What is the Flood Recovery Fund?

A Flood Recovery Fund is established in the state treasury under the control of the Flood Mitigation Board to provide funding to eligible political subdivisions of the state to implement flood response, flood recovery, or flood mitigation projects.

Eligibility:

1) An eligible applicant is a political subdivision of the state located in a county designated under presidential disaster declaration DR-4421-IA and also located in a county where the federal emergency management agency individual assistance program has been activated.

2) Eligible projects must support flood response, flood recovery, or flood mitigation. Eligible project types include construction and reconstruction of levees, embankments, impounding reservoirs, conduits or other means that are necessary for the protection from the effects of floodwaters and may include the deepening, widening, alteration, change, diversion, or other improvement of watercourses if necessary for the protection of such property from the effects of flood waters. A project may consist of one or more phases of construction or reconstruction that are contracted for separately if the larger project, of which the project is a part, otherwise meets the requirements of this subrule.

Application Process:

This application is designed to capture the necessary information to meet program requirements.

1) Description of the project and how the project supports flood response, flood recovery, or flood mitigation activities.

2) Description of financial assistance need through the Flood Recovery Fund.

3) Description of the necessary expense or serious need of the political subdivision.

4) Details on any additional funds to be applied to the project.

Flood Mitigation Board Process:

1) Review the application.

2) Approve, defer, or deny the application.

Flood Mitigation Project Application Project Application Tab A, Page 3
### III. Project Plan Summary

**A. Provide a brief description of the project and how the project supported flood response or will support future flood recovery and flood mitigation activities. This is a summary of Tab B - Project Plan.**

Modern Woodmen Park (MWP) is a City of Davenport-owned minor league baseball park home to the Quad Cities River Bandits, a Class-A affiliate of the Houston Astros. Completed in 1931, MWP is one of the oldest ballparks still in use. The Modern Woodmen Park Floodwall Extension project will build approximately 160 feet of concrete foundations and permanent flood wall east of the baseball stadium's locker rooms and around the batting cages providing egress for lower level emergency doors during times of flooding. The project will ensure that this extension ties into the existing building foundations and floodwall system on the north side of the stadium which protects MWP to a 250-year flood, and the proposed project would match that height. See attached map showing existing removable floodwall and proposed floodwall extension. The City participates in the Community Rating System and is currently a Class 8 with a comprehensive approach to floodplain mitigation, response and recovery. While the City has seen success in open space preservation of almost 600 acres of land, MWP is an important local asset that must be maintained and protected from future flooding.

**B. Provide a brief description of the financial assistance need through the Flood Recovery Fund.**

The City of Davenport is requesting 90% of the proposed project’s expenses be paid through the Flood Recovery Fund. The City has already invested approximately $2.9 million in flood protection measures at Modern Woodmen Park. These funds will be used to complete a floodwall system that fully protects an important and historic public asset from floods coming from the Mississippi River. As shown in the attached damages section, the estimated damages and lost revenue for Modern Woodmen Park from the 2019 floods exceeds $282,000. The requested financial assistance would produce a positive benefit cost ratio for return on investment.

**C. Explain how financial assistance through the Flood Recovery Fund is essential to meet the necessary expenses or serious needs of the applicant related to flood response, flood recovery, and flood mitigation.**

The existing floodwall at Modern Woodmen Park (MWP) has been in place since 2011. MWP has been tested by 5 of the top 10 crests on the Mississippi River. Throughout the flooding, the City of Davenport has identified a vulnerable point to flood protection. In the current flood plan, the City protects two egress doors on the southeast section of the Stadium with sandbags, stacking them 10 feet high. Should this protection method fail, the entire stadium will flood, resulting in an estimated in damages the tens of millions of dollars. While the current assessed value for the structure at MWP is over $8.3 million, it is highly likely that the structure and the field repairs would exceed $15 million. In addition to addressing the vulnerable point of entry, the proposed project will also free up some staff time and resources that are needed elsewhere when flooding occurs. A permanent floodwall would reduce staff and materials costs by approximately 10%. In addition, MWP hosts 250,000 visitors annually and is an essential component of keeping the City's downtown economically viable and vibrant. In 2019, nineteen home games needed to be canceled due to the floods resulting in over $270,000 in lost revenue and game relocation costs.

