are depopulated, or are otherwise killed must be tested for CWD. The herd plan must be developed and signed within 60 days after the determination that the herd is affected. The plan must address herd management and adhere to rules 21—64.104(163) through 21—64.119(163). The plan must be formalized as a memorandum of agreement between the owner and program officials, must be approved by the state veterinarian, and must include plans to obtain certified CWD cervid herd status.
No movement restrictions may be removed prior to formalization of the agreement.
21—64.111(163) Identification and disposal requirements. Affected and exposed animals must remain on the premises where they are found until they are identified and disposed of in accordance with direction from the state veterinarian. The department and the Iowa department of natural resources shall approve disposal issues of affected and exposed animals including manner and site.
21—64.112(163) Cleaning and disinfecting. Premises must be cleaned and disinfected under state supervision within 15 days after affected animals have been removed.

21—64.113(163) Methods for obtaining certified CWD cervid herd status. Certified CWD cervid herd status must include all Cervidae under common ownership. The animals that are part of a certified herd cannot be commingled with other cervids that are not certified, and a minimum geographic separation of 30 feet between herds of different status must be maintained in accordance with the USDA Uniform Methods and Rules as defined in APHIS Manual 91-45-011, revised as of January 22, 1999.

The escape, disappearance or death of any cervid shall be promptly reported along with identification numbers and estimated time of escape, disappearance or death. Tissue samples shall be available. A herd may qualify for status as a certified CWD cervid herd by one of the following means:

64.113(1) Purchasing a certified CWD cervid herd. Upon request and with proof of purchase, the department shall issue a new certificate in the new owner’s name. The anniversary date and herd status for the purchased animals shall be the same as for the herd to which the animals are added; or if part or all of the purchased herd is moved directly to premises that have no other Cervidae, the herd may retain the certified CWD status of the herd of origin. The anniversary date of the new herd is the date of the most recent herd certification status certificate.

64.113(2) Upon request and with proof by records, a herd owner shall be issued a certified CWD cervid herd certificate by complying with the CCWDSI program for a period of five years.

21—64.114(163) Recertification of CWD cervid herds. A herd is certified for 12 months. Annual inventories conducted by the department, a state-authorized veterinarian, or authorized federal personnel are required every 9 to 15 months from the anniversary date. A complete physical herd inventory will be completed by the department, a state-authorized veterinarian, or authorized federal personnel every three years. For continuous certification, adherence to the provisions in these rules and all other state laws and rules pertaining to raising cervids is required. A herd’s certification status is immediately terminated and a herd investigation shall be initiated if CWD affected or exposed animals are determined to originate from that herd.

21—64.115(163) Movement into a certified CWD cervid herd. 64.115(1) Animals originating from certified CWD cervid herds may move into another certified CWD cervid herd with no change in the status of the herd of destination.

64.115(2) The movement of animals originating from noncertified or lesser status herds into certified CWD cervid herds will result in the redesignation of the herd of destination to the lesser status.

21—64.116(163) Movement into a monitored CWD cervid herd. 64.116(1) Animals originating from a monitored CWD cervid herd may move into another monitored CWD cervid herd of the same status.

64.116(2) The movement of animals originating from a herd which is not a monitored CWD cervid herd or from a lower status monitored CWD cervid herd will result in the redesignation of the herd of destination to the lesser status.
21—64.117(163) Recognition of monitored CWD cervid herds. The state veterinarian shall issue a monitored CWD cervid herd certificate, including CWD monitored herd status as CWD monitored Level 1 during the first calendar year, CWD monitored Level 2 during the second calendar year, CWD monitored Level 3 during the third calendar year, CWD monitored Level 4 during the fourth calendar year, CWD monitored Level 5 during the fifth calendar year, and CWD certification at the completion of the fifth year and thereafter.

21—64.118(163) Recognition of certified CWD cervid herds. The state veterinarian shall issue a certified CWD cervid herd certificate when the herd first qualifies for certification. The state veterinarian shall issue a renewal form annually.

21—64.119(163) Effective period. Rescinded IAB 9/14/05, effective 8/16/05.

These rules are intended to implement Iowa Code chapter 163 and Iowa Code Supplement chapter 170.

21—64.120 to 64.132 Reserved.

ERADICATION OF SWINE TUBERCULOSIS

21—64.133(159) Indemnity. Indemnity may be paid for losses incurred by slaughtering establishments in the event native Iowa swine purchased by the establishments for immediate slaughter are determined to have tuberculosis by the official meat inspector at the establishment, subject to laboratory confirmation at the discretion of the department by any laboratory procedure acceptable to the department. Indemnity will be paid by the county of origin of the swine provided that swine shall be identified to the farm of origin located in that county. If no identification can be established on swine no indemnity may be paid.

If the county bovine tuberculosis eradication funds are insufficient, the claim may be filed and may be paid in subsequent years.

Indemnity will be paid to the producer of swine only after proof of cleaning and disinfecting of premises has been established.

If a herd of swine is tested for tuberculosis at program expense authorization must be given by an official of the Iowa department of agriculture and land stewardship.

This rule is intended to implement Iowa Code sections 159.5 and 163.15.

21—64.134(159) Fee schedule.

64.134(1) Injection. Thirty dollars per stop (herd) and two dollars per head.

64.134(2) Reading. Thirty dollars per stop (herd) and one dollar per head.

64.134(3) Tagging. Five dollars for first reactor and one dollar for each additional reactor.

This rule is intended to implement Iowa Code section 159.5(13).

21—64.135 to 64.146 Reserved.

PSEUDORABIES DISEASE

21—64.147(163,166D) Definitions. As used in these rules:

“All-in-all-out” means a management system whereby feeder swine are handled in groups kept “separate and apart” from other groups in a production facility. These groups are removed from the production facility with the completely vacated area being cleaned and sanitized prior to the introduction of another group.

“Aujeszky’s disease,” commonly known as pseudorabies, means the disease wherein an animal is infected with Aujeszky’s disease virus, irrespective of the occurrence or ab-
sence of clinical symptoms.
“Breeding swine” means boars, sows and gilts used, or intended for use, exclusively for reproductive purposes.
“Department” means the Iowa department of agriculture and land stewardship.
“Exigent circumstances” means an extraordinary situation that the secretary concludes will impose an unjust and undue economic hardship if coupled with the imposition of these rules.
“Fertility center” means a premises where breeding swine are maintained for the purposes of the collection of semen, ovum, or other germplasm and for the distribution of semen, ovum, or other germplasm to other swine herds.
“Herd” means any group of swine maintained for 60 days or more on common ground for any purpose, or two or more groups of swine that have been intermingled without regard to pseudorabies status and are under common ownership or possession and that have been geographically separated within the state of Iowa. Two or more groups of swine are assumed to be one herd, unless an investigation by the epidemiologist has determined that intermingling and contact between groups has not occurred.
“Low incidence state/area” means a state or subdivision of a state with little or no incidence of pseudorabies and which qualifies for Stage III, or higher, and has been designated Stage III, or higher, by the National Pseudorabies Control Board as defined in the State/Federal Industry Program Standards for pseudorabies eradication; or an area outside the United States with a low incidence of pseudorabies determined by at least an equivalent testing protocol as is used to establish Stage III status.
“Native Iowa feeder pig” means a feeder pig farrowed in Iowa, and always located in Iowa.
“Premises” means a parcel of land together with buildings, enclosures and facilities sufficient for swine production.
“Restricted movement” means movement of swine in accordance with 2000 Iowa Acts, Senate File 2312, section 17.
“Vicinity” means a distance less than one-half mile.
21—64.148(163,166C) Pseudorabies tests and reports. Rescinded IAB 9/6/89, effective 10/11/89.
21—64.149(163,166C) Approval of qualified pseudorabies negative herd. Rescinded IAB 9/6/89, effective 10/11/89.
21—64.150(163,166C) Shipment of breeding swine and feeder pigs. Rescinded IAB 9/6/89, effective 10/11/89.
21—64.151(163,166D) Quarantines.
64.151(1) Except for sales to slaughter or to pseudorabies-approved premises, owners of animals tested for pseudorabies shall hold the entire herd on the premises until results are determined.
64.151(2) Infected herds not on an approved cleanup plan. All known pseudorabies infected herds, not on an approved herd cleanup plan, are subject to restricted movement to slaughter according to 64.154(2)“c” and 64.155(8).
64.151(3) Quarantine releasing procedures.
a. A heard of swine shall no longer be classified as a known infected herd after removal
of all positive swine and at least one of the following three conditions have been met:
(1) All swine have been removed and the premises have been cleaned and disinfect
and maintained free of swine for 30 days or a period of time determined adequate by an
official pseudorabies epidemiologist.
(2) All swine seropositive to an official test have been removed and all remaining swine,
except suckling pigs, are tested and found negative 30 days or more after removal of
the seropositive animals.
(3) All swine seropositive to an official test have been removed, and all breeding swine
that remain in the herd and an official random sample consisting of at least 30 animals
from each segregated group of grower-finisher swine over two months of age are tested
and found negative 30 days or more after removal of the seropositive animals. A second
test of grower-finisher swine at least 30 days after the first test is required.
b. In nurseries and finishing herds without any breeding swine and where no pigs are
received from quarantined premises, quarantines may be released as follows:
(1) A negative official random-sample test consisting of at least 30 animals from each
segregated group, conducted at least 30 days following depopulation with cleaning
and disinfection of the premises and 7 days’ downtime, or (2) A negative official ran-
donm-sample test consisting of at least 30 animals from each segregated group, conduct-
ed at least 30 days following a similar negative official random-sample test.
A similar official random-sample test must then be conducted between 60 and 90 days
following quarantine release.
Any quarantine releasing procedure deviating from the above procedures or Iowa Code
section 166D.9 must be approved by the official pseudorabies epidemiologist and the state vet-
erinarian.
21—64.152(163,166D) Nondifferentiable pseudorabies vaccine disapproved.
The only pseudorabies vaccine or pseudorabies vaccine combination used in this state
shall be a differentiable vaccine.
After July 1, 1993, this vaccine must be differentiable by a licensed and approved differ-
entiable pseudorabies test capable of determining gp1 negative swine vaccinated with a
gp1 gene deleted vaccine.
21—64.153(166D) Pseudorabies disease program areas.
64.153(1) Pseudorabies disease program areas as declared by the Iowa department of
agriculture and land stewardship: all counties in the state of Iowa.
64.153(2) All producers will permit sufficient swine in their herds to be tested at pro-
gram expense to determine the health status of the herd at intervals during the course
of the program as deemed necessary by the department.
The owner shall confine the swine to be tested in a suitable place and restrain them in a
suitable manner so that the proper tests can be applied. If the owner refuses to confine
and restrain the swine, after reasonable time the department may employ sufficient help
to properly confine and restrain them and the expense of such help shall be paid by the
owner.
The swine tested shall be sufficient in number, and by method of selection, to quality for
the surveillance program required to attain and maintain the program stages according
to the most recent
“State-Federal-Industry Program Standards” for pseudorabies eradication.
64.153(3) No indemnities will be paid for condemned animals.
64.153(4) Any person possessing swine is required to provide the name and address of
the owner or the owner’s agent to a representative of the department. 64.153(5) Begin-
ing on October 1, 1999, all swine located within three miles of a pseudorabies-infected
herd are required to be vaccinated with an approved pseudorabies vaccine within seven
days of notification by a regulatory official. One dose of vaccine shall be administered to
growing swine prior to 14 weeks of age or 100 pounds. Swine over six months of age or
greater than 200 pounds, used or intended to be used for breeding, shall receive vac-
cine on a schedule designed to administer at least four doses throughout a 12-month
period. The department may require a herd test to monitor both the pseudorabies status
and the pseudorabies vaccine status of the herd.
A waiver for this vaccination requirement may be issued by the state veterinarian, based
on epidemiological investigation and risk determination. Herd testing, at a level deter-
mined by the pseudorabies epidemiologist, will be required as a condition for issuance
of a vaccination waiver.
In addition, beginning April 19, 2000, all swine located in a county designated as in
Stage II of the national pseudorabies eradication program are required to be vaccinated
with a modified-live differentiable vaccine. Breeding swine shall at a minimum receive
quarterly vaccinations. Feeder swine shall at a minimum receive one vaccination admin-
istered when the swine reach 8 to 12 weeks of age or 100 pounds. These vaccination
requirements shall be waived if:
a. The swine are part of a herd’s being continuously maintained as a qualified negative
herd; or
b. The swine are part of a herd located within a county where both of the following con-
ditions apply:
(1) The department has determined that the county has a six-month history of 0 per-
cent prevalence of pseudorabies infection among all herds in the county, and
(2) All contiguous counties have a 0 percent prevalence of pseudorabies infection
among herds in that county.
64.153(6) All premises containing swine which are located in the Stage II area of Iowa
must have a monitoring test for the premises conducted between January 1, 2000, and
21—64.154(163,166D) Identification.
64.154(1) All breeding and feeder swine being exhibited or having a change of owner-
ship must be identified by a method approved by the Iowa department of agriculture
and land stewardship. The identification shall be applied by the owner, the pig dealer, or
the livestock dealer at the farm of origin or by the pig dealer or the livestock dealer at
the first concentration point.
64.154(2) Approved identification.
a. Breeding swine.
(1) Ear tags or tattoos with an alphabetic or numeric system to provide unique identifi-
cation for each animal.
(2) Ear notches or ear tattoos, if applied according to the standard breed registry sys-

(3) Electronic devices, other devices, or marks which, when applied, will permanently and uniquely identify each animal.

(4) Breeding swine qualified to move intrastate without individual tests may move without unique identification of each animal, if they are all identified as a group to the herd of origin by an official premises tattoo.

b. Feeder swine.

(1) Ear tags or tattoos with an alphabetic or numeric system to provide unique identification with each herd, each lot, or each individual swine.

(2) Electronic devices, other devices, or marks which, when applied, will provide permanent identification with each herd, each lot, or each individual swine.

c. Restricted movement swine.

(1) All infected herds not on an approved herd cleanup plan shall only move swine directly to slaughter by restricted movement. All animals from infected herds must move by restricted movement to slaughter (slaughtering plant or fixed concentration point) or to an approved premises detailed in the herd cleanup plan. The department may, until a herd plan is approved and showing progress, require the movement of all slaughter swine by “direct movement,” to slaughter only, by a Permit for Restricted Movement to Slaughter which provides a description of the animals, the owner, the consignee, the date of movement, the destination, and the identification or vehicle seal number if applicable. These “restricted movement to slaughter only swine” shall be individually identified by approved metal ear tags applied at the farm of origin, if required. The transportation vehicle must be sealed at the farm of origin. This seal shall be applied by an accredited veterinarian. This seal shall be removed by an accredited veterinarian, USDA official, department official, or the person purchasing the swine upon arrival of the consignment at the destination indicated on the Permit for Restricted Movement to Slaughter.

The ear tags shall have an alphabetic or numeric numbering system to provide unique identification with each herd, each lot, or each individual swine. They shall be applied prior to movement and listed on the Permit for Restricted Movement to Slaughter, if required. This Permit for Restricted Movement to Slaughter shall be issued and distributed by an accredited veterinarian as follows:

1. Original to accompany shipment.
2. Mail a copy to the department.
3. Veterinarian issuing permit will retain a copy.

(2) The vehicle sealing requirement may be waived by the department. Written application for waiver must be directed to the state veterinarian’s office, and written waivers may be granted for herds in compliance with an approved herd cleanup plan. The minimal requirements for granting a waiver shall be:

1. No clinical disease in the herd for the past 30 days.
2. Complete herd vaccination documentation.
3. Compliance with herd plan testing requirements.
4. Concurrence of herd veterinarian and regulatory district veterinarian.

No waiver shall be granted, and waivers already granted shall be voided, for herds still classified as infected four months from the initial infection date. The department may impose additional requirements on a case-by-case basis.
The department may grant an extension to this waiver for a period of up to four additional months on a case-by-case basis. Written application for waiver extension must be directed to the state veterinarian’s office, and written waivers may be granted for herds in compliance with an approved herd cleanup plan.

64.154(3) Approved ear tags available from the Iowa department of agriculture and land stewardship:

a. Pink tags to identify pseudorabies vaccinated swine.

b. Silver tags to identify feeder pigs from pseudorabies noninfected herds.

c. Blue tags to identify other swine.

64.154(4) Farm-to-farm movement of native Iowa feeder pigs.

a. Native Iowa feeder pigs sold and moved farm-to-farm within the state are exempt from identification requirements if the owner transferring possession and the person taking possession agree in writing that the feeder pigs will not be commingled with other swine for a period of 30 days. The owner transferring possession shall provide a copy of the agreement to the person taking possession of the feeder pigs.

b. “Moved farm-to-farm” as used in this rule means feeder pigs farrowed and raised in Iowa by a farm owner or operator and sold to another farm owner or operator who agree, in writing, not to commingle these pigs for at least 30 days. Feeder pigs purchased for resale by a pig dealer cannot be moved farm-to-farm, as described in the above paragraph. They must be accompanied by a Certificate of Veterinary Inspection and be identified.

c. Identification-exempt feeder pigs must originate from a “monitored,” or other “noninfected,” herd. The “monitored herd” number, or other qualifying number, and the date of expiration must also be shown on the Certificate of Inspection.

All identification-exempt feeder pigs aboard the transport vehicle must be from the same farm of origin and be the only pigs aboard. They must be kept in “isolation” and transported by “direct movement” to the farm of destination.

d. The veterinarian will certify, by signature on the Certificate of Inspection, that the above conditions have been met and that the pigs are exempt from the identification requirements and will qualify for movement according to 64.155(4).

64.154(5) Swine being relocated intrastate without a change of ownership are exempt from health certification, identification requirements, and transportation certification except as required by Iowa Code chapter 172B provided relocation records sufficient to determine the origin, the current pseudorabies status of the herd of origin, the number relocated, the date relocated, and destination of the relocated swine are available for inspection. Swine relocated within a herd held on multiple premises are exempted from this health certification, identification requirement, and transportation certification, except as required by Iowa Code chapter 172B and the above record-keeping requirements. Relocation records, if required, shall be maintained and available for inspection for a minimum of two years.

