### **NEW** –Levee Breached in Fremont County Near Percival

A breach occurred this morning on Missouri River Federal Levee L-575 one mile north of Percival in Fremont County. Most of the area surrounding Percival, which is rural, had been evacuated. No other towns are expected to be impacted.

Due to the levee breach near Percival, the Iowa Department of Transportation is reporting that Interstate 29 from the Bartlett, Iowa, interchange (exit 24) south to the I-29/U.S. 136 interchange in Missouri is now closed due to flooding. National Guard personnel are also responding to assist Fremont County in ensuring citizens in the area impacted by the recent breach are out of harm's way.

### **NEW** - Governor Branstad Requests Agricultural Disaster Designation for Six Iowa Counties

On June 29 Governor Terry E. Branstad sent a letter to U.S. Secretary of Agriculture Tom Vilsack requesting a Secretarial Disaster Designation for six Iowa counties due to damages caused by recent flooding along the Missouri River and its tributaries.

"Iowa producers are sustaining flood damage to their crops, farm buildings and equipment," said Governor Branstad. "Given the expected duration of this event, Iowa could see significant production and agricultural losses in counties along the Missouri River."

Counties included in the disaster designation request are: Fremont, Harrison, Mills, Monona, Pottawattamie and Woodbury.

The Governor's request for the Secretarial Disaster Designation follows a review of agriculture damages conducted by the Farm Service Agency (FSA).

If granted, the Secretarial Designation will make disaster programs available to eligible applicants in the primary and contiguous counties. These programs include the availability of low-interest FSA emergency loans and the Supplemental Revenue Assistance Payments (SURE) program, created in the 2008 Farm Bill. Iowans are encouraged to contact their local FSA office for further information.

### **NEW – Camping Fees, Time Limits Removed for Flood Victims**

People who have been evacuated because of flooding along the Missouri River will be able to camp in certain areas of Iowa State Parks without having to pay a camping fee or having to leave after 14 consecutive days. Camping spots that are not part of the reservation system will be open to people evacuated from their homes on a first come, first serve basis.

Evacuees may call the DNR at 515-281-8004 to check on availability of campsites for long-term use.

### **Donations and Volunteering**

- **Donations of items such as clothing, food, furniture, etc, are NOT needed at this time.** Unsolicited donations cause additional staffing and storage problems that local officials do not have the resources to manage.
- **If you want to help, cash is best.** It doesn't need to be sorted, stored or distributed, and cash allows the receiving voluntary agency to direct the donation to the most urgent needs. To donate cash, visit [www.aidmatrixnetwork.org/CashDonations/Default2.aspx?ST=Iowa](http://www.aidmatrixnetwork.org/CashDonations/Default2.aspx?ST=Iowa).
- If you wish to make a donation to a local organization, information on these funds can be found on the websites listed in the "County Updates" section of this release.
- Those wishing to volunteer in a disaster-related capacity may sign up to do so at <https://volunteer.truist.com/icovs/volunteer/register/>.

### **Scams**

Iowans along the Missouri River should be aware of the potential for disaster-related scams and price gouging. For information, visit the Iowa Attorney General's website at: [www.IowaAttorneyGeneral.gov](http://www.IowaAttorneyGeneral.gov).