**D. Provide details of any additional funds that can be applied to the project.**

The City of Davenport is committing 10% of the project cost, funded through its Capital Improvement Program.

**E. Description of Project Location (i.e. Latitude and Longitude (minimum 6 digits after the decimal), Neighborhood, Subdivision, Geographic Boundaries, Driving Directions, etc.)**

Modern Woodmen Park (MWP) is located at 209 S. Gaines Street, (Lat: 41.518473 Long: -90.581908). MWP is on the Mississippi Riverfront in Downtown Davenport and is bounded by the Canadian Pacific Railroad to the north, LeClaire Park to the east, Mississippi River to the south and Gaines Street to the west. Eastbound I-80 travelers can access the stadium by taking Exit 290 to I-280 East, then take Exit 6 for US 61/West River Drive. Make a left onto US 61/West River Drive and stay on River Drive for 5.4 miles. Turn right on to Gaines Street, and Modern Woodmen Park is on the left.
IV. Work Schedule

A. List the major milestones for this project.

Total Project Duration: 18 Months

V. Certifications

To the best of my knowledge and belief, I certify that all data in this application packet is complete, true and correct. The governing body of the applicant has duly authorized this document and hereby applies for assistance as documented in this application. The applicant understands that the project shall not proceed until Flood Mitigation Board approval is granted.

□ Change
(Include vendor code and changes only)

□ Delete
Reason:
Pursuant to 2008 Iowa Acts, HF 2393, Iowa Code Section 8.11, all funding applications submitted to the State of Iowa shall include a Minority Impact Statement. This is the state’s mechanism to require applicants to consider the potential impact of the project’s proposed programs or policies on minority groups.

Please choose the statement(s) that pertains to this application. Complete all the information requested for the chosen statement(s).

- [ ] The proposed project programs or policies could have a disproportionate or unique **positive** impact on minority persons.
  
  Describe the positive impact expected from this project
 
  Indicate which group is impacted:
  
  - [ ] Women
  - [ ] Persons with a Disability
  - [ ] Blacks
  - [ ] Latinos
  - [ ] Asians
  - [ ] Pacific Islanders
  - [ ] American Indians
  - [ ] Alaskan Native Americans
  - [ ] Other

- [ ] The proposed project programs or policies could have a disproportionate or unique **negative** impact on minority persons.

  Describe the negative impact expected from this project

  Present the rationale for the existence of the proposed program or policy.

  Provide evidence of consultation of representatives of the minority groups impacted.

  Indicate which group is impacted:
  
  - [ ] Women
  - [ ] Persons with a Disability
  - [ ] Blacks
The proposed project programs or policies are **not expected to have** a disproportionate or unique impact on minority persons.

Present the rationale for determining no impact.
This grant application seeks to secure a public facility and community asset from flood damage caused by the Mississippi River, therefore it is not expected to have a disproportionate or unique impact on minority persons.

I hereby certify that the information on this form is complete and accurate, to the best of my knowledge:

**Definitions**

"Minority Persons", as defined in Iowa Code Section 8.11, mean individuals who are women, persons with a disability, Blacks, Latinos, Asians or Pacific Islanders, American Indians, and Alaskan Native Americans.

"Disability", as defined in Iowa Code Section 15.102, subsection 5, paragraph "b", subparagraph (1):

b. As used in this subsection:

(1) "Disability" means, with respect to an individual, a physical or mental impairment that substantially limits one or more of the major life activities of the individual, a record of physical or mental impairment that substantially limits one or more of the major life activities of the individual, or being regarded as an individual with a physical or mental impairment that substantially limits one or more of the major life activities of the individual.

"Disability" does not include any of the following:

(a) Homosexual or bisexuality.
(b) Transvestism, transsexualism, pedophilia, exhibitionism, voyeurism, gender identity disorders not resulting from physical impairments or other sexual behavior disorders.
(c) Compulsive gambling, kleptomania, or pyromania
(d) Psychoactive substance abuse disorders resulting from current illegal use of drugs.

"State Agency", as defined in Iowa Code Section 8.11, means a department, board, bureau, commission, or other agency or authority of the State of Iowa.