64.154(6) This rule should not be construed to implement or affect the identification requirements set down in Iowa Code sections 163.34, 163.35, 163.36, and 163.37. Records of identification applied to slaughter swine at concentration points shall be reported weekly to the department on forms provided by the department.

21—64.155(163,166D,172B) Certificates of inspection. The following certificates
shall be used as outlined. All are provided by the department. All require inspection by a licensed accredited veterinarian.

64.155(1) Iowa origin Interstate Certificates of Veterinary Inspection shall be used for exporting breeding swine or feeder swine out of the state.

64.155(2) Intrastate Certificates of Veterinary Inspection shall be used for the following movements:

a. The intrastate movement of feeder swine, with a change of ownership, originating from noninfected herds requires approved identification and noninfected herd identification number, showing the date of last test on a Certificate of Veterinary Inspection. The feeder swine shall be quarantined for 30 days.

b. The intrastate movement, with a change of ownership, of breeding swine from non-quarantined herds requires approved identification and noninfected herd number, or individual test results and dates tested included on a Certificate of Veterinary Inspection only. The breeding swine shall be quarantined for 30 days.

c. The concentration points to farm movement of feeder swine originating from noninfected herds requires approved identification and herd identification number and date tested included on a Certificate of Veterinary Inspection. The feeder swine shall be quarantined for 30 days.

d. The concentration point to farm intrastate movement of noninfected breeding swine from nonquarantined herds requires approved identification and noninfected herd number or individual test results and dates tested included on a Certificate of Veterinary Inspection. The breeding swine shall be quarantined for 30 days.

e. The farm to an approved premises or from a concentration point to an approved premises movement of feeder swine requires approved identification and approved premises number to be included on a Certificate of Veterinary Inspection. A statement, “Quarantined until slaughter;” shall be included on a Certificate of Veterinary Inspection.

f. Movement of exhibition swine to an exhibition when a certificate is required must be with a Certificate of Veterinary Inspection.

64.155(3) QLSM certificate. A QLSM certificate shall be used when moving swine under restricted movement and quarantined until moved to slaughter. The certificate shall be used for the following movements:

a. Movement of feeder swine from quarantined herds to approved premises. Approved identification and approved premises number shall be included on the certificate. The swine are quarantined to slaughter or can be moved to another approved premises on a certificate of inspection.

b. Movement of feeder swine from herds of unknown status, feeder pig cooperator herd plans, or herd cleanup plans. Approved identification shall be included on the certificate. This certificate is used for farm-to-farm or concentration point to farm movements.

64.155(4) A Farm-to-Farm Certificate of Veterinary Inspection or an Intrastate Certificate of Veterinary Inspection shall be used for moving identification-exempt native Iowa feeder pigs farm-to-farm according to 64.154(4)”b.” Feeder swine purchased for resale by a pig dealer must be identified and accompanied by a Certificate of Inspection.

64.155(5) Import Interstate Certificates from out-of-state origins shall accompany ship-
ments of breeding swine and feeder swine into Iowa.
a. Feeder swine: If a state of origin does not issue a monitored herd number, then the
certificate shall include the statement, “These pigs are from a noninfected herd and the
date of last test was ____________,” or “These pigs are from a monitored herd tested
within the last 12 months. Date of last test was ____________.” The certificate shall
include the following statement: “These feeder pigs are quarantined until moved to
slaughter.”
b. Breeding swine: Individual test results and date tested or noninfected herd number
and date of last test shall be included on the certificate.
c. Feeder swine from low incidence state/area of origin. The certificate shall include
the following statements, “These pigs were born and raised in the state/area of
__________,” (state/area name) and “These feeder pigs are quarantined until moved
to slaughter.”
d. Beginning January 1, 1998, all imported feeder swine, except those from qualified
negative herds entering qualified negative herds, must be vaccinated for pseudorabies
with a G1 deleted vaccine within 45 days of arrival if imported into a county with a
pseudorabies prevalence greater than 3 percent.
This requirement must be stated on the import interstate certificate. Imported swine
consigned directly to slaughter are exempt from vaccination requirements.
64.155(6) Slaughter affidavits shall accompany all shipments of feeder swine or finished
swine from concentration points moving direct to slaughter.
64.155(7) Transportation certificate. This certificate involves shipments of swine from
farm or approved premises moving direct to slaughter as detailed in Iowa Code chapter
172B. Veterinary inspection not required.
64.155(8) Rescinded IAB 10/22/97, effective 10/1/97.
21—64.156(166D) Noninfected herds.
64.156(1) Qualified pseudorabies negative herd—recertification.
a. Recertification of a qualified pseudorabies negative herd and a qualified differ-
ential negative herd shall be by monthly testing, as detailed in Iowa Code section
166D.7(1)“a.”
b. The status of a qualified pseudorabies negative herd will be revoked if:
(1) A positive test is recognized and interpreted by a pseudorabies epidemiologist as
infected.
(2) Pseudorabies infection is diagnosed.
(3) Recertification testing is not done on time.
(4) Inadequate number of animals are tested.
(5) Once a qualified pseudorabies negative herd is decertified, the herd must meet all
requirements of Iowa Code section 166D.7, to recertify as a qualified pseudorabies neg-
ative herd.
64.156(2) Iowa monitored feeder pig herd.
a. Test requirements for a monitored feeder pig herd status include a negative herd
test every 12 months of randomly selected breeding animals according to the following
schedule:
  1-10 head Test all
  11-35 head Test 10
36 or more Test 30 percent or 30, whichever is less.
Effective July 1, 2000, all breeding herd locations in Stage II counties must have a monitored or better status or move by restricted movement.
b. A monitored identification card will be sent by first-class mail to the herd owner shown on the test chart if test results qualify the herd as monitored. An expiration date which is 12 months from the date that the certifying tests were drawn will be printed on the card.
It is the owner’s responsibility to retest the herd annually. The monitored status is voided on the date of expiration. A monitored herd status is revoked if:
(1) A positive test is recognized and interpreted by a pseudorabies epidemiologist and interpreted as infected.
(2) Pseudorabies infection is diagnosed.
(3) Recertification test is not done on time.
(4) Not enough tests, according to herd size and vaccination status, are submitted.
c. Additions of swine to a monitored herd shall be from noninfected herds, according to Iowa Code section 166D.7.
d. Feeder pigs sold for further feeding require a monitoring test conducted within the six months prior to movement if the feeder pigs have been maintained on the same site as the breeding herd.
e. Monitored, or higher, status feeder pigs sold may regain, and maintain, monitored status by a negative test of all or a random sample of 30 head of each segregated group, whichever is less, within 30 days prior to resale.
f. Nursery units located in Stage II counties and not in the vicinity of the breeding herd are required to maintain a monitored status on the nursery unit in order for the swine to be eligible to be relocated to a finishing premises. Feeder pigs sold from these nursery units must meet the requirements of a negative test of all or a random sample of 30 head of each segregated group, whichever is less, within 30 days prior to sale. An official random-sample test shall be required for each segregated group of swine on an individual premises every 12 months for the maintenance of this monitored status. These testing requirements apply to swine eligible for relocation movement. Testing requirements for this random sampling are: Test 10 head per building, minimum 14 head per site. Effective July 1, 2000, all nursery locations in Stage II counties must have a monitored or better status or move by restricted movement.
g. Off-site finishing units located in the Stage II counties are required to maintain a monitored status on the finishing unit in order for the swine to be eligible to be sold to slaughter. An official random-sample test will be required for each segregated group of swine on an individual premises every 12 months for the maintenance of this monitored status. These testing requirements also apply to swine eligible for relocation movement. Testing requirements for this random sampling are:
Test 10 head per building, minimum 14 head per site.
Effective July 1, 2000, all finishing locations in Stage II counties must have a monitored or better status or move by restricted movement.
h. Relocation, and sales to slaughter, require a 12-month monitoring test.
64.156(3) Qualified differentiable negative herd—recertification.
a. Recertification of a qualified differentiable negative herd will include monthly testing, as detailed in Iowa Code section 166D.7. A minimum of five breeding swine or 10 percent of the breeding herd, whichever is greater, must be tested each month.
b. The status of a qualified differentiable negative herd will be revoked if:
   (1) A positive test is recognized and interpreted by a pseudorabies epidemiologist as infected.
   (2) Pseudorabies infection is diagnosed.
   (3) Recertification testing is not done on time.
   (4) Inadequate number of animals are tested.
   (5) Once a qualified differentiable negative herd is decertified, the herd must meet all requirements in Iowa Code section 166D.7 to recertify as a qualified differentiable negative herd.

64.156(4) Maintaining qualified negative status (progeny). Progeny from qualified negative (unvaccinated) or from qualified negative (vaccinated) herds moved to a facility not within the vicinity of the herd of origin and unexposed to lesser status swine may maintain qualified negative status by a monthly negative test of 10 percent or 60 head, whichever is less, of swine that have been on the premises for at least 30 days.
64.156(5) Other qualified pseudorabies negative herds. Any breeding herd in a Stage IV or V State/Area or an area outside the United States with a low incidence of pseudorabies equivalent to a Stage IV or V State/Area is recognized as a qualified pseudorabies negative herd.

64.156(6) Fertility centers. Breeding swine in a fertility center shall attain a “noninfected herd” status by an initial negative test of all breeding swine in the center. This status shall be maintained by a monthly negative test of a random sample of five head or 10 percent, whichever is greater, of the swine at the center. All additions of swine to the fertility center must originate from a “noninfected” herd, must be placed in isolation for 30 days or more, and must test negative for pseudorabies 20 days or more after being isolated.
a. Semen and germplasm must be identified to the fertility center of origin.
b. Imported semen or germplasm must originate from a fertility center, or “noninfected” herd, with requirements at least equivalent to the above, and be identified to the fertility center.

21—64.157(166D) Herd cleanup plan for infected herds (eradication plan).
64.157(1) The herd cleanup plan shall be a written plan approved and on file with the department.
64.157(2) The herd cleanup plan shall contain:
   a. Owner’s name, location and herd number.
   b. Type of herd plan selected, e.g., offspring segregation, test and removal, depopulation.
   c. Description of the plan, which shall include the following requirements:
      (1) The breeding herd shall be maintained on an approved vaccination program, at least four times per year;
      (2) The progeny shall be weaned and segregated by five weeks of age or less, and progeny group isolation shall be maintained according to the terms of the herd plan;
(3) The herd must be visited on a regular basis (at least quarterly) by the herd veterinarian to monitor progress of the herd cleanup plan. This will include monthly testing if applicable, overseeing management procedures which may include all-in, all-out swine movement, ventilation, sanitation, disinfection, and vaccine handling; (4) Vaccine shall be administered to the progeny swine at least once, or more often if required by the herd plan;
(5) Feeder pig movement or relocation from the premises of origin must be detailed in writing in the herd cleanup plan. Feeder pig movement or relocation from the premises of origin will only be allowed to approved premises and must be detailed in writing in the herd cleanup plan. Movement will not be allowed from the herd if the herd has experienced clinical symptoms of pseudorabies in the past 30 days. Effective April 19, 2000, all movements from infected premises shall be by restricted movement. “Movement” in this paragraph includes movement to a premises in the production system not in the vicinity of the current location, irrespective of whether there is a change of ownership;
(6) Culled breeding swine must move by restricted movement directly to slaughter (slaughtering plant or fixed concentration point) or to an approved premises in compliance with Iowa Code section 166D.10 as amended by 2000 Iowa Acts, Senate File 2312, section 16, and as detailed in the herd cleanup plan. No swine moved from infected herds may be represented as breeding swine;
(7) Herds identified as infected on or after August 1, 1999, with breeding swine, shall implement a test and removal herd cleanup plan which allows for the phased test and removal of bred animals for one farrowing cycle, followed by a whole herd test and removal plan. Effective August 1, 2000, a whole herd test and removal plan shall be implemented for all infected breeding herds. The herd plan shall include the following:
1. All breeding swine, including boars, shall be tested within 14 days of the herd’s being classified as infected. Testing shall also include progeny, if applicable.
2. All breeding swine must be identified by an approved ear tag, or other approved identification method, at the time of blood collection.
3. Until August 1, 2000, all seropositive, unbred breeding swine must be removed from the herd by restricted movement, direct to slaughter (slaughtering plant or fixed concentration point), within 15 days after blood collection. All seropositive, bred swine must be removed from the herd by restricted movement, direct to slaughter (slaughtering plant or fixed concentration point), within 15 days of weaning. All replacement breeding stock must be vaccinated prior to addition into the herd and must be retested 60 days after entry into the herd. Effective August 1, 2000, all seropositive animals, bred or unbred, must be removed from the herd by restricted movement, direct to slaughter (slaughtering plant or fixed concentration point), within 15 days of the whole herd test. All known positive animals in the herd on August 1, 2000, must be removed from the herd by restricted movement, direct to slaughter (slaughtering plant or fixed concentration point), by August 15, 2000.
4. A whole herd test shall be required within 30 days after the removal of the last known positive animal. Any additional seropositive animals must be removed from the herd by restricted movement, direct to slaughter, within 15 days of the collection date.
Whole herd retests shall be required at 30-day intervals, with removal of positive ani-
mals within 15 days of the test, until it has been determined that the herd is noninfected.
5. Seropositive swine must be removed from the herd, by restricted movement, direct
to a buying station or to a slaughtering establishment.
All swine movement from infected herds must be by restricted movement directly to
slaughter or to an approved premises as detailed in the herd cleanup plan.
When a herd is designated a noninfected herd, or has been depopulated, by procedures
detailed in Iowa Code section 166D.9, the plan is completed;
(8) Beginning October 1, 1999, a herd cleanup plan shall be implemented for all infect-
ed finishing herds which shall include the following:
1. A description of the premises, including the location, capacity, physical layout, owner’s name, and herd number.
2. Vaccination requirements: ● Every animal, unless such animal is within three weeks
of anticipated slaughter, must be vaccinated with an approved pseudorabies vaccine
within seven days of notification by a regulatory official.
● New animals introduced into the infected premises are to be vaccinated with an ap-
proved pseudorabies vaccine according to the timetable outlined in the herd plan.
● If, through subsequent testing, additional buildings on the site are determined to be
infected, all swine on the site shall be managed by all-in, all-out production.
3. Testing requirements:
● A minimum of 14 swine, selected randomly, per building, shall be tested immediately.
● Swine shall be retested, at a minimum of 14 animals, selected randomly, per building,
every 45 days, if necessary, until the premises are determined to be noninfected.
4. Description, restrictions, and requirements of pig flow through the facilities.
5. All movements from infected finishing sites shall be by restricted movement and only
to slaughter.
d. Specific movement limitations which may include approved destination locations,
“restricted movement to slaughter,” or other appropriate animal movement control mea-
sures.
e. Signatures of the herd owner, the owner’s veterinarian, and the epidemiologist or the
epidemiologist’s representative.
64.157(3) Rescinded IAB 10/22/97, effective 10/1/97.
64.157(4) Rescinded IAB 10/22/97, effective 10/1/97.
64.157(5) If this herd cleanup plan is not followed, is discontinued, or is not progress-
ing in a satisfactory manner as determined by the department, the herd is a quaran-
tined herd and is subject to “restricted movement to slaughter,” according to 2000 Iowa
Acts, Senate File 2312, section 17, until a new and approved cleanup plan is in place
and showing progress according to a designated epidemiologist.
64.157(6) Rescinded IAB 10/22/97, effective 10/1/97.
64.157(7) A deviation from a herd cleanup plan may be used in exigent circumstances
if the deviation has the approval, in writing, of the epidemiologist and the state veteri-
narian.
21—64.158(166D) Feeder pig cooperator plan for infected herds.
64.158(1) A feeder pig cooperator plan shall be a written plan approved and on file with
the department.
Feeder Pig Cooperator Plan Agreement—Revised effective April 1, 1995.

Date:
Herd I.D. Number:
Owner's Name:
Address:
Telephone Number:
The Feeder Pig Cooperator Plan Agreement shall include the following:
1. The herd has not experienced clinical signs of pseudorabies within the previous 30 days.
2. Maintain the breeding herd on an approved vaccination program, at least four times per year.
3. Wean and segregate progeny by five weeks of age or less and maintain progeny group isolation until moved as feeder pigs.
4. The herd must be visited at least quarterly by the herd veterinarian to monitor progress of herd cleanup plan; this shall include quarterly testing, if applicable, overseeing management procedures including all-in, all-out swine movement, ventilation, animal waste handling, sanitation, disinfection and vaccine handling.
5. Feeder pigs may be marketed or moved intrastate as cooperator pigs by restricted movement to approved premises detailed in the herd cleanup plan provided that all requirements of this plan are followed.
6. All feeder pigs must be vaccinated prior to sale. Vaccine shall be administered according to individual's herd plan.
7. All feeder pigs must be identified prior to sale with an official pink feeder pig ear tag, or a tattoo, approved by the department, beginning with the letters PR. All movement of feeder pigs from the herd shall be by restricted movement and only be allowed to approved premises detailed in the herd cleanup plan. All feeder pigs are quarantined to farm of destination until sold to slaughter. Movement to slaughter must be by restricted movement.
8. Breeding swine shall move directly to slaughter, or an approved premises in compliance with Iowa Code section 166D.10 as amended by 2000 Iowa Acts, Senate File 2312, section 16, and as detailed in the herd cleanup plan, and by restricted movement. No swine from infected herds may be represented as breeding swine.
9. The producer shall maintain a record of all test charts, all sales transactions by way of health certificates or restricted movement permits, and vaccine purchases for at least two years. These records shall be available to department officials upon request.
10. When this herd is determined, through procedures as detailed in Iowa Code section 166D.9, to become a noninfected herd or is depopulated, the plan is completed.
11. I agree, if this plan is not followed, is discontinued, or is not progressing in a satisfactory manner as determined by the department, the herd is a quarantined herd and subject to restricted movement, direct to slaughter or to an approved premises. I am currently enrolled in an approved herd cleanup plan. I further agree to comply with all the requirements contained in this Feeder Pig Cooperator Plan Agreement.

