PROJECT PLAN

Modern Woodmen Park (MWP) is a City of Davenport-owned minor league baseball park home to the Quad Cities River Bandits, a Class-A affiliate of the Houston Astros. Completed in 1931, MWP is one of the oldest ballparks still in use. The Modern Woodmen Park Floodwall Extension project will build approximately 160 feet of concrete foundations and permanent flood wall east of the baseball stadium’s locker rooms and around the batting cages providing egress for lower level emergency doors during times of flooding. The project will ensure that this extension ties into the existing building foundations and floodwall system on the north side of the stadium which protects MWP to a 250-year flood, and the proposed project would match that height. See attached map showing existing removable floodwall and proposed floodwall extension. The City participates in the Community Rating System and is currently a Class 8 with a comprehensive approach to floodplain mitigation, response and recovery. While the City has seen success in open space preservation of almost 600 acres of land, MWP is an important local asset that must be maintained and protected from future flooding.

The existing floodwall at Modern Woodmen Park (MWP) has been in place since 2011. MWP has been tested by 5 of the top 10 crests on the Mississippi River. Throughout the flooding, the City of Davenport has identified a vulnerable point to flood protection. In the current flood plan, the City protects two egress doors on the southeast section of the Stadium with sandbags, stacking them 10 feet high. Should this protection method fail, the entire stadium will flood, resulting in an estimated in damages in the tens of millions of dollars. While the current assessed value for the structure at MWP is over $8.3 million, it is highly likely that the structure and the field repairs would exceed $15 million. In addition to addressing the vulnerable point of entry at MWP, the proposed project will also free up some staff time and resources that are needed elsewhere when flooding occurs. In addition, MWP hosts 250,000 visitors annually and is an essential component of keeping the City's downtown economically viable and vibrant. In 2019, nineteen home games needed to be canceled due to the floods resulting in over $270,000 in lost revenue and game relocation costs.

The City of Davenport is requesting 90% of the proposed project's expenses be paid through the Flood Recovery Fund. The City has already invested approximately $2.9 million in flood protection measures at Modern Woodmen Park. These funds will be used to complete a floodwall system that fully protects an important and historic public asset from floods coming from the Mississippi River.

Attached to this document is a cost estimate from a engineering firm familiar with the project, associated maps, a draft schematic drawing. The drawing indicates a removable floodwall, however, the project accounts for a permanent floodwall, the location of the preliminary drawings is correct. Also attached is a diagram showing how the project protects the facility to a 250 year flood event.
Shive-Hattery is pleased to provide the following for the City of Davenport for planning and budgeting:

- Design of approximately 160 feet of concrete foundation, permanent concrete and removable floodwall east of the Modern Woodmen Park locker rooms and batting cages. - Estimate of engineering during construction services - $10,000

- Probable Construction Cost - $450,000

SHOP DRAWING REVIEW

If, as part of this Agreement S-H reviews and approves Contractor submittals, such as shop drawings, product data, samples and other data, as required by S-H, these reviews and approvals shall be only for the limited purpose of checking for conformance with the design concept and the information expressed in the contract documents. This review shall not include review of the accuracy or completeness of details, such as quantities, dimensions, weights or gauges, fabrication processes, construction means or methods, coordination of the work with other trades or construction safety precautions, all of which are the sole responsibility of the Contractor. S-H’s review shall be conducted with reasonable promptness while allowing sufficient time in S-H’s judgment to permit adequate review. S-H shall not be required to review partial submissions or those for which submissions of correlated items have not been received.

OPINIONS OF PROBABLE COST

If, as part of this Agreement S-H is providing opinions of probable construction cost, the CLIENT understands that S-H has no control over costs or the price of labor, equipment or materials, or over the Contractor’s method of pricing, and that S-H’s opinions of probable construction costs are to be made on the basis of S-H’s qualifications and experience. S-H makes no warranty, expressed or implied, as to the accuracy of such opinions as compared to bid or actual costs.