Herd Owner: Date: Herd Veterinarian: Date:

**21—64.159(166D) Herds of unknown status.** Feeder pigs from herds of unknown status.
status may not move after September 30, 1993; however, these herds may test to
determine status and feeder pigs may be moved according to 64.156(1), 64.156(2),
64.156(3), 64.157(3), or 64.158(2). The owner must provide test data, prior to move-
ment, proving that these requirements have been met.

21—64.160(166D) Approved premises. The purpose of an approved premises is to
maintain feeder swine and feeder pigs under quarantine with movement either direct
to slaughter or to another approved premises. Effective June 1, 2000, all swine moved
or relocated from an infected herd on an approved herd cleanup plan may only move
by restricted movement to an approved premises for further feeding or to slaughter
(slaughtering plant or fixed concentration point).

64.160(1) The following are requirements establishing, renewing, or revoking an ap-
proved premises permit:

a. A permit application, as part of the herd cleanup plan, must indicate the name of the
premises operator and address of the premises.
b. To be valid, an approved premises must be detailed as part of a herd cleanup plan
and approved by a department or inspection service official certifying that the facility
meets the following guidelines:

(1) Must be a dry lot facility located in an area of confirmed cases of pseudorabies.
(2) Shall not be in the vicinity of a breeding herd. Effective June 1, 2000, an approved
premises shall not be located in a county designated as in Stage III of the nation-
al pseudorabies eradication program, nor shall it be located in a county which has
achieved 0 percent prevalence of pseudorabies infection among all herds in the county
as of March 1, 2000, or later. Effective August 1, 2000, an approved premises shall not
be located within one and one-half miles of a noninfected herd or three miles of a qual-
ified negative herd.
(3) Shall be built such that it can be thoroughly cleaned and disinfected.
(4) The lay of the land or the facilities shall not be conducive to animal waste draining
onto adjacent property.
(5) Only feeder swine and cull swine may be moved onto this premises. Boars and sows
are to be maintained separate and apart.
(6) Swine on the premises must be maintained in isolation from other livestock.
c. The permittee must provide to the department or inspection service, during normal
business hours, access to the approved premises and to all required records. Records of
swine transfers must be kept for at least one year. The records shall include information
about purchases and sales, names of buyers and sellers, the dates of transactions, and
the number of swine involved with each transaction.
d. Swine must be vaccinated for pseudorabies according to the herd cleanup plan. Vac-
cination records must be available for inspection during normal business hours.
e. Dead swine must be disposed of in accordance with Iowa Code chapter 167. The
dead swine must be held so as to prevent animals, including wild animals and livestock,
from reaching the dead swine.
f. Swine must be moved direct to slaughter or to another approved premises by restrict-
ed movement and as detailed in the herd cleanup plan.
g. An approved premises permit may be revoked by following quarantine release meth-
ods as detailed in Iowa Code section 166D.9, or failure to comply with departmental
operation rules, or if swine have been removed from the premises for a period of 12 or more months.

h. Renewal of an approved premises will not be permitted when:
   (1) The approved premises is not compliant with the requirements of this rule.
   (2) Federal law prohibits approved premises.
   (3) The approved premises no longer is part of an approved herd cleanup plan, or the county where the approved premises is located no longer allows approved premises or the site of the approved premises no longer complies with requirements.

i. Revocation of an approved premises will result in the issuance of a quarantine by the department effective until quarantine release methods have been followed as detailed in Iowa Code section 166D.9, or the approved premises has been depopulated by restricted movement to slaughter or to another approved premises as detailed in the herd cleanup plan.

64.160(2) An approved premises will be considered permitted as long as the approved premises is compliant with all regulations and is part of an approved herd cleanup plan.

21—64.161(166D) Sales to approved premises. After June 1, 2000, all feeder pigs and cull swine except those from “noninfected herds” must be moved directly to an approved premises by restricted movement for further feeding; however, these pigs may continue to move as cooperator pigs if a “Feeder Pig Cooperator Plan Agreement—Revised” is approved by the department and movement is permitted by the department.

21—64.162(166D) Certification of veterinarians to initiate approved herd cleanup plans and approved feeder pig cooperator plan agreements and fee basis.

64.162(1) Requirements for certification. To be certified, the veterinarian shall meet both of the following requirements:
   a. Be an accredited veterinarian.
   b. Attend and complete continuing education sessions as determined by the Iowa pseudorabies advisory committee and the department.

64.162(2) Responsibilities. A certified veterinarian is authorized to do the following:
   a. Complete and submit herd plan and herd agreement forms (supplied by the department) within ten days of completion for approval by the department.
   b. Review and update herd plans and herd agreements and report to the department any changes made.

64.162(3) Revocation of certification. Failure to comply with the above requirements of this rule will result in revocation of certification.

64.162(4) Remuneration. Compensation will be made to the veterinarian or veterinarians certified to initiate herd plans and herd agreements. Payment will be made from pseudorabies program funds, if available and authorized for these purposes. Fees for payment shall be approved by the advisory committee and established by the department by order. Payment will be made for the following:
   a. Initial herd cleanup plan with or without an accompanying feeder pig cooperator agreement.
   Payment will be made upon submission of the completed form and department approval of the plan.
   b. Review of herd cleanup plan. Payment will be made upon submission of the complet-
ed form and department approval of the plan review.
c. Upon completion of the herd cleanup plan and release of the infected status, the veterinarian will receive a payment.
d. All other herd consultation or time devoted to herd plan implementation shall be at owner’s expense.

64.162(5) Fee basis. The following fees are allocated to the testing veterinarian when approved by the department, provided funding is available:
a. Herd stop fee per stop not to exceed four stops per year.
b. Bleeding fee per animal, not to exceed 100 tests per herd, per year.
c. Differentiable vaccine reimbursement per dose, when dispensed during the first 24 months from the date of initial program area designation. Doses of pseudorabies differentiable vaccine are dispensed to infected herds on approved cleanup plans, based upon date of herd plan approval, according to the number of breeding swine.
d. Fees for additional herd stops and tests may be allocated by approval from the department.

21—64.163(166D) Nondifferentiable pseudorabies vaccine disapproved.
Transferred and amended, see 21—64.152(163,166D), IAB 8/19/92.
These rules are intended to implement Iowa Code chapters 163 and 166D.

21—64.164 to 64.169 Reserved.

PARATUBERCULOSIS (JOHNE’S) DISEASE

21—64.170(165A) Definitions.
Definitions used in rules 21—64.170(165A) through 21—64.178(165A) are as follows:
“Accredited veterinarian” means a veterinarian approved by the deputy administrator of veterinary services, Animal and Plant Health Inspection Service (APHIS), United States Department of Agriculture (USDA), and the state veterinarian in accordance with Part 161 of Title 9, Chapter 1 of the Code of Federal Regulations, revised as of January 1, 2000, to perform functions required by cooperative state-federal animal disease control and eradication programs.
“Approved laboratory” means an American Association of Veterinary Laboratory Diagnosticians (AAVLD) accredited laboratory or the National Veterinary Services Laboratory, Ames, Iowa. An approved laboratory must have successfully passed the Johne’s diagnostic proficiency test in the previous year.
“Certificate” means an official document that is issued at the point of origin by a state veterinarian, federal animal health official, or accredited veterinarian and contains information on the individual identification of each animal being moved, the number of animals, the purpose of the movement, the points of origin and destination, the consignor, the consignee, and any other information required by the state veterinarian.
“Designated epidemiologist” means a veterinarian who has demonstrated the knowledge and ability to perform the functions required under these rules and who has been selected by the state veterinarian.
“Individual herd plan” means a written herd management plan that is designed by the herd owner, the owner’s veterinarian, if requested, and a designated epidemiologist to identify and control Johne’s disease in an affected herd. The individual herd plan may include optional testing.
“Johne’s disease-affected animal” means an animal which has reacted positively to an
organism-based detection test conducted by an approved laboratory. “Permit” means an official document for movement of affected or exposed animals that is issued by the state veterinarian, USDA Area Veterinarian-in-Charge, or accredited veterinarian. “State” means any state of the United States, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, or Guam.

**21—64.171(165A) Supervision of the Johne’s disease program.** The state veterinarian’s office will provide supervision for the Johne’s disease program.

**21—64.172(165A) Official Johne’s disease tests.** Organism-based detection tests will be considered as official Johne’s disease tests. These tests include, but are not limited to, Polymerase Chain Reaction (PCR) tests and bacteriological culture.

**21—64.173(165A) Vaccination allowed.** Vaccination against Johne’s disease is allowed with the permission of the state veterinarian. The herd owner requesting vaccination of the herd must sign and follow a Johne’s disease herd control plan consisting of best management practices designed to prevent the introduction of and control the spread of Johne’s disease. A risk assessment may be included as part of the herd control plan. The herd owner shall submit animal vaccination reports to the department on forms provided by the department.

**21—64.174(165A) Herd plan.** The herd owner, the owner’s veterinarian, if requested, and the designated epidemiologist may develop a plan for preventing the introduction of and controlling the spread of Johne’s disease in each affected herd.

**21—64.175(165A) Identification and disposal requirements.** Affected animals must remain on the premises where they are found until they are permanently identified by an accredited veterinarian applying a C-punch in the right ear of the animal. Affected animals may be moved only for the purpose of consigning the animal to slaughter.

**21—64.176(165A) Segregation, cleaning, and disinfecting.** Positive animals, consigned to slaughter through a state-federal approved auction market, must be maintained separate and apart from noninfected animals. Positive animals must be the last class of animal sold. Cleaning and disinfection of the alleyways, pen(s) and sale ring used to house positive animals must be accomplished prior to the next scheduled sale. Affected animals entering slaughter marketing channels must be moved directly to the slaughter facility or the slaughter market concentration point. Transportation vehicles used to haul affected animals shall be cleaned and disinfected after such use and before transporting any additional animals.

**21—64.177(165A) Intrastate movement requirements.**

64.177(1) Animals that are positive to an official Johne’s disease test may be moved from the farm of origin for slaughter only if the animals are moved directly to a recognized slaughtering establishment and accompanied by an owner-shipper statement that identifies the animals as positive to an official Johne’s disease test and the statement is delivered to the consignee. Positive animals shall be identified prior to movement by application of a C-punch in the right ear of the animal.

64.177(2) Animals that are positive to an official Johne’s disease test may be moved within Iowa for slaughter and consigned to a state-federal approved slaughter market if the animals are accompanied by an owner-shipper statement that identifies the animals as positive to an official Johne’s disease test and the statement is delivered to the...
consignee. Positive animals shall be identified prior to movement by application of a C-punch in the right ear of the animal.

64.177(3) Animals that are positive to an official Johne’s disease test may be moved within Iowa for purposes other than slaughter only by permit from the state veterinarian.

21—64.178(165A) Import requirements.

64.178(1) Animals that are positive to an official Johne’s disease test may be imported into Iowa for slaughter if the animals are moved directly to a recognized slaughtering establishment and accompanied by an owner-shipper statement that identifies the animals as positive to an official Johne’s disease test and the statement is delivered to the consignee. All animals must be officially identified.

64.178(2) Animals that are positive to an official Johne’s disease test may be imported into Iowa for slaughter and consigned to a state-federal approved slaughter market if the animals are accompanied by an owner-shipper statement that identifies the animals as positive to an official Johne’s disease test and the statement is delivered to the consignee. Positive animals shall be identified at the market, prior to sale, by application of a C-punch in the right ear of the animal.

64.178(3) Animals that are positive to an official Johne’s disease test may be imported into Iowa for purposes other than slaughter only by permit from the state veterinarian.

21—64.179 to 64.184 Reserved.

These rules are intended to implement Iowa Code Supplement chapter 165A.

LOW PATHOGENIC AVIAN INFLUENZA (LPAI)

21—64.185(163) Definitions. Terms used in these rules are defined as follows:

“Affected poultry flock” means a poultry flock from which any animal has been diagnosed as infected with LPAI and which is not in compliance with the provisions of the control program for LPAI as described in this chapter.

“Approved laboratory” means the Iowa State University Veterinary Diagnostic Laboratory, Ames, Iowa, or other American Association of Veterinary Laboratory Diagnosticians (AAVLD) accredited laboratory, including the National Veterinary Services Laboratory, Ames, Iowa.

“Designated epidemiologist” means a state veterinarian who has demonstrated the knowledge and ability to perform the functions required under these rules and who has been selected by the state veterinarian.

“House/housing facilities” means the individual barn that houses the poultry.

“Individual flock plan” means a written flock management and testing plan that is designed by the flock owner, the owner’s veterinarian, if requested, and a designated epidemiologist to identify and eradicate LPAI from an affected or exposed flock and to prevent the spread of the disease to an adjacent flock.

“Low pathogenic avian influenza (LPAI)” means an infectious, contagious disease of poultry caused by Type A influenza virus. For the purposes of these rules, LPAI shall include only subtypes identified as H5 or H7.

“LPAI affected” means a designation applied to poultry diagnosed as infected with LPAI based on laboratory results, clinical signs, or epidemiologic investigation.

“LPAI suspect” means a designation applied to poultry for which laboratory evidence or clinical signs suggest a diagnosis of LPAI but for which laboratory results are inconclusive.
“Monitored LPAI poultry flock” means a flock of poultry that is in compliance with the surveillance and testing procedures set forth in these rules.

“Official avian influenza test” means an approved test conducted at a laboratory approved to diagnose avian influenza.

“Poultry” means commercial egg-laying and meat-producing chickens and commercial turkeys.

“Poultry” also means breeder flocks.

“Poultry flock” means a group of poultry, generally of the same age, that are hatched, housed, managed, and sold together as one unit.

“Quarantine” means an imposed restriction prohibiting movement of poultry to any location without specific written permits.

“Slaughter/disposal” means the removal or depopulation of the poultry flock.

21—64.186(163) Supervision of the low pathogenic avian influenza program.
The state veterinarian’s office shall provide oversight and supervision of the LPAI program in Iowa.

21—64.187(163) Surveillance procedures. Surveillance procedures shall only apply to commercial poultry flocks of 10,000 or more layers, commercial chicken broiler operations with 10,000 or more broilers, and commercial turkey operations with 1,000 or more turkeys. Breeders that participate in, and qualify under, the USDA, APHIS, NPIP U.S. Avian Influenza Clean Program meet or exceed the surveillance provisions of this plan and are exempt from further certification under this rule. For poultry flocks, surveillance procedures shall include the following:

64.187(1) Turkeys and turkey poults.

a. Preslaughter/movement testing. A minimum of six blood samples per flock may be collected and forwarded to an approved laboratory for LPAI testing within 21 days prior to depopulation or movement; or

b. Slaughter/disposal testing. Six blood samples per flock shall be collected at slaughter/disposal and forwarded to an approved laboratory for LPAI testing.

c. Sick flock testing. Twenty blood samples shall be collected between 10 days and 21 days after the onset of respiratory disease and forwarded to an approved laboratory for LPAI testing, and 20 pharyngeal swabs shall be collected at onset of respiratory disease and forwarded to an approved laboratory for LPAI testing.

d. Routine serologic testing. A test for LPAI should be included.

64.187(2) Laying chickens and pre-lay pullets.

a. Preslaughter/disposal/movement testing. Eleven blood samples shall be collected and forwarded to an approved laboratory for LPAI testing within 30 days prior to depopulation or disposal of spent hens or movement of pre-lay pullets to another farm.

b. Sick flock testing. Twenty blood samples shall be collected between 10 days and 21 days after the onset of respiratory disease and forwarded to an approved laboratory for LPAI testing, and 20 pharyngeal swabs shall be collected at onset of respiratory disease and forwarded to an approved laboratory for LPAI testing.

c. Routine serologic testing. A test for LPAI of 11 birds per barn during a 12-month period shall be collected and forwarded.

64.187(3) Broiler chickens.
a. Preslaughter testing. Eleven blood samples may be collected and forwarded to an approved laboratory for LPAI testing within 21 days prior to depopulation; or
b. Slaughter/disposal testing. Eleven blood samples shall be collected at slaughter/disposal and forwarded to an approved laboratory for LPAI testing.
c. Sick flock testing. Twenty blood samples shall be collected between 10 days and 21 days after the onset of respiratory disease and forwarded to an approved laboratory for LPAI testing, and 20 pharyngeal swabs shall be collected at onset of respiratory disease and forwarded to an approved laboratory for LPAI testing.
d. Routine serologic testing. A test for LPAI should be included.

21—64.188(163) Official LPAI tests. Official tests for LPAI are:
1. Agar Gel Precipitin (AGP);
2. Enzyme Linked Immunosorbent Assay (ELISA);
3. Any other tests performed by an approved laboratory to confirm a diagnosis of LPAI. Tests positive to screening for avian influenza through AGP, ELISA, and any other tests performed by an approved laboratory to confirm a diagnosis of LPAI must be forwarded to National Veterinary Services Laboratory, Ames, Iowa, for subtype testing.
4. Influenza type A antigen detection tests approved by the state veterinarian. All influenza type A antigen detection tests performed shall be prior-approved by the state veterinarian, and all positive tests results shall be reported immediately to the state veterinarian. A monthly report of all test results shall be reported to the state veterinarian.

21—64.189(163) Investigation of LPAI affected poultry identified through surveillance. All poultry diagnosed at an approved laboratory as infected with LPAI must be traced back to the flock or farm of origin.
All flocks having contact with affected or exposed poultry as determined by the designated epidemiologist must be investigated epidemiologically. All farms of origin and flocks having contact with affected or exposed poultry must be quarantined, pending the results of the epidemiological investigation.

21—64.190(163) Duration of quarantine. Quarantines imposed in accordance with these rules shall be in effect for a minimum of three months after the last detection of active avian influenza virus on the premises. Active avian influenza virus on the premises will be determined through the use of sentinel poultry or virus isolation.

21—64.191(163) Flock plan.
64.191(1) The flock owner, the owner’s veterinarian, if requested, and the epidemiologist shall develop a plan for eradicating LPAI in each affected flock. The plan must be designed to reduce and then eliminate LPAI from the flock, to prevent spread of the disease to other flocks, and to prevent reintroduction of LPAI after the flock becomes disease-free. The flock plan must be developed and signed within 15 days after the determination that the flock is affected.
64.191(2) The flock plan will include, but is not limited to, the following areas:
a. Movement of vehicles, equipment, and people on and off the premises.
b. Cleaning and disinfection of vehicles entering and leaving the premises.
c. Proper elimination of daily mortality through composting on premises, incineration on premises, or other approved method.
d. Biosecurity procedures for people entering or leaving the facility.
e. Controlled marketing.
(1) No poultry may be removed from the premises for a minimum of 21 days after the last detection of active avian influenza virus on the premises. Immune flocks that have recovered from avian influenza infection may remain on the premises for the remainder of their scheduled life span.

(2) After 21 days, poultry marketing will only be allowed for delivery to slaughter establishments at the close of business for the week.

(3) Routes used to transport poultry to slaughter must avoid other poultry operations.

(4) Trucks used to transport poultry from an infected premises must be cleaned and disinfected and may not enter another poultry facility for at least 24 hours.

(5) Eggs which are washed, sanitized, and packed in new materials may be moved into normal marketing channels, but trucks hauling these eggs must not visit another premises between the production site and the market. Egg handling materials must be destroyed at the plant or cleaned, sanitized, and returned to the premises of origin without contacting materials going to other premises. Disposable egg flats or sanitized, plastic flats must be used to transport eggs.

(6) Eggs that are sold as “nest run” and are not washed and sanitized must be moved directly to only an “off-line” breaking operation for pasteurization and used for breaking only. The egg handling materials must be handled as described in (5) above.

(7) Liquid eggs from layer flocks may continue to move from breaking operations directly to pasteurization plants provided that the transport vehicles are cleaned and disinfected before entering and leaving the premises.

f. Vaccination. Avian influenza vaccine will be considered for use only if allowed by the state veterinarian and USDA APHIS.

(1) Killed H5 or H7 vaccine may be used to immunize all noninfected poultry remaining on the premises. Laying-flock replacement poultry should be vaccinated at least two weeks before entering the laying operation.

(2) Twenty sentinel (nonvaccinated) poultry will be kept in each vaccinated flock, and all 20 will be tested for avian influenza every 30 days.

(3) Avian influenza virus will be considered to be no longer active when all sentinel poultry are serologically negative on two consecutive tests conducted at least 14 days apart and when cloacal swabs from each of the 20 sentinel poultry are negative by virus isolation testing.

(4) Positive sentinel poultry must be euthanized and replaced by negative poultry after 14 days.

(5) Slaughter withdrawal times must be followed in the marketing of poultry.

g. Housing facilities and manure. Before a new flock is placed in an infected house, manure must be removed and the housing facilities must be cleaned and disinfected. Manure shall not be removed from the premises for a minimum of 30 days after the last active detection of avian influenza virus in a house. Manure from infected housing facilities must be carried in covered conveyances, and transportation routes must avoid other poultry operations. Manure handling and disposal will be at the direction of the state veterinarian.

h. Wild bird, insect, and rodent control. Wild bird, insect, and rodent control programs must be implemented on the premises before a facility is repopulated with poultry. Rodenticide must be set out before feed or birds are removed from the premises.
The plan must address flock management and be in compliance with all provisions of these rules. The plan must be formalized as a memorandum of agreement between the owner and program officials, must be approved by the state veterinarian, and must include plans to obtain a disease-free status.

21—64.192(163) Cleaning and disinfecting. The housing facilities must be cleaned and disinfected under state supervision within 15 days after affected poultry and manure have been removed.

21—64.193 to 64.199 Reserved.

These rules are intended to implement Iowa Code chapter 163.

SCRAPIE DISEASE

21—64.200(163) Definitions. Definitions used in rules 21—64.200(163) through 21—64.211(163) are as follows:

“Accredited veterinarian” means a veterinarian approved by the administrator of the Animal and Plant Health Inspection Service (APHIS), United States Department of Agriculture (USDA), and the state veterinarian in accordance with Part 161 of Title 9, Chapter 1 of the Code of Federal Regulations (CFR), to perform functions required by cooperative state-federal animal disease control and eradication programs.

“Administrator” means the administrator of APHIS or any employee of USDA to whom the administrator has delegated authority to act on behalf of the administrator.

“Animal” means any sheep or goat.

“APHIS representative” means an individual employed by the Animal and Plant Health Inspection Service (APHIS) of the United States Department of Agriculture (USDA) in animal health activities who is authorized by the administrator to perform the functions and duties involved.

“Approved laboratory” means a diagnostic laboratory approved by APHIS to conduct tests for scrapie or genotypes on one or more tissues.

“Area veterinarian-in-charge” or “AVIC” means the veterinary official of APHIS assigned by APHIS to supervise and perform the official animal health work of APHIS in Iowa.

“Breed associations and registries” means the organizations that maintain the permanent records of ancestry or pedigrees of animals (including each animal’s sire and dam), individual identification of animals, and ownership of animals.

“Certificate of Veterinary Inspection” or “CVI” means an official document approved by the department and issued by a licensed accredited veterinarian at the point of origin of movement of animals.

“Commingle” means to group animals together in a manner that allows them to have physical contact with each other, including contact through a fence, but not limited contact. Commingling includes sharing the same section in a transportation unit where physical contact can occur.

“Designated scrapie epidemiologist” or “DSE” means a state or federal veterinarian designated by the department and APHIS to make decisions about the use and interpretation of diagnostic tests and field investigation data and the management of flocks and animals of epidemiological significance to the scrapie program.

“Directly to slaughter” means movement from a farm to a place of business where animals are processed into meat, excluding movement through an auction market or live-
stock dealer’s place of business.
“Exposed animal” means any animal that has had contact with a scrapie-positive ani-
mal or had contact with a premises where a scrapie-positive animal has resided and for
which a flock plan has not yet been completed. Exposed animals shall be evaluated by a
state or federal veterinarian in concurrence with the DSE and state veterinarian and may
be redesignated into a risk category according to genetic resistance and exposure and
may be restricted or have restrictions removed in accordance with current USDA regula-
tions.
“Exposed flock” means any flock in which:
1. A scrapie-positive animal was born or gave birth; or
2. A high-risk or suspect female animal currently resides; or
3. A high-risk or suspect animal once resided that gave birth or aborted in the flock and
from which tissues were not submitted for official scrapie testing.
“Flock” means a group of sheep or goats, or a mixture of both species, residing on the
same premises or under common ownership or supervision on two or more premises
with animal interchange between the premises. Changes in ownership of part or all of a
flock do not change the identity of the flock or the regulatory requirements applicable to
the flock.
“Flock identification number” or “flock ID number” means the unique alphanumeric
premises identification number that appears on the official identification issued to a
flock, that conforms with the standards for an epidemiologically distinct premises, as
outlined in 9 CFR 79.1, and that is assigned by USDA and approved by the department.
“Flock of origin” means the flock of birth for male animals and, for female animals,
means the flock in which the animal most recently resided in which it either was born,
gave birth, or resided during lambing or kidding.
“Flock plan” means a written flock management agreement signed by the owner of a
flock, the accredited veterinarian, if one is employed by the owner, and a department or
APHIS representative in which each participant agrees to undertake actions specified in
the flock plan to control the spread of scrapie from, and eradicate scrapie in, an infect-
ed flock or source flock or to reduce the risk of the occurrence of scrapie in a flock that
contains a high-risk or exposed animal. As part of a flock plan, the flock owner must
provide the facilities and personnel needed to carry out the requirements of the flock
plan. The flock plan must include the requirements in 9 CFR 54.8.
“Genetic susceptibility” means the animal’s likelihood, based upon the genotype of the
animal, of developing scrapie following exposure to scrapie.
“High-risk animal” means:
1. Any exposed female animal designated as genetically susceptible under current USDA
guidelines;
2. The female offspring of a scrapie-positive female animal; or
3. Any other exposed female animal determined by the DSE to be a potential risk.
“Infected flock” means any flock in which the DSE has determined that a scrapie- posi-
tive female animal has resided, unless an epidemiological investigation conducted by the
DSE shows that the animal did not give birth or abort in the flock.
“Interstate commerce” means trade, traffic, transportation, or other commerce between
a place in a state and any place outside that state, or between points within a state but
through any place outside that state.
“Limited contact” means incidental contact between animals away from the flock’s premises, such as at fairs, shows, exhibitions, markets, and sales; between ewes being inseminated, flushed, or implanted; or between rams at ram test or collection stations. Embryo transfer and artificial insemination equipment and surgical tools must be sterilized after each use in order for the contact to be considered limited contact. Limited contact does not include any contact with a female animal during or up to 30 days after she gave birth or aborted or when there is any visible vaginal discharge other than that associated with estrus. Limited contact does not include any activity in which uninhibited contact occurs, such as sharing an enclosure, sharing a section of a transport vehicle, or residing in other flocks for breeding or other purposes, except as allowed by scrapie flock certification program standards.
“Live-animal screening test” means any test used for the diagnosis of scrapie in a live animal, approved by APHIS, and conducted in a laboratory approved by APHIS.
“Noncompliant flock” means:
1. Any source or infected flock whose owner declines to enter into a flock plan or post-exposure management and monitoring plan (PEMMP) agreement within 60 days of the flock’s being designated as a source or infected flock; 2. Any exposed flock whose owner fails to make animals available for testing within 60 days of notification, or as mutually agreed upon by the department and the owner, or whose owner fails to submit required postmortem samples;
3. Any flock whose owner or manager has misrepresented, or who employs a person who has misrepresented, the scrapie status of an animal or has misrepresented any other information on a certificate, permit, owner statement, or other official document within the last five years;
4. Any flock whose owner or manager has moved, or who employs a person who has moved, an animal in violation of this chapter within the last five years; or
5. Any flock which does not meet the requirements of a flock plan or PEMMP.
“Official genotype test” means any test used to determine the genotype of a live or dead animal and conducted at an approved laboratory provided that the animal is officially identified and the samples used for the test are collected and shipped to the laboratory by either an accredited veterinarian or a department or APHIS representative.
“Official identification” or “official ID” means identification approved by the department and APHIS for use in the scrapie eradication program in the state of Iowa. For sheep, official identification consists of (1) approved ear tags which include the flock ID number combined with an individual animal number; (2) approved unique, alphanumeric serial-numbered ear tags; or (3) ear tags approved for use with the scrapie flock certification program. For goats, official identification consists of any method of identification approved by the USDA, as outlined in 9 CFR 79.2.
“Official test” means any test used for the diagnosis of scrapie in a live or dead animal, approved by APHIS for that use, and conducted at an approved laboratory.
“Owner” means a person, partnership, company, corporation, or any other legal entity which has legal or rightful title to animals.
“Owner/seller statement form” means a written document to be completed by the owner or seller of animals that require official identification and includes the owner’s/seller’s
name, address, and telephone number; date of transaction; the flock identification number; the number of animals involved; a statement indicating that the animals that require official identification have been officially identified and that the owner/seller will maintain records as to the origin of the individual animals for five years; and a signed owner statement.

“Owner statement” means a statement signed by the owner certifying that the sexually intact animals are not scrapie-positive, suspect, high-risk, or exposed and that they did not originate from an infected, source, exposed, or noncompliant flock.

“Permit” means an official document that has been issued by an APHIS or department representative or an authorized accredited veterinarian and allows the interstate movement of animals under quarantine.

A seal may be required by the state veterinarian or AVIC.

“Postexposure management and monitoring plan” or “PEMMP” means a written agreement signed by the owner of a flock, an accredited veterinarian, if one is employed by the owner, and a department or APHIS representative in which each participant agrees to undertake actions specified in the agreement to reduce the risk of the occurrence of scrapie and to monitor for the occurrence of scrapie in the flock for at least five years after the last high-risk or scrapie-positive animal is removed from the flock or after the last exposure of the flock to a scrapie-positive animal, unless the monitoring time is otherwise specified by a department or APHIS representative. As part of a postexposure management and monitoring plan, the flock owner must provide the facilities and personnel needed to carry out the requirements of the plan. The plan must include the requirements in 9 CFR 54.8.

“Premises” means the ground, area, buildings, and equipment occupied by one or more flocks of animals.

“Quarantine” means an imposed restriction prohibiting movement of animals to any location without specific written permits.

“Scrapie” means a nonfebrile, transmissible, insidious degenerative disease affecting the central nervous system of sheep and goats.

“Scrapie eradication program” or “program” means the cooperative state-federal-industry program administered by APHIS and states to control and eradicate scrapie.

“Scrapie flock certification program” or “SFCP” means a voluntary state-federal-industry cooperative program established and maintained to reduce the occurrence and spread of scrapie, to identify flocks that have been free of evidence of scrapie over specified time periods, and to contribute to the eventual eradication of scrapie. This program was formerly known as the voluntary scrapie flock certification program.

“Scrapie-positive animal” or “positive animal” means an animal for which a diagnosis of scrapie has been made by an approved laboratory through one of the following methods:

1. Histopathological examination of central nervous system (CNS) tissues from the animal for characteristic microscopic lesions of scrapie;
2. The use of protease-resistant protein analysis methods, including but not limited to immunohistochemistry or western blotting, on CNS or peripheral tissue samples from a live or a dead animal for which a given method has been approved by the administrator for use on that tissue;
3. Bioassay;
4. Scrapie-associated fibrils (SAF) detected by electron microscopy; or
5. Any other test method approved by the administrator in accordance with 9 CFR 54.10. “Source flock” means a flock in which a department or APHIS representative has determined that at least one animal was born that was diagnosed as a scrapie-positive animal at an age of 72 months or less.

“State animal health official” means an individual employed by the department in animal health activities and authorized by the department to perform the functions involved.

“Suspect animal” means:
1. A sheep or goat that exhibits any of the following possible signs of scrapie and that has been examined by an accredited veterinarian or a department or APHIS representative. Possible signs of scrapie include: weight loss despite retention of appetite; behavioral abnormalities; pruritus (itching); wool pulling; biting at legs or side; lip smacking; motor abnormalities such as incoordination, high-stepping gait of forelimbs, bunny hop movement of rear legs, or swaying of back end; increased sensitivity to noise and sudden movement; tremor, star gazing, head pressing, recumbency, or other signs of neurological disease or chronic wasting;
2. A sheep or goat that has tested positive for scrapie or for the protease-resistant protein associated with scrapie on a live-animal screening test, or any other official test, unless the animal is designated as a scrapie-positive animal; or
3. A sheep or goat that has tested inconclusive or suggestive of scrapie on an official test for scrapie.

“Trace” means all actions required to identify the flock of origin or flock of destination of an animal.

“Unofficial test” means any test used for the diagnosis of scrapie or for the detection of the protease-resistant protein associated with scrapie in a live or dead animal but that either has not been approved by APHIS or was not conducted at an approved diagnostic laboratory.

“Veterinary signature-stamped bill of sale” means a document allowed in Iowa in lieu of a Certificate of Veterinary Inspection for use when animals are sold through a licensed auction market and will remain in Iowa. The bill of sale shall contain the following statement: “I certify, as an accredited veterinarian, that these animals have been inspected by me and that they are not showing any signs of infectious, last exposure of the flock to a scrapie-positive animal, unless the monitoring time is otherwise specified by a department or APHIS representative. As part of a postexposure management and monitoring plan, the flock owner must provide the facilities and personnel needed to carry out the requirements of the plan. The plan must include the requirements in 9 CFR 54.8.

“Premises” means the ground, area, buildings, and equipment occupied by one or more flocks of animals.

“Quarantine” means an imposed restriction prohibiting movement of animals to any location without specific written permits.

“Scrapie” means a nonfebrile, transmissible, insidious degenerative disease affecting the central nervous system of sheep and goats.
“Scrapie eradication program” or “program” means the cooperative state-federal-industry program administered by APHIS and states to control and eradicate scrapie.

“Scrapie flock certification program” or “SFCP” means a voluntary state-federal-industry cooperative program established and maintained to reduce the occurrence and spread of scrapie, to identify flocks that have been free of evidence of scrapie over specified time periods, and to contribute to the eventual eradication of scrapie. This program was formerly known as the voluntary scrapie flock certification program.

“Scrapie-positive animal” or “positive animal” means an animal for which a diagnosis of scrapie has been made by an approved laboratory through one of the following methods:

1. Histopathological examination of central nervous system (CNS) tissues from the animal for characteristic microscopic lesions of scrapie;
2. The use of protease-resistant protein analysis methods, including but not limited to immunohistochemistry or western blotting, on CNS or peripheral tissue samples from a live or a dead animal for which a given method has been approved by the administrator for use on that tissue;
3. Bioassay;
4. Scrapie-associated fibrils (SAF) detected by electron microscopy; or
5. Any other test method approved by the administrator in accordance with 9 CFR 54.10.

“Source flock” means a flock in which a department or APHIS representative has determined that at least one animal was born that was diagnosed as a scrapie-positive animal at an age of 72 months or less.

“State animal health official” means an individual employed by the department in animal health activities and authorized by the department to perform the functions involved.

“Suspect animal” means:

1. A sheep or goat that exhibits any of the following possible signs of scrapie and that has been examined by an accredited veterinarian or a department or APHIS representative. Possible signs of scrapie include: weight loss despite retention of appetite; behavioral abnormalities; pruritus (itching); wool pulling; biting at legs or side; lip smacking; motor abnormalities such as incoordination, high-stepping gait of forelimbs, bunny hop movement of rear legs, or swaying of back end; increased sensitivity to noise and sudden movement; tremor, star gazing, head pressing, recumbency, or other signs of neurological disease or chronic wasting;
2. A sheep or goat that has tested positive for scrapie or for the protease-resistant protein associated with scrapie on a live-animal screening test, or any other official test, unless the animal is designated as a scrapie-positive animal; or
3. A sheep or goat that has tested inconclusive or suggestive of scrapie on an official test for scrapie.

“Trace” means all actions required to identify the flock of origin or flock of destination of an animal.