CONSTRUCTION OBSERVATION

If, as part of this Agreement S-H is providing construction observation services, S-H shall visit the project at appropriate intervals during construction to become generally familiar with the progress and quality of the contractors’ work and to determine if the work is proceeding in general accordance with the Contract Documents. S-H does not guarantee the performance of, and shall have no responsibility for, the acts or omissions of any contractor, its subcontractors, employees, agents, consultants, suppliers or any other entities furnishing materials or performing any work on the project.

S-H shall advise the CLIENT if S-H observes that the contractor is not performing in general conformance of Contract Documents. CLIENT shall determine if work of contractor should be stopped to resolve any problems.

The CLIENT shall not reuse or make any modifications to the plans and specifications without the prior written authorization of S-H. The CLIENT agrees, to the fullest extent permitted by law, to defend, indemnify and hold harmless S-H its officers, directors, shareholders, employees, agents, subconsultants and affiliated companies, and any of them from any and all claims, losses, costs or damages of any nature.
whatsoever arising out of, resulting from or in any way related to any unauthorized reuse or modifications of the construction documents by the CLIENT or any person or entity that acquires or obtains the plans and specifications from or through the CLIENT without the written authorization of S-H.

DISPUTE RESOLUTION

If a dispute arises between S-H and CLIENT, the executives of the parties having authority to resolve the dispute shall meet within thirty (30) days of the notification of the dispute to resolve the dispute. If the dispute is not resolved within such thirty (30) day time period, CLIENT and S-H agree to submit to non-binding mediation prior to commencement of any litigation and that non-binding mediation is a precondition to any litigation. Any costs incurred directly for a mediator, shall be shared equally between the parties involved in the mediation.

EXCUSABLE EVENTS

S-H shall not be responsible for any event or circumstance that is beyond the reasonable control of S-H that has a demonstrable and adverse effect on S-H’s ability to perform its obligations under this Agreement or S-H’s cost and expense of performing its obligations under this Agreement (an “Excusable Event”), including without limitation, a change in law or applicable standards, actions or inactions by a governmental authority, the presence or encounter of hazardous or toxic materials on the Project, war (declared or undeclared) or other armed conflict, terrorism, sabotage, vandalism, riot or other civil disturbance, blockade or embargos, explosion, epidemic, quarantine, strike, lockout, work slowdown or stoppage, accident, act of God, failure of any governmental or other regulatory authority to act in a timely manner, unexcused act or omission by CLIENT or contractors of any level (including, without limitation, failure of the CLIENT to furnish timely information or approve or disapprove of S-Hs services or work product promptly, delays in the work caused by CLIENT, CLIENT’s suspension, breach or default of this Agreement, or delays caused by faulty performance by the CLIENT or by contractors of any level). When an Excusable Event occurs, the CLIENT agrees S-H is not responsible for damages, nor shall S-H be deemed to be in default of this Agreement, and S-H shall be entitled to a change order to equitably adjust for S-H’s increased time and/or cost to perform its services due to the Excusable Event.

Neither party to this Agreement shall transfer, sublet or assign any rights under or interest in this Agreement (including but not limited to monies that are due or monies that may be due) without the prior written consent of the other party.

SEVERABILITY, SURVIVAL AND WAIVER

Any provision of this Agreement later held to be unenforceable for any reason shall be deemed void, and all remaining provisions shall continue in full force and effect. All obligations arising prior to the termination of this Agreement and all provisions of this Agreement allocating responsibility or liability between the CLIENT and S-H shall survive the completion of the services hereunder and the termination of this Agreement. The failure of a party to insist upon strict compliance of any term hereof shall not constitute a waiver by that party of its rights to insist upon strict compliance at a subsequent date.

GOVERNING LAW

This Agreement shall be governed pursuant to the laws in the state of the locale of the S-H office address written in this Agreement.

EQUAL EMPLOYMENT OPPORTUNITY

It is the policy of S-H to provide equal employment opportunities for all.