“Unofficial test” means any test used for the diagnosis of scrapie or for the detection of the protease-resistant protein associated with scrapie in a live or dead animal but that either has not been approved by APHIS or was not conducted at an approved diagnostic laboratory.
“Veterinary signature-stamped bill of sale” means a document allowed in Iowa in lieu of a Certificate of Veterinary Inspection for use when animals are sold through a licensed auction market and will remain in Iowa. The bill of sale shall contain the following statement: “I certify, as an accredited veterinarian, that these animals have been inspected by me and that they are not showing any signs of infectious, contagious, or communicable diseases (except where noted).” The signature of the veterinarian who inspected the animals at the sale must appear on the document.

21—64.201(163) Supervision of the scrapie eradication program. The scrapie eradication program is a cooperative program between the department and APHIS and is supervised by full-time animal health veterinarians employed by the state or federal government.

21—64.202(163) Identification. Animals required to be officially identified shall have official identification applied upon, or before, departure from the current flock of origin by the flock owner or the owner’s agent. An animal that already has identification recognized as official for Iowa does not need to have any additional official identification applied. If an animal was not identified prior to departing from its flock of birth or if its identification has been lost, then the animal must be identified upon, or before, departing from the current flock in which the animal resides and the flock of birth, or previous flock of origin, should be recorded, if known. No person shall apply a flock ID tag to an animal that has not resided in that flock. If a sexually intact animal that requires official identification is of uncertain origin or if the animal is identified with a blue metal “meat only” tag or a red or yellow tag denoting exposure or test status, then the animal may not be used for breeding and must be restricted until slaughter. Animals that require official identification and enter the state of Iowa from other states must be identified with an identification that complies with 9 CFR 79.2. For sheep originating from out of state, ear tags that comply with 9 CFR 79.2 will be considered official identification in Iowa. For goats, either ear tags or tattoos that comply with 9 CFR 79.2 will be considered official identification in Iowa.

64.202(1) Sheep—official identification required. Sheep required to be officially identified include:

a. All sexually intact sheep, unless specifically excluded in these rules;
b. All sexually intact sheep for exhibition;
c. All sheep over 18 months of age;
d. All sheep residing in noncompliant flocks;
e. All exposed, suspect, positive and high-risk sheep; and
f. Sexually intact sheep of any age imported into Iowa, except as noted in 64.202(2).

64.202(2) Sheep—official identification not required. Sheep that do not require official identification include:

a. Sheep under 18 months of age originating from outside the state of Iowa moving into an approved terminal feedlot, and any sheep under 18 months of age moving directly to slaughter;
b. Wether sheep for exhibition, unless over 18 months of age; and
c. Sheep moved for grazing or similar management reasons provided that the sheep are moved from a premises owned or leased by the owner of the sheep to another premises owned or leased by the owner of the sheep.

64.202(3) Goats—official identification required. Goats that require official identification include:
a. Sexually intact goats that are registered, are used for exhibition, or have resided on the same premises with or been commingled with sheep, excluding limited contact;
b. All goats residing in noncompliant flocks; and
c. All exposed, suspect, positive and high-risk goats.

64.202(4) Goats—official identification not required. Goats that do not require official identification include:
a. Goats under 18 months of age originating from outside the state of Iowa moving into an approved terminal feedlot, and any goats under 18 months of age moving directly to slaughter;
b. Wether goats for exhibition;
c. Goats raised and maintained apart from sheep and used exclusively for meat and fiber production;
d. Pet goats raised and maintained apart from sheep and not registered or used for exhibition;
e. Dairy goats raised and maintained apart from sheep and not registered or used for exhibition; and f. Goats moved for grazing or similar management reasons provided that the goats are moved from a premises owned or leased by the owner of the goats to another premises owned or leased by the owner of the goats.

NOTE: Official identification requirements for goats will become identical to those for sheep 90 days following the disclosure of a case of scrapie in Iowa goats that cannot be attributed to exposure to sheep.

21—64.203(163) Restrictions on the removal of official identification. No person may remove or tamper with any approved means of identification required to be on sheep or goats, unless the identification must be removed for medical reasons, in which case new official identification must be applied to the animal as soon as possible and prior to commingling that could result in the loss of identity of the animal. A record documenting the change of official identification must be made.

21—64.204(163) Records.

64.204(1) Record-keeping requirements for owners. Records on every animal that requires official ID shall be maintained for five years from the time the animal leaves the flock or dies. For animals not born in the flock, records must include the flock-of-origin number or the previous owner’s name and address, date of acquisition, a description of the animal (sheep or goat, and breed or class), and flock of birth, if known. When official ID tags are applied, it is recommended that the owner correlate official ID with production records, such as lambing dates, for all breeding animals. The owner shall maintain a record of the name and address of the market or buyer, the date, the number of animals sold, and a description of the animals (sheep or goat, and breed or class) for all animals moved from the flock. The owner must supply the market or buyer with the owner’s flock ID number. A Certificate of Veterinary Inspection (CVI), or a veterinary signature-stamped bill of sale for animals purchased through Iowa markets, is required for every change of ownership of animals in Iowa, other than for animals sold to slaughter. A copy of the CVI or veterinary signature-stamped bill of sale must be maintained for every animal purchased, and for every animal sold privately, other than to slaughter. For animals sold to slaughter, records must show the date of sale, number of animals sold, and where or to whom sold.
64.204(2) Record-keeping requirements for auction markets. Markets must collect a completed and signed owner/seller statement form from each seller presenting animals that require official identification or must post where animals are unloaded signs which state that “sexually intact sheep or goats that are known to be scrapie-positive, suspect, high-risk, or exposed, or that originated from a known infected, source, exposed, or noncompliant flock may not be unloaded or sold through this market.” For animals identified by the market, the serial tag numbers applied to each seller’s animals must be recorded. Animals that require official identification, but that cannot be identified to their flock of origin shall not be sold as breeding animals. Bill-of-sale records must indicate the seller or flock ID number(s) or serial tag numbers of the animals involved and will serve as documentation of the buyers of animals presented by any particular seller. The market must always record, either on the owner/seller statement form or separately, the following information on all sexually intact animals that require official identification: the seller’s flock ID number or seller’s name and address, the name or flock ID number of the owner of the flock of origin if different from the seller, and the buyer’s name and address or buyer’s flock ID number. All animals moving interstate must depart from the market with either a Certificate of Veterinary Inspection or slaughter affidavit; all animals remaining in Iowa must depart from the market with a Certificate of Veterinary Inspection, veterinary signature-stamped bill of sale, or slaughter affidavit. Certificates of Veterinary Inspection for animals moving interstate must contain the statement set forth in 21—64.208(163). All of these documents must be made available for inspection upon request and maintained as official records for five years.

64.204(3) Record-keeping requirements for licensed sheep dealers. The dealer must either collect a completed and signed owner/seller statement form from the person from whom the dealer takes possession of the animals or must post signs as described in 64.204(2) if there is any possibility that the animals will move interstate, other than through slaughter channels. The dealer must always record, either on the owner/seller statement form or separately, the following information on all sexually intact animals that require official identification: the seller’s flock ID number or seller’s name and address and the name of the owner of the flock of origin, or flock-of-origin ID number, if different from the seller. For animals identified by the dealer, the serial tag number applied to each animal must be recorded. Animals that move interstate, other than to slaughter, must be inspected by a veterinarian and have a Certificate of Veterinary Inspection that includes the required statements as set forth in 21—64.208(163). All animals that do not go to slaughter must be inspected by a veterinarian and have a Certificate of Veterinary Inspection completed prior to sale, unless the animals are being sold at a licensed auction market where a veterinary inspection will occur. For animals that are taken to an auction market, the dealer must provide to the market for its records a list of all flock ID numbers or serial tag numbers in the group. For animals that are resorted and sold, records must identify all potential buyers of any animal acquired. Every effort should be made to maintain the identity of groups from the same flock, through separate penning or use of temporary ID, such as chalk marking, in order to simplify efforts to identify the final destination of individual animals. If animals are under 18 months of age and the dealer picks them up at the owner’s premises and delivers them directly to slaughter, then the official identification requirement may be waived; howev-
er, a record of the transaction must be maintained. Records must document the buyer’s name and address or buyer’s flock-of-origin ID number, date of sale, and animals sold for all private sales or sales to slaughter, so that animals can be traced to their final destination. All records must be kept for five years and made available for inspection upon request.

21—64.205(163) Responsibility of persons handling animals in commerce to ensure the official identification of animals. Licensed sheep dealers and auction markets and those that provide transport must ensure that animals are properly identified upon taking possession of the animals. Animals lacking official ID must either be declined or be identified by the licensed dealer or market with official ID issued to the dealer or market immediately upon the dealer’s or market’s taking possession, and prior to commingling of the animals.

21—64.206(163) Veterinarian’s responsibilities when identifying sheep or goats. Veterinarians may be called upon to officially identify animals and may be issued official identification for the animals in the form of the serial number ear tags for carrying out this duty. The veterinarian may apply the ID only if the flock-of-origin information is available. Sexually intact animals that require official identification and are of unknown origin shall not be used for breeding and must be restricted until slaughter. When animals are identified, the veterinarian applying the ID must record the serial tag number applied to each animal and the following information (this requirement may be accomplished by collecting a completed owner/seller statement form): the flock-of-origin ID number or name and address of the current owner, if different from the owner of the flock of origin, and the name and address of the buyer, if a change of ownership is occurring. The flock of birth should also be recorded, if known. These records must be kept for five years and made available for inspection upon request.

21—64.207(163) Flock plans. Infected and source flocks will be quarantined by the department upon the determination of their status. A written flock cleanup plan shall be signed by the owner of an infected or source flock, and the requirements set out in the plan shall be adhered to until its completion. The plan may consist of:
1. Whole flock depopulation;
2. The removal of genetically susceptible female animals, suspect animals, positive animals, and the female offspring of positive female animals; or
3. The removal of high-risk animals as defined in 9 CFR 79.4.
Indemnity may be paid for animals removed, if funds are available through USDA. All flock plans require cleaning and disinfecting procedures as part of the requirements. Upon completion of the flock plan, the quarantine may be released, with the approval of the DSE, and following an inspection of the premises by a state or federal animal health official. At that time, the owner is required to sign a post-exposure management and monitoring plan (PEMMP) and agree to the requirements set out in that plan. Exposed flocks may also be quarantined, or have other movement restrictions placed on them, and may require a PEMMP plan which is consistent with current USDA regulations.

21—64.208(163) Certificates of Veterinary Inspection. Certificates of Veterinary Inspection (CVIs) issued by licensed accredited veterinarians shall be obtained whenever animals change ownership, other than when animals are sold for slaughter, except as provided in this rule. For animals that require official identification, the CVI must include
the individual official ID numbers(s) or the flock-of-origin ID number(s), the total number of animals, the purpose of the movement, the name and address of the consignor and consignee, and the points of origin and destination. CVIs for animals that will move interstate must additionally have the following signed owner statement: “I certify that the sexually intact animals represented on this form are not known to be scrapie-positive, suspect, high-risk, or exposed, and did not originate from a known infected, source, exposed, or noncompliant flock.” The veterinarian may sign the statement (which may be applied in stamp form) on behalf of the owner if a properly executed owner/seller statement form has been collected from the owner or if the animals are at a licensed auction market or a licensed dealer’s place of business where signs, which have been posted where animals are unloaded, state that “sexually intact sheep or goats that are known to be scrapie-positive, suspect, high-risk, or exposed, or that originated from a known infected, source, exposed, or noncompliant flock may not be unloaded or sold through this market.” The veterinarian should check with the state of destination for additional requirements. Animals sold other than to slaughter through state-licensed livestock markets but that will remain in Iowa may be released on either a Certificate of Veterinary Inspection or a veterinary signature-stamped bill of sale. A Certificate of Veterinary Inspection may be completed for sexually intact animals from an exposed flock in some circumstances, with the approval of the state veterinarian.

21—64.209(163) Requirements for shows and sales. Official identification is required for any sexually intact sheep or goat to be exhibited. Positive, suspect, sexually intact exposed, and high-risk animals may not be exhibited. Exposed animals that have been redesignated and had restrictions removed by the DSE according to USDA guidelines may attend shows and sales. Feeder/market class animals from an exposed flock that are not positive, suspect, exposed, or high-risk may be exhibited with the approval of the state veterinarian, provided that they are moved only to slaughter or returned to the premises of origin following the show.

64.209(1) Female animals over 12 months of age should be penned separately from female animals from other flocks when practical.

64.209(2) Female animals within 30 days of parturition, postpartum female animals, or female animals that have aborted or are pregnant and have a vaginal discharge must be kept separate from animals from other flocks so as to prohibit any direct contact. Any enclosures used to contain the female animals must be cleaned and disinfected.

21—64.210(163) Movement restrictions for animals and flocks. A sexually intact animal shall not be moved from an infected or source flock, except under permit. Permitted animals may be moved to slaughter, to a research or diagnostic facility, or to another facility as specified in the flock plan. High-risk, suspect, and sexually intact exposed animals from other than infected or source flocks will be placed under movement restrictions in accordance with 9 CFR 79.3. The movement restrictions on the flock and the criteria for release of these restrictions shall be specified as part of either the flock plan or the postexposure management and monitoring plan. Animals from noncompliant flocks shall be placed under movement restrictions and shall be moved only by permit.

21—64.211(163) Approved terminal feedlots. Approved terminal feedlots allow purchasers of young sexually intact feeder animals from out of state to bring those animals into Iowa without official identification provided that the animals are restricted to
an inspected and approved premises and all are delivered to slaughter by 18 months of age.

64.211(1) Requirements for approved terminal feedlots. All sexually intact animals of out-of-state origin that have arrived without official identification must be moved directly to slaughter by 18 months of age. Other sheep or goats that require official identification may be maintained on the premises provided that the requirements described herein are met. The approved terminal feedlot premises must be designated as either:

a. Feeder-only premises. Feeder-only premises may contain only feeder animals destined to slaughter by 18 months of age.

b. Breeding flock/slaughter-only premises. The breeding flock/slaughter-only premises allows a breeding flock to be maintained on the site. All offspring must be sent to slaughter by 18 months of age (except as noted below), and do not require official ID provided that the slaughter animals move directly to slaughter. Adult animals must be identified, and any of their offspring retained as replacement breeding stock must have official ID applied prior to weaning. Production, inventory, purchase, and sales records will be inspected on all breeding animals.

c. Separate operation premises. The separate operation premises allows animals other than the nonidentified feeder animals to be kept on site, and sold other than to slaughter, but these animals must be separated from the feeder animals by a distance of 30 feet or by a solid wall that prevents contact or the passage of fluids. Offspring must be identified prior to weaning. Records must account for the arrival and dispersal of each individual animal in the separate flock, and there shall be no identification exemption on these animals.

All three types of approved terminal feedlot premises require that all nonidentified feeder animals be moved directly to slaughter, or another approved terminal feedlot, prior to 18 months of age. These animals may only be sold through a licensed market or licensed dealer if the owner identifies sexually intact animals with official blue metal “meat only” tags, and the animals are sold to slaughter.

64.211(2) Identification at approved terminal feedlots. Out-of-state origin sexually intact feeder animals moved to an approved terminal feedlot will be exempted from identification requirements provided that the feedlot maintains compliance with all rules and regulations governing approved terminal feedlots.

64.211(3) Registration of approved terminal feedlots. All approved terminal feedlots must obtain a permit issued by the department. Approved terminal feedlots will be subject to periodic records and premises inspections. The department shall assign an approved terminal feedlot number for each approved terminal feedlot facility.

64.211(4) Records for approved terminal feedlots. All approved terminal feedlots must maintain appropriate records for a period of five years. Records will include Certificates of Veterinary Inspection for all animals of out-of-state origin received by the facility and slaughter records sufficient to conduct inventory reconciliation. If a breeding flock or any other sheep or goats that require official identification are maintained on the same premises, then records shall also include an inventory of animals, lambing and kidding records, bills of sale, slaughter receipts, and any Certificates of Veterinary Inspection sufficient to account for the acquisition and dispersal of all animals. Failure to maintain appropriate records shall be grounds for revocation of the feedlot permit. All animals with-
out official identification must be moved directly to slaughter, and movement to slaughter must be completed before any of the animals reach the age of 18 months. If blue metal “meat only” tags are applied, then records on tags applied must be maintained and shall consist of serial tag numbers, origin of the group(s) (state, market, or individual), date of tagging, and destination (date sold and buyer). These rules are intended to implement Iowa Code chapter 163.

IOWA ADMINISTRATIVE CODE
ENVIRONMENTAL PROTECTION COMMISSION [567]

CHAPTER 100.4
GENERAL CONDITIONS, SOLID WASTE DISPOSAL

567—100.4(455B) General conditions of solid waste disposal. Except as provided otherwise in 567—Chapters 100 to 121, a private or public agency shall not dump or deposit or permit the dumping or depositing of any solid waste at any place other than a sanitary disposal project approved by the director, or pursuant to a permit granted by the department which allows the disposal of solid waste on land owned or leased by the agency.

100.4(1) Definitions. For the purposes of this rule:
“Farm animals” means cattle, swine, sheep or lambs, horses, turkeys, chickens and other domestic animals; “Farm buildings” means barns, machine sheds, storage cribs, animal confinement buildings, and homes located on the premises and used in conjunction with crop production or with livestock or poultry raising and feeding operations; and “Farm waste” means machinery, vehicles and equipment used in conjunction with crop production or with livestock or poultry raising and feeding operations, trees, brush and grubbed stumps generated on the same property, or ashes from the burning thereof, but specifically does not include agricultural chemicals, fertilizers or manures, or domestic household wastes.

100.4(2) Special requirements for farm waste, farm buildings, and dead animals.
a. A private agency may dispose of farm waste and farm buildings without first having obtained a sanitary disposal project permit, in accordance with paragraph 100.4(2)”c,” provided that:
(1) The farm waste was owned by the private agency and was used on the premises where disposal occurs.
(2) Prior to disposal of vehicles, machinery, and equipment, all fluids shall be drained, including motor oils, motor fuels, lubricating fluids, coolants and solvents, and agricultural chemicals; and all batteries and rubber tires shall be removed.
(3) Prior to disposal of storage or feeding equipment, the equipment shall be emptied of all contents not otherwise authorized for burial pursuant to these rules.
(4) Farm buildings have been emptied of contents not otherwise authorized for burial.
pursuant to these rules and have been buried on the premises where they were located. (5) All materials drained or removed from farm waste or farm buildings prior to disposal shall be recycled, reused or disposed of in accordance with Iowa Code chapter 455B and the rules implementing that chapter.

(6) The farm waste and farm buildings are buried in soils listed in tables contained in the county soil surveys and soil interpretation records (published by the U.S. Soil Conservation Service) as being moderately well drained, well drained, somewhat excessively drained, or excessively drained soils. Other soils may be used if artificial drainage is installed to obtain water-level depth more than two feet below the burial depth of the waste.

(7) The lowest elevation of the burial pit is six feet or less below the surface.

(8) The farm waste and farm buildings are immediately covered with a minimum of 6 inches of soil and finally covered with a total minimum of 24 inches of soil.

b. A private agency may dispose of dead farm animals without first having obtained a sanitary disposal project permit, provided that the disposal is in accordance with paragraph 100.4(2)"c," the rules of the department of agriculture and land stewardship, and:

(1) The dead farm animals result from operations located on the premises where disposal occurs.

(2) A maximum loading rate of 7 cattle, 44 swine, 73 sheep or lambs or 400 poultry carcasses on any given acre per year. All other species will be limited to 2 carcasses per acre. Animals that die within two months of birth may be buried without regard to number.

(3) The dead animals are buried in soils listed in tables contained in the county soil surveys and soil interpretation records (published by the U.S. Soil Conservation Service) as being moderately well drained, well drained, somewhat excessively drained, or excessively drained soils. Other soils may be used if artificial drainage is installed to obtain water-level depth more than two feet below the burial depth of the waste.

(4) The lowest elevation of the burial pit is six feet or less below the surface.

(5) The dead farm animals are immediately covered with a minimum of 6 inches of soil and finally covered with a total minimum of 30 inches of soil.

c. Farm waste, farm buildings, and dead farm animals must be disposed of in accordance with the following separation distances:

(1) At least 100 feet from any private and 200 feet from any public well which is being used or would be used without major renovation for domestic purposes.

(2) At least 50 feet from adjacent property line.

(3) At least 500 feet from an existing neighboring residence.

(4) More than 100 feet from any body of surface water such as a stream, lake, pond, or intermittent stream, except as provided in (6) below.

(5) Outside the boundaries of a flood plain, wetland, or shoreline area, except as provided in (6) below.

(6) Trees, brush and grubbed stumps generated as a result of clearing, snagging, maintenance or repair of drainage ditches or outlets may be buried within 100 feet of a surface water, and within a flood plain or shoreline area.
IOWA ADMINISTRATIVE CODE
EXECUTIVE COUNCIL [361]

CHAPTER 7
DISASTER CONTINGENCY FUND

7.1(29C) Purpose
7.2(29C) Definitions
7.3(29C) Policy
7.4(29C) Program responsibilities
7.5(29C) Eligibility for state disaster loans and grants
7.6(29C) Forms
7.7(29C) Procedures

361—7.1(29C) Purpose.
The purpose of these rules is to enumerate policies, responsibilities, and procedures adopted by the executive council of the state of Iowa in order to provide guidance for administering the state disaster contingency fund.

361—7.2(29C) Definitions.
"Act" means Iowa Code chapter 29C.
"Administrator, disaster services division" is the individual appointed by the governor to coordinate state assistance in a disaster or an emergency.
"Disaster" means man-made catastrophes and natural occurrences such as fire, flood, earthquake, tornado, windstorm, which threaten the public peace, health, and safety of the people or which damage and destroy public or private property.
"Disaster area" means an area in which the governor determines natural disasters or potential disasters will cause immediate financial inability to meet the continuing requirements of local government on the part of government subdivisions therein.
"Governmental subdivisions of the state" means any political subdivision of this state.
"Normal expenditures" are expenditures or obligations required for usual and recurring costs in connection with firefighting, snow removal, street, road, and bridge maintenance, insect control, and other expectable public safety, maintenance, or operating measures.
"Over and above normal expenditures" are those necessary for disaster relief purposes which have not been regularly incurred or budgeted, but must be met from normally budgeted funds, including those established for emergency disaster relief, or by reappropriation of funds budgeted for other purposes.

361—7.3(29C) Policy.
It is the policy of the state of Iowa to maintain an organization and procedures for providing supplemental assistance by the state to governmental subdivisions in the achievement of improved disaster readiness and to recover from the effects of a disaster.

361—7.4(29C) Program responsibilities.
7.4(1) Governor. The governor may declare a disaster area in accordance with Iowa Code section 29C.6, designate adequate staff support, and provide for a budget and allocate
funds to administer the Act.

7.4(2) Executive council actions. The executive council will:
a. Decide if aid is justified by the application and showing, and if so, the amount of the loan(s) to be made.
b. Rescinded IAB 5/1/91, effective 4/9/91.
c. Develop and publish the form and procedures for applying for disaster loans and issue rules describing the administration of the state disaster contingency fund.
d. Designate and instruct appropriate state departments and agencies to assist the director, office of disaster services, in the administration of the state disaster contingency fund by loan or use of personnel equipment and facilities.

7.4(3) Administrator, disaster services division. The administrator will:
a. Prepare and maintain current rules for issuance by the executive council, providing for the administration of the state disaster contingency fund.
b. Inspect or coordinate the inspection of disaster areas and recommend concerning declaration of disaster areas to the governor. Recommend concerning disaster loans and grants to the executive council.
c. Coordinate, as necessary, actions by other departments and agencies necessary to the administration of the state disaster contingency fund.
d. Report each fiscal year to the governor and the executive council on activities in connection with administration of the state disaster contingency fund including, but not limited to: A description of each disaster of a magnitude sufficient to warrant recommendations concerning applications for loans to Ch 7, p.2 Executive Council[361] IAC 7/2/08 the governor and executive council. Such description to include the kind and scope of the disaster and the disposition of government subdivision applications for loans, and total of loan and grant approvals for the fiscal year.

7.4(4) Department of management actions. The department of management will execute loans and grants in the amounts, and as scheduled, to government subdivisions as approved by the executive council and maintain appropriate accounts.

7.4(5) State auditor actions. The auditor will audit the accounts of government subdivisions to ensure that loans and grants have been applied in accordance with determined eligibility and will make an audit report to the executive council.

7.4(6) Government subdivisions actions. In order to conform to the provisions of the state disaster assistance Act, governmental subdivisions will:
a. Make every effort to avert and recover from the disaster with their own resources.
b. If necessary, file an application for a disaster loan.
c. Maintain detailed accounts of disaster expense.
d. Initiate action to implement annual emergency levy as authorized by Iowa Code sections 24.6 and 384.8, in order to expedite repayment of loan.

361—7.5(29C) Eligibility for state disaster loans and grants.

7.5(1) Loans. To be eligible for disaster loans, a governmental subdivision must have potential or actual expenditures for disaster caused local government expenses amounting to at least $6 for each person (pop. last U.S. census or official school district census) in the governmental subdivision.

Disaster loans can be applied to the following or similar examples of eligible local government items of work: flood fighting, rescue, debris clearance, safety, health and sanitation
measures. Also repair or replacement (without improvement of the original facility) of roads, streets, bridges, dikes, levees, and drainage facilities, public utilities and buildings and equipment.

The loan, without interest, may be repaid by the maximum annual emergency levy as authorized by Iowa Code sections 24.6 and 384.8. The loan shall be repaid within 20 years.

7.5(2) Grants. At the discretion of the executive council 50 percent of the eligible loan amount may be provided in the form of a grant. The grant shall not exceed $50,000 and shall not be provided for the purpose of snow removal and other expenses resulting from a blizzard.

361—7.6(29C) Forms.

7.6(1) Form SDA-1 “Certified True Copy of Resolution of Governing Body”
7.6(2) Form SDA-2 “Certificate by Applying Official”
7.6(3) Form SDA-3 “Application for Supplemental State Disaster Aid”
7.6(4) Form SDA-4 “Report and Recommendation of the Administrator, Disaster Services Division”.

361—7.7(29C) Procedures.

7.7(1) Action by the governor. After considering information furnished by the government subdivisions involved, the recommendation and findings of the administrator, disaster services division, the governor will decide whether a disaster is to be declared and make the necessary announcement.

7.7(2) Action to be initiated by governmental subdivisions.

a. Upon the declaration of a disaster by the governor of an area including a governmental subdivision which, in the opinion of appropriate authorities, constitutes or may constitute a disaster justifying supplemental state financial assistance, under the state disaster Act, a request for such assistance will be directed to the executive council through the administrator, disaster services division.

b. The initial request for a loan shall be in the form of a letter briefly describing the disaster, or impending disaster, including a statement of expenditures, over and above normal, by the governmental subdivision concerned, for meeting the disaster or for mitigating the impact of an impending disaster.

The provision of a part of the loan in the form of a grant will be at the discretion of the executive council and does not require an additional or separate application. IAC 7/2/08 Executive Council[361] Ch 7, p.3

c. The letter request will be accompanied by Form SDA-1, “Certified True Copy of Resolution of Governing Body” which will constitute evidence of the authority of the requesting public official to represent the governmental subdivision concerned, Form SDA-2, “Certificate of Requesting Public Official” and Form SDA-3, “Application for Supplemental State Disaster Aid”.

d. Cooperation with and assistance to investigative officials. Governmental subdivision officials, and records, will be made available to the investigative official representing the administrator, disaster services division, for interview and examination.

7.7(3) Action by administrator, disaster services division.

a. The administrator, upon receipt of an initial request for assistance supported by Form SDA-1, Form SDA-2, and Form SDA-3, will advise the governor and the secretary of the
executive council of such request and will furnish copies of all accompanying documents.

b. Following the declaration of a disaster area by the governor, the administrator will designate an investigative official who will be directed to proceed to the site of the disaster area and conduct interviews and investigation as provided in the administrator’s instructions.

c. The administrator, following a report by the investigative official, will submit a recommendation to the executive council as to eligibility and entitlement of the requesting governmental subdivision on Form SDA-4.

7.7(4) Action by the executive council.

a. After the governor has declared a disaster area, the executive council will consider the information furnished by the governmental subdivisions requesting loans, the report and recommendation of the administrator, disaster services division, and decide which of the governmental subdivisions are eligible, and if so, the amount and terms reflecting approved eligibility.

b. The aggregate total of the loans and grants shall not exceed $1 million during a fiscal year.

7.7(5) Actions by the department of management. Upon a determination of eligibility and entitlement, the department of management will be directed to make the necessary funds available to the requesting governmental subdivision for application in accordance with the provisions of the Act and other provisions of the law.

7.7(6) Actions by the state auditor. Upon granting of a loan and grant in accordance with the provisions of the Act, as implemented by this rule, the auditor of the state will be directed to review the manner of application of the proceeds of the loan and grant, in accordance with the provisions of the Act, and the manner of repayment of such loan in accordance with the provisions of the Act and other provisions of the law.

These rules are intended to implement Iowa Code section 29C.20.

IOWA ADMINISTRATIVE CODE
HUMAN SERVICES DEPARTMENT [441]

CHAPTER 58
EMERGENCY ASSISTANCE

DIVISION I
IOWA DISASTER AID INDIVIDUAL ASSISTANCE GRANT PROGRAM
58.1(29C) Definitions
58.2(29C) Program implementation
58.3(29C) Application for assistance
58.4(29C) Eligibility criteria
58.5(29C) Eligible categories of assistance
58.6(29C) Eligibility determination and payment
58.7(29C) Contested cases
58.8(29C) Discontinuance of program
58.9 to 58.20 Reserved
DIVISION I
IOWA DISASTER AID INDIVIDUAL ASSISTANCE GRANT PROGRAM

PREAMBLE
This division implements a state program of financial assistance to meet disaster-related expenses, food-related costs, or serious needs of individuals or families who are adversely affected by a state-declared disaster emergency. The program is intended to meet needs that cannot be met by other means of financial assistance.

441—58.1(29C) Definitions.
“Department” means the Iowa department of human services.
“Emergency management coordinator” means the person appointed by the local emergency management commission pursuant to Iowa Code sections 29C.9 and 29C.10 to be responsible for development of the countywide emergency operations plan and for coordination and assistance to government officials when an emergency or disaster occurs.
“Household” means all adults and children who lived in the pre-disaster residence who request assistance, as well as any persons, such as infants, spouses, or part-time residents, who were not present at the time of the disaster but who are expected to return during the assistance period.
“Necessary expense” means the cost associated with acquiring an item or items, obtaining a service, or paying for any other activity that meets a serious need.
“Safe, sanitary, and secure” means free from disaster-related health hazards.
“Serious need” means the item or service is essential to the household to prevent, mitigate, or overcome a disaster-related hardship, injury, or adverse condition.

441—58.2(29C) Program implementation.
58.2(1) Disaster declaration. The Iowa individual assistance grant program (IIAGP) shall be implemented when the governor issues a declaration of a state of disaster emergency that authorizes individual assistance. The program shall be in effect only in those counties named in the declaration.
Assistance shall be provided for a period not to exceed 120 days from the date of declaration.
58.2(2) Voucher system. The IIAGP will be implemented through a reimbursement or voucher system.

441—58.3(29C) Application for assistance.
To request assistance for disaster-related expenses, the household shall complete Form 470-4448, Individual Disaster Assistance Application, and submit it within 45 days of the disaster declaration to the contracted administrative entity along with: (1) receipts for the claimed expenses or (2) a request to participate in a voucher system.
58.3(1) Application forms are available from an approved administrative entity, as well as the Internet Web site of the department at www.dhs.iowa.gov.
58.3(2) The application shall include:
   a. A declaration of the household’s annual income, accompanied by:
      (1) A current pay stub, W-2 form, or income tax return, or
      (2) Documentation of current enrollment in an assistance program administered by the department, the Special Supplemental Nutrition Program for Women, Infants and Children (WIC), or other subsidy program.
   b. An authorization to release confidential information to personnel involved in administer-
ing the program.
c. A certification of the accuracy of the information provided.
d. An assurance that the household had no insurance coverage for claimed items.
e. A commitment to refund any part of a grant awarded that is duplicated by insurance or by any other assistance program, such as but not limited to local community development groups and charities, the Small Business Administration, or the Federal Emergency Management Administration.
f. A short, handwritten narrative of how the disaster event caused the claimed loss.
g. A copy of a picture identification document for each adult applicant.
h. When vehicle damage is claimed, current copies of the vehicle registration and liability insurance card.

**441—58.4(29C) Eligibility criteria.**
To be eligible for assistance, an applicant household must meet all of the following conditions:

58.4(1) The household's residence was located in the area identified in the disaster declaration during the designated incident period and the household verifies occupancy at that residence.

58.4(2) Household members are citizens of the United States or are legally residing in the United States.

58.4(3) The household’s self-declared annual income is at or less than 200 percent of the federal poverty level for a household of that size.

a. Poverty guidelines are updated annually.

b. All income available to the household is counted, including wages, child support, interest from investments or bank accounts, social security benefits, and retirement income. Proof of income is required.

58.4(4) The household has disaster-related expenses or serious needs that are not covered by insurance or that are less than the deductible amount. This program will not reimburse the amount of the insurance deductible when the claim exceeds the deductible amount.

58.4(5) The household has not previously received assistance from this program or another program for the same loss.

**441—58.5(29C) Eligible categories of assistance.**
The maximum assistance available to a household in a single disaster is $5,000. Assistance is available under the program for the following disaster-related expenses:

58.5(1) Assistance may be issued for personal property, including repair or replacement of the following items, based on the item’s condition:

a. Kitchen items, excluding appliances covered under subparagraph 58.5(1)“d”(8), up to a maximum of $560, including:

   (1) Equipment and furnishings, up to a maximum of $560.
   (2) Food, up to a maximum of $50 for one person plus $25 for each additional person in the household.

b. Personal hygiene items, up to a maximum of $30 per person and $150 per household.

c. Clothing and bedroom furnishings, up to a maximum of $875, including:
(1) Mattress, box spring, frame, and storage containers, up to a maximum of $250 per person.
(2) Clothing, up to a maximum of $145 per person.

d. Other items, including:
   (1) Infant car seat, up to a maximum of $40.
   (2) Dehumidifier, up to a maximum of $150.
   (3) Sump pump (in a flood event only), up to a maximum of $200 installed.
   (4) Electrical or mechanical repairs, up to a maximum of $1,000.
   (5) Water heater, up to a maximum of $425 installed.
   (6) Vehicle repair, up to a maximum of $500.
   (7) Heating and air-conditioning systems, up to a maximum of $2,100 installed. Air conditioning is covered only with proof of medical necessity.
   (8) Kitchen or laundry appliances up to a maximum of $700 per appliance and a maximum per household not to exceed $2,100.

58.5(2) Assistance may be issued for home repair as needed to make the home safe, sanitary, and secure, up to a maximum of $5,000.

   a. Assistance will be denied if preexisting conditions are the cause of the damage.
   b. Assistance may be authorized for:
      (1) The repair of structural components, such as the foundation and roof.
      (2) The repair of floors, walls, ceilings, doors, windows, and carpeting of essential interior living space that was occupied at the time of the disaster.
      (3) Debris removal, including trees, up to a maximum of $1,000.
      (4) Replacement or repair of other items of necessity as approved by the department on a case-by-case basis up to a maximum of $5,000.

   c. Repairs to rental property or landlord-owned equipment are excluded under this program.

58.5(3) Assistance may be issued for temporary housing assistance, up to a limit of $50 per day, for lodging at a licensed establishment, such as a hotel or motel, if the household’s home is destroyed, uninhabitable, inaccessible, or unavailable to the household.

441—58.6(29C) Eligibility determination and payment.

58.6(1) The contracted administrative entity or designee shall confirm that the address provided on the application is a valid address and is reasonably believed to be in the disaster-affected area. The department reserves the right to view the damaged property prior to providing any assistance pursuant to IIAGP.

58.6(2) Designated staff in the department shall:
   a. Monitor applicants’ names and addresses as reports are submitted by the administrative entity.
   b. Monitor, review, and provide timely submission of invoices by the administrative entity for payment and shall process appeals.

58.6(3) For applications with a voucher or reimbursement request, the department or its designee shall:
   a. Determine eligibility and the amount of payment within the rules of the program.
   b. Notify the applicant household of the eligibility decision.
   c. Authorize vouchers to an eligible household to purchase needed goods and services.
   d. Pay vendors for goods and services purchased with vouchers.
**441—58.7(29C) Contested cases.**

58.7(1) Reconsideration.

a. The household may request reconsideration of decisions regarding eligibility and the amount of assistance awarded.

b. To request reconsideration, the household shall submit a written request to the DHS Office of the Director, 1305 East Walnut Street, Des Moines, Iowa 50319-0114, within 15 days of the date of the letter notifying the household of the department’s decision.

c. The department shall review any additional evidence or documentation submitted and issue a reconsideration decision within 15 days of receipt of the request.

58.7(2) Appeal. The household may appeal the department’s reconsideration decision according to procedures in 441—Chapter 7.

a. Appeals must be submitted in writing, either on Form 470-0487 or 470-0487(S), Appeal and Request for Hearing, or in any form that provides comparable information, to the DHS Appeals Section, 1305 East Walnut Street, Des Moines, Iowa 50319-0114, within 15 days of the date of the reconsideration decision.

b. A written appeal is filed on the date the envelope sent to the department is postmarked or, when the postmarked envelope is not available, on the date the appeal is stamped received by the agency.

**441—58.8(29C) Discontinuance of program.**

58.8(1) Deferral to federal assistance. Upon declaration of a disaster by the President of the United States under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. Sections 5121 to 5206, the Iowa individual assistance grant program administered under this chapter shall be discontinued in the geographic area included in the presidential declaration. Upon issuance of the presidential declaration:

a. No more applications shall be accepted.

b. Any applications that are in process but are not yet approved shall be denied.

c. Persons seeking assistance under this program shall be advised to apply for federal disaster assistance.

58.8(2) Exhaustion of funds. The program shall be discontinued when funds available for the program have been exhausted. To ensure equitable treatment, applications for assistance shall be approved on a first-come, first-served basis until all funds have been depleted. “First-come, first-served” is determined by the date the application is approved for payment.

a. Partial payment. Because funds are limited, applications may be approved for less than the amount requested. Payment cannot be approved beyond the amount of funds available.

b. Reserved funds. A portion of allocated funds shall be reserved for final appeal decisions reversing the department’s denial that are received after funds for the program have been awarded.

c. Untimely applications. Applications received after the program is discontinued shall be denied.

These rules are intended to implement Iowa Code chapter 29C.
641—1.1(139A) Definitions. For the purpose of these rules, the following definitions shall apply:

“Acute or chronic respiratory conditions due to fumes, vapors or dusts” means acute chemical bronchitis; any acute, subacute, or chronic respiratory condition due to inhalation of a chemical fume or vapor; or pneumoconioses not specifically listed elsewhere in these rules. (ICD-10 codes J63.0 to J64, J66, and J68.0 to J68.9) “Acute or chronic respiratory conditions due to fumes, vapors or dusts” excludes those respiratory conditions related to tobacco smoke exposure.

“Agriculturally related injury” means any nonhousehold injury to a farmer, farm worker, farm family member, or other individual, which occurred on a farm, or in the course of handling, producing, processing, transporting or warehousing farm commodities. “AIDS” means AIDS as defined in Iowa Code section 141A.1.

“Area quarantine” means prohibiting ingress to and egress from a building or buildings, structure or structures, or other definable physical location, or portion thereof, to prevent or contain the spread of a suspected or confirmed quarantinable disease or to prevent or contain exposure to a suspected or known chemical, biological, radioactive, or other hazardous or toxic agent.

“Business” means and includes every trade, occupation, or profession.

“Care provider” means an individual who is trained and authorized by federal or state law to provide health care services or services of any kind in the course of the individual’s official duties, for compensation or in a voluntary capacity, who is a health care provider, emergency medical care provider as defined in Iowa Code section 147A.1, firefighter, or peace officer. “Care provider” also means an individual who renders emergency care or assistance in an emergency or due to an accident as described in Iowa Code section 613.17.

“Case” means an individual who has confirmatory evidence of disease.

“Clinical laboratory” means any laboratory performing analyses on specimens taken from the body of a person in order to assess that person’s health status.

“Communicable disease” means any disease spread from person to person or animal to person.

“Congenital or inherited disorder” means congenital or inherited disorder as defined in Iowa Code section 136A.2.

“Contagious or infectious disease” means hepatitis in any form, meningococcal disease, tuberculosis, and any other disease, with the exception of AIDS or HIV infection as defined in Iowa Code section 141A.1, determined to be life-threatening to a person exposed to the disease based upon a determination by the state public health medical director and epidemiologist and in accordance with guidelines of the Centers for Disease
Control and Prevention of the United States Department of Health and Human Services.

“Department” means the Iowa department of public health.

“Designated officer” means a person who is designated by a department, agency, division, or service organization to act as an infection control liaison officer.

“Director” means the director of the Iowa department of public health.

“Exposure” means the risk of contracting disease.

“Fetal death” means an unintended death occurring after a gestation period of 20 completed weeks, or an unintended death of a fetus with a weight of 350 or more grams.

“Fetal death” is synonymous with stillbirth.

“HBV” means hepatitis B virus.

“Health care facility” means a health care facility as defined in Iowa Code section 135C.1, an ambulatory surgical center, or a clinic.

“Health care provider” means a person licensed to practice medicine and surgery, osteopathic medicine and surgery, osteopathy, chiropractic, podiatry, nursing, dentistry, optometry, or licensed as a physician assistant, dental hygienist, or acupuncturist.

“HIV” means HIV as defined in Iowa Code section 141A.1.

“Hospital” means hospital as defined in Iowa Code section 135B.1.

“Hypersensitivity pneumonitis” means a disease in which the air sacs (alveoli) of the lungs become inflamed when certain dusts are inhaled to which the person is sensitized or allergic. “Hypersensitivity pneumonitis” includes but is not limited to farmer’s lung, silo filler’s disease, and toxic organic dust syndrome.

“IDSS” means the Iowa disease surveillance system, a secure Web-based statewide disease reporting and surveillance system.

“Infectious disease” means a disease caused by the entrance into the body of organisms, including but not limited to bacteria, protozoans, fungi, prions, or viruses which grow and multiply.

“Infectious tuberculosis” means pulmonary or laryngeal tuberculosis as evidenced by:

1. Isolation of M. tuberculosis complex (positive culture) from a clinical specimen or positive nucleic acid amplification test, or

2. Both radiographic evidence of tuberculosis, such as an abnormal chest X-ray, and clinical evidence, such as a positive skin test or whole blood assay test for tuberculosis infection, coughing, sputum production, fever, or other symptoms compatible with infectious tuberculosis that lead a physician to diagnose infectious tuberculosis according to currently acceptable standards of medical practice and to initiate treatment for tuberculosis.

“Injury” means physical damage or harm to the body as the result of an act or event.

“Investigation” means an inquiry conducted to determine the specific source, mode of transmission, and cause of a disease or suspected disease occurrence and to determine the specific incidence, prevalence, and extent of the disease in the affected population.

“Investigation” may also include the application of scientific methods and analysis to institute appropriate control measures.

“Isolation” means the separation of persons or animals presumably or actually infected with a communicable disease, or that are disease carriers, for the usual period of communicability of that disease. Isolation shall be in such places, marked by placards if necessary, and under such conditions to prevent the direct or indirect conveyance of
the infectious agent or contagion to susceptible persons.
“Local board” means the local board of health.
“Local department” means the local health department.
“Noncommunicable respiratory illnesses” means an illness indicating prolonged exposure or overexposure to asbestos, silica, silicates, aluminum, graphite, bauxite, beryllium, cotton dust or other textile material, or coal dust. “Noncommunicable respiratory illnesses” includes, but is not limited to asbestosis, coal worker’s pneumoconiosis, and silicosis.
“Occupationally related asthma, bronchitis or respiratory hypersensitivity reaction” means any extrinsic asthma or acute chemical pneumonitis due to exposure to toxic agents in the workplace.
(ICD-10 codes J67.0 to J67.9)
“Pesticide” means (1) any substance or mixture of substances intended for preventing, destroying, repelling, or mitigating directly or indirectly any insects, rodents, nematodes, fungi, weeds, and other forms of plant or animal life or viruses, except viruses on or in living persons, which the Iowa secretary of agriculture shall declare to be a pest; and (2) any substances intended for use as a plant growth regulator, defoliant, or desiccant. Pesticides include active and inert ingredients of herbicides, insecticides, rodenticides, repellants, fumigants, fungicides, wood treatment products, and disinfectants as well as adjuvants that are added to a pesticide formulation to improve or change properties such as deposition, persistence, or mixing ability.
“Pesticide poisoning” means any acute or subacute systemic, ophthalmologic, or dermatologic illness or injury resulting from or suspected of resulting from inhalation or ingestion of, dermal exposure to, or ocular contact with a pesticide. Laboratory confirmation is not required.
“Placard” means a warning sign to be erected and displayed on the periphery of a quarantine area, forbidding entry to or exit from the area.
“Poison control or poison information center” means any organization or program which has as one of its primary objectives the provision of toxicologic and pharmacologic information and referral services to the public and to health care providers (other than pharmacists) in response to inquiries about actual or potential poisonings.
“Public health disaster” means an incident as defined in Iowa Code section 135.140.
“Quarantinable disease” means any communicable disease which presents a risk of serious harm to public health and which may require isolation or quarantine to prevent its spread. “Quarantinable disease” includes but is not limited to cholera; diphtheria; infectious tuberculosis; plague; smallpox; yellow fever; viral hemorrhagic fevers, including Lassa, Marburg, Ebola, Crimean-Congo, South American, and others not yet isolated or named; novel influenza; and severe acute respiratory syndrome (SARS).
“Quarantine” means the limitation of freedom of movement of persons or animals that have been exposed to a quarantinable disease within specified limits marked by placards for a period of time equal to the longest usual incubation period of the disease in such manner as to prevent the spread of a quarantinable disease which affects people.
“Reportable cancers” means those cancers included in the National Cancer Institute’s Surveillance, Epidemiology and End Results (SEER) Program.
“Reportable disease” means any disease designated by this chapter.
“Severe skin disorder” means those dermatoses, burns, and other severe skin disorders which result in death or which require hospitalization or other multiple courses of medical therapy.

“Sexually transmitted disease or infection” means a disease or infection as identified by this chapter that is transmitted through sexual practices. “Sexually transmitted disease or infection” includes, but is not limited to, acquired immunodeficiency syndrome (AIDS), chlamydia, gonorrhea, hepatitis B and hepatitis C, human immunodeficiency virus (HIV), human papillomavirus, and syphilis.

“Suspected case” means an individual that presents with clinical signs or symptoms indicative of a reportable or quarantinable disease.

“Toxic agent” means any noxious substance in solid, liquid or gaseous form capable of producing illness in humans including, but not limited to, pesticides, heavy metals, organic and inorganic dusts and organic solvents. Airborne toxic agents may be in the form of dusts, fumes, vapors, mists, gases or smoke.

“Toxic hepatitis” means any acute or subacute necrosis of the liver or other unspecified chemical hepatitis caused by exposure to nonmedicinal toxic agents other than ethyl alcohol including, but not limited to, carbon tetrachloride, chloroform, tetrachloroethane, trichloroethylene, phosphorus, trinitrotoluene (TNT), chloronaphthalenes, methylenedianilines, ethylene dibromide, and organic solvents.

ISOLATION AND QUARANTINE

641–1.9(135,139A) Quarantine and isolation.

1.9(1) Examination, testing, and treatment of quarantinable diseases.

a. A health care provider who attends an individual with a suspected or active quarantinable disease shall make all reasonable efforts in accordance with guidance from a local health department or the department to examine or cause all household and other known contacts of the individual to be examined by a physician. The physician shall promptly report to the department the results of such examination. If the individual refuses or is unable to undergo examination, the health care provider shall promptly report such information to the department.

b. When required by the department, all contacts not examined by a physician, including all adult and minor contacts, shall submit to a diagnostic test or tests. If any suspicious abnormality is found, steps satisfactory to the department shall be taken to refer the individual promptly to a physician or appropriate medical facility for further evaluation and, if necessary, treatment. The referring health care provider or facility shall notify the receiving health care provider or facility of the suspicious abnormality. When requested by the department, a physician shall report the results of the examination of a contact to the case or suspected case or incident.

c. Upon order of the department or local board of health, an individual with a suspected or active quarantinable disease shall not attend the workplace or school and shall not be present at other public places until the individual receives the approval of the department or a local board of health to engage in such activity. Upon order of the department or local board of health, employers, schools and other public places shall exclude an individual with a suspected or active quarantinable disease. An individual may also be excluded from other premises or facilities if the department or a local board of health determines the premises or facilities cannot be maintained in a manner adequate
to protect others against the spread of the disease.

d. A person diagnosed with or clinically suspected of having infectious tuberculosis shall complete voluntary treatment until, in the opinion of the attending physician or the state public health medical director and epidemiologist, the person’s tuberculosis is cured or such person is no longer a threat to public health. If such person refuses to complete the course of voluntary treatment, the department or local board of health may issue an order compelling mandatory treatment. Such order shall include the identity of the person subject to the mandatory treatment order, a description of the treatment ordered, the medical basis upon which the treatment is ordered, and a description of the potential medical and legal consequences of violating such order. A person who violates a mandatory treatment order may be subject to the penalties provided in Iowa Code section 135.38 or 137.21 and may be placed under mandatory quarantine or isolation in accordance with the provisions of this chapter.

e. A person diagnosed with extrapulmonary tuberculosis or clinically suspected of having infectious tuberculosis who fails to comply with a physician’s recommendation for diagnostic testing may be ordered to undergo diagnostic testing by the department or local board of health. Such order shall include the identity of the person subject to mandatory diagnostic testing, a description of the diagnostic testing ordered, the medical basis upon which the diagnostic testing is ordered, and a description of the potential medical and legal consequences of violating such order. A person who violates a mandatory diagnostic testing order may be subject to the penalties provided in Iowa Code section 135.38 or 137.21 and may be placed under mandatory quarantine or isolation in accordance with the provisions of this chapter.

1.9(2) General provisions.

a. Voluntary confinement. Prior to instituting mandatory isolation or quarantine pursuant to this rule, the department or a local board of health may request that an individual or group of individuals voluntarily confine themselves to a private home or other facility.

b. Quarantine and isolation. The department and local boards of health are authorized to impose and enforce quarantine and isolation restrictions. Quarantine and isolation shall rarely be imposed by the department or by local boards of health. If a quarantinable disease occurs in Iowa, individuals with a suspected or active quarantinable disease and contacts to the case may be quarantined or isolated as the particular situation requires. Any quarantine or isolation imposed by the department or a local board of health shall be established and enforced in accordance with this rule.

1.9(3) Conditions and principles. The department and local boards of health shall adhere to all of the following conditions and principles when isolating or quarantining individuals or a group of individuals:

a. The isolation or quarantine shall be by the least restrictive means necessary to prevent the spread of a communicable or possibly communicable disease to others and may include, but not be limited to, confinement to private homes, other private premises, or public premises.

b. Isolated individuals shall be confined separately from quarantined individuals.

c. The health status of isolated or quarantined individuals shall be monitored regularly to determine if the individuals require further or continued isolation or quarantine.
d. If a quarantined individual subsequently becomes infected or is reasonably believed to have become infected with a communicable or possibly communicable disease, the individual shall be promptly removed to isolation.

e. Isolated or quarantined individuals shall be immediately released when the department or local board of health determines that the individuals pose no substantial risk of transmitting a communicable or possibly communicable disease.

f. The needs of isolated or quarantined individuals shall be addressed in a systematic and competent fashion including, but not limited to, providing adequate food; clothing; shelter; means of communicating with those in and outside of isolation or quarantine; medication; and competent medical care.

g. The premises used for isolation or quarantine shall be maintained in a safe and hygienic manner and shall be designed to minimize the likelihood of further transmission of infection or other harm to isolated or quarantined individuals.

h. To the extent possible, cultural and religious beliefs shall be considered in addressing the needs of individuals in isolation or quarantine premises and in establishing and maintaining the premises.

1.9(4) Isolation and quarantine premises.

a. Sites of isolation or quarantine shall be prominently placarded with isolation or quarantine signs prescribed and furnished by the department and posted on all sides of the building wherever access is possible.

b. An individual subject to isolation or quarantine shall obey the rules and orders of the department or the local board of health and shall not go beyond the isolation or quarantine premises.

c. The department or a local board of health may authorize physicians, health care workers, or others access to individuals in isolation or quarantine as necessary to meet the needs of isolated or quarantined individuals.

d. No individual, other than an individual authorized by the department or a local board of health, shall enter isolation or quarantine premises. If the department has requested the assistance of law enforcement in enforcing the isolation or quarantine, the department shall provide law enforcement personnel with a list of individuals authorized to enter the isolation or quarantine premises.

e. Any individual entering an isolation or quarantine premises with or without authorization of the department or a local board of health may be isolated or quarantined pursuant to this rule.

1.9(5) Isolation and quarantine by local boards of health.

a. A local board of health may:

(1) Isolate individuals who are presumably or actually infected with a quarantinable disease;

(2) Quarantine individuals who have been exposed to a quarantinable disease;

(3) Establish and maintain places of isolation and quarantine; and

(4) Adopt emergency rules and issue orders as necessary to establish, maintain, and enforce isolation or quarantine.

b. Isolation and quarantine undertaken by a local board of health shall be accomplished according to the rules and regulations of the local board of health so long as such rules are not inconsistent with this chapter.
1.9(6) Isolation and quarantine by the Iowa department of public health.
a. Authority.
(1) The department, through the director, the department’s medical director, or the
director’s or medical director’s designee, may:
1. Isolate individuals or groups of individuals who are presumably or actually infected
with a quarantinable disease; and
2. Quarantine individuals or groups of individuals who have been exposed to a quaran-
tinable disease, including individuals who are unable or unwilling to undergo examina-
tion, testing, vaccination, or treatment, pursuant to Iowa Code section 135.144(9).
(2) The department may:
1. Establish and maintain places of isolation and quarantine; and
2. Adopt emergency rules and issue orders as necessary to establish, maintain, and
enforce isolation or quarantine.
(3) Isolation and quarantine undertaken by the department, including isolation and
quarantine undertaken by the department in the event of a public health disaster, shall
be established pursuant to paragraph 1.9(6)”b” or “c.”
b. Temporary isolation and quarantine without notice. The department may temporar-
ily isolate or quarantine an individual or groups of individuals through an oral order,
without notice, only if delay in imposing the isolation or quarantine would significantly
jeopardize the department’s ability to prevent or limit the transmission of a communica-
ble or possibly communicable disease to others. If the department imposes temporary
isolation or quarantine of an individual or groups of individuals through an oral order,
the department shall issue a written order as soon as is reasonably possible and in all
cases within 24 hours of issuance of the oral order if continued isolation or quarantine is
necessary to prevent or limit the transmission of a communicable or possibly communi-
cable disease.
c. Written order. The department may isolate or quarantine an individual or groups of
individuals through a written order issued pursuant to this rule.
(1) The written order shall include all of the following:
1. The identity of the individual, individuals, or groups of individuals subject to isolation
or quarantine.
2. The premises subject to isolation or quarantine.
3. The date and time at which isolation or quarantine commences.
4. The suspected communicable disease.
5. A description of the less restrictive alternatives that were attempted and were unsuc-
cessful, or the less restrictive alternatives that were considered and rejected, and the
reasons such alternatives were rejected.
6. A statement of compliance with the conditions and principles for isolation and quar-
tantine specified in subrule 1.9(3).
7. The legal authority under which the order is requested.
8. The medical basis upon which isolation or quarantine is justified.
9. A statement advising the individual, individuals, or groups of individuals of the right
to appeal the written order pursuant to subrule 1.9(7) and the rights of individuals and
groups of individuals subject to quarantine and isolation as listed in subrule 1.9(8).
10. A copy of this chapter and the relevant definitions.
A copy of the written order shall be provided to the individual to be isolated or quarantined within 24 hours of issuance of the order in accordance with any applicable process authorized by the Iowa Rules of Civil Procedure. If the order applies to a group or groups of individuals and it is impractical to provide individual copies, the order may be posted in a conspicuous place in the isolation or quarantine premises.

1.9(7) Appeal from order imposing isolation or quarantine.

a. Contested case. The subject of a department order imposing isolation or quarantine may appeal a written order and has the right to a contested case hearing regarding such appeal. The subject of a department order imposing isolation or quarantine may appeal the order by submitting a written appeal within ten days of receipt of the written order. The appeal shall be addressed to the Department of Public Health, Division of Epidemiology, Emergency Medical Services, and Disaster Operations, Lucas State Office Building, Des Moines, Iowa 50319-0075. Unless stayed by order of the director or a district court, the written order for quarantine or isolation shall remain in force and effect until the appeal is finally determined and disposed of upon its merits.

b. Presiding officer. The presiding officer in a contested case shall be the director or the director’s designee. The director or the director’s designee may be assisted by an administrative law judge in conducting the contested case hearing. The decision of the director or the director’s designee shall be the department’s final decision and is subject to judicial review in accordance with the provisions of Iowa Code chapter 17A.

c. Proceeding. The contested case hearing shall be conducted in accordance with the provisions contained at 641—Chapter 173. The hearing shall be held as soon as is practicable, and in no case later than ten days from the date of receipt of the appeal. The hearing may be held by telephonic or other electronic means if necessary to prevent additional exposure to the communicable or possibly communicable disease. In extraordinary circumstances and for good cause shown, the department may apply to continue the hearing date for up to ten additional days on a petition filed pursuant to this rule. The presiding officer may use discretion in granting a continuance giving due regard to the rights of the affected individuals, the protection of the public’s health, and the availability of necessary witnesses and evidence.

d. Judicial review. The aggrieved party to the final decision of the department may petition for judicial review of that action pursuant to Iowa Code chapter 17A. Petitions for judicial review shall be filed within 30 days after the decision becomes final.

e. Immediate judicial review of department order. The department acknowledges that in certain circumstances the subject or subjects of a department order may desire immediate judicial review of a department order in lieu of proceeding with the contested case process. The department recognizes that the procedural step of pursuing exhaustion of administrative remedies may be inadequate for purposes of Iowa Code section 17A.19, and the department may consent to immediate jurisdiction of the district court when requested by the subject or subjects of a department order and justice so requires. Unless stayed by order of the director or a district court, the written order for quarantine or isolation shall remain in force and effect until the judicial review is finally determined and disposed of upon its merits.

1.9(8) Rights of individuals and groups of individuals subject to isolation or quarantine. Any individual or group of individuals subject to isolation or quarantine shall have the following rights:
a. The right to be represented by legal counsel.
b. The right to be provided with prior notice of the date, time, and location of any hearing.
c. The right to participate in any hearing. The hearing may be held by telephonic or other electronic means if necessary to prevent additional exposure to the communicable or possibly communicable disease.
d. The right to respond and present evidence and argument on the individual’s own behalf in any hearing.
e. The right to cross-examine witnesses who testify against the individual.
f. The right to view and copy all records in the possession of the department which relate to the subject of the written order.

1.9(9) Consolidation of claims. In any proceeding brought pursuant to this rule, to promote the fair and efficient operation of justice and having given due regard to the rights of the affected individuals, the protection of the public’s health, and the availability of necessary witnesses and evidence, the department or a court may order the consolidation of individual claims into group claims, if all of the following conditions exist:
a. The number of individuals involved or to be affected is so large that individual participation is impractical.
b. There are questions of law or fact common to the individual claims or rights to be determined.
c. The group claims or rights to be determined are typical of the affected individuals’ claims or rights.
d. The entire group will be adequately represented in the consolidation.

1.9(10) Implementation and enforcement of isolation and quarantine. a. Jurisdictional issues. The department has primary jurisdiction to isolate or quarantine individuals or groups of individuals if the communicable disease outbreak has affected more than one county or has multicounty, statewide, or interstate public health implications. When imposing isolation or quarantine, the department shall coordinate with the local health department as appropriate. If isolation or quarantine is imposed by the department, a local board of health or local health department may not alter, amend, modify, or rescind the isolation or quarantine order.
b. Assistance of local boards of health and local health departments. If isolation or quarantine is imposed by the department, the local boards of health and the local health departments in the affected areas shall assist in the implementation of the isolation or quarantine order.
c. Assistance of law enforcement. Pursuant to Iowa Code section 135.35, all peace officers of the state shall enforce and execute a lawful department order for isolation or quarantine within their respective jurisdictions. The department shall take all reasonable measures to minimize the risk of exposure to peace officers and others assisting with enforcement of an isolation or quarantine order.
d. Penalty. Pursuant to Iowa Code section 135.38, any individual who knowingly violates a lawful department order for isolation or quarantine, whether written or oral, shall be guilty of a simple misdemeanor. The court-ordered sentence may include a fine of up to $500 and imprisonment not to exceed 30 days.
e. Enforcement action. The department may file a civil action in Polk County district
court or in the district court for the county in which the individual resides or is located
to enforce a department order for isolation or quarantine. Such action shall be filed in
accordance with the Iowa Rules of Civil Procedure.
equest that an individual or group of individuals voluntarily confine themselves to
a private home or other facility.
b. Quarantine and isolation. The board is authorized to impose and enforce quarantine
and isolation restrictions. Quarantine and isolation shall rarely be imposed by the board.
If a quarantinable disease occurs in Iowa, individuals with a suspected or active quaran-
tinable disease and contacts to the case may be quarantined or isolated as the particular
situation requires. Any quarantine or isolation imposed by the board shall be established
and enforced in accordance with this rule.
c. The local board of health shall notify, consult and work cooperatively with the Iowa
department of agriculture and land stewardship and the state veterinarian office on
issues relating to isolation and quarantine of animals.

641—1.13(135,139A) Area quarantine.
1.13(1) General provisions. The department and local boards of health are authorized to
impose and enforce area quarantine in accordance with this rule. Area quarantine shall
rarely be imposed by the department or by local boards of health.
1.13(2) Conditions and principles. The department and local boards of health shall ad-
here to all of the following conditions and principles when imposing and enforcing area
quarantine:
a. Area quarantine shall be imposed by the least restrictive means necessary to prevent
or contain the spread of a suspected or confirmed quarantinable disease or suspected or
known hazardous or toxic agent.
b. Area quarantine shall be immediately terminated when the department or a local
board of health determines that no substantial risk of exposure to a quarantinable dis-
ease or hazardous or toxic agent continues to exist.
c. The geographic boundaries of an area quarantine shall be established by risk assess-
ment procedures including medical and scientific analysis of the quarantinable disease
or hazardous or toxic agent, the location of the affected area, the risk of spread or con-
tamination, and other relevant information.
1.13(3) Area quarantine sites.
a. Sites of area quarantine shall be prominently identified to restrict ingress to and
egress from the area, to the extent practicable. The department or a local board of
health may placard or otherwise identify the site, or may request the assistance of law
enforcement in identifying the site.
b. No individual, other than an individual authorized by the department or a local board
of health, shall enter a building, structure, or other physical location subject to area
quarantine. The department or a local board of health may authorize public health
officials, environmental specialists, health care providers, or others access to an area
quarantine site as necessary to conduct public health investigations, to decontami-
nate the site, or for other public health purposes. Notwithstanding any provision in this
chapter to the contrary, law enforcement, fire service, and emergency medical service
providers may enter an area quarantine site to provide emergency response services
or to conduct emergency law enforcement investigations or other emergency activities.
without authorization by the department or a local board of health. If the department has requested the assistance of law enforcement in enforcing the area quarantine, the department shall provide law enforcement personnel with a list of individuals authorized to enter the area quarantine site.

c. An individual authorized to enter an area quarantine site may be required to wear personal protective equipment as appropriate.

d. No individual, other than an individual authorized by the department or a local board of health, shall remove any item or object from a building, structure, or other physical location subject to area quarantine.

e. An individual entering an area quarantine site without authorization of the department or a local board of health may be isolated or quarantined pursuant to rule 641—1.9(135,139A) and may be found guilty of a simple misdemeanor.

1.13(4) Area quarantine by local boards of health or the department of public health.

a. Authority.

(1) The department, through the director, the department’s medical director, or the director or medical director’s designee, may impose area quarantine through oral or written order. Prior to imposing area quarantine, the department shall attempt to notify the local board or boards of health in the affected geographic area. If attempts to notify the local boards of health are initially unsuccessful, the department shall continue to make regular notification attempts until successful.

(2) A local board of health may impose area quarantine through oral or written order. Prior to imposing area quarantine, a local board of health shall attempt to notify the department by contacting the director, medical director, or department duty officer by telephone. If attempts to notify the department are initially unsuccessful, the local board of health shall continue to make regular notification attempts until successful.

b. Temporary area quarantine without notice. The department or a local board of health may temporarily impose area quarantine through an oral order, without notice, only if delay in imposing area quarantine would significantly jeopardize the department’s or local board’s ability to prevent or contain the spread of a suspected or confirmed quarantinable disease or to prevent or contain exposure to a suspected or known hazardous or toxic agent. If the department or local board imposes temporary area quarantine through an oral order, a written order shall be issued as soon as is reasonably possible and in all cases within 24 hours of issuance of the oral order if continued area quarantine is necessary.

c. Written order. The department or local board may impose area quarantine through a written order issued pursuant to this rule.

(1) The written order shall include all of the following:

1. The building or buildings, structure or structures, or other definable physical location, or portion thereof, subject to area quarantine.

2. The date and time at which area quarantine commences and the date and time at which the area quarantine shall be terminated, if known.

3. The suspected or confirmed quarantinable disease or the chemical, biological, radioactive, or other hazardous or toxic agent.

4. A statement of compliance with the conditions and principles for area quarantine specified in subrule 1.13(2).
5. The legal authority under which the order is imposed.
6. The medical or scientific basis upon which area quarantine is justified.
7. A statement advising the owner or owners of the building or buildings, structure or structures, or other definable physical location subject to area quarantine of the right to appeal the written order pursuant to subrule 1.13(5) and the rights of owners of sites subject to area quarantine pursuant to subrule 1.13(6).
8. A copy of 641—Chapter 1 and the relevant provisions of this rule.

(2) A copy of the written order shall be provided to the owner or owners of the building or buildings, structure or structures, or other definable physical location subject to area quarantine within 24 hours of issuance of the order in accordance with any applicable process authorized by the Iowa Rules of Civil Procedure; or, if the order applies to a group of owners and it is impractical to provide individual notice to each owner, the written order shall be posted in a conspicuous place at the site of area quarantine.

1.13(5) Appeal from order imposing area quarantine.
a. Contested case. The subject of a department order imposing area quarantine may appeal a written order and has the right to a contested case hearing regarding such appeal. The subject of a department order imposing area quarantine may appeal the order by submitting a written appeal within 10 days of receipt or other notice of the written order. The appeal shall be addressed to the Local Board of Health or to the Department of Public Health, Division of Acute Disease Prevention and Emergency Response, Lucas State Office Building, Des Moines, Iowa 50319-0075. Unless stayed by order of the director or a district court, the written order for area quarantine shall remain in force and effect until the appeal is finally determined and disposed of upon its merits.
b. Presiding officer. The presiding officer in a contested case shall be the director or the director’s designee. The director or the director’s designee may be assisted by an administrative law judge in conducting the contested case hearing. The decision of the director or the director’s designee shall be the agency’s final decision and is subject to judicial review in accordance with the provisions of Iowa Code chapter 17A.
c. Proceeding. The contested case hearing shall be conducted in accordance with the provisions contained at 641—Chapter 173. The hearing shall be held as soon as is practicable, and in no case later than 10 days from the date of receipt of the appeal. In extraordinary circumstances and for good cause shown, the department may apply to continue the hearing date on a petition filed pursuant to this paragraph for up to 10 days, which continuance the presiding officer may grant in the presiding officer’s discretion giving due regard to the rights of the affected individuals, the protection of the public’s health, and the availability of necessary witnesses and evidence.
d. Judicial review. The aggrieved party to the final decision of the department may petition for judicial review of that action pursuant to Iowa Code chapter 17A. Petitions for judicial review shall be filed within 30 days after the decision becomes final.
e. Immediate judicial review of department order. The department or local board acknowledges that in certain circumstances the subject or subjects of a department order may desire immediate judicial review of a department order in lieu of proceeding with the contested case process. The department recognizes that the procedural step of pursuing exhaustion of administrative remedies may be inadequate for purposes of Iowa Code section 17A.19, and the department may consent to immediate jurisdiction of
the district court when requested by the subject or subjects of a department order and justice so requires. Unless stayed by order of the director or a district court, the written order for area quarantine shall remain in force and effect until the judicial review is finally determined and disposed of upon its merits.

1.13(6) Rights of owners of sites subject to area quarantine. An owner of a building, structure, or other physical location subject to area quarantine shall have the following rights:
   a. The right to be represented by legal counsel.
   b. The right to be provided with prior notice of the date, time, and location of any hearing.
   c. The right to participate in any hearing.
   d. The right to respond and present evidence and argument on the owner’s own behalf in any hearing.
   e. The right to cross-examine witnesses who testify against the owner or individual.
   f. The right to view and copy all records in the possession of the department which relate to the subject of the written order.

1.13(7) Consolidation of claims. In any proceeding brought pursuant to this rule, to promote the fair and efficient operation of justice and having given due regard to the rights of the affected individuals, the protection of the public’s health, and the availability of necessary witnesses and evidence, the department or a court may order the consolidation of individual claims into group claims, if all of the following conditions exist:
   a. The number of individuals involved or who may be affected is so large that individual participation is impractical.
   b. There are questions of law or fact common to the individual claims or rights to be determined.
   c. The group claims or rights to be determined are typical of the affected individuals’ claims or rights.
   d. The entire group will be adequately represented in the consolidation.

1.13(8) Implementation and enforcement of area quarantine.
   a. Jurisdictional issues. The department has primary jurisdiction to impose area quarantine if the quarantinable disease or hazardous or toxic agent has affected more than one county and implicates multicounty or statewide public health concerns. If area quarantine is imposed by the department, a local board of health or local health department may not alter, amend, modify, or rescind the area quarantine order.
   b. Assistance of local boards of health and local health departments. If area quarantine is imposed by the department, the local boards of health and the local health departments in the affected areas shall assist in the implementation of the area quarantine.
   c. Assistance of law enforcement. Pursuant to Iowa Code section 135.35, all peace officers of the state shall enforce and execute a lawful department order for area quarantine within their respective jurisdictions. The department shall take all reasonable measures to minimize the risk of individual exposure of peace officers and others assisting with enforcement of an area quarantine order.
   d. Emergency response, investigation, and decontamination—authority of other agencies. Emergency response, investigation, and decontamination activities in and around
an area quarantine site shall be conducted by law enforcement, fire service, emergency medical service providers, or other appropriate federal, state, or local officials in accordance with federal and state law and accepted procedures and protocols for emergency response, investigation, and decontamination. This rule shall not be construed to limit the authority of law enforcement, fire service, emergency medical service providers, or other federal, state, or local officials to conduct emergency response, investigation, or decontamination activities to the extent authorized by federal and state law and accepted procedures and protocols.

e. Penalty. Pursuant to Iowa Code section 135.38, any individual who knowingly violates a lawful department order for area quarantine, whether written or oral, shall be guilty of a simple misdemeanor. The court-ordered sentence may include a fine of up to $500 and imprisonment not to exceed 30 days.

f. Enforcement action. To enforce a department order for quarantine, the department may file a civil action in Polk County District Court or in the district court for the county in which the area quarantine will be enforced. Such action shall be filed in accordance with the Iowa Rules of Civil Procedure.
